ORDER.

The Minister of Munitions, in exercise of the powers conferred upon him by the Defence of the Realm (Consolidation) Act, 1914, the Defence of the Realm (Amendment) No. 2 Act, 1915, the Defence of the Realm Regulations, the Munitions of War Acts, 1915 and 1916, and all other powers thereunto enabling him, hereby orders as follows:—

(1) Every person shall as from the date hereof in the manufacture of glass and glassware comply with all directions and regulations applicable to such manufacture whether of general application or otherwise which may from time to time be given or made by the Director of Glassware Supply on behalf of the Minister of Munitions.

(2) As from the date hereof no person shall manufacture and no manufacturer shall supply or deliver any chemical and medical glass (excluding bottles) or any electric lamp glass or any glass tubing and rod, except—

(a) In fulfilment of an order in writing given by an Ordering Firm (which expression shall include every person, firm or company giving an order) who shall have furnished to the manufacturer a declaration in writing stating that they are the holders of a direct contract from the Admiralty, War Office or Minister of Munitions, and specifying the reference and number of such direct contract, and stating that the glass specified in the order is required for the purpose of fulfilling such direct contract and for no other purpose, or

(b) In fulfilment of an order in writing which has been submitted to and approved by the said Director on behalf of the Minister of Munitions and a copy of which has been received by the manufacturer duly certified by the said Director as so approved, or

(c) Under and in accordance with the terms of a licence issued by the said Director on behalf of the Minister of Munitions.

(3) Every declaration made by an ordering firm for the purposes of this Order shall be signed by a partner, director, manager or other responsible official, and every statement contained therein shall be true and accurate.

(4) No person shall as from the date hereof buy, sell or deal in any chemical and medical glass, or any glass tubing and rod situated or to be manufactured outside the United Kingdom except under and in accordance with the terms of a licence issued by the said Director on behalf of the Minister of Munitions.

(5) No person shall as from the date hereof buy, sell or deal in any electric lamp glass, whether situated or to be manufactured in or outside the United Kingdom, except under and in accordance with the terms of a licence issued by the said Director on behalf of the Minister of Munitions; provided that nothing contained in this clause shall be deemed to prohibit the supply or delivery of any electric lamp glass by the manufacturer thereof in accordance with the provisions of clause 2 hereof, or any purchase or sale of or other dealing in any electric lamp glass which forms part of a manufactured article the total value of which exceeds four times the value of the electric lamp glass forming part thereof and which is bona fide sold with such glass.

(6) All persons shall furnish to the said Director as and when required by him such returns of glass and glassware at any time manufactured, purchased, sold, supplied or delivered by them at such times and in such form as the said Director shall from time to time direct. All persons heretofore required to furnish returns relating to glass and glassware shall until further notice continue to furnish returns in accordance with such previous requirements.

Glass for X Ray Apparatus, Artificial Glass Eyes, Hospital Glassware and Glass Vessels (graduated or otherwise) manufactured for the purpose of containing Reagents, Drugs, Medicines, Pharmaceutical or Biological Substances or Preparations, or any of them; and the expression "Electric Lamp Glass" shall include all glass used or intended for use in the manufacture of electric lamps, except glass used or intended for use in lamp caps for insulating purposes, but shall not include glass shades and similar accessories; and the expression "Glass Tubing and Rod" shall include all glass tubing and glass rod made by the process of drawing, or either of them.

(9) The Orders of the Minister of Munitions dated respectively the 2nd January, 1917, and the 23rd March, 1917, relating to certain classes of glass and glassware are hereby cancelled, but such cancellation shall not affect the previous operation of those Orders or the validity of any action taken under them or either of them, or the liability to any penalty or punishment in respect of any contravention or failure to comply with the same respectively prior to their cancellation or any proceeding or remedy in respect of such penalty or punishment.

(10) All applications in reference to the above Order should be made to the Director of Glassware Supply, Ministry of Munitions of War, 117, Piccadilly, London, W. 1.

(11) This Order may be cited as the Glass Control (Consolidated) Order, 1917.

EXPLANATORY NOTES.

(a) Subject to any directions or regulations which may be given or made by the Director of Glassware Supply applicable to the manufacture of glass and glassware and to any priority directions, a manufacturer may without licence accept any orders for glass and glassware, other than chemical and medical glass (excluding bottles) and electric lamp glass and glass tubing and rod, and manufacture the glass and glassware required to carry out such orders.

(b) As all chemical and medical glass (excluding bottles) and electric lamp glass and glass tubing and rod, are subject to the provisions of clause 2 of the above Order, no materials of this kind may be manufactured or supplied or delivered by a manufacturer unless the requirements of that clause have been complied with.

(c) In order to obtain the approval referred to under clause 2 (b) of the above Order it will be necessary for ordering firms to submit their orders in duplicate to the said Director, accompanied by a covering letter setting out the purpose for which the glass and glassware is required. If approved one copy of the Order will be forwarded direct to the Manufacturer duly certified and the other copy will be retained by the said Director. An advice will be sent to the ordering firm indicating the action taken in respect of such Order.

