day of September next, in order that the number of Sub-Districts into which Ticehurst Registration District is now divided may be reduced, Frant Sub-District of Ticehurst Registration District shall be united with Wadhurst Sub-District of the same Registration District, and that the enlarged Sub-District, which will be co-extensive with the First Relief District of Ticehurst Poor Law Union, shall be called and known as Wadhurst Sub-District.—Witness my hand this 25th day of August, one thousand nine hundred and four.

Wm. C. Dunbar, Registrar-General.

General Register Office,
Somerset House, London.

NOTICES TO MARINERS.

(Nos. 718 to 726 of the year 1904.)

[The bearings are magnetic, and those concerning the visibility of lights are given from seaward.]

No. 718.—CHINA—EAST COAST.

Tung Yung Light Established, Fog Signal.

With reference to Notice to Mariners No. 672 of 1904:—

The Chinese Government has given notice that, on 1st July, 1904, a white group flashing light, showing groups of three flashes in quick succession every twenty seconds, was established on Tung Yung Island; it is elevated 325 feet above high water, visible in clear weather from a distance of 25 miles, and shown from a brick cylindrical tower, 46 feet high, erected on the eastern slope of the island; the tower and dwellings are painted white.

This light, which is of the 1st order, is obscured by the land in a westerly direction.

Fog Signal. During thick or foggy weather two guns will be fired with one minute interval between them, when the fog signals of vessels under way are heard. This signal will be repeated after fifteen minutes' interval, should those signals still be audible.

Approximate position, lat. 26° 22¾′ N., long. 120° 30½′ E.

The height of the island is found to be about 500 feet in height, or considerably less than formerly charted.

[Variation 1° Westerly in 1904.]

This Notice affects the following Admiralty Charts:—Hongkong to Liau Tung Gulf, No. 1262; Amoy to Nagasaki, No. 2412; Tung Yung to Wenchau Bay, No. 1754; Ockseu Islands to Tung Yung, No. 1761. Also, List of Lights, Part VI, 1904, No. 731; and China Sea Directory, Vol. III, 1904, page 281.

No. 719.—NORTH SEA, NETHERLANDS—RIVER EMS.

Rottum, Leading Beacons—Position Altered.

The Netherlands Government has given notice, dated 10th August, 1904, that during the present month the leading beacons on Rottum will be moved as follows:—

The northern or front beacon about 3 cables S. 83° E. from its present position, it will then be situated about 2 cables N. 33° W. from Rottum Lighthouse.

Approximate position, lat. 53° 32′ 50″ N., long 6° 32′ 45″ E.

The southern or rear beacon will be situated at a distance of $\frac{4}{10}$ cables S. 37° E. from the front beacon.

These beacons in line S. 37° E. lead to the entrance of the Western Ems, but these leading marks will not be available during the month of August.

[Variation 13° Westerly in 1904.]

This Notice affects the following Admiralty Chart:—River Ems, No. 2593. Also, North Sea Pilot, Part IV, 1901, page 166.

No. 720.—NORWAY, WEST COAST—JÆDEREN.

Feistenen Light—Sectors shown from.

With reference to Notice to Mariners No. 594 of 1904:—

Information, dated 21st July, 1904, has been received from the Norwegian Government that Feistenen Light shows the following sectors:—white fixed with red flash from the bearing of S. 16° W., through west and north, to N. 32° E.; white occulting with red flash from N. 32° E. to N. 45° E.; white fixed with red flash from N. 45° E. to N. 57° E.; white group occulting (two eclipses) with red flash from N. 57° E. to N. 70° E.; white fixed with red flash from N. 70° E., through east, to S. 4° E.; red fixed with red flash from S. 4° E., through south, to S. 16° W.

The period of this light is one minute.

Approximate position, lat. 58° 49½′ N., long. 5° 31′ E.

[Variation 14° Westerly in 1904.]

This Notice affects the following Admiralty Chart:—The Naze to Karmö, No. 2281. Also, List of Lights, Part II, 1904, No. 831; and Norway Pilot, Part II, 1894, page 86.

No. 721.—SCOTLAND, WEST COAST—FIRTH OF LORNE.

Isles of the Sea—Light Established.

Information has been received, from the Commissioners of Northern Lighthouses, that a white flashing light every six seconds, elevated 69 feet above high water, has been established in a low red tower, erected on the south-western point of Eileach an Naoimh, Isles of the Sea. The light is unwatched, and is obscured by the land between the bearings of S. 55° W. and S. 80° W.

Approximate position, lat. 56° 13′ 0″ N., long. 5° 49′ 0″ W.

[Variation 20° Westerly in 1904.]

This Notice affects the following Admiralty Charts:—Mull of Cantyre to Ardnamurchan, No. 2515; Loch Kilisport to Cuan Sound, No. 2326. Also, List of Lights, Part I, 1904, No. 665; and Sailing Directions for the West Coast of Scotland, 1902, page 152.

No. 722.—SCOTLAND, WEST COAST—LOCH LINNHE.

Sgeir Buidhe—Light Established.
Appin Point, and Culchenna Spit—Buoys Replaced by Light-Buoys.

Information has been received from the Commissioners of Northern Lighthouses that a white fixed light, showing a red sector over
