ADMIRALTY NOTICE TO MARINERS.

No. 644 of the year 1917.

ENGLAND AND WALES, SOUTH AND WEST COASTS.

Portland Bill to Bardsey Island—Traffic Regulations.

Former Notice.—No. 481 of 1917; hereby cancelled.

Notice is hereby given that, under the Defence of the Realm (Consolidation) Regulations, 1914, the following Regulations have been made by the Lords-Commissioners of the Admiralty and are now in force:—

I.—REGULATIONS RESPECTING SMALL CRAFT.

GENERAL REGULATIONS.

The following Regulations are to be complied with until further notice by all small steam, motor, sailing and pulling boats and vessels, including pleasure craft of all descriptions (but

excluding bona-fide fishing craft which are specially provided for under Section II of this Notice), from Portland Bill on the east to Bardsey Island on the west.

2. Permits.—The owners of all such boats or vessels are to supply lists of all their boats and vessels which they may place afloat, and must obtain for each boat or vessel a permit from the Divisional Coast Watching Officer through the Station Officer of the nearest Coastguard Station. No boat or vessel is permitted to be used without a permit.

Amateur boat owners, or amateurs hiring boats for specified periods, must similarly obtain permits, and will be regarded, for the period of the permit and for the purpose of these Regulations, as the owners.

Permits may be withdrawn at any time at the discretion of the officer by whom they were issued. They must always be carried while under way, and may be regarded as being issued for the boat or vessel and not for the person using the boat or vessel, the owner being held responsible at all times for any infringement of the regulations contained in this Notice. A distinguishing number or letter, corresponding with that on the permit, must be painted on each bow of the boat or vessel.

3. Navigational Directions.—Boats or vessels subject to this Notice are to comply strictly with the following navigational directions:—

(a) They are not to be under way at night, *i.e.*, between half an hour after sunset and half an hour before sunrise, or during fog, but are to remain at their moorings. If caught out by fog, they are to return to the shore at once.

(b) Subject to any special exceptions that have been or may hereafter be made, they are not to proceed to a distance of more than three miles in any direction from the port, creek or river to which they belong.

It must be further understood that no special protection can be afforded them.

SPECIAL REGULATIONS.

4. Small Rowing or Sailing Boats may be let out on hire to parties for whom the owners are prepared to be responsible, and while so hired shall be strictly subject to these Regulations. Great care must therefore be taken that they are only hired out to persons who are thoroughly acquainted with these Regulations, as any infringement of the orders will, among other penalties, lead to the detention of the offending boat.

5. Power-driven Boats not exceeding 24 feet in length or a carrying capacity of 12 passengers may be let out on hire on the same conditions as small rowing and sailing boats, but with the further restriction that, while so hired, they shall in no circumstances be under way outside the port, creek or river to which they belong.

6. Excursion Traffic, defined as advertised trips wholly or chiefly for the pleasure of the passengers, is allowed only within ports, creeks or rivers and by written permission of the Commander-in-Chief, Plymouth, which may be obtained through the District Coast Watching Officer. Such permission will only be given subject to compliance with the regulations in paragraph (3) (a) above, and provided that:—

(a) The entire trip is within the harbour,

(b) One person is responsible for the party, and

(c) The permission is applicable only to the trip specified.

7. Regular Ferry Boats may obtain special permission from the District Coast Watching Officer to run up to a specified hour according to circumstances.

8. Yachts and Pleasure Craft may obtain permission from the Commander-in-Chief, Plymouth, through the District Coast Watching Officer, to proceed from their fitting-out port to their summer base port.

9. Special Local Regulations are in force for defended areas and ports, comprising Portland, Plymouth, Falmouth, Milford Haven, Cardiff and Barry, and Swansea.

10. Oil, Motor-Spirit, Petrol or other goods may not be shipped on board craft of any description, whether coasting or foreign, either as stores for the equipment or navigation of the vessel or as merchandise, except at places which are under the supervision of a Customs Officer. Such goods must be properly pre-entered before shipment, and a clearance must be obtained from the Customs Officials in accordance with the Customs War Powers Act, 1915.

Sailing vessels may not have on board a quantity of petrol, motor-spirit, benzine, paraffin, petroleum or similar substances, exceeding 4 gallons.

II.—REGULATIONS WITH REGARD TO FISHERMEN.

The following Regulations are to be complied with by all fishing vessels and boats from Portland Bill on the east to Bardsey Island on the west (hereinafter referred to as the South-Western Area).

