THE FAIRS ACT, 1873.

NEWBRIDGE-ON-WYE.

Whereas on the 27th May, 1910, a representation was made to me, as Secretary of State for the Home Department, by the Rural District Council of Rhayader to the effect that it would be for the convenience and advantage of the public that the Fair which has been held annually at Newbridge-on-Wye, on the 17th day of May, should in future be held on the 16th day of May in each year, or on the previous Saturday when the 16th May is a Sunday or Bank Holiday:

And whereas notice of the said representation and of the time when the same would be taken into consideration has been duly published in pursuance of the Fairs Acts, 1873:

And whereas on such representation and consideration it appears to me that the alteration of the date of the Fair as proposed would be for the convenience and advantage of the public:

Now therefore I, as Secretary of State for the Home Department, in exercise of the powers vested in me by the Fairs Act, 1873, do hereby order that the Fair which has been held annually at Newbridge-on-Wye, on the 17th day of May, shall in future be held on the 16th day of May in each year, or on the previous Saturday when the 16th May is a Sunday or Bank Holiday.

Given under my hand at Whitehall, this 21st day of November, 1910.

W. S. Churchill.

Whitehall, 22nd November, 1910.

In pursuance of Article 6 of the Order in Council of the 22nd November, 1909, made under the Workmen's Compensation (Anglo-French Convention) Act, 1909, to give effect to the convention between the United Kingdom and France in regard to compensation to workmen for accidents arising out of their employment, the following arrangements have been made between the Secretary of State for the Home Department and the French Ministry of Labour:—

(1) The payments of compensation (in accordance with the provisions of paragraph c of Article 5 of the Convention) in the case of a workman in receipt of weekly payments who returns to reside in France shall be made every three months.

(2) An injured workman returning to reside in France must give previous notice to the Registrar of the County Court which awarded compensation, in order that the Court may (a) furnish him with a medical certificate specifying the nature of the incapacity of the workman resulting from the injury, and (b) determine, after hearing the parties, the intervals at which the workman shall be bound to produce in support of the demand for payment of compensation due, a medical certificate that the incapacity resulting from the injury continues. These certificates shall be required at such intervals, not being less than three months, nor more than twelve, as the County Court may determine, having regard to the nature of the incapacity.

(3) For the purpose of obtaining payment of compensation an injured workman who has returned to reside in France shall obtain every three months from the Mayor of the Commune in which he resides a certificate that he is alive and, at the intervals fixed by the County Court, a medical certificate from a doctor employed in an official capacity in the Department to the effect that the incapacity specified in the medical certificate furnished to the workman by the County Court continues.

In the event of the death of the workman, the persons entitled to receive payment of the compensation due at the time of death shall furnish with their demand for payment a certificate of the workman's death and documents showing that they are entitled to receive payment.

(4) The documents specified in the preceding clause shall be forwarded with the demand for payment to the French Consular Authority for the district in which the County Court which made the award is situated. The French Consular Authority shall take steps to forward the documents
