London, S.W., March 23, 1911.*

For the purposes of the Electric Lighting Acts, 1882 to 1909, and all Provisional Orders and Licences made and issued thereunder, the Board of Trade approve of the construction and pattern of the meter (hereinafter described) for the measurement of electrical energy when supplied on the constant pressure two or three phase and three or four wire alternating current systems and known as the Westinghouse Type N Polyphase Watt-hour Meter.

Provided that the meter be constructed as described in the specification and drawings deposited at the Board of Trade and dated and numbered 22nd February, 1911, and H. 2547: and be in accordance with the pattern meter No. 159458 deposited at the Board of Trade on the 11th February, 1910, by or on behalf of the British Westinghouse Electric and Manufacturing Company, Limited, Trafford Park, Manchester, and sealed by the Board of Trade.

The Board of Trade further approve of the means provided for fixing meters of this description, and for connecting them with the service lines as described in the specifications and drawings above referred to.

Signed by order of the Board of Trade this 23rd day of March, 1911.

T. H. W. Pelham,

Assistant Secretary, Board of Trade.
