And whereas the said Act has been amended by the Defence of the Realm (Amendment) Act, 1915, the Defence of the Realm (Amendment) (No. 2) Act, 1915, and the Munitions of War Act, 1915:

And whereas the said Regulations have been amended by various subsequent Orders in Council:

And whereas it is expedient further to amend the said Regulations in manner hereinafter appearing:

Now, therefore, His Majesty is pleased, by and with the advice of His Privy Council, to order, and it is hereby ordered, that the following amendments be made in the said Regulations:—

1. In subsection (3) of Regulation 2L, the word "nineteen" shall be substituted for "eighteen."

(a) to declare that it is important in the interests of public safety as respects any area defined in the order, as being an area where bodies of His Majesty's Forces are located or

undergoing training, or where arms, ammunition, explosives or substances required for the production thereof (in this regulation referred to as munitions of war) are produced, treated, stored or handled, that rules should be made under this regulation; and

(b) to make rules accordingly for securing and preserving order and good behaviour in the area, and maintaining in the area the efficiency of any of His Majesty's Forces or of any persons engaged in producing, treating, or handling munitions of war, whether by controlling or regulating the admission to or presence, movements, and behaviour in the area of any person or class of persons whose unrestricted admission to or presence in the area is likely to prejudice the training, discipline, administration, or efficiency of any of His Majesty's Forces or the efficiency of any person engaged in producing, treating, or handling munitions of war, or by any other means.

"(2) Without prejudice to the generality of the foregoing provisions the rules may require the presence of any persons or class of persons in the area to be notified to the police, and may empower a competent naval or military authority to prohibit any person from residing or remaining in or entering the area who has since the commencement of the war been convicted of any contravention of or non-compliance with the rules, or of any offence against public order or decency, or to impose on such person whilst in the area any condition as to reporting movements or otherwise.

charges in excess of those which the undertakers are authorised by statute to charge, the Board may by order authorise the undertakers to charge such rates, dues, or charges in excess of the statutory maxima as the Board think necessary in the circumstances, subject to such conditions as may be specified in the order."

### ADMIRALTY NOTICE TO MARINERS.

No. 399 of the year 1917.  
ENGLAND, EAST COAST.

*River Humber and Approaches—Pilotage and Traffic Regulations.*

*Former Notice.*—No. 23 of 1917; hereby cancelled.

Mariners are hereby warned that, under the Defence of the Realm (Consolidation) Regulations, 1914, the following Regulations have been made by the Lords Commissioners of the Admiralty, and are now in force:—

1. That portion of the Humber which lies between two straight lines, drawn from shore to shore, as follows:—(1) a line drawn 225° (S. 61° W. Mag.) through Spurn lighthouse, (2) drawn 344° (North Mag.) from the east side of Barrow haven, will be referred to as the "port" in these regulations.

2. Shipowners and local agents are warned that their vessels should be directed to conform to the following regulations:—

(I.) Except under exceptional circumstances merchant vessels will be free to enter or leave the port during the hours of official day.

(II.) Before entering the port merchant vessels must receive permission and the necessary instructions from the Examination steamer, and before leaving they must obtain permission through the Collector of Customs at Hull, Grimsby, or Goole, as the case may be.

(III.) Shipowners and local agents are advised to time the arrival of their vessels at the port for daylight.

(IV.) Vessels desiring to enter the port from seaward are, unless previously met by the Examination steamer, to proceed to the Southern Examination anchorage (except during strong northerly or north-easterly winds, when they should proceed to the Northern Examination anchorage) and there anchor.

(V.) The Examination steamer will be met in the Examination area between Bull light-vessel and Chequer Shoal buoy.

The Examination steamer will be distinguished by the following means:—

*By Day.*—A white ensign, and at the foremast head the special flag mentioned in Part II. of Admiralty Notice to Mariners No. 1 of 1917. When the port is closed 3 red balls will be hoisted in addition to the special flag.

*By Night.*—Three lights vertically, 3 feet apart, conspicuously displayed at the end of a yard so as to shew an unbroken light round the horizon. When the port is closed these lights will be red, when it is open they will be white.

