Article 1.—The Prize Court provided for in Article 225 of the Mercantile Marine Code will have its seat in Rome, and will have authority also for the colonies.

Article 2.—The Prize Court will be presided over by a first president of the Court of Appeal, active or retired, or by a president of a section of the Court of Cassation, active or retired.

It will be composed of the following ordinary and supplementary members:—

Ordinary members:—

In categories (a), (b), (c), and (f) a supplementary member will be selected.

A magistrate of the public ministry of a rank not inferior to a King's procurator will act as Government commissioner. In case of absence or other impediment another magistrate of the public ministry will take his place.

The Government commissioner and the supplementary commissioner when the latter is taking the former's place have no voice in the discussions, and no vote.

The secretary will be assisted by a vice-secretary, who replaces him in case of temporary absence.

The vice-secretary will be selected from among the officials of the Ministries of Foreign Affairs, Marine, and Grace, Justice, and Worship of a rank not inferior to that of first secretary.

The proceedings leading up to a decision by the Court in such cases shall begin by the presentation of the claim to the Ministry of Marine, and shall follow the course laid down in the rules to be drawn up for this purpose in the administrative regulations of the Prize Court.

Article 2.—The following text shall be substituted for Article 12 of our decree No. 807 of the 30th May, 1915:—

“ Article 12. The amounts of the indemnities and salaries to be paid to those constituting the Prize Court and to the secretary and vice-secretary shall be fixed by decrees of the Ministry of Marine to be registered at the Audit Office under the heading of ‘ War Expenditure,’ in the budget of the Ministry of Marine.”

Article 3.—The present decree comes into force from the 30th May, 1915, the date on which the Prize Court was established in accordance with our decree of the 30th May, 1915, No. 807.

\* See amended version in (2).

(3)

Regulations laid down by the Italian Prize Court, September 13, 1915.

(Translation.)

Article 1.—The application to exercise the right of action for obtaining compensation for losses, provided for by Article 1 of the Decree of His Majesty's Lieutenant of August 1, 1915, No. 1234, must contain:

(a) The Christian and surname, or trading name, nationality and residence or domicile of the claimant.

(b) A summary of the circumstances on which the claim for compensation is based.

(c) A statement of the amount of payment claimed.

(d) The domicile elected in Rome indicating the person with whom or office where domicile has been elected.

(e) A list of the documents produced in support of the application, and a declaration of the evidence which the claimant considers necessary.

(f) The signature of a lawyer practising at a Royal Court of Appeal furnished with a special power of attorney.

In case of non-election of domicile notifications to the claimant are made by depositing them in the office of the secretary of the Prize Court.

Article 2.—The Ministry of Marine transmits the application with all documents in support to the Government Commissioner on the Prize Court, notifying the President of the fact.

The Government Commissioner expresses his opinion on the application and, when necessary, submits documents and suggests means for obtaining further evidence.

Article 3.—Judgment on the application is given in the form laid down by the Internal Regulations of the Prize Court for the Judgment of legality of capture, approved at the sitting of June 26,\* with the following exceptions:—

\*See Regulations published in the London Gazette of October 19, 1915.

(A) The Presidential Decree referred to in Article 6 of the Internal Regulations is not published in the Official Gazette, nor communicated to the Diplomatic Agents, but is immediately notified to the claimant at his elected domicile.

(B) The period laid down in Article 7 of the Internal Regulations counts from the date of such notification.

(C) The order referred to in Article 11 of the Internal Regulations is not published in the Official Gazette.

Article 4.—When an application for compensation has relation to facts connected with the judgment on the legality of capture sought for or pending, and the period provided by Article 7 of the Internal Regulations has terminated, the President is authorized, after consultation with the Government Commissioner, to order the co-ordination of the two judges by means of a notice to be communicated to the parties interested.

When the application is presented after the preliminary examination into the legality of capture has been closed the co-ordination of the judgments can only take place on application from the party interested. The latter, however, in this case is not allowed to put forward proofs.

When the application for compensation for losses has been presented after the fifth day from the closing of the preliminary examination, the order for the fusion of judgments may only be given on the application of the parties already constituted in the action regarding legality of capture.

