At the Court at *Buckingham Palace*, the 4th day of *June*, 1918.

PRESENT,

The KING's Most Excellent Majesty.

Lord President.

Lord Chamberlain.

Sir Geo. Cave.

Sir Fredk. Ponsonby.

Mr. Francis Acland.

WHEREAS by an Act passed in a Session of Parliament in the seventh and eighth years of Her Majesty Queen Victoria's reign (shortly entitled “The Judicial Committee Act, 1844,”) it was enacted that it should be competent to Her Majesty, by any Order or Orders in Council, to provide for the admission of Appeals to Her Majesty in Council from any judgment, sentences, decrees or orders of any Court of Justice within any British Colony or Possession abroad, although such Court should not be a Court of Error or Appeal within such Colony or Possession, and to make provision for the instituting and prosecuting of such Appeals, and for carrying into effect any such decisions or sentences as Her Majesty in Council should pronounce thereon:

And whereas by an Order in Council dated the 13th day of October, 1910, provision was made for the prosecution and regulation of Appeals from the Supreme Court of the Province of Saskatchewan, in the Dominion of Canada, to His Majesty in Council:

And whereas by an Act of the said Province of Saskatchewan passed in the sixth year of the reign of His Majesty, and being Chapter

9, entitled "An Act respecting a Court of Appeal for Saskatchewan" there was established and now exists a Court of Appeal for Saskatchewan called the "Court of Appeal," consisting of a Chief Justice, styled Chief Justice of Saskatchewan, and three other Judges, called Judges of Appeal, which Act provided that after the coming into force thereof the said Court of Appeal should be vested with and should exercise all the rights, powers, and duties heretofore held and exercised and enjoyed, under and by virtue of "The Judicature Act" or any other statute in force in the said Province, by the Supreme Court of Saskatchewan sitting *en banc*, and as a Court of Appeal from the judgment, decision, order or decree of a single Judge, or a verdict of a jury, or judgment or decision of a Surrogate Court Judge or of a District Court Judge sitting in Court, and that all applications for new trials and all appeals of the nature of those which had theretofore been heard and disposed of by or before the Supreme Court of Saskatchewan sitting *en banc*, should be brought, heard and disposed of by the Court of Appeal created by the said Act:

And whereas by an Act of the said Province of Saskatchewan passed in the sixth year of the reign of His Majesty, and being Chapter 10, entitled "An Act respecting the Court of King's Bench," there was established and now exists a Court of King's Bench for Saskatchewan called "His Majesty's Court of King's Bench for Saskatchewan" consisting of a Chief Justice styled "The Chief Justice of the King's Bench" and five other Judges, which Act provided that after the coming into force thereof the Supreme Court of Saskatchewan should be thereby abolished:

And whereas the Order in Council dated the 13th day of October, 1910, makes provision for the prosecution and regulation of Appeals from the Province of Saskatchewan to His Majesty in Council from the said Supreme Court only, and is inapplicable to the Court of Appeal for Saskatchewan, and no provision has yet been made for the prosecution and regulation of Appeals to His Majesty in Council from the said Court of Appeal:

And whereas it is expedient with a view to equalizing as far as may be the conditions under which His Majesty's subjects in the British Dominions beyond the seas shall have a right of appeal to His Majesty in Council, and to promoting uniformity in the practice and procedure in all such Appeals, that provision should be made for Appeals from the said Court of Appeal to His Majesty in Council:

It is hereby ordered by the King's Most Excellent Majesty, by and with the advice of His Privy Council, that the said Order in Council dated the 13th day of October, 1910, be, and the same is hereby, revoked, and that the Rules hereunder set out shall regulate all Appeals to His Majesty in Council from the Court of Appeal of the Province of Saskatchewan.

RULES RESPECTING THE PRACTICE AND PROCEDURE IN APPEALS TO HIS MAJESTY IN COUNCIL.

1. In these Rules, unless the context otherwise requires:—

"Appeal" means Appeal to His Majesty in Council;

"His Majesty" includes His Majesty's heirs and successors;

"Judgment" includes decree, order, sentence, or decision;

"Court" means either the Full Court or a single Judge of the Court of Appeal for Saskatchewan according as the matter in question is one which, under the Rules and Practice of the said Court, properly appertains to the Full Court or to a single Judge.