2. Fishing vessels authorised by fishing permits signed by the local Fishery Officer, are allowed to be at sea day and night, except as stated below in paragraph 3.

3. (i.) *By day and night*, trawling or anchoring is forbidden on the south-east coast of Devon westward of the meridian of long. 3° 29' W. (*i.e.*, Hope's nose just open of Berry head) between the parallels of the Mewstone and Skerries bell-buoy.

(ii) *By night* no fishing vessel is allowed to fish, or to be—

(a) Within the above area;

(b) On the south-east coast of Devon to the westward of a line drawn from the Skerries bell-buoy to a point two miles, 85° (S. 79° E. Mag.), of Start point;

(c) Within ten miles of the entrance to any defended port, except as laid down in the Special Local Regulations which may be in force at each port (*vide* paragraph 4).

Mines.—Fishermen are warned to exercise the greatest caution when operating in Lyme bay. In particular, a sharp look-out for mines should be kept when hauling gear. Extreme care is necessary in cases where torpedoes, mines, shells or bombs are found in trawl or other nets, as they may still be dangerous even after being in the water a long time. (See also general warnings contained in Notices to Fishermen, issued by the Marine Department, Board of Trade.)

4. Special local regulations are in force in

certain defended ports and areas, comprising Portland, Plymouth, Falmouth, Milford Haven, Cardiff and Barry, and Swansea.

5. A new issue of fishing permits will be made throughout the South-Western Area, and fishing skippers will be required to exchange their old permits for permits of the new issue on or before 1st June 1916.

6. The fishing permit, made out to the skipper actually in charge, and for the boat in question, must at all times be carried by a fishing vessel at sea, and it must be produced on demand to any officer or other authorised person. Failure to comply with this regulation will render the offender liable to prosecution.

In the case of a new skipper taking charge of a boat, or of a skipper taking charge of a boat not specified on his permit, a new permit must be obtained, or the necessary alterations made on the old permit. No alterations to permits will be recognised unless signed and dated by the Permit Issuer.

7. Oil, motor-spirit, petrol, or other goods may not be shipped on board fishing craft of any description, either as stores for the equipment or navigation of the vessel or as merchandise, except at places which are under the supervision of a Customs Officer. Such goods must be properly pre-entered before shipment, and a clearance must be obtained from the Customs Officials in accordance with the Customs War Powers Act, 1915.

Sailing vessels may not have on board a quantity of petrol, motor-spirit, benzine, paraffin, petroleum or similar substances, exceeding four gallons.

Notes.

1. Fishing vessels are only to include bona-fide professional fishing craft, manned by bona-fide fishermen. Doubtful cases for fishing permits are to be referred to the nearest Divisional Coast Watching Officer.

2. Amateurs and pleasure craft out fishing are to be regarded as coming under section I. of this notice, and must comply with the Regulations contained therein.

3. Fishing vessels, having a fishing permit and desiring to carry passengers, *i.e.*, persons other than their bona-fide crew, must obtain separate permits in accordance with section I. of this notice, and when such passengers are on board, the vessels will become strictly subject to the regulations therein laid down. In the event of non-compliance, both permits may be withdrawn by the Divisional Coast Watching Officer or Fishery Officer concerned.

4. Fishery Officer means an officer of the Board of Agriculture and Fisheries, or of the Local Sea Fisheries Committee within whose district the fishing port in question lies, or other person duly appointed to issue fishing permits.

5. Permits may be withdrawn, suspended or endorsed at the discretion of the Divisional Coast Watching Officer or of a Fishery Officer.

6. Availability of permits.—South-Western Area fishing permits are available over the whole area, when and where fishing is permitted by these regulations, but boats moving from port to port within the area should, in order to avoid delay, notify their arrival and departure to the Local Fishery Officer or Permit Issuer.

7. Visiting boats from ports outside the

South-Western Area must, before fishing in this area, obtain from the local Permit Issuer a South-Western Area fishing permit, either—

- (a) In exchange for their former permit (re-exchanging on departure), or,
(b) By previous application through the Local Fishery Officer;

otherwise they will be detained in port until their credentials have been verified. In all cases visiting boats must give up their South-Western Area fishing permits on leaving the South-Western Area.

8. Charts of the restricted areas off the Devon coast can be seen by Fishermen at the Harbour Master's office, Brixham, the Fish Inspector's office, Plymouth Barbican, and the Fishery Collector's office, Newlyn Harbour.