Article 5.—When the Court decides that compensation for loss is due, it can order the parties to submit to an ordinary judge the decision of questions relating to the distribution of the sums awarded by the Court and the existence or non-existence of debts claimed by those who are entitled to the aforesaid sums.

Article 6.—The application, the power of attorney and the documents produced by the claimant, as also the acts submitted by him to judgment are subjected to the provisions of the laws regarding stamps and registration.

The provisions and deliberations of the Prize Court respecting compensation for loss are also subject to the provisions of such laws, provided the judgment on compensation is not co-ordinated with that on the legality of capture.

On presenting his application the claimant should deposit with the Secretary of the Prize Court the sheets of stamped paper required for the acts to be submitted to the Court at his request. When the judgment on compensation for losses is not co-ordinated with that on the legality of capture, the claimant should also deposit the sheets of stamped paper necessary for the provisions and deliberations of the Court. The claimant must, in presenting his application, deposit with the Secretary the presumed amount of the registration fee to which the deliberations of the Court are liable.

The Claimant should, finally, deposit with the Secretary the sum which the latter shall judge necessary for the execution of the acts of the preliminary examination required of him.

Article 7.—In case of non-fulfilment of the provisions of the last paragraph of the preceding Article, the Commission passes judgment on the Acts as they stand: in case of non-compliance with the other provisions of the aforesaid Article and those of Article 1, the Court sitting in the Chamber of Council suspends judgment until this has been rectified.

The declaration of suspension is notified to the claimant at his elected domicile.

Article 8.—The Court, even in cases in which it accepts the demand for compensation, is empowered to allow costs wholly or in part.

NOTICE TO MARINERS.

No. 1014 of the year 1915.

ENGLAND AND WALES, SOUTH AND  
WEST COASTS.

*Lyme Regis to Bardsey Island; Plymouth Sound and Hamoaze—Regulations respecting small Craft.*

*Former Notice.*—No. 536 of 1915; hereby cancelled.

Notice is hereby given that, under the Defence of the Realm (Consolidation) Regulations, 1914, the following Regulations have been made by the Lords Commissioners of the Admiralty and are now in force:—

I.—PLYMOUTH SOUND AND  
HAMOAZE.

(a) PLYMOUTH SOUND:

A limited number of moorings for Yachts may be laid in the following places and nowhere else:

Off West Hoe, on application to King's Harbour Master, Sound; in the Cattewater, above Turnchapel, on application to the Harbour Master of Cattewater.

Yachts, &c., and Pleasure Boats may cruise in the waters of the Sound as laid down in the Public Traffic Regulations with the following exception:

No Yacht, &c., or Pleasure Boat may proceed to the westward of a line joining the east end of Drake's Island and the west side of the entrance to Millbay Docks, nor may they proceed more than two miles outside the breakwater.

All persons going afloat in charge of Yachts or Boats are to make themselves thoroughly acquainted with these orders, the Public Traffic Regulations, and the Notices that have been published from time to time in the Public Press defining prohibited areas.

Special notice is drawn to the following points in the Regulations:

No Yacht or Boat may be under way after dark; there can, therefore, be no traffic after dark between Yachts at their moorings and the shore.

Although it is only laid down that no craft may leave or enter by the East Channel, no craft is to approach anywhere near the East Channel buoys, as such action would be likely to draw the fire of the forts.

*All excursion steamer traffic is prohibited in the Sound.*

*Note.*

Yachts that are only fitting out at Plymouth, and that may wish to proceed to their Summer Base harbour, must obtain permission to leave here for that purpose.

(b) HAMOAZE:

1. Within the limits in the Harbour of Hamoaze mentioned in paragraph 4 below, all small craft, motor boats, steamboats, pulling boats, punts, &c., are to be moored in one of the following areas, viz.:—Saltash, Pottery quay, North corner, Mutton cove, Cremyll hard, Torpoint, Stonehouse creek (or be hauled

up and secured above highwater mark in an approved position), where they will remain under police supervision, and only be allowed out on the production of a permit. (See paragraph 4 below.)

2. With the exception of steam ferry boats, which have obtained special permits, no craft of any description is to be under way during the hours of official night, *i.e.*, between the sunset gun and daylight gun fired from H.M.S. *Impregnable*. Any craft under way between these times may be fired on by the Naval patrol boats or H.M. ships in harbour without notice..

