NATIONAL INSURANCE ACT, 1911.

Voluntary Rate for Male Insured Persons entering into Insurance before the 15th day of January, 1913.

Whereas by sub-section (1) of section 5 of the National Insurance Act, 1911, the Insurance Commissioners are required and empowered to cause a Table to be prepared showing the rate of contributions which will be sufficient, in the case of a person entering into insurance within six months after the commencement of the Act and being then of the age of 45 or upwards, to cover seven-ninths, or in the case of a woman three-fourths, of the benefits conferred by Part I of that Act (in that Act called the voluntary rate); and whereas by section 83 of that Act it is provided that the Joint Committee constituted thereunder shall exercise and perform such powers and duties of the several bodies of Commissioners under that Act as may be provided by regulations to be made by the Treasury; and whereas by the regulations made by the Treasury thereunder it is provided that the Joint Committee alone shall exercise the power of making under subsection (1) of section 5 of the Act the Table in accordance with which the voluntary rate is to be ascertained; Now, therefore, the Joint Committee, in pursuance of the powers above recited and of all other powers enabling them in that behalf, have caused to be prepared the Table hereto appended showing in the second column thereof the rates of contributions which will be sufficient in the case of a male person entering into insurance in Great Britain or in Ireland within six months after the commencement of the Act, at the age shown in the corresponding line of the first column of that Table, to cover seven-ninths of the benefits conferred by Part I of the Act; and the rate shown in the appropriate line of the said Table shall accordingly be the voluntary rate applicable to any such person.
