7.—(d) The Controller may require registers to be established and maintained in such form as he may direct of all persons, horses, carts, motor vehicles, or other staff and equipment employed in connection with the storage, handling and delivery of coal, and may issue such identification cards or other marks as may appear to him expedient, and take any other steps for the purpose of maintaining effective control over such staff and equipment for the purposes of this Order.

Requisitions for Coal—Forms and Procedure.

8.—(a) No person shall, after the 1st October next, sell, deliver, purchase or acquire coal in quantities exceeding 2 cwts. (or in the case of coke, 3 cwts.) in any one week except under a requisition for an allowance under article 2 hereof in accordance with the provisions of this article.

8.—(b) Every consumer requiring to be supplied with coal in quantities exceeding 2 cwts. (or in the case of coke, 3 cwts.) in any one week, shall obtain and fill up in writing, as the Controller shall direct, a requisition in such form as shall be approved by the Controller, and shall sign the same.

The consumer may be required by such requisition to give full particulars as to the premises separately occupied by him in respect of which the supply of coal is desired, the purpose for which the coal is required, the previous consumption and any other particulars which in the opinion of the Controller would enable him or the local coal overseer as the case may be to apply the scale of allowances set out in clause (a) or the additional allowances of clause (b), or to judge as to the needs and reasonableness of the requisition under clause (c) of article 2 hereof. Such requisition shall relate to a full period of twelve months from the date of the requisition and shall show separately the requirements in the two periods 1st October to 31st March and 1st April to 30th September, whether continuous or not, in such period of twelve months.

Requisitions may be for a less quantity of coal than that allowed under clause (a) of article 2 hereof.

Separate forms of requisition shall be provided for applications under clauses (a), (b) and (c) of article 2 hereof respectively and such forms shall be obtainable at the offices of every registered coal merchant and at any other places at which orders for the sale or delivery of coal are received by or for such registered coal merchant and at the offices to be established under clause (b) of article 4 hereof.

Separate requisitions shall be made out in respect of each premises in separate occupation

in respect of which a supply of coal is desired, subject to the provisions of clause (d) of article 2 hereof.

8.—(c) The consumer shall, when such requisition is properly filled up and signed by him, hand it to a registered coal merchant for his acceptance.

The registered coal merchant accepting the same shall endorse thereon particulars of the depôt from which he proposes to supply coal in execution of any orders received by him under such requisition and shall sign the same. The registered coal merchant shall, when a requisition is apparently wrongly filled up or is to his knowledge or belief inaccurate or fraudulent in any material particular, either return such requisition to the consumer for amendment or note thereon such observations as will call the attention of the local coal overseer or the Controller to the circumstances.

The registered coal merchant shall forward the requisition or such part thereof which, as shown by the form, is required to be so forwarded to the local coal overseer for the district within which the consumer's address is situate, or in the case of requisitions under clause (c) of article 2 hereof direct to the Controller.

8.—(d) Where a requisition relates only to allowances of coal not exceeding the quantities set out in the table in clause (a) of article 2 hereof, the registered coal merchant shall be entitled, subject to the provisions of this Order, to supply coal in accordance with such requisition if he shall not within three clear days of forwarding such requisition, or part thereof as may be required, to the local coal overseer be advised that such requisition is invalid or incorrect, and to continue so to supply until such time as the local coal overseer or the Controller shall advise him that the requisition is cancelled or otherwise invalidated.

Where such a requisition is incorrect, the local coal overseer shall issue a certificate stating the correct allowance under such requisition, and such allowance shall be deemed to have been inserted in such requisition for all purposes of supply by the registered coal merchant.

8.—(e) Where a requisition relates to allowances of coal under clause (b) of article 2 hereof or to special assessments or revised allowances under clause (c) of that article, the registered coal merchant shall not be entitled to supply coal in accordance with such requisition unless and until he shall have received from the local coal overseer, or the Controller as the case may be, a certificate showing that such requisition is approved and the extent to which it is approved.

8.—(f) Requisitions under clauses (a) and (b) of article 2 hereof may be dealt with by the local coal overseers. All allowances under clause (b) (whether on the appeal of the consumer or otherwise) shall be subject to review by the Controller, who may require them to be reduced or increased.

Requisitions under clause (c) of article 2 hereof shall be dealt with by the Controller. The decision of the Controller shall be final in every case.

The Controller or the local coal overseer, as

the case may be, shall advise the consumer in every case in which the quantity stated on the requisition is disallowed, reduced or varied.

