Work No. 2.—A line or lines of pipes commencing at the said well and pumping station (Work No. 1) and terminating in the said parish of Brewood by a junction with the line or lines of pipes (Work No. 4) hereinafter described at a point in the road from Four Ashes to Wolverhampton two chains or thereabouts measured in a south-easterly direction along the said road from the occupation road leading therefrom to Aspley Farm.

Work No. 3.—A well and pumping station to be situate in the said parish of Brewood, in the enclosures numbered 1584, 1639, 1640, 1642, 1643, 1644, 1660, 1661, 1662, 1663 and 1669, or some or one of them on the  $\frac{1}{2500}$  Ordnance Map (2nd edition, 1902) of that parish.

Work No. 4.—A line or lines of pipes commencing at the said well and pumping station (Work No. 3), and terminating in the parish and county borough of Walsall by a junction with the existing main of the Company in the road leading from Cannock to Walsall at the junction of that road with the road leading from Bloxwich to Wolverhampton.

Which said intended works will be situate in the parishes or places following or some of them (that is to say):—

The parish and county borough of Walsall; the parishes of Brewood, Featherstone, Shareshill, Hilton, Saredon and Essington in the county of Stafford.

To authorize the Company to deviate from the lines and levels of the intended works shown on the plans and sections to be deposited as hereinafter mentioned to such extent as may be prescribed or authorized by the intended Act.

To enable the Company to make and maintain on, in, under, or upon any of the before-mentioned lands, or any lands belonging to the Company or any lands in respect of which they may have acquired any necessary easements all such cuts, channels, catchwaters, tunnels, adits, mains, pipes, conduits, culverts, drifts, wells, shafts, bores, drains, sluices, relief-valves, washouts, overflows, bye-washes, waste-water channels, gauges, filter beds, water-towers, tanks, banks, embankments, walls, bridges, piers, approaches, engines, machinery, buildings, works, electric wires, telegraphs, telephones, and other apparatus and appliances as may be necessary or convenient in connection with or subsidiary to the intended works or to their undertaking.

To enable the Company to pump, collect, impound, take, use, divert, and appropriate for the purposes of their undertaking all such streams, springs, and waters as will or may be intercepted by any works of the Company to be authorized by the intended Act or any other works of the Company.

To enable the Company by compulsion or

agreement to purchase and acquire, and to hold and use, the lands hereinbefore described or referred to, and other lands in the before-mentioned parishes or places and elsewhere, or any easements, rights, or interests therein, thereover, or thereunder, for the purposes of their existing and the intended works, for protecting their water supply against fouling and for other purposes of the intended Act and of the Company's undertaking.

To provide, and that notwithstanding anything contained in the Lands Clauses Acts, for the reference to and determination by a single arbitrator of any disputed claim for compensation arising or made under the intended Act, or any Act incorporated therewith, and to make provision for the appointment of any such arbitrator and any incidental provision with reference to the conduct of proceedings before him.

To enable the Company to purchase or acquire so much only of any property as may be required for the purposes of the intended Act, and to exempt the Company from the liability imposed by section 92 of the Lands Clauses Consolidation Act, 1845.

To enable the Company by agreement to purchase and acquire, and to take on lease and to hold lands, buildings, waters, wells, springs, streams, easements and rights of water and other rights, easements and hereditaments for the purposes of the intended Act and for the general purposes of their undertaking, and to purchase or take on lease houses, cottages and buildings for persons in their employ and offices and other buildings for the purposes of their undertaking, and to erect, maintain and let buildings upon lands of or leased to the Company.

To enable the Company, notwithstanding any provisions of the Lands Clauses Acts, to hold, use, lease, let, sell, exchange or dispose of any lands or buildings for the time being belonging or leased to them with or without the reservation of water or water rights or other easements in, over, or relating thereto.

To enable the Company within and beyond their limits of supply to lay down, maintain, alter, repair, take up and renew mains, pipes, culverts, tubes, wires and other works and apparatus for the distribution and supply of water or any purpose connected with the undertaking, or for the prevention and detection of waste, and to open, break up, cross, divert, remove, alter, stop up and interfere with, whether temporarily or permanently, all such roads, highways, footpaths, streets (including streets not dedicated to public use), dykes, pipes, sewers, canals, navigations, rivers, springs, streams, bridges, railways, tramways, tunnels, drains, wires and apparatus as it may be necessary or convenient to open, break up, cross, divert, remove, alter, stop up, or interfere with, for the purposes of the Company or in connection with the supply of water or of the intended Act, and to apply for any such purposes the provisions of the Waterworks Clauses Act, 1847, with respect to the breaking up of streets for the purpose of laying pipes.

To stop up, vary or extinguish all rights over any lands and properties acquired by the Company under the authority of the intended Act, and to empower the Company in, under and upon those lands or any of them, and in, under and upon any other lands for the time being held by the Company, or in respect of which they may acquire an easement in connection