**NOTE.**—These lights are in addition to the ordinary navigation lights.

(VI.) There are two Examination anchorages. The northern is to be used in strong northerly and easterly winds. The southern is to be used under all other conditions.

The Northern Examination anchorage comprises those portions of Hawke road and Middle shoal included between the intersection of the following lines of bearing:—

(1) Skeffling Church bearing  $18^{\circ}$  (*N.  $34^{\circ}$  E. Mag.*).

(2) Skeffling Church bearing  $4^{\circ}$  (*N.  $20^{\circ}$  E. Mag.*).

(3) Spurn lighthouse bearing  $120^{\circ}$  (*S.  $44^{\circ}$  E. Mag.*).

(4) Extreme of Spurn point bearing  $115^{\circ}$  (*S.  $49^{\circ}$  E. Mag.*).

The Southern Examination Anchorage comprises the area bounded as follows:—

(1) On the north by the Bull sand.

(2) On the south by the three fathom contour line northward of Tetney haven.

(3) On the east by the line joining the Bull light-vessel and entrance to Tetney haven.

(4) On the west by a line parallel to and 7 cables from the eastern limit (3).

**NOTE.**—When the Southern Examination anchorage is full of shipping further arrivals should anchor eastward of and as near to it as possible.

The Examination area is that portion of the river enclosed by an irregular line drawn from the Bull light-vessel to the extreme of Spurn point, thence to the Chequer Shoal buoy, thence to a point  $210^{\circ}$  (*S.  $46^{\circ}$  W. Mag.*) of and distant 7 cables from Bull light-vessel and thence to Bull light-vessel.

3. All pilotage certificates granted to masters and mates for the whole or any part of the Humber Pilotage district are suspended and further all vessels (irrespective of draught, size, or nationality, but with the exception of those provided for in paragraph 4) bound to or from any place on the Humber must be conducted by licensed pilots over the whole or any part of the waters between Hull and the Outer Pilotage station of the Humber Pilotage district, which, until further notice, will be situated in the neighbourhood of the "Bull" light-vessel.

4. In the case of lighter inter-dock traffic and of small British vessels engaged in local traffic above Immingham, pilotage by licensed pilots is not compulsory.

5. During the hours of official night, and during fog with visibility of less than half a mile, no traffic is permitted to move on the Humber below Paull point; also when these conditions prevail no vessel should enter or remain within a radius of five miles from "Humber" (late "Spurn") light-vessel.

6. A vessel should not approach the Humber unless there is sufficient time available to enable such vessel to obtain a pilot and to arrive at her destination, or at a position in which she is permitted to anchor before the commencement of official night.

7. No vessel should anchor whilst awaiting a pilot.

8. Vessels when leaving the Humber must proceed direct to sea. Should it be necessary to wait for the weather to moderate or clear, they must remain inside the river at an authorised anchorage.

The pilot lobbies will be notified when the existence of fog outside the river is known.

9. A pilot should not board a vessel unless there is sufficient time available to enable such vessel to arrive at her destination, or at a position in which she is permitted to anchor, before the commencement of official night. The latest time at which the pilot cutter stationed at the "Bull" light-vessel should board inward-bound vessels is one hour before the commencement of official night.

Vessels bound outward should not pass Hawkins point later than 45 minutes before the commencement of official night.

10. All vessels proceeding into or out of the Humber must be navigated by way of Hawke and Sunk roads passing to the northward of the Bull light-vessel, except those outward-bound from Grimsby, which may cross the Middle shoal passing at once into the channel north of the Middle.

**NOTE.**—The five-fathom channel through the Sunk and Hawke roads is very narrow at the western entrance and also at a point north of the "Middle" light-vessel; deep draught vessels steaming against the tide when approaching the buoys marking these portions of the channel should endeavour to avoid passing other vessels between them by easing engines to allow ships with the tide under them to get through first. Smaller vessels outward-bound should pass close to the southward of the buoys marking the south side, and those in-

ward-bound close to the northward of the buoys marking the north side, of the narrow portions of the channel, provided always that their draught of water and the state of the tide will admit.