9. Complaints on the part of the fishing community, and questions of doubt, should be referred in the first instance to the Local Fishery Officer, or to the Inspector of Fisheries attached to the area.

III.—PLYMOUTH.

No vessels other than those of British Nationality or those of the Allied Nations are permitted to enter the Port of Plymouth until further notice.

PART I.—ENTRANCE TO THE PORT.

Notification of Time of Arrival.

1. Shipowners and shipping agents will facilitate the entry of their vessels by giving previous notice of the probable time of arrival to the King's Harbour Master for Plymouth, Longroom, Stonehouse (Telegraphic address: Tidal, Plymouth), with particulars of appearance, &c., so that they may be readily identified.

Instructions for Ships Approaching the Port.

2. All ships may be brought in at night as well as by day. This does not apply to fishing vessels and small craft, as they cannot be allowed to enter at night.

Endeavour will be made to bring vessels in from sea during a fog even though movements inside the port are prohibited (*vide* paragraph 11). If, however, the fog is so dense as to make this dangerous, the vessel must wait in the outer examination anchorage (Cawsand bay) or at sea until it lifts sufficiently.

When once ships are anchored they are not to move under any circumstances without previously obtaining permission from the King's Harbour Master for Plymouth.

Vessels of every description, including fishing vessels and small craft, are forbidden to enter or leave the port by the eastern entrance. They may only do so by the western entrance.

The Devil's bridge is entirely closed.

All orders and instructions given by the Examining Officers are to be implicitly obeyed, otherwise ships will be liable to be fired upon.

Distinguishing Signals of Examination Steamers.

3. The Examination Steamer will be found in the neighbourhood of Penlee point, and will *by day* be distinguished by the Examination Flag (white and red horizontal surrounded by blue border), and will fly the Blue Ensign.

By night the Examination Steamer will be distinguished by three white lights.

Signals Indicating Port Closed.

4. The following signals will be employed to indicate that the Port is closed:—

By Day.—Three red balls hoisted vertically by the Examination Steamer and at the flagstaff on Breakwater fort.

By Night.—Three red lights, six feet apart, hoisted vertically by the Examination Steamers, and at the flagstaff on Breakwater fort.

In this case the Examination Vessel will not lead ships in further than Cawsand bay, where they must anchor or remain at sea.

Vessels must on no account proceed further in than Cawsand bay unless met by the Examination Steamer and led in or given the special signal to proceed into the sound.

Ships Anchored in Cawsand Bay.

5. Vessels are not to attempt to leave the anchorage under any circumstances, or to communicate with other vessels, or with the shore, without previously obtaining permission from the Chief Examining Officer.

Fishing Vessels and Small Craft.

6. Fishing vessels, barges, boats, yachts, and small private vessels of any kind are only to enter the port by day and should approach the western entrance only, where the patrol boats will give them instructions as to proceeding into harbour.

If obliged to shelter at night from stress of weather or other cause, Shipowners, Masters, and Local Agents are advised to direct their vessels to proceed to a sheltered anchorage in the vicinity, such as Salcombe, The Yealm, Looe or Fowey, until daylight.

Lights of Ships.

7. The normal condition in regard to lights of ships at anchor in the sound, Cawsand bay, Cattewater, or Hamoaze at night is that no lights whatever are to show from the outside. When, however, during dark hours, a vessel is under way, anchor lights are to be exposed until the vessel is anchored; or, in the case of ships leaving, until they are clear of the breakwater, when lights are again to be obscured. It is expected that masters of vessels and others concerned will see that this order, which is given for their own protection, is carried out; any infringement of it will entail more stringent measures being taken.

Anchor lights, bow and masthead steaming lights, and other lights, are to be as prescribed in Admiralty Notice to Mariners No. 581 of 1917.

Pilotage.

8. Pilotage is compulsory for all vessels in the whole of the waters comprising Plymouth Sound, Hamoaze, Cattewater and Sutton pool, inside a line joining Penlee point on the west through the Shagstone to the coast on the East, as far as Laira bridge to the eastward and Saltash bridge to the westward, with the following exceptions:—

- (a) Ships belonging to His Majesty;
(b) Pleasure yachts and sailing boats under 30 feet in length on the water line and under 10 feet draught;
(c) Fishing vessels;
(d) Sailing vessels trading coastwise of less than 75 tons net register;
(e) Ships of less than 50 tons gross tonnage not carrying passengers;

(f) Motor barges and boats habitually used exclusively within the limits of the Port of Plymouth;

(g) Steam tug boats registered at the Port of Plymouth.

