WHEREAS it is deemed advisable to make Orders for regulating the importation of animals into this Island.

Now I, the said Lieutenant-Governor, by and with the advice and consent of two members of the Council, and under and by virtue of the powers conferred upon me by the Cattle Diseases Prevention Acts, do hereby Order as follows:—

LANDING REGULATIONS.

1. No animal shall be landed in this Island unless accompanied by a Permit issued from the Government Office, which Permit may contain such conditions as may at the time of issue be considered desirable. No animal other than a calf shall be landed in this Island except at the Port of Douglas. Calves may be landed either at Douglas or Ramsey.

2. Any person importing animals shall give at least twelve hours' notice, in writing or by telegram, to the Chief Constable, Douglas, Isle of Man, of his intention to land the animals, and of the name of the boat by which it is proposed to import them.

3. No animals shall be allowed to be landed unless accompanied by the certificate of a duly qualified Veterinary Surgeon, that such animals are free from disease at the time of shipment on an examination of such animals made within twenty-four hours prior to shipment. Such certificate shall be produced to an Officer of Police before the animals can be landed, and shall be delivered up to the Superintendent of the Government Lairs on the removal of the animals to the Lairs.

The official marking of animals by a Government Veterinary Inspector at a port of shipment will be accepted in lieu of a certificate.

Where animals are imported without a certificate, but are officially marked, they shall be inspected by an Officer of Police, who before permitting them to be landed shall satisfy himself that they are properly marked.

4.—(1) Each cargo of animals landed under this Order shall on landing be driven to the Government Lairs, and the animals shall be there detained until their movement therefrom is permitted by a Government Veterinary Inspector, to be appointed by the Lieutenant-Governor, which permission shall not be granted unless and until the whole cargo has

(2) If two or more cargoes or parts of cargoes are permitted to be in the Government Lairs at the same time, they shall, for the purposes of this Order, be treated as one cargo.

(3) Every consignment of animals removed to the Government Lairs shall be accompanied by a statement showing the place or premises from which the animals were originally moved, and their place of destination within this Island.

5. Animals landed under this Order and removed into the Government Lairs shall, while detained in such Lairs, be supplied with a proper and sufficient supply of food and water by the owners or consignees thereof.

6. The Superintendent of the Government Lairs shall have power to forbid persons entering the same without permission from himself.

7. The Superintendent of the Government Lairs shall keep in a book, to be provided for the purpose, a record of all animals moved into or out of the Lairs.

ANIMALS SUFFERING FROM TUBERCULOSIS.

8. Any animal removed to the Government Lairs which, on being examined by the Government Veterinary Inspector, is found to be showing symptoms of tuberculosis, shall at the option of the owner or consignee, either be at once removed from the Lairs to the nearest public abattoir and there slaughtered under inspection or sent back by such owner or consignee at his own expense to the port from which such animal was shipped.