11. Sailing vessels of 50 tons register and upwards when entering or leaving the Humber must be towed through the Boom Defence gateways. Should tugs not be available, inward-bound vessels may anchor north-westward of the No. 2 Lower Middle light-float at a distance of not more than  $1\frac{1}{2}$  miles from it, but they must not bring the before-mentioned light-float to bear to the southward of  $128^{\circ}$  (*S.  $36^{\circ}$  E. Mag.*).

12. All vessels entering or leaving Grimsby docks must pass to the southward of the No. 4 Lower Burcom buoy except those making use of the channel southward of the Burcom shoal (hereinafter called the Burcom channel), which are exempted from this condition, but no vessel may cross the Burcom shoal between the No. 5 Middle Burcom and No. 4 Lower Burcom buoys. Vessels using the Burcom channel must pass into and out of its western end to the eastward of No. 6 Upper Burcom B.W.V.S. buoy, and through a gateway at its eastern end 170 feet wide each side of which is marked by a dolphin surmounted by a black triangle supported on a white pole.

Vessels making use of this gateway, are cautioned to keep well in the middle of the opening and are subject to the following regulations:—

(1.) Vessels navigating against the tide must in all cases give way to those navigating with the tide.

(2.) No vessel must approach the defences in this part of the river nearer than a quarter of a mile except to pass through the before-mentioned gateway or to enter Grimsby docks.

(3.) No vessel may tow more than two craft at one time through the gateway, as stated in paragraph 17.

(4.) Distant signals will be shown from the flagstaff on the West Pier at the Grimsby Dock entrance as follows:—

(a) Two black balls will denote that the gateway is open.

(b) Three black balls will denote that the gateway is closed.

(c) No signal being hoisted denotes that traffic is suspended.

When signal (b) three black balls is hoisted, no vessel may approach the gateway, and when traffic is suspended no vessels, other than H.M. Ships on special duty, may use the gateway.

13. Prohibited Anchorage areas:—

(I.) Anchorage is prohibited for all vessels between two imaginary lines:—

(a) Joining Stone Creek Coast Guard flagstaff and the eastern extremity of the eastern jetty at Immingham.

(b) Joining the Riverward beacon of the two centre measured mile beacons on Sunk island and the northernmost of two clumps shown southward of Stallingborough on Admiralty Chart No. 109. The latter line passes through the position of No. 6 Upper Burcom buoy.

(II.) No merchant vessel shall anchor (except when granted special permission) between the before-mentioned prohibited anchorage area (I.) and the line of transit of the eastern

measured mile beacons on Sunk island produced to the Lincolnshire shore or (except as provided for in paragraph 11) to the northward of the line of the Killingholme leading lights or within  $1\frac{1}{2}$  cables of any of the Admiralty mooring buoys.

(III.) Anchorage is prohibited to merchant vessels over the whole of Grimsby roads to the eastward of the line joining New Clee railway station and Patrington Church, except so far as the Examination anchorages are concerned.

(IV.) No vessel of any description may anchor on the south side of the Bull sand between the western limit of the Southern Examination anchorage described in paragraph 2 of this notice and a line drawn through the Cleethorpes Sewer Outfall beacon (on which a red light is exhibited in peace time) in a direction  $60^{\circ}$  (*N.  $76^{\circ}$  E. Mag.*), passing through a point  $299^{\circ}$  (*North-west Mag.*) distant 7 cables from Spurn lighthouse; nor on the north side of the Bull sand between the before-mentioned line of bearing passing through the Cleethorpes Sewer outfall and a line joining Spurn lighthouse and the Bull light-vessel produced to the Bull sand.

14. No merchant vessels or boats, etc., will be allowed to approach within a quarter of a mile of any defence work (except to pass through the Boom gateways) or to go alongside any Government ship, vessel, lighter, or any other Government craft, or any Government establishment, without special permission. All vessels proceeding up and down the Humber are to pass at a distance at least three cables from H.M. Ships, if the depth of water and circumstances of navigation permit.