"Record" means the aggregate of papers relating to an Appeal (including the pleadings, proceedings, evidence and judgments) proper to be laid before His Majesty in Council on the hearing of the Appeal;

"Registrar" means the Registrar or other proper officer having the custody of the Records in the Court appealed from;

"Month" means Calendar month;

Words in the singular include the plural, and words in the plural include the singular.

2. Subject to the provisions of these Rules, an Appeal shall lie—

(a) as of right, from any final judgment of the Court where the matter in dispute on the Appeal amounts to or is of the value of Four thousand dollars (\$4,000) or upwards, or where the Appeal involves, directly or indirectly, some claim or question to or respecting property or some civil right amounting to or of the value of Four thousand dollars (\$4,000) or upwards; and

(b) at the discretion of the Court, from any other judgment of the Court, whether final or interlocutory, if, in the opinion of the Court, the question involved in the Appeal is one which, by reason of its great general or public importance or otherwise, ought to be submitted to His Majesty in Council for decision.

3. Where in any action or other proceeding no final judgment can be duly given in consequence of a difference of opinion between the judges, the final judgment may be entered *pro forma* on the application of any party to such action or other proceeding according to the opinion of the Chief Justice or, in his absence, of the senior puisne Judge of the Court, but such judgment shall only be deemed final for purposes of an Appeal therefrom, and not for any other purpose.

4. Applications to the Court for leave to appeal shall be made by motion or petition within fourteen (14) days from the date of the judgment to be appealed from and the applicant shall give the opposite party notice of his intended application.

5. Leave to appeal under Rule 2 shall only be granted by the Court in the first instance—

(a) upon condition of the Appellant, within a period to be fixed by the Court but not exceeding three months from the date of the hearing of the application for leave to appeal entering into good and sufficient security, to the satisfaction of the Court, in a sum not exceeding Two thousand five hundred dollars (\$2,500) for the due prosecution of the Appeal, and the payment of all such costs as may become payable to the Respondent in the event of the Appellant's not obtaining an Order granting him final leave to appeal, or of the Appeal being dismissed for non-prosecution, or of His Majesty in Council ordering the Appellant to pay the Respondent's costs of the Appeal (as the case may be) and

(b) upon such other conditions (if any) as to the time or times within which the Appel-

lant shall take the necessary steps for the purpose of procuring the preparation of the record and the despatch thereof to England as the Court, having regard to all the circumstances of the case, may think it reasonable to impose.

6. Where the judgment appealed from requires the Appellant to pay money or perform a duty, the Court shall have power, when granting leave to appeal, either to direct that the said judgment shall be carried into execution or that the execution thereof shall be suspended pending the Appeal, as to the Court shall seem just, and in case the Court shall direct the said judgment to be carried into execution, the person in whose favour it was given shall, before the execution thereof, enter into good and sufficient security, to the satisfaction of the Court, for the due performance of such Order as His Majesty in Council shall think fit to make thereon.

7. The preparation of the Record shall be subject to the supervision of the Court, and the parties may submit any disputed question arising in connection therewith to the decision of the Court, and the Court shall give such directions thereon as the justice of the case may require.

8. The Registrar, as well as the parties and their legal agents, shall endeavour to exclude from the Record all documents (more particularly such as are merely formal) that are not relevant to the subject-matter of the Appeal, and generally to reduce the bulk of the Record as far as practicable, taking special care to avoid the duplication of documents and the unnecessary repetition of headings and other merely formal parts of documents; but the documents omitted to be copied or printed shall be enumerated in a list to be placed after the index or at the end of the Record.

9. Where in the course of the preparation of a Record one party objects to the inclusion of a document on the ground that it is unnecessary or irrelevant, and the other party nevertheless insists upon its being included, the Record, as finally printed (whether in Canada or in England), shall, with a view to the subsequent adjustment of the costs of and incidental to such document, indicate in the index of papers, or otherwise, the fact that, and the party by whom, the inclusion of the document was objected to.

10. The Record shall be printed in accordance with the Rules set forth in the Schedule hereto. It may be so printed either in Canada or in England.