8.—(g) The local coal overseer shall, with the assistance of the Local Authority, be responsible for seeing that not more than one requisition at one time is being fulfilled in respect of each premises in separate occupation within his district, except with his assent or except that a separate requisition may be placed for coke with a registered coal merchant producing or manufacturing coke, provided that both requisitions are put forward at one time and in the aggregate do not exceed the quantities allowed under article 2 of this Order.

8.—(h) Where a registered coal merchant refuses to accept a requisition he shall return such requisition to the consumer and, in default of the consumer finding a registered coal merchant willing to accept the same, the consumer shall forward such requisition to the local coal overseer of his district, who shall arrange with the coal merchants' supervisor for such district, or in default with the Controller, for the acceptance of such requisition by some registered coal merchant either within such district or in any district adjacent thereto within the area of such coal merchants' supervisor.

8.—(i) Where a consumer desires to cancel or vary his requisition, he must apply to the local coal overseer for the district, who will call for such requisition or any certificate issued in respect thereof and a certified statement as to what supplies (if any) shall have been made to such consumer, and will cancel such requisition or certificate and substitute therefor such new requisition or certificate in respect thereof as may be desired by such consumer in respect of any allowance of coal still due under article 2 hereof to such consumer to some other or the same registered coal merchant willing or required to accept it.

8.—(j) When the occupier of any premises is removing or about to remove from such premises, he shall give notice to the local coal overseer of such removal and of the place to which he is removing if within the Area included in this Order in every case in which coal is being obtained under a requisition of such occupier for such premises. The local coal overseer shall call for the requisition of such occupier or any certificate issued in respect thereof and a certified statement as to what supplies (if any) shall have been made under such requisition or certificate, and the quantity of coal so supplied if in excess of the quantity allowed for consumption under article 2 hereof in respect of the period of time elapsed since the date of the requisition or certificate shall be brought into account in any new requisition of such occupier in respect of any new premises.

An occupier may be required in respect of any occupation commenced subsequently to the 1st October next to afford evidence to the local coal overseer of his district that he has complied with the requirements of this clause.

8.—(k) A requisition shall not in itself be deemed to impose any obligation on a consumer to purchase or take delivery of the quantity of coal stated in such requisition or in any certificate issued in respect thereof, but a consumer shall give reasonable notice to the registered coal merchant accepting his requisition

of his intention not to take such quantity of coal.

8.—(l) The local coal overseer may, in case of dispute or delay, allow an immediate delivery not exceeding 5 cwts. of coal if, in his opinion, such allowance is necessary or desirable. Any larger allowance requires the assent and approval of the Controller.

Orders for Coal and Duties of Consumers.

9.—(a) No person shall purchase or obtain coal except from a registered coal merchant or licensed coal retailer; and no person shall purchase or obtain coal (not including coke) from more than one registered coal merchant without the previous assent of the local coal overseer.

9.—(b) Every order for coal under a requisition shall be in writing, in a form to be approved by the Controller, and the consumer shall be required to state on this form particulars of any existing stock of coal which he has available for use in connection with the premises in respect of which the order is placed.

The quantity of coal in stock at the date of the first order under any requisition shall be taken into account in determining any quantity of coal to which the consumer shall be entitled under the provisions of article 2 hereof.

Failure on the part of a registered coal merchant to execute an order under a requisition accepted by him within a reasonable time may be reported by the consumer to the local coal overseer.

9.—(c) Every consumer shall, if requested so to do, afford the local coal overseer or the Controller or any duly authorized representative of the Controller such evidence in support of his requisition or any application thereunder, as the Controller may require; and shall further give every assistance to enable any particulars advanced by him in support of his requisition or other application to be verified.

9.—(d) No person shall waste or permit to be wasted any coal; and for the purposes of this article, cinders capable of being further consumed shall be deemed to be coal.

9.—(e) No person shall, after the date on which this Order comes into effect, take delivery of any quantity of coal which, together with any quantity of coal in his possession available for use in connection with any premises, would exceed either the allowance under clause (a) of article 2 hereof for such premises, or when such allowances shall have been approved the additional allowance under clause (b), or the special assessment or revised allowance under clause (c) of article 2 hereof.

9.—(f) Within the period from 1st April to 30th September in any year, allowances may be ordered or purchased in advance up to a complete period of twelve months at one time if the consumer so desire, but within the period from the 1st October to the 31st March in any year not more than two tons may be so ordered or purchased at one time. The deliveries of coal under this clause are subject to the provisions of article 11 hereof.

Price of Coal.

10.—(a) The Controller may from time to time determine the maximum prices of coal to consumers and notice thereof shall be given to every registered coal merchant and local coal

overseer who shall cause such notice or a copy thereof to be exhibited and kept exhibited in a conspicuous position in all offices or other places in his control at which orders for the sale or delivery of coal are received and at the office to be established under clause (b) of article 4 hereof respectively.

