Factory Department, Home Office, June 11, 1913.

The Chief Inspector of Factories gives notice, that in consequence of the death of Dr. O. W. Clark an appointment as Certifying Surgeon, under the Factory and Workshop Acts, at Gloucester, in the county of Gloucester, is vacant.

Downing Street,

June 16, 1913.

The KING has been pleased by Letters Patent passed under the Great Seal of the United Kingdom, dated the 30th of April, 1913, to amend clauses xii. and xiii. of the Letters Patent dated the 29th of October, 1900, constituting the office of Governor of the State of Victoria and its Dependencies.

His Majesty has also been pleased to reappoint the Honourable Sir John Madden, LL.D., G.C.M.G., Chief Justice of the Supreme Court of Victoria, to be Lieutenant-Governor of that State.

Downing Street, June 17, 1913.

The KING has been pleased to give directions for the appointment of Anton Bertram, Esq. (Attorney-General), and Joseph Richard Grenier, Esq. (retired Puisne Justice of the Supreme Court) to be of His Majesty's Counsel for the Island of Ceylon.

Scottish Office, June 13, 1913.

The KING has been graciously pleased to signify His Majesty's approval of the following promotion and appointment on the Staff of Officers of the Royal Company of Archers (King's Body Guard for Scotland):—

To be Ensign.

Brigadier Lord Saltoun, vice Ensign the Duke of Abercorn, deceased.

To be Brigadier.

Philip Francis W od, Esq., K.C., vice Brigadier Lord Saltoun, promoted.

Board of Trade, 7, Whitehall Gardens, London, June 13, 1913.

ELECTRIC LIGHTING ACTS, 1882 TO 1909.

Limits of error for continuous current and for single phase alternating current meters.

In pursuance of the provisions of section 11 of the Electric Lighting Act, 1909, and of

the provisions substituted by that section for section 50 of the Schedule to the Electric Lighting (Clauses) Act, 1899, and for the corresponding provisions contained in or incorporated with any Special Act or Provisional Order relating to the supply of electricity, the Board of Trade hereby allow the following limits of error for electricity meters the construction and pattern of which have already been or may hereafter be approved by the Board of Trade and which belong to the classes of meters capable of ascertaining the value of the supply on continuous current or on single phase alternating current circuits:

Meters in which the maximum current for full load:—

- (a) does not exceed 3 amperes, the error at any point from one-tenth load to full load must not exceed 3½ per cent. plus or minus;
- (b) exceeds 3 amperes but does not exceed 50 amperes, the error at any point from one-tenth load to full load must not exceed 2½ per cent. plus or minus;
- (c) exceeds 50 amperes, the error at any point from one-twentieth load to one-tenth load must not exceed 2½ per cent. plus; and at any point from one-tenth load to full load must not exceed 2½ per cent. plus or minus.

Signed by order of the Board of Trade this 13th day of June, 1913.

Garnham Roper,

An Assistant Secretary to the
Board of Trade.

Board of Trade, 7, Whitehall Gardens, London, June 13, 1913.

For the purposes of the Electric Lighting Acts, 1882 to 1909, and all Provisional Orders and Licences made and issued thereunder, the Board of Trade approve of the construction and pattern of the meter (hereinafter described) for the measurement of electrical energy when supplied on the two-phase three or four-wire, and three-phase three-wire, alternating current systems for all purposes; and for single-phase supply, from a three-phase four-wire system, between any one wire and the fourth wire (or neutral) for lighting purposes only, and known as the Electrical Company Limited, Polyphase Meter, Type D.a.

Provided that the meter be constructed as described in the specification and drawings deposited at the Board of Trade, and dated and numbered 27th May, 1913, and H. 7127, and be in accordance with the pattern meter No. 1490354, deposited at the Board of Trade on the 23rd April, 1913, by or on behalf of the Electrical Company Limited, 122, Charing Cross Road, London, W.C., and sealed by the Board of Trade.

The Board of Trade further approve of the means provided for fixing meters of this description, and for connecting them with the service lines as described in the specification and drawings above referred to.

Signed by order of the Board of Trade, this 13th day of June, 1913.

Garnham Roper,

An Assistant Secretary to the Board of Trade.
