ORDER OF THE BOARD OF
AGRICULTURE AND FISHERIES.

(DATED 26TH MAY 1909.)

TUBERCULOSIS ORDER OF 1909.

The Board of Agriculture and Fisheries, by virtue and in exercise of the powers vested in them under the Diseases of Animals Acts, 1894 to 1903, and of every other power enabling them in this behalf, do order, and it is hereby ordered, as follows:

Interpretation.

1. In this Order—

“The Board” means the Board of Agriculture and Fisheries:

“Local Authority” means a Local Authority for the purposes of the Act of 1894:

“The Act of 1894” means the Diseases of Animals Act, 1894:

“Inspector” includes Veterinary Inspector:

“Bovine animal” means a bull, cow, ox, heifer or calf:

“Milk” includes cream and separated or skimmed milk.

Other terms have, where the context so permits, the same meaning and scope as in the Act of 1894.

Notice of Disease.

2.—(1.) Every person having in his possession or under his charge

(i) any cow which is, or appears to be, suffering from tuberculosis of the udder, indurated udder or other chronic disease of the udder; or

(ii) any bovine animal which is, or appears to be, emaciated from tuberculosis

shall without avoidable delay give information of the fact to a constable of the police force for the area wherein the animal is, or to an Inspector of the Local Authority, and the constable or Inspector shall transmit the information to the Local Authority, who, if not themselves the Sanitary Authority, shall inform that Authority.

(2.) The person in possession or having charge of the animal shall forthwith take such steps as are necessary to secure compliance with Article 8 (*Precautions to be adopted with respect to Milk &c.*) and Article 9 (*Detention and Isolation of Suspected Animals*).

Inspection and Examination of Animals.

3.—(1.) Where a Local Authority, by reason of information received under the preceding Article or otherwise, have reasonable ground for supposing that on any premises in their District there is a cow which is suffering from chronic disease of the udder or giving tuberculous milk, or a bovine animal which is emaciated from tuberculosis, the Local Authority shall with all practicable speed cause such veterinary examination of the bovine animals on such premises to be made by a Veterinary Inspector as in the opinion of the Local Authority is necessary to

ascertain whether any cow thereon is suffering from tuberculosis of the udder or giving tuberculous milk, or whether any bovine animal thereon is emaciated from tuberculosis. The Inspector may apply the tuberculin test to a bovine animal with the previous consent in writing of the owner thereof or of his agent but not otherwise.

(2.) For the purpose of such examination, a Veterinary Inspector may at all reasonable hours enter on any part of the premises and examine any bovine animal thereon and require any cow to be milked in his presence and may take samples of the milk, and the milk of any particular teat shall if he so require be kept separate, and separate samples thereof shall be furnished.

(3.) The Inspector may also take samples of the fæces or urine of any bovine animal on the premises, or of any abnormal discharge from any bovine animal thereon.

(4.) The occupier of the premises and the persons in his employment shall render such reasonable assistance to the Inspector as may be required for all or any of the purposes of this Article, and any person refusing such assistance shall be deemed guilty of an offence against the Act of 1894.

(5.) The Inspector shall as soon as possible send to the Local Authority a report showing the result of his inspection and examination and of the examination of any sample taken by him. The Local Authority, if not themselves the Sanitary Authority, shall send a copy of the report to that Authority.

(6.) If the report of the Inspector as to any animal does not show that it is suffering from tuberculosis of the udder, or giving tuberculous milk, or emaciated from tuberculosis, the Local Authority shall forthwith give notice in writing to the owner or person in charge thereof that the provisions of this Order relating to precautions to be adopted with respect to milk and detention and isolation of suspected animals have ceased to apply to the animal.

Slaughter of Diseased Animals.

4.—(1.) Where a Local Authority are satisfied by the report of the Inspector that in their District there is a cow which is suffering from tuberculosis of the udder, or giving tuberculous milk, or a bovine animal which is emaciated from tuberculosis, the Local Authority shall with all practicable speed give notice in writing (in the Form set forth in the Schedule hereto or to the like effect) to the owner or person in charge of the animal and also to the Board and cause the animal to be slaughtered; provided that if the owner of the animal, or any person on his behalf, gives notice in writing to the Local Authority, or to their Inspector or other officer directed to carry out such slaughter, that the owner objects to the animal being slaughtered under the provisions of this Order, it shall not be lawful for the Local Authority to cause the animal to be slaughtered without the special authority of the Board first obtained; provided also that this special authority shall not be given in the case of any animal valued under this Order at more than thirty pounds, if and so long as the animal is detained and isolated, and the milk (if any) is dealt with, in accordance with the provisions of this Order.