In determining the maximum prices of coal regard shall be had to the conditions under which the coal is sold or delivered to the consumer.

10.—(b) No coal shall be sold to or purchased by consumers at prices exceeding the maxima so determined, nor shall any charges be made under any pretext for special services rendered to consumers where such services have been brought into reckoning in determining the maximum price.

10.—(c) Any coal to be supplied under an order under a requisition shall be paid for on or before delivery if the registered coal merchant so require, and it shall be no cause of complaint that coal cannot be obtained where it is not shown that payment has been tendered on or before delivery if so required.

Stocks and Deliveries of Registered Coal Merchants.

11.—(a) A registered coal merchant shall not accept a requisition unless he has a reasonable expectation of being able to discharge all orders to be received under such requisition or unless he is required to accept such requisition by a local coal overseer or the Controller.

11.—(b) Every registered coal merchant shall keep at the office or coal depot from which he undertakes to execute the orders received by him under any requisitions or certificates in respect thereof a record in a form to be approved by the Controller of all such requisitions and certificates in respect thereof, and shall record against such requisitions and certificates the dates and quantities of all coal sold or delivered by him in respect of any such orders.

The record and the requisitions and certificates and any orders, receipts or other vouchers for the deliveries of coal, shall be open to the inspection, at all reasonable times, of the duly authorized representatives of the Controller.

Provided always that a registered coal merchant being a coke manufacturer or producer may elect not to sell or deliver coke to consumers, not using coke exclusively, in excess of 3 cwts. at one time or in respect of one purchase or transaction otherwise than through the agency of another registered coal merchant not being a coke manufacturer or producer on such terms as the Controller may approve.

11.—(c) Subject to the provisions of article 8 hereof, where a registered coal merchant receives a requisition which, in his opinion, could be best executed by transfer to another registered coal merchant, he may transfer such requisition, together with a certified statement as to what deliveries (if any) he has made in execution of orders received under such requisition, to such other registered coal merchant who is willing to accept the same and such other registered coal merchant is hereby authorized to give effect to or complete the execution of such requisition.

The local coal overseer may, with the assent

of the coal merchants' supervisor for the district, require any delivery of coal to consumers within his district to be transferred from one depot to another within the area of such coal merchant's supervisor, or from one registered coal merchant to another within such area, as may be most convenient for the delivery of the same, and in such latter case the requisition or certificate thereunder shall be transferred to the registered coal merchant required to execute it, and he shall execute any orders thereunder equitably in rotation with any other orders that he may then have.

11.—(d) Every registered coal merchant shall, not later than 1st October next, provide and thereafter maintain at each of his depots adequate provision for the sale of coal by retail in quantities not exceeding 2 cwts. (but not less than $\frac{1}{2}$ cwt.) at one time, unless such registered coal merchant shall satisfy the Controller that such provision is not required at a particular depot.

In considering such provision, regard shall be had to the extent to which such registered coal merchant is selling and delivering coal by means of trollies in small quantities or is supplying licensed coal retailers from his stocks.

For the purposes of this article each registered coal merchant shall record for each of his depots with the Controller what regular provision he has made for the sale or delivery of coal in quantities not exceeding 2 cwts. (or in the case of coke 3 cwts.), either by retail sales at the depot, by trollies or by other means, and the Controller shall require such registered coal merchant to maintain such regular provision.

The Controller may further require any registered coal merchant to make increased provision for the sale and delivery of coal in quantities not exceeding 2 cwts. (or in the case of coke 3 cwts.).

11.—(e) Every registered coal merchant shall, subject to any special requirement of this Order, make deliveries of coal in rotation to all consumers, in accordance with the dates of their respective orders, without variation except in so far as may be necessary to make up full loads for delivery.

11.—(f) Subject to the provisions of clause (e) of article 9 hereof, from the 1st April to the 30th September in any year, coal may be delivered to a consumer in instalments not exceeding 4 tons at one time up to a full year's allowance permitted by this Order, in accordance with the requisition relating thereto, provided that where the capacity of one vehicle (including a trailer) exceeds 4 tons a full load may be delivered and provided also that the last instalment of any order may be 6 tons or any less quantity as may be required to complete the order, and provided further that where the consumer undertakes collection or delivery the instalments may extend to an ordinary railway truck load.

A second instalment shall not be delivered until provision has been made for the delivery of a first instalment as above in respect of all orders then received by the registered coal merchant, and so for subsequent instalments.

