To repeal Statute 125 of the Statutes of the University, and to substitute therefor the following:—

125. Except as hereinafter provided no person shall be admitted to a first degree in the University as an Internal Student unless and until he has completed an approved course of study comprising all the subjects in which he presents himself and extending over not less than three years. If he passes that examination he shall be admitted to the degree without further examination but not until he shall have completed three years of

study as an Internal Student by attending subsequently to passing the final examination a further approved course of study and not unless the Authorities of the School or Institution at which such course is held have certified that his attendance and progress have been satisfactory. Provided that

(1) A person who has presented himself for a final examination for a first degree as an Internal Student and has failed may be permitted to present himself on a subsequent occasion for such final examination as an Internal Student in subjects other than those in which he presented himself on the first occasion after such further course if any as the Senate shall generally by regulation or in special cases determine.

(2) A course of study extending over not more than one year taken in another University approved for the purpose subsequently to the passing of the intermediate examination may be accepted in lieu of an approved course of study taken in this University subject to such regulations as the Senate may from time to time prescribe.