(2.) If the value of an animal proposed to be slaughtered, as agreed or certified under this Order, exceeds thirty pounds, the Local Authority shall not proceed with its slaughter unless so directed by the Board.

Valuation for Compensation.

5.—(1.) Before the slaughter of an animal the Local Authority shall either agree in writing with the owner of the animal the value thereof in its condition at the time of valuation, or if they shall fail so to agree shall cause such value to be ascertained by a valuer appointed by them or appointed on the application of the Local Authority by the Board but paid by the Local Authority and such valuer shall give to the Local Authority and to the owner a certificate in writing of the said value.

(2.) In ascertaining the value of an animal, regard shall be had to any Act, Order, or Regulation dealing with the sale or use of milk, milk products, or carcases for human food.

(3.) The value shall be ascertained both on the basis of the certificate of examination herein-after required showing that the animal was suffering from tuberculosis, and also on the basis of its not showing that the animal was suffering from tuberculosis, and the amount to be paid for compensation shall depend on such certificate accordingly.

Post-mortem Examination of Slaughtered Animals.

6.—(1.) In the case of every animal slaughtered under this Order, the carcase shall, at the time of slaughter or as soon as practicable thereafter, be examined by a Veterinary Inspector of the Local Authority, or (if so required by the owner or person in charge of the animal before it is slaughtered) by some other veterinary surgeon, who, failing agreement between the Local Authority and such owner or person, shall be nominated by the Board but paid by the Local Authority.

Restriction on Movement of Sheep out of Dipping Area between 14th July and 1st November.

9.—(1.) Sheep shall not (except as hereinafter provided) be moved out of the Dipping Area

(2.) A licence for movement under this Article may be granted

(i.) upon production to the Inspector granting the licence of

(a) a certificate, in the Form set forth in the Second Schedule hereto or to the like effect, showing that the sheep to be moved have, within forty-two days before the licence is granted, been dipped by a thorough immersion in an efficient sheep-dip in the presence, and to the satisfaction, of an Inspector of the Local Authority of the District; and

(b) a declaration signed by the owner of the sheep, or his agent authorised in writing for this purpose, in the Form set forth in the Second Schedule hereto or to the like effect, to the effect that the sheep to be moved are sheep referred to in the certificate and that since the dipping the sheep have been kept separate from other sheep not so dipped; provided that for movement to a market, fairground or saleyard in the administrative county of Salop, it shall be sufficient if the sheep have been so kept separate while in the Dipping Area.

(3.) A licence for movement under this Article may also be granted upon production to the Inspector of

(4.) A declaration shall be retained by the Inspector granting a licence thereon. A certificate shall also be so retained unless it refers to more sheep than are proposed to be moved, in which case a note shall be made thereon and initialled by the Inspector who grants the licence, stating the number of the sheep for which the licence is granted.

Movement of Lambs.

10. Where an Inspector of a Local Authority is satisfied that any lambs in the Dipping Area and in the District for which he is appointed Inspector are intended for immediate slaughter and that it is impracticable or inexpedient that the same should in accordance with this Order be dipped before movement for such purpose, or that the lambs are to be moved direct to a slaughter-house, he may, subject to any directions by the Local Authority appointing him, by licence authorise the movement of the lambs to any market, fairground, saleyard or other premises, whether in the Dipping Area, or not, subject to such conditions (if any) as are inserted in the licence, and thereupon the lambs may be moved in accordance with such licence and conditions, and be exposed for sale in the market, fairground, or saleyard, free from any restrictions imposed by any Order of the Board. Provided that an Inspector of a Local Authority shall not issue any such licence for movement to premises in the District of another Local Authority unless the consent of such Local Authority, either generally or in the particular instance, has been previously obtained.
