The Japanese Government has given notice, dated 14th December, 1905, that the mines in the approach to Port Arthur have been cleared away

within an area contained between lines drawn in a southerly direction from points situated (1) in approximately lat. $38^{\circ} 48' N.$, long. $121^{\circ} 25\frac{1}{2}' E.$, and (2) in lat. $38^{\circ} 43' N.$, long. $121^{\circ} 12' E.$; the southern limit being a line running in an east and west direction on the parallel of $38^{\circ} 38' N.$ Vessels, however, must still exercise due caution, as solitary mines may still exist in this locality, though it is believed that the sweeping operations carried out have been effective.

The cautionary note respecting mines will, for the present, be retained on the charts until it is known that the whole of the coast in this locality is free from these dangers.