11. Where the Record is printed in Canada the Registrar shall, at the expense of the Appellant, transmit to the Registrar of the Privy Council 40 copies of such Record, one of which copies he shall certify to be correct by signing his name on, or initialling, every eighth page thereof, and by affixing thereto the seal of the Court.

12. Where the Record is to be printed in England, the Registrar shall, at the expense of the Appellant, transmit to the Registrar of the Privy Council one certified copy of such Record, together with an index of all the papers and exhibits in the case. No other certified copies of the Record shall be transmitted to the Agents in England by or on behalf of the parties to the Appeal.

13. Where part of the Record is printed in Canada and part is to be printed in England, Rules 11 and 12 shall, as far as practicable,

apply to such parts as are printed in Canada and such as are to be printed in England respectively.

14. The reasons given by the judge, or any of the judges, for or against any judgment pronounced in the course of the proceedings out of which the Appeal arises shall by such judge or judges be communicated in writing to the Registrar, and shall by him be transmitted to the Registrar of the Privy Council at the same time as the Record is transmitted.

15. Where there are two or more applications for leave to appeal arising out of the same matter, and the Court is of opinion that it would be for the convenience of the Lords of the Judicial Committee and all parties concerned that the Appeals should be consolidated the Court may direct the Appeals to be consolidated and grant leave to appeal by a single order.

16. An Appellant who has obtained an order granting him conditional leave to appeal may at any time prior to the making of an order granting him final leave to appeal withdraw his Appeal on such terms as to costs and otherwise as the Court may direct.

17. Where an Appellant, having obtained an order granting him conditional leave to appeal, and having complied with the conditions imposed on him by such order, fails thereafter to apply with due diligence to the Court for an order granting him final leave to appeal, the Court may, on an application in that behalf made by the Respondent, rescind the order granting conditional leave to appeal, notwithstanding the Appellant's compliance with the conditions imposed by such Order, and may give such directions as to the costs of the Appeal and the security entered into by the Appellant as the Court shall think fit, or make such further or other order in the premises as, in the opinion of the Court, the justice of the case requires.

18. On an application for final leave to appeal the Court may inquire whether notice, or sufficient notice, of the application has been given by the Appellant to all parties concerned, and, if not satisfied as to the notices given, may defer the granting of the final leave to appeal, or may give such other directions in the matter as, in the opinion of the Court, the justice of the case requires.

19. An Appellant who has obtained final leave to appeal shall prosecute his Appeal in accordance with the Rules for the time being regulating the general practice and procedure in Appeals to His Majesty in Council.

20. Where an Appellant, having obtained final leave to Appeal, desires, prior to the despatch of the Record to England, to withdraw his Appeal, the Court may, upon an application in that behalf made by the Appellant, grant him a certificate to the effect that the Appeal has been withdrawn, and the Appeal shall thereupon be deemed, as from the date of such certificate, to stand dismissed without express Order of His Majesty in Council, and the costs of the Appeal and the security entered into by the Appellant shall be dealt with in such manner as the Court may think fit to direct.

21. Where an Appellant, having obtained final leave to appeal, fails to show due diligence in taking all necessary steps for the purpose of procuring the despatch of the Record to Eng-

land, the Respondent may, after giving the Appellant due notice of his intended application, apply to the Court for a Certificate that the Appeal has not been effectually prosecuted by the Appellant, and if the Court sees fit to grant such a Certificate, the Appeal shall be deemed, as from the date of such Certificate, to stand dismissed for non-prosecution without express Order of His Majesty in Council, and the costs of the Appeal and the security entered into by the Appellant shall be dealt with in such manner as the Court may think fit to direct.

22. Where at any time between the order granting final leave to appeal and the despatch of the Record to England the Record becomes defective by reason of the death, or change of status, of a party to the Appeal, the Court may, notwithstanding the order granting final leave to appeal, on an application in that behalf made by any person interested, grant a certificate showing who, in the opinion of the Court, is the proper person to be substituted or entered on the Record in place of, or in addition to, the party who has died, or undergone a change of status, and the name of such person shall thereupon be deemed to be so substituted or entered on the Record as aforesaid without express Order of His Majesty in Council.