(d) Licences may be granted to manufacturers under clause 2 (c) of the above Order to accept and carry out orders from dealers for reasonable quantities of the glass and glassware affected by that clause for the purpose of stock or export. Licences may also be given to manufacturers to manufacture limited quantities of such glass and glassware for their own stock or export. Licences to manufacturers to manufacture for their own stock may be given in such a form as will make it unne-

necessary to obtain any further licence for disposing of or dealing in the glass or glassware manufactured under such licence except in the case of electric lamp glass. A dealer who has obtained any glass or glassware in compliance with the provisions of clause 2 of the above Order will not require any further licence for disposing of or dealing in such glass or glassware, except in the case of electric lamp glass.

(e) In the case of electric lamp glass to be supplied by a dealer and not by a manufacturer in order to obtain the licence of the said Director for the purchase or sale of or other dealing in electric lamp glass situated in the United Kingdom, the order on the dealer for which a licence is desired must be submitted in duplicate to the said Director accompanied by a covering letter setting out the purpose for which the glass is required. If approved one copy of the order will be forwarded direct to the dealer and the other copy will be retained by the said Director. An advice will be sent to the ordering firm indicating the action taken in respect of such orders. No licences to purchase, sell or deal in electric lamp glass situated in the United Kingdom will be granted unless these conditions have been complied with.

(f) No licence is required under the above Order to be obtained for the purchase or sale of or other dealing in glass and glassware situated or to be manufactured outside the United Kingdom other than those types of glass and glassware affected by clauses 4 and 5 of the above Order.

(g) In order to obtain the licence of the said Director for the purchase or sale of or other dealing in any glass and glassware of the types affected by clauses 4 and 5 of the above Order situated or to be manufactured outside the United Kingdom, full details must be submitted in duplicate of the glass and glassware which it is proposed to buy, sell or deal in, accompanied by a covering letter stating the purpose for which the glass and glassware is required and to whom it is to be supplied. If approved one copy of such details will be certified as licensed and returned to the person submitting it, who must be the actual importer of the glass and glassware in question, and such certificate will constitute his authority for the purchase, sale or other dealing. No further licence will be required to dispose of or deal in such glass and glassware except electric lamp glass, provided nothing to the contrary is specified in the licence issued as authority for purchase, sale or delivery. A licence given to an importer to buy, sell or deal in glass and glassware situated or to be manufactured outside the United Kingdom may be in such a form as will make it unnecessary for any further licence to be obtained, whether by the seller or the buyer for disposing of or dealing in such glass and glassware except in the case of electric lamp glass.

(h) A licence to buy, sell or deal in glass and glassware situated or to be manufactured outside the United Kingdom will only be given on condition that the importer renders to the said Director full and accurate returns of his imports, stock and deliveries of glass and glassware in accordance with the directions from time to time given by the said Director.

(i) Special attention is directed to clause 7 of the above Order relating to the necessity of obtaining import and other permits and licences which are or may be from time to time required.

Prohibition of Movement of Sheep on a high-way unless dipped within previous 14 days.

1.—(1) Sheep shall not, except as herein-after provided, be moved along a highway in the Area described in the Schedule hereto, during the period commencing on the sixteenth day of October, and terminating on the fifteenth day of November, in the current year, unless they are accompanied by a Licence authorising such movement granted by an Inspector of the Local Authority of the District in which the sheep are when the Licence is granted.

(2) A Licence for movement under this Article shall, subject as hereinafter provided, be granted only upon production to the Inspector of a Declaration signed by the owner of the sheep or his agent authorised in writing for this purpose, to the effect that the sheep have within ten days before the Licence is granted been dipped by a thorough immersion in a sheep dip approved by the Board for sheep-scab or purporting to be so approved, and have since such dipping been kept separate, as far as practicable, from sheep kept on the same premises which have not been so dipped. The Licence shall be made available for such time only as will authorise movement within fourteen days after the date of dipping.

(3) A Licence may also be granted by an Inspector of the Local Authority without the sheep being previously dipped:

(a) Where the Inspector is satisfied that the movement to be authorised by the Licence is a purely local one, that the movement is rendered necessary by special circumstances, and that the sheep to be moved will not during the movement come into contact with any other sheep; and subject in the case of the movement being into the District of another Local Authority, to the consent of that Local Authority;

(b) Where the Inspector is satisfied that the movement of the sheep is for the purpose of their being dipped, subject to the condition, which shall be inserted in the Licence, that the sheep shall be dipped forthwith on completion of the movement and shall be kept separate from all other sheep until they have been so dipped; and

(c) Where the circumstances are such as to render it impracticable to dip the sheep before movement, provided that the movement is not to a market, fair or sale for the purpose of exposure for sale thereat.