3. During fog or thick weather, no craft of any description is to be under way, with the exception of the Chain Ferry bridges at Torpoint and Saltash.

4. All traffic is prohibited in the waters of the Harbour of Hamoaze within the following limits, viz.:—Between lines joining Skinham and Warren points in the Tamar river, and the boom at Devil's point, including the Lynher river as far as St. Germans, Millbrook Lake, and all the creeks and coves adjoining, subject to the following provisions:—

During daylight, *i.e.*, outside the hours of official night, all craft of any description engaged by their owners in the prosecution of their business, or used by them as a means of obtaining their livelihood, may be permitted to be under way within the above limits on obtaining a permit for the purpose from the Superintendent of Dockyard Police; such permit to be produced when called for by the person in charge of any patrol boat, police boat, or boat of H.M. ships.

Persons owning craft of any description which they may wish to use for pleasure purposes will be allowed to remove the same to approved places outside the above limits. No permits will be granted for use of pleasure craft within the limits defined.

ADMIRALTY

NOTICE TO MARINERS.

No. 1016 of the year 1915.

SCOTLAND, EAST COAST AND ORKNEY ISLANDS.

*Pilotage and Traffic Regulations.*

*Former Notice.*—No. 978 of 1915; hereby cancelled.

Mariners are hereby warned that, under the Defence of the Realm (Consolidation) Regulations, 1914, the following Regulations have been made by the Lords Commissioners of the Admiralty and are now in force:—

Pilotage is compulsory at the following ports for all vessels (including fishing vessels) which have a draught of over eight feet, and it is highly dangerous for any vessel to enter or leave such ports without a pilot. Fishing and other small vessels having a draught of over eight feet are to assemble at the Pilotage stations and will be conducted into and out of port in groups.

(1) **FIRTH OF FORTH.** All incoming merchant vessels are only permitted to enter the Firth of Forth when they have sufficient daylight to enable them to reach Inchkeith before the close of "official day," which is notified in the Public Traffic Regulations for the Firth of Forth.

Vessels must pass between the Isle of May and Anstruther Wester, thence they must steer a course so as to pass two miles south of Elie ness, and thence direct for Kinghorn ness.

Vessels are warned that, after having entered the Firth of Forth, they must on no account pass to the southward of a line joining the north point of the Isle of May and Kinghorn ness, until in the longitude of 3° West, when course may be shaped for the centre of North channel.

On approaching Inchkeith, the pilot vessel in the North channel is to be closed and a pilot embarked.

Merchant vessels approaching the Firth of Forth from the southward are permitted to keep close to the shore until Barns Ness is reached, when course should be shaped for the Isle of May, so as to pass between the Isle of May and Anstruther Wester.

No merchant or fishing vessel is permitted to enter the Firth of Forth between the Isle of May and the south shore of the Forth.

Merchant vessels approaching the Firth of Forth during the hours of darkness are to maintain a steady course and speed, and are to so arrange their speed that they shall not reach the Isle of May before daylight and thus will avoid having to reduce speed or stop in the vicinity of the Isle of May, where they may render themselves liable to be fired upon by shore batteries or patrol vessels.

No merchant or fishing vessel is permitted to be at an anchorage, during the hours of "official night," between Inchkeith and a line drawn from Barns Ness to North Carr rock (which line is to be considered the eastern limit of the Firth of Forth), unless directed to anchor by the orders of a patrol vessel.

The above orders apply to vessels proceeding to any port in the Firth of Forth, whether to the eastward of Inchkeith or not.

Outward bound vessels must steer to pass the longitude of 3° W. in latitude 56° 06' 30" N., thence shape course to pass 2 miles south of Elie Ness and between Anstruther Wester and the Isle of May.

(2) **MORAY FIRTH.** All vessels bound to Cromarty or Inverness must call for a pilot at Wick or Burghead.

Outgoing vessels are to discharge their pilots at one or the other of these places.

It is dangerous for any vessel to be under way to the south-westward of a line joining Findhorn and Tarbet Ness without a pilot.