NOTE.—This order does not apply to ships changing moorings unless the shift entails going through or into the channel.

If necessary, the Examining Officer will place a licensed local Pilot on board all incoming merchant vessels, or they will be led in by one of the Examination Vessels which have licensed Pilots on board.

All vessels proceeding from the Cattewater or Sutton pool to Plymouth sound and *vice versa* are to pass between the Mallard shoal and Mount Batten breakwater.

PART II.—MOVEMENTS WITHIN THE PORT.

9. The movements of all merchant ships, fishing vessels, or boats of any kind, are subject to the direction of the King's Harbour Master, Plymouth, for the Sound, and the King's Harbour Master, Devonport, for the Hamoaze, whose orders are to be immediately obeyed.

Disobedience of such orders will render vessels liable to be fired upon.

Pilotage.

10. Pilotage is compulsory under the same conditions as stated in paragraph 8 above.

Night and During Fog.

11. During the hours of official night, or during fog, no merchant vessels (including fishing craft, barges, boats, yachts, or private vessels of any kind) will be allowed to be under way in the sound and adjacent waters, except with special permission, which should be obtained from the King's Harbour Master for Plymouth, at Longroom, Stonehouse.

During the hours of official night no vessel, barge, or boat of any kind, will be allowed to be under way in the Hamoaze or creeks and coves adjoining, including the Lynher river and the Tamar river above Saltash as far as a line joining Skinham and Warren points, except with special permission, which should be obtained from the King's Harbour Master, for Devonport, at His Majesty's Dockyard, Devonport.

All traffic within the port is absolutely prohibited during a state of fog.

Approach to Government Vessels and Establishments.

12. No merchant vessels (including fishing craft, barges, boats, yachts, or private vessels of any kind) will be allowed to approach any Government ship, vessels, lighter, or other Government craft, or any Government Dockyard or Establishment, without special permission.

Subject to the above, merchant shipping may move as usual within the Ports of Plymouth and Devonport, taking care to keep clear of any of His Majesty's ships which are being navigated in the Ports. (See paragraphs 22 and 23.)

Patrol of Internal Waterways and Approaches of the Port.

13. The internal waterways of the port, as well as the approaches thereto, will be patrolled by Naval patrol boats, or other Government

vessels. Captains and Masters of merchant ships, and persons in charge of fishing vessels or boats of any kind, are hereby warned to observe any orders which may be given by the Naval patrols. Merchant ships, fishing vessels, and boats will be subject to inspection and search, and will be liable to be fired upon in the event of disobedience to the orders given them by the patrols.

Regulation Lights to be shown at Night.

14. All vessels, barges, or boats, that have received permission to be under way, must display the regulation lights at night. (See also paragraph 7.)

Caution as to Anchoring.

15. When anchoring, care must be taken to be well clear of the fairway.

Prohibited Areas.

16. No vessels, boat, or craft of any kind, is at any time allowed within the following areas:—

The Eastern Channel.—The area defined as follows:—On the north by the line of Torpedo range targets; on the west by the line joining Breakwater fort with Shagstone beacon; and on the south by a line joining Shagstone beacon with Reny rocks.

The Bridge.—The area defined as follows:—On the north by a line joining Raveness point to Drake's island north-west buoy; on the east by a line joining Drake's island north-west buoy to Melampus light-buoy; and on the south by a line joining Melampus light-buoy to Fort Picklecombe pier.

No fishing boat or sailing vessel engaged in coast trade shall be admitted into Cawsand bay during the night, or be allowed to lie at anchor there during the night. No fishing boat or sailing vessel engaged in coast trade shall approach Cawsand bay so late in the evening as to make it impossible for them to enter the Cattewater before dark.

Fishing is now permitted by night in Whit-sand bay, subject to the following regulations:—

(a) No fishing at night is to take place east of a line drawn in a 231° (S. 67° W. Mag.) direction from Rame head, and no boat is to cross this line at a distance of less than ten miles from the Breakwater light during the hours of official night.

(b) Except on Sundays, no night fishing is to take place within three miles of the Coast between Tregantle and Portwrinkle up to the hour of 12 midnight, or such later hour as may be ordered.

The above regulations are to be strictly complied with and any infringement of them will entail severe penalties.