This restriction on deliveries only applies to coal required for a separate dwelling-house, and shall not apply in respect of buildings not used or only partly used as a dwelling-house or dwelling-houses or to blocks of flats or tenements.

ments in respect of which coal is purchased collectively on behalf of all occupiers.

11.—(g) From the 1st October to the 31st March in any year, coal shall not be delivered to any consumer in excess of one ton per month or of half of the quantity allowed per month where such quantity exceeds 2 tons, unless the registered coal merchant is in a position or has a reasonable expectation of being able to complete all orders under requisitions accepted by him up to this extent in the course of such month, or unless a special priority has been approved by the Controller in respect of any class of consumers or class of buildings.

Coal shall not be delivered in execution of any order where the available stock in the possession of the consumer is in excess of one month's allowance under the requisition applicable thereto for this period so long as any orders remain unexecuted where the available stock in the possession of the consumer is less than such month's allowance.

11.—(h) From the 1st October to the 31st March in any year every registered coal merchant shall be required to hold such minimum stock of coal at each of his depots as may be required by the Controller, and if at any time within such period he shall not hold stock in excess of such minimum stock then he shall not sell or deliver any coal, except to a licensed coal retailer, in excess of 2 cwt. (or in the case of coke 3 cwt.) at one time or in respect of one purchase or transaction to one consumer, except by the direction of the Controller, until such time as he again holds stocks in excess of such minimum.

A delivery of 2 cwt. (or in the case of coke 3 cwt.), in the event of this clause coming into effect, shall be charged and paid for at the appropriate price as for a 2-cwt. (or 3-cwt.) delivery, as the case may be, and shall not, unless the consumer so desires, be deemed to be a part delivery in respect of any quantity of coal under any then outstanding order.

11.—(i) A registered coal merchant shall make such returns and reports to the Controller as the Controller may from time to time require.

11.—(j) The coal merchants' supervisors shall be charged with the supervision of matters coming within the provisions of this article in so far as they affect registered coal merchants, and shall advise the Controller what steps are needful to prevent a failure to give effect to them.

Duties of Licensed Coal Retailers.

12.—(a) A licensed coal retailer shall not deal in or sell coal to consumers in quantities exceeding 2 cwt. at one time or in respect of one purchase or transaction and shall observe any rules made by the Controller under clause (c) of article 1 hereof affecting licensed coal retailers.

He shall also observe any directions and instructions of the local coal overseer for the district with regard to the delivery of coal and may be required to undertake delivery within certain streets or localities which may be defined.

The Controller may for any failure to observe such rules, directions or instructions cancel or suspend the licence of any licensed coal retailer.

12.—(b) A licensed coal retailer shall not within the period from 1st October to 31st March sell or deliver coal to a consumer whose existing available stock of coal at the time of such sale or delivery is, to his knowledge, apparently in excess of 5 cwt., or to any consumer or association of consumers in respect of which he is advised by the local coal overseer that other provision for the sale or delivery of coal will be or has been made.

12.—(c) A licensed coal retailer shall, if required by the Controller, return to the local coal overseer a statement of the tonnage of coal delivered by him in any week.

12.—(d) The conditions or restrictions set out in this article shall also apply to trolley men employed by a registered coal merchant.

Penalties.

13.—(a) If any person acts in contravention of this Order or aids or abets any other person in doing anything in contravention of this Order, or if any person knowingly makes a false statement or declaration with intent to contravene this Order, or knowingly aids or abets any other person in making a false statement or declaration with intent to contravene this Order, that person is guilty of a summary offence against the Defence of the Realm Regulations, and if such person is a company, every director and officer of the company is also guilty of a summary offence against those regulations unless he proves that the contravention took place or that the false statement or declaration with intent to contravene took place without his knowledge or consent.

13.—(b) Where by reason of any compliance with the provisions of this Order the fulfilment of any contract by any party thereto is interfered with, the necessity of complying with the provisions of this Order shall be a good defence to any action or proceeding taken against such party in respect of the non-fulfilment of such contract so far as it is due to such interference.

Miscellaneous.

14.—(a) A copy of this Order shall be open to inspection at every office or coal depot registered under clause (a) of article 3 hereof, and at every office or place at which a registered coal merchant receives orders for the sale or delivery of coal, and at every district office to be established under the provisions of clause (b) of article 4 hereof.

14.—(b) This Order may be cited as the Household Coal Distribution Order, 1917, and shall be read in conjunction with the Local Authorities (Household Coal Distribution) Order, 1917.

14.—(c) Subject to the provisions of clause (c) of article 1 hereof, this Order shall come into effect seven days from this date.

Dated 10th August, 1917.