No vessels of any description other than H.M. Ships and Auxiliaries are to be under weigh between sunset and sunrise in the waters contained between a line drawn from Tarbet Ness to Findhorn, and a line drawn from Fort George to Chanonry point.

(3) **SCAPA FLOW.** All entrances are dangerous and entry is absolutely prohibited by any of them except as provided in succeeding paragraphs.

Examination services have been established in the entrances to Hoxa and Hoy sounds; vessels wishing to enter must communicate with the Examination vessel and follow the instructions received from her very carefully.

No vessel is permitted to approach the entrance to Hoxa sound within a radius of 5 miles under any circumstances whatever, except when actually bound to Scapa Flow. Vessels bound to Kirkwall should proceed direct to that port.

The only vessels permitted to enter Hoy sound from the westward are those bound for Stromness; vessels cannot enter Scapa Flow from Stromness.

Vessels are not permitted to enter Hoxa or Hoy Sounds by night.

Passage through Cantick sound is entirely prohibited.

*Note.*—This Admiralty Notice to Mariners is a re-publication of No. 978 of 1915.

### ADMIRALTY NOTICE TO MARINERS.

No. 1017 of the year 1915.

ENGLAND, EAST COAST.

#### *River Humber—Pilotage Regulations.*

*Former Notice.*—No. 862 of 1915; hereby cancelled.

Mariners are hereby warned that, under the Defence of the Realm (Consolidation) Regulations, 1914, the following Regulations with regard to Pilotage of the River Humber, have been made by the Lords Commissioners of the Admiralty, and are now in force:—

1. All pilotage certificates granted to masters and mates for the whole or any part of the Humber Pilotage district are suspended and further all vessels (irrespective of draught, size, or nationality, but with the exception of those provided for in paragraph 2) bound to or from any place on the Humber must be conducted by licensed pilots over the whole or any part of the waters between Hull and the Outer Pilotage station of the Humber Pilotage district, which, until further notice, will be situated in the neighbourhood of the Bull light-vessel.

2. In the case of lighter inter-dock traffic and of small British vessels engaged in local trade above Immingham, pilotage by licensed pilots is not compulsory.

3. During the hours of official night, and during fog with visibility of less than half-a-mile, no traffic is permitted to move on the Humber below Paull point; also when these conditions prevail no vessel should enter or remain within a radius of five miles from Spurr light-vessel.

4. A vessel should not approach the Humber unless there is sufficient time available to enable such vessel to obtain a pilot and to arrive at her destination, or at a position in which

she is permitted to anchor, before the commencement of official night.

5. No vessel should anchor whilst awaiting a pilot.

6. Vessels when leaving the Humber must proceed direct to sea. Should it be necessary to wait for the weather to moderate or clear, they must remain inside the river at an authorised anchorage.

The pilot lobbies will be notified when the existence of fog outside the river is known.

7. A pilot should not board a vessel unless there is sufficient time available to enable such vessel to arrive at her destination, or at a position in which she is permitted to anchor, before the commencement of official night. The latest time at which the Pilot cutter stationed at the Bull light-vessel should board inward-bound vessels is one hour before the commencement of official night.

Vessels bound outward should not pass Hawkins point later than 45 minutes before the commencement of official night.

8. All vessels proceeding into or out of the Humber must be navigated by way of Hawke and Sunk roads passing to the northward of the Bull light-vessel, except those outward-bound from Grimsby, which may cross the Middle shoal leaving the Middle light-vessel on the starboard hand, but they must pass at once into the channel north of the Middle after rounding the light-vessel.

NOTE.—The five-fathom channel through the Sunk and Hawke roads is very narrow at the western entrance and also at a point north of the Middle light-vessel; deep-draught vessels steaming against the tide when approaching the buoys marking these portions of the channel should endeavour to avoid passing others between them by easing engines to allow ships with the tide under them to get through first. Smaller vessels outward-bound should pass close to the southward of the buoys marking the south side, and those inward-bound close to the northward of the buoys marking the north side, of the narrow portions of the channel, provided always that their draught of water and the state of the tide will admit.