Paragraph 3, clause (ii) (c) of section II of this Notice is modified to the extent stated above as regards the defended Port of Plymouth.

No yacht, &c., or pleasure boat may proceed to the westward of a line joining the east end of Drake's island and the west side of the entrance to Millbay docks, nor may they proceed more than two miles outside the breakwater.

With the above exceptions, yachts, &c., and

pleasure boats, may cruise in the waters of the sound as laid down in the Public Traffic Regulations. All persons going afloat in charge of yachts or boats are to make themselves thoroughly acquainted with these orders, the Public Traffic Regulations, and the notices that have been published from time to time in the public press defining prohibited areas.

Special notice is drawn to the following points in the regulations:—

No yacht or boat may be under way after dark; there can, therefore, be no traffic after dark between yachts at their moorings and the shore.

Although it is only laid down that no craft may leave or enter by the East channel, no craft is to approach anywhere near the East channel buoys, as such action would be likely to draw the fire of the forts.

All Excursion Steamer Traffic is Prohibited in the Sound.

Note.—Yachts that are only fitting out at Plymouth, and that may wish to proceed to their Summer base harbour, must obtain permission to leave for that purpose.

A limited number of moorings for yachts may be laid in the following places and nowhere else:—

On West Hoe—on application to King's Harbour Master, Plymouth; in the Cattewater above Turnchapel—on application to the Harbour Master of Cattewater.

Hamoaze.—Within the limits in the Harbour of Devonport mentioned in paragraph (4) below, all small craft, motor boats, steam boats, pulling boats, punts, &c., are to be moored in one of the following areas, viz.:—Saltash, Pottery quay, North corner, Mutton cove, Cremyll hard, Torpoint, Stonehouse creek (or be hauled up and secured above highwater mark in an approved position), where they will remain under Police supervision, and only be allowed out on the production of a permit. [See paragraph (4) below.]

(2) With the exception of steam or motor ferry boats which have obtained special permits, no craft of any description is to be under way during the hours of Official Night, *i.e.*, between the sunset gun and daylight gun fired from the Boom Defence Vessel "Mariner." Any craft under way between these times may be fired on by the Naval patrol boats or H.M. ships in harbour without notice.

(3) During fog or thick weather, no craft of any description is to be under way, with the exception of the Chain Ferry bridges at Torpoint and Saltash.

(4) All traffic is prohibited in the waters of the Harbour of Devonport within the following limits, viz.:—Between lines joining Skinham and Warren points in the Tamar river, and the Boom at Devil's point, including the Lynher river as far as St. Germans, Millbrook lake, and all the creeks and coves adjoining, subject to the following provisions:—

During daylight, i.e., outside the hours of official night, all craft of any description engaged by their owners in the prosecution of their business, or used by them as a means of obtaining their livelihood, may be permitted to be under way within the above limits on obtaining a permit for the purpose. These permits to be obtained for steam, motor, or other self-propelled craft, from the King's Harbour

Master, Devonport, and for sailing or pulling craft from the Superintendent of Dockyard Police; such permits to be produced when called for by the person in charge of any patrol boat, police boat, or boat of H.M. ships.

Persons owning craft of any description which they may wish to use for pleasure purposes will be allowed to remove the same to approved places outside the above limits.

No Permits will be Granted for Use of Pleasure Craft within the Limits defined.

(5) With the undermentioned exception at ** the following areas are prohibited to all craft of every description:—

Coombe bay, Kiln bay, Wilcove lake, Thanckes lake, south of Gravesend point to Pound at Torpoint, St. John's lake, Millbrook lake (inside a line from Palmer point to Little Southdown).

** With regard to Millbrook lake inside the line specified, special permits will be given to steam or motor ferry craft, for public traffic only, and for sailing and pulling craft conveying market produce or provisions and coal, at the discretion of the King's Harbour Master, Devonport.

(6) No craft of any description is to approach or is to communicate with any of H.M. establishments or ships without having permission and calling the attention of the guard before they close. Craft disobeying this order may be fired on without notice.

(7) The foregoing provisions do not apply to any of H.M. craft or boats, or to vessels in Government employ.

(8) No excursion steamers will be permitted in the Hamoaze between the boom at Devil's point and Saltash pier. Subject to special arrangements, facilities will be granted during the summer months only for excursions in the Rivers Tamar and Tavy above Saltash, permits for which must be obtained by the owners of Excursion Steamers from the King's Harbour Master, Devonport.

