### BOROUGH OF HUDDERSFIELD.

**W**HEREAS the majority of the Council of the borough of Huddersfield on the fifteenth day of January, one thousand nine hundred and eight, agreed to petition, and the Council of the said borough thereupon petitioned His Majesty for an alteration of the number and boundaries of the wards of the said borough;

And whereas His Majesty has been pleased by and with the advice of His Privy Council and in pursuance and in exercise of the powers vested in His Majesty by "The Municipal Corporations Act, 1882," as amended by "The Municipal Corporations Act, 1893," to fix the number of wards into which the borough of Huddersfield shall be divided, and to order and direct that the said borough shall thenceforth be divided into fifteen wards, which Order was made on the ninth day of April, one thousand nine hundred and eight;

And whereas on the twenty-ninth day of April, in the year last aforesaid, the Right Honourable Herbert John Gladstone, one of His Majesty's Principal Secretaries of State, did duly warrant and appoint me, Samuel Pope, Esquire, Barrister-at-Law, a Commissioner, to prepare a scheme for determining the boundaries of such wards and for apportioning the Councillors of the said borough among such wards.

And where in the following descriptions of the ward boundaries (so far as such descriptions do not refer to the borough boundary) a street, road, footpath or fence is given as the boundary of a ward, the boundary is to be taken as the centre of such street, road, footpath or fence, and where any street or road is described as joining another street or road, the point of junction is to be taken as the point at which lines drawn along the centres of the two streets or roads, and continued, would intersect each other, and a point described as being opposite a street or road is to be taken as opposite the centre of the street or road.

And where a river or stream is given as the boundary of a ward, the boundary (except where it refers to the borough boundary) is to be taken as the medium filum of such river or stream.

And where reference is made to the borough boundary, the already determined boundary line of the borough is meant.