23. Where the Record subsequently to its despatch to England becomes defective by reason of the death, or change of status, of a party to the Appeal the Court shall, upon an application in that behalf made by any person interested, cause a certificate to be transmitted to the Registrar of the Privy Council showing who, in the opinion of the Court, is the proper person to be substituted, or entered, on the Record, in place of, or in addition to, the party who has died or undergone a change of status.

24. The case of each party to the Appeal may be printed either in Canada or in England and shall, in either event, be printed in accordance with the Rules set forth in the Schedule hereto, every tenth line thereof being numbered in the margin, and shall be signed by at least one of the Counsel who attends at the hearing of the appeal, or by the party himself if he conducts his Appeal in person.

25. The Case shall consist of paragraphs numbered consecutively and shall state as concisely as possible the circumstances out of which the Appeal arises, the contentions to be urged by the party lodging the same, and the reasons of appeal. References by page and line to the relevant portions of the Record as printed shall, as far as practicable, be printed in the margin, and care shall be taken to avoid, as far as possible, the reprinting in the Case of long extracts from the Record. The taxing officer, in taxing the costs of the Appeal, shall, either of his own motion, or at the instance of the opposite party, inquire into any unnecessary prolixity in the Case, and shall disallow the costs occasioned thereby.

26. Where the Judicial Committee directs a party to bear the costs of an Appeal incurred in Saskatchewan, such costs shall be taxed by the proper officer of the Court in accordance with the rules for the time being regulating taxation in the Court.

27. The Court shall conform with, and execute, any Order which His Majesty in Council may think fit to make on an Appeal from a judgment of the Court in like manner as any

original judgment of the Court should or might have been executed.

28. Nothing in these Rules contained shall be deemed to interfere with the right of His Majesty, upon the humble Petition of any person aggrieved by any judgment of the Court, to admit his Appeal therefrom upon such conditions as His Majesty in Council shall think fit to impose.

Almeric FitzRoy.

Brooks Henry George Street, Esq., Assistant to the Superintendent of the Indian Store Depôt.

Whitehall, June 6, 1918.

The KING has been pleased to give and grant unto the Right Honourable Francis Leveson, Baron Bertie, G.C.B., G.C.M.G., G.C.V.O., until lately British Ambassador Extraordinary and Plenipotentiary at Paris, His Majesty's Royal licence and authority to wear the Grand Cordon of the Legion of Honour, which Decoration has been conferred upon His Lordship by the President of the French Republic in recognition of his eminent services in the common cause of England and France.

Whitehall, 4th June, 1918.

The KING has been pleased to award the Albert Medal in Gold in recognition of the gallant act of Temporary Second Lieutenant Harry Thorner, 90th Company, Machine Gun Corps, in saving life in France in December last at the cost of his own life. The circumstances are as follows:—

On the 30th December, 1917, Lieutenant Thorner was examining some Mills Hand Grenades in a small concrete dugout in France prior to taking them up to his machine gun position during an expected enemy raid. One of the grenades began to fizz when taken out of the box. There were twelve men in the dugout at the moment, and there was no possible means of disposing of the bomb. Realising what had happened Lieutenant Thorner shouted to his men to clear out whilst he himself held the bomb in his hand close to his body until it exploded and killed him. By this magnificent act of courage Lieutenant Thorner deliberately sacrificed his own life for others. Of the twelve men who were in the dugout all but two escaped without injury—they were slightly wounded.

Whitehall, 4th June, 1918.

The KING has been pleased to award the Albert Medal to Sergeant (Flight-Sergeant) Thomas Nicholl, Royal Flying Corps, in recognition of an act of gallantry which he performed in France on the 26th February, 1918, under the following circumstances:—

Two bombs exploded under an aeroplane, burning the machine entirely and causing considerable loss of life. Owing to the explosion a phosphorus bomb attached to another machine standing near to it was ignited. Flight-Sergeant Nicholl with great presence of

mind, and regardless of the danger to himself, unhooked the burning bomb and carried it to a place of safety. By his prompt action Flight-Sergeant Nicholl, whose hands were badly burned, saved the second machine and prevented further serious damage and loss of life which would probably have been caused.