15. All vessels employed in laying moorings, raising wrecks, etc., must be passed at slow speed, propelling engines being eased at least 300 yards before reaching such vessels and so continued for 150 yards after passing them. While the said mooring or wreck raising craft are at work they will each fly a red flag.

16. Anchor lights are to be reduced in power and screened as prescribed in Admiralty Notice to Mariners No. 1143 of 1916.

Vessels anchored in the Humber westward of the meridian of Greenwich are to exhibit anchor lights as mentioned above, except that between Immingham and the meridian of Greenwich they are to be reduced in brilliancy so as to be invisible at any greater distance than half-a-mile. Eastward of the meridian of Greenwich no lights whatever are to be exhibited.

Anchor lights authorised by these orders are never on any account to be extinguished; the order "Out lights" will not apply to them.

Bow and masthead steaming lights are to be as prescribed in Admiralty Notice to Mariners No. 1143 of 1916.

Other lights are to be as prescribed in Admiralty Notice to Mariners No. 1143 of 1916, and this order also applies to vessels in dock or alongside quays and jetties. Notwithstanding anything in these orders, dredgers may be permitted to work at Hull and Immingham at night provided all their lights are extinguished within half-an-hour of issue of the general order "Out lights."

The above orders will not absolve the Masters of craft at anchor from keeping a sharp lookout and giving warning on the approach of any craft under way.

The above orders apply to vessels of every description, other than H.M. ships. The

latter should, however, comply so far as the visibility of anchor lights eastward of Immingham is concerned.

17. Vessels are prohibited from towing more than two craft at one time through the gateway at the eastern end of the Burcom channel referred to in paragraph 12, each side of which is marked by a dolphin surmounted by a black triangle supported on a white pole; no tug is permitted to tow more than three craft at one time through the remaining gateways of the Boom defence. Owners of tugs may apply to the Humber Conservancy Board for pilot licences for the masters of their vessels which will enable them to pilot their own vessels and river craft comprising their tow (in certain parts of the river). The number of craft towed will be restricted according to the power of the tug.

18. Humber Rule No. 18 is to be strictly enforced. No sound signals other than navigation signals authorised by the Regulations for preventing Collisions at Sea and by Humber Rules Nos. 14 to 16 (inclusive) at all times of the day or night, and No. 17 during the day only, are on any account to be used by vessels in any part of the Humber, the Old Harbour at Hull, or within any of the docks at Hull, Immingham or Grimsby.

19. Owners of small vessels plying in the vicinity of the Humber are instructed not to paint their craft light *grey*, and are hereby directed to have any vessels so coloured repainted. They are warned that small vessels painted *grey* run a great risk of being fired upon in mistake for submarines. Vessels painted *black* run the least risk.

20. Fishing in the Humber.—No vessel is allowed to fish in the Humber below Hull without a permit from the Admiralty port officer; all fishing, shrimping, trawling, or whelking in this portion of the river in areas other than those for which permits are granted is prohibited.

21. Regulations affecting small craft in the vicinity of Cleethorpes.—Pleasure boats may ply for hire at Cleethorpes only between the Eastern and Western Sewer Outfall beacons, and must keep within a distance of one mile from the shore.

Notwithstanding anything in these orders, rowing boats may pass along the shore at Cleethorpes, but they must keep within 400 yards of the high-water mark of spring tides.

22. Excursions by Water.—Excursions by water are limited to the River Humber above Hull, and Rivers Ouse and Trent. Excursion steamers will not be allowed to ply without a permit from the Admiralty port officer, Dock Offices, Immingham, and in no case are they to pass to the eastward of an imaginary line joining Victoria Dock entrance, Hull, and the east beacon on Skitter Ness.

23. Patrol of Internal Waterways.—The internal waterways of the port will be policed by Naval patrol vessels and by the Humber Conservancy Board under the direction of the Naval authorities.

Captains and Masters of Merchant Vessels and persons in charge of barges or boats of any kind are hereby warned to observe any orders which may be given to them by Naval Patrol vessels or the duly authorised officers of the Humber Conservancy Board.

24-25. Warning.—Warning is hereby given

that vessels disobeying the above regulations will be liable to be fired on.
