Patagonia and Tierra Del Fuego—Attitude of Natives towards Shipwrecked Mariners.

The Chilean Government has given notice, dated 27th May, 1907, that instances have come to light of shipwrecked mariners being deterred from landing on the Islands of Tierra del Fuego, and in the neighbourhood of Magellan Strait, on account of the hostility of the natives. Mariners are informed that they can trust the Yahgans, natives of the southern channels, to conduct them to mission stations or settlements in the Archipelago, where they can obtain assistance.

On the other hand, the Alacalufs, or natives of the Patagonian Channels, who occasionally cross the strait to the north-western channels of Tierra del Fuego, are aggressive and treacherous; but, however great their number, they will not attack a combination of three or four persons, especially if they are aware that these persons possess firearms or implements resembling them.

There are in the Fuegian Archipelago many inhabited places; amongst those permanently occupied in the eastern islands are the cattle stations of Lenox, Nueva, Picton, and Navarino, and in the western part the mining works, which are occupied during part of the year, on the Noir Islands, and at Diego Ramirez and other places.

AUDITORS' REPORT.

We have examined the above Statement of Accounts, with the books, accounts, and vouchers, and we are of opinion it is a full and fair Statement properly drawn up so as to show a true and correct view of the Company's affairs as shown by the books of the Company. Our requirements as Auditors have been complied with.

HERMAN LESCHER, STEPHENS AND CO., Chartered Accountants.
ELLES HILL, BOOTHROYD, AND CO., Chartered Accountants. } Joint Auditors.

London, E.C.

I have examined the foregoing Statement of Accounts, and find them to be correct, subject to the accompanying Notes.

6th November, 1906.

JOHN SMITH, Auditor appointed by the Board of Trade.

NOTES BY AUDITOR.

1. Of the share capital of £225,004 10s. 0d. entered in the accounts as issued and paid up at 31st December, 1905, shares amounting to £222,000 were issued as fully paid under a contract entered into with the Kent Electric Power Syndicate Limited, for construction work to be done, and for monies to be advanced, property to be acquired, and services to be rendered. Of these shares £66,840 had, up to 31st December last, been issued to nominees of the Syndicate on account of completed work and contracts performed by the Syndicate as certified by the engineers; and £155,160 of such shares were held on 31st December last by trustees on behalf of the Company and the Syndicate jointly pending the completion and certification of the work and transfer of the property, &c.

With regard to the shares which were not represented by work done, or other completed consideration at 31st December, 1905, it is pointed out that a large amount of work has been done since that date, but in my opinion a question might arise whether they could properly be treated as paid up at the date of issue. On the other hand the representatives of the Company state that they have acted in the matter under the advice of Counsel, and they have obtained from a Justice of the Peace the certificate required under section 21 of the

Special Act, as a condition of the issue of debentures, and this certificate for the purposes of that section is declared to be sufficient evidence that the shares in question have been fully paid up.

2. The agreement for the purchase of the undertaking of the Chatham Rochester and District Electric Lighting Company, at a price to be determined by arbitration, was sanctioned by the Company's Special Act, and the price was subsequently fixed by arbitration at £67,002 7s. 0d. payable in cash. But in consequence of the Company being unable to provide the necessary funds within the time prescribed by the agreement, the purchase was not carried out on the terms thereof, but was subsequently acquired through the Kent Electric Power Syndicate, Limited, at the price of £75,500, payable as to £16,000 in cash and as to £59,500 in fully paid shares of the Company. This arrangement constituted a new agreement.

3. The Company with the view of carrying out the objects for which it was incorporated entered into an agreement, dated 7th February, 1905, being the contract referred to in paragraph 1, with the Kent Electric Power Syndicate Limited (the members of which were the promoters of the Statutory Company), for the acquisition of the Chatham Lighting Company's undertaking, the construction of a generating station at Frindsbury, and

various sub-stations, the laying of mains and supply of plant and machinery, the transfer of various contracts, leases, &c., and also for the payment of certain amounts towards the working capital, the remuneration of the Directors, and other matters in connection with the business of the Company, in consideration of the issue to the Syndicate of £222,000 of fully paid shares and of £75,000 of its debenture stock. I am not satisfied, as at present advised, that this agreement, if and in so far as it involves a profit to the Syndicate, is strictly within the powers conferred on the Company by its Special Act. The question, however, is not of importance in connection with the actual expenditure taken credit for in the present accounts, as such expenditure is stated to be the actual cost of the work done, or the property acquired by the Company, which would have been incurred had the Company carried out the transactions in its own name instead of through the Syndicate. On the other hand, the Syndicate has in my opinion rendered material services and assistance to the Company, without which it would probably have been unable to carry out the objects for which it was incorporated.

JOHN SMITH,

Auditor appointed by the Board of Trade.