ADMIRALTY NOTICE TO MARINERS

No. 673 of the year 1918.

ENGLAND, SOUTH COAST.

(1) *Falmouth Harbour Approach—Traffic Regulations.*

Former Notices.—Nos. 88, 151, 317, 452 and 551 of 1918.

All vessels bound to or from Falmouth harbour must pass between the two light-buoys situated at a distance of about 3 miles south-westward from St. Anthony point lighthouse as shown on charts, and maintain a course 0° (*N. 17^{\circ} E. Mag.*) and 180° (*S. 17^{\circ} W. Mag.*), respectively, for a distance of a quarter of a mile from the light-buoys.

Any instructions given by the patrol vessels should be strictly observed. Vessels proceeding eastward must obtain instructions as to the route to be followed before attempting to leave the anchorage.

Inward-bound vessels will have priority over outward-bound vessels in respect of passage through the ship-passage. Vessels entering Falmouth harbour must close the Drifter, stationed about half a mile to the southward of the two light-buoys defining the ship-passage.

This Drifter regulates inward-bound and outward-bound traffic. When no signals are exhibited by day or night by this Drifter, inward-bound traffic may proceed to pass through the ship-passage.

To indicate that the ship-passage is clear for outward-bound vessels, the Drifter will display by day a black shape and by night two horizontal white lights.

During fog three long blasts on the steam whistle, repeated at intervals of five minutes, will indicate that the ship-passage is clear for outward-bound traffic.

Vessels approaching Falmouth in foggy weather should be careful to sound the regulation fog-signal and to proceed with great caution when within a depth of 30 fathoms at all states of the tide.

When the ship-passage is clear for inward-bound traffic, no outward-bound vessel may approach within half a mile of the ship-passage; and when the signals indicate that outward-bound traffic may pass through the ship-passage, no inward-bound vessels may approach within half a mile of the ship-passage.

During the hours of darkness all vessels entering or leaving Falmouth harbour must exhibit their side-lights.

(2) *Penzance Bay—Traffic Regulations.*

All vessels bound to or from Penzance bay must pass between the two light-buoys situated at a distance of about $1\frac{1}{2}$ miles south-eastward from St. Paul church, north-westward of Mousehole, as shown on charts, and maintain a course 0° (*N. 17^{\circ} E. Mag.*) and 180° (*S. 17^{\circ} W. Mag.*), respectively, for a distance of a quarter of a mile from the light-buoys.

Vessels approaching from the eastward must keep to the southward of the parallel of lat. $50^{\circ} 02' N.$, until reaching a position about 3 miles southward of the ship-passage, which should then be steered for.

Any instructions given by the patrol vessels should be strictly observed.

Inward-bound vessels will have priority over outward-bound vessels in respect of passage through the ship-passage.

Vessels entering Penzance bay must close the Drifter, stationed about half a mile to the southward of the two light-buoys defining the ship-passage.

This Drifter regulates inward-bound and outward-bound traffic. When no signals are exhibited by day or night by this Drifter, inward-bound traffic may proceed to pass through the ship-passage.

To indicate that the ship-passage is clear for outward-bound vessels, the Drifter will display by day a black shape and by night two horizontal white lights.

During fog three long blasts on the steam whistle, repeated at intervals of five minutes, will indicate that the ship-passage is clear for outward-bound traffic.

Vessels making Mounts bay in foggy weather should be careful to sound the regulation fog-signal and to proceed with great caution when within a depth of 25 fathoms at all states of the tide.

When the ship-passage is clear for inward-bound traffic, no outward-bound vessel may approach within half a mile of the ship-passage; and when the signals indicate that outward-bound traffic may pass through the ship-passage, no inward-bound vessel may approach within half a mile of the ship-passage.

During the hours of darkness, all vessels entering or leaving Penzance bay must exhibit their side-lights.

Before attempting to leave Penzance bay, outward-bound vessels must obtain instructions as to the route to be followed.

ADMIRALTY NOTICE TO MARINERS.

No. 674 of the year 1918.

ENGLAND, SOUTH COAST.