Special Warning to Boatmen and those who Hire Out Yachts or Boats.

Great care must be taken that yachts and boats are only hired out to persons who are thoroughly acquainted with these regulations, as any infringement of the orders will, amongst other things, lead to the detention of the offending yacht or boat.

PART III.—VESSELS LEAVING THE PORT.

Prohibition.

17. No fishing vessels, barges, boats, yachts, or private vessels of any kind, are permitted to leave the Dockyard Port of Plymouth during the hours of official night or during fog.

18. Merchant vessels (including those engaged in the coastal trade) must on no account leave the Dockyard ports of Devonport and Plymouth without permission.

Vessels in the Hamoaze must obtain such permission from the King's Harbour Master, Devonport, at his office in the Dockyard; those at berths in the waters of the sound, Cawsand bay, Cattewater, Sutton pool, or Millbay docks, must obtain permission from the King's Harbour Master, Plymouth, at Longroom, Stonehouse.

It is also necessary for ships to obtain per-

mission from the Collector of Customs, at the Barbican, Plymouth.

20. Pilotage is compulsory under the same conditions as stated in paragraph 8 of Part I. above.

PART IV.—BOOM DEFENCE.

21. A boom defence is in position across the entrance to the Hamoaze and should be approached with caution.

This signal is also shown from Mount Wise signal station; Harbour Master's flagstaff, Longroom, Stonehouse; and South dockyard flagstaff.

BY NIGHT.

23. Vessels are warned to pay strict attention to Clause 9, Second Schedule of Order in Council, 14th October, 1915, Regulations for the Dockyard Ports of Plymouth and Devonport, and no merchant vessel, whether navigating with or against the tide, is to attempt to pass a man-of-war in the "Narrows" when she is flying the "O" flag at the fore truck.

Vessels are required not to pass other vessels in the gateway of the boom, and a vessel navigating against the tide should ease her engines and wait until any other vessel going with the tide has passed clear.

The following signals are hoisted at Mount Wise, Longroom, and South dockyard signal station:—

Signal and Signification.

ADMIRALTY

NOTICE TO MARINERS.

No. 648 of the year 1917.

ENGLAND, SOUTH COAST.

*Penzance Bay—Light-Buoys Established;
Traffic Regulations.*

Two light-buoys have been established to mark a gateway in the approach to Penzance bay, as follows:—

(a) Eastern light-buoy:

Position.—At a distance of 14½ cables, 103° (S. 60° E. Mag.), from St. Paul church.
Lat. 50° 05' N., long. 5° 30½' W.

Description.—A conical light-buoy, painted red, exhibiting a *flashing green light every five seconds.*

(b) Western light buoy:

Position.—At a distance of approximately 600 feet, 270° (*N. 73° W. Mag.*), from the eastern light-buoy (a).

Description.—A can light-buoy, painted in red and white chequers, exhibiting an *occulting red light every ten seconds.*

All vessels bound to or from Penzance bay must pass between the above light-buoys and maintain a course 0° (*N. 17° E. Mag.*) and 180° (*S. 17° W. Mag.*), respectively, for a distance of a quarter of a mile from the light-buoys. Vessels approaching from the eastward must keep to the southward of the parallel of lat. $50^{\circ} 02' N.$ until reaching a position about 3 miles southward of the gateway, which should then be steered for. Any instructions given by the patrol vessels should be strictly observed.

Inward-bound vessels will have priority over outward-bound vessels in respect of passage through the gateway. Vessels entering Penzance bay must close the Drifter, stationed about half a mile to the southward of the two light-buoys defining the gateway.

This Drifter regulates inward-bound and outward-bound traffic. When no signals are exhibited by day or night by this Drifter, inward-bound traffic may proceed to pass through the gateway.

To indicate that the gateway is clear for outward-bound vessels, the Drifter will display by day a black shape and by night two horizontal white lights.

During fog three long blasts on the steam whistle, repeated at intervals of five minutes, will indicate that the gateway is clear for outward-bound traffic.

When the gateway is clear for inward-bound traffic, no outward-bound vessel may approach within half a mile of the gateway; and when the signals indicate that outward-bound traffic may pass through the gateway, no inward-bound vessel may approach within half a mile of the gateway.

During the hours of darkness, all vessels entering or leaving Penzance bay must exhibit their side-lights.

Before attempting to leave Penzance bay, outward-bound vessels must obtain instructions as to the route to be followed.

Variation.— $17^{\circ} W.$