8a. Sailing vessels of 50 tons register and upwards when entering or leaving the Humber must be towed through Hawke road. Should tugs not be available, inward-bound vessels may anchor north-westward of the No. 2 Lower Middle light-float at a distance of not more than  $1\frac{1}{2}$  miles from it, but they must not bring the before-mentioned light-float to bear to the southward of  $128^{\circ}$  (*S. 36^{\circ} E. Mag.*).

9. Small craft to and from Grimsby up river are allowed to navigate southward of the Burcom, provided they pass into and out of the main channel to the eastward of No. 6 Upper Burcom B.W.V.S. buoy. They are exempted from communicating with the Examination steamer, but all other vessels leaving Grimsby and passing up the river outside the Burcom must do so.

10. No merchant vessel, except as provided for in paragraphs 8a and 16, shall anchor to the northward of the line of the Killingholme leading lights or to the eastward of a line drawn from the Middle light-vessel through No. 4 light-float and prolonged to the Lincolnshire shore, or within  $1\frac{1}{2}$  cables of any of the Admiralty mooring buoys. Anchorage is pro-

hibited for all vessels between two imaginary lines:—

(1) Joining Stone creek Coast Guard flag-staff and the eastern extremity of the eastern jetty at Immingham.

(2) Joining the riverward beacon of the two centre measured mile beacons on Sunk island and the northernmost of two clumps shown southward of Stallingborough on Admiralty chart No. 109. The latter line passes through the position of No. 6 Upper Burcom buoy.

Merchant vessels are not to anchor without special permission between the before-mentioned prohibited anchorage area and the line of transit of the eastern measured mile beacons on Sunk island produced to the Lincolnshire shore.

11. No vessel must approach within a quarter of a mile of the boom defence or within three cables of any of H.M. Ships at anchor in the Humber provided the depth of water and circumstances of navigation will admit of keeping this distance.

12. Vessels at anchor in or above Hull road and in the part of the river that lies between Immingham and Cleethorpes are to exhibit the ordinary riding lights, but reduced so as not to be visible at a distance greater than half-a-mile. They are to show no other lights of any description. Vessels anchored in any other part of the river or secured in any docks or alongside any wharf or pier are to shew no lights of any description. Dredgers may be permitted to work at Hull at night provided all their lights are extinguished within half-an-hour of issue of the general order "Out-lights."

13. No tug is permitted to tow more than three craft at one time through a gateway of the boom defence. Owners of tugs may apply to the Humber Conservancy Board for pilot licences for the masters of their vessels which will enable them to pilot their own vessels and river craft comprising their tow (in certain parts of the river). The number of craft towed will be restricted according to the power of the tug.

14. Humber Rule No. 18 is to be strictly enforced. No sound signals other than navigation signals authorised by the Regulations for preventing Collisions at Sea, and by Humber Rules Nos. 14 to 16 (inclusive) at all times of the day or night, and No. 17 during the day only, are on any account to be used by vessels in any part of the Humber, the Old harbour at Hull, or within any of the docks at Hull, Immingham or Grimsby.

15. Owners of small vessels plying in the vicinity of the Humber are instructed not to paint their craft light grey, and are hereby directed to have any vessels so coloured repainted. They are warned that small vessels painted grey run a great risk of being fired upon in mistake for submarines. Vessels painted black run the least risk.

#### REGULATIONS AFFECTING SMALL CRAFT IN THE VICINITY OF CLEETHORPES.

16. Pleasure boats may ply for hire at Cleethorpes only between the eastern and western sewer outfall beacons, and must keep within a distance of one mile from the shore. Small vessels may anchor off Cleethorpes southward of the prohibited anchorage area

shown on Admiralty chart No. 109 and shorewards of the 2 fathom contour line. No vessel is allowed to shrimp or trawl between Grimsby docks entrance and a line drawn across the river three miles below it. Notwithstanding anything in these orders rowing boats may pass along the shore at Cleethorpes, but they must keep within 400 yards of the high water mark of spring tides.

#### EXCURSIONS BY WATER.

17. Excursions by water are limited to the River Humber above Hull, and Rivers Ouse and Trent. Excursion steamers will not be allowed to ply without a permit from the Admiralty Port Officer, Dock Offices, Immingham, and in no case are they to pass to the eastward of an imaginary line joining Victoria Dock entrance, Hull, and the East beacon on Skitter ness.