Tor Bay Approaches—Traffic Regulations.

Former Notice.—No. 593 of 1918.

Two ship-passages have been established as follows:—

Northern ship-passage, 600 feet wide, marked by light-buoys on either side, situated 8 cables, 142° (S. 22° E. Mag.), from the Ore Stone. This ship-passage is to be used by:—

(1) All vessels approaching Tor Bay from the eastward.

Such vessels should make a position one mile, 44° (N. 60° E. Mag.), from the ship-passage and enter on a course 224° (S. 60° W. Mag.) till half a mile beyond the ship-passage.

(2) All eastbound vessels leaving Tor Bay.

Such vessels should steer so as to pass through the ship-passage on a course 44° (N. 60° E. Mag.) and should continue on this course for one mile, when course is to be altered to join the route in force.

Southern ship-passage, 600 feet wide, marked by light-buoys on either side, situated

7 cables, 82° (S. 32° E. Mag.), from Berry Head. This ship-passage is to be used by:—

(1) All vessels approaching Tor Bay from the southward and westward.

Such vessels should make a position one mile, 144° (S. 20° E. Mag.), from the ship-passage, and enter on a course 324° (N. 20° W. Mag.) till half a mile beyond the ship-passage.

(2) All south and westbound vessels.

Such vessels should steer so as to pass through the ship-passage on a course 144° (S. 20° E. Mag.) and should continue on this course for a mile beyond the ship-passage, when course is to be altered to join the route in force.

Caution is necessary when entering southern ship-passage as the stream sets obliquely across the entrance. A drifter regulates traffic through each ship-passage, and when no signals are displayed by these drifters by day or by night the ship-passage is open for incoming traffic.

To indicate that the ship-passage is open for outgoing traffic these drifters will display:—

: By day a black shape.

: By night ... two horizontal white lights.

No outgoing vessel is to approach within half a mile of the ship-passage unless this signal is displayed and permission has been given to proceed.

Priority will be given to incoming vessels over outgoing vessels in respect to passage through the ship-passages; but incoming vessels are not to approach within half a mile of the ship-passages while they are open to outgoing vessels. All vessels entering or leaving Tor Bay during darkness must exhibit their side lights.

During fog three long blasts on the steam whistle repeated at intervals of five minutes will indicate that the ship-passages are clear for outgoing vessels.

Vessels approaching Tor Bay in foggy weather should sound the regulation fog-signal and proceed with great caution.

ANCHORAGE REGULATIONS.

All orders given by the patrols are to be strictly carried out.

Vessels entering Tor Bay anchorage in order to bunker at Brixham, and westbound vessels in ballast which are weather-bound and unable to round Start Point are to anchor as directed in Brixham roads to the westward of a line drawn in a 0° (N. 16° E. Mag.) direction from Brixham breakwater light, and to the southward of a line drawn in a 90° (S. 74° E. Mag.) from Goodrington.

Sailing vessels are to anchor as directed on the inshore side of a line drawn in a 219° (N. 45° W. Mag.) direction through Brixham breakwater light, clear of the fairway into Brixham harbour.

All other vessels are to anchor as directed on entering.

REGULATIONS FOR BRIXHAM FISHING VESSELS.

No fishing vessel is on any account to attempt to pass through the ship-passages during the hours of darkness.

Fishing vessels are not to leave Brixham harbour until permission has been obtained from the Port Fishery Officer. The three organised fleets working from Brixham are to follow the motions of the Admiral of their fleet in respect to leaving harbour.

The conduct of these fleets is dealt with by local orders.

In addition to the restrictions to fishing laid down in Admiralty Notices to Mariners:—

Trawling or drifting is prohibited within two miles of the obstruction in any direction.

The laying of nets, crab or any other pots, or anchoring for the purpose of fishing with hand lines is entirely prohibited within half a mile of the obstruction in any direction.

REGULATIONS RESPECTING SMALL CRAFT AND PLEASURE BOATS.

The following regulations are to apply to all small craft and pleasure boats (exclusive of *bona fide* commercial fishing craft sailing under fishing permits) using the harbours of Brixham, Paignton, and Torquay.

No small craft or pleasure boat will be permitted to go outside the ship-passages.

Small craft with amateur fishing permits can obtain special permission to pass through the ship-passages between the hours of sunrise and sunset provided they keep within the three-mile limit from their port. Such permission must be obtained from the Senior Naval Officer, Torquay, through the Station Officer of the Coast-guard Station.

Small craft must not go alongside, or hold communication with any vessel in the anchorage unless special permission from the Senior Naval Officer has been obtained to do so.

ADMIRALTY NOTICE TO MARINERS.

ENGLAND, SOUTH-EAST COAST.

Dover Channel—Traffic Regulations.

Former Notices.—Nos. 152, 318, 453, 542 and 552 of 1918.

1. Two light-vessels and four light-buoys have been established to mark a gateway in the Dover channel off Folkestone, as shown on the charts.

2. Shipping is hereby warned that the *only* passage for traffic proceeding between the Downs and Dungeness is between the North-East and South-East gate light-buoys and then between North and South Folkestone gate light-vessels shown on the chart, and between North-West and South-West gate light-buoys and *vice versa*, and that Article 25 of the Collision Regulations must be complied with, that is to say, East-bound traffic must keep to the Southern side of the passage and West-bound traffic must keep to the Northern side. Ships disregarding this warning will do so at their own peril.

3. *Caution.*—Mariners are warned to exercise great caution when approaching the ships' passage between the Folkestone gate light-vessels, as the tidal streams may at times set obliquely across the passage. Both light-vessels should be given as wide a berth as the width of the passage and compliance with Article 25 of the Collision Regulations permit.

4. The latest route information and route instructions are to be obtained from the examination vessels off Calais and Boulogne, or in the Downs or from Patrol vessels westward of Folkestone gate or in the vicinity of Cape Gris Nez. Any deviation from these instructions may entail the destruction of the vessel.

5. No vessel is to anchor or to fish in the following area:—

The area is bounded by lines joining the following points:—

(a) Admiralty pier light-house, Dover.

(b) Les Quenocs buoy No. 4.

(c) Cape Gris Nez lighthouse.

(d) The light-buoy at the north-east end of the Bassure de Baas in lat. 50° 48½' N., long. 1° 33' E.

(e) The light-buoy at the south-west end of Le Colbart in lat. 50° 49½' N., long. 1° 15½' E.

(f) Sandgate castle.

6. British Merchant vessels approaching the Straits of Dover are to hoist their number in the International Code.

7. *Caution.*—Mariners are warned that light-buoys which are not shown on the chart may be met with between the parallels of lat. 51° 04' N. and 51° 20' N.

(1) *Pentland and Moray Firths—Restriction of Traffic; Pilotage Regulations.*

The following regulations have been made with a view to safeguarding the interests of shipping in the Pentland and Moray firths:—

I.—RESTRICTION OF TRAFFIC.

1. No vessel, either British, Allied or Neutral, is to be in the shaded area on the accompanying portion of Admiralty Chart No. 2, from half an hour after sunset to half an hour before sunrise, unless at anchor. No vessel, however, is to anchor:—

(a) Anywhere along the coast between Tarbet ness and North Sutor, except within one mile radius of Balintore;

(b) Anywhere off the south shore of the Moray firth between the meridians of Port Gordon and Burghead, except within three-quarters of a mile of the low-water mark;

(c) Outside a distance of one mile of the

coast in any other portion of the shaded area.

2. Vessels proceeding to ports in the Moray firth should therefore endeavour to enter the firth in time to reach their destinations not later than half an hour after sunset. Should they not reach their destinations by that time they are to anchor, weather permitting, subject to the restrictions given in clause 1.

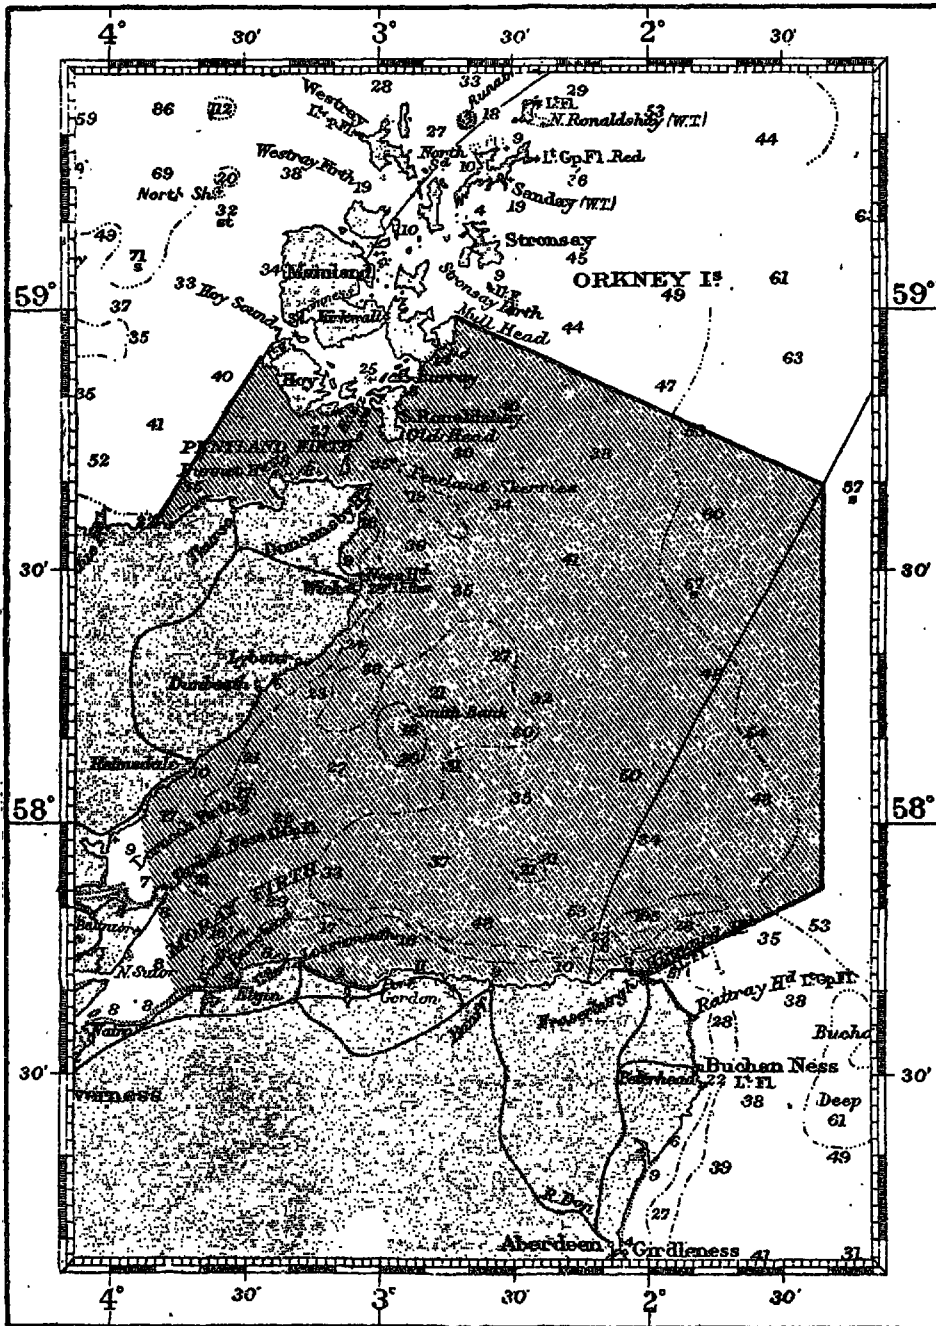

3. Any vessel contravening the foregoing regulations will run the gravest risk of being sunk.

Fishing and other small vessels having a draught of over eight feet are to assemble at the Pilotage stations, and will be conducted into and out of port in groups.

Vessels bound for Cromarty and Inverness will be led through the defences from a position off Tarbet ness by a pilot boat. They should follow directly astern of her.

Local arrangements for leading vessels through the defences will be made for vessels leaving Cromarty or Inverness.

2. It is dangerous for any vessel to be under

Caution.—Neutral or Allied vessels are particularly warned that the passage through the Pentland firth presents very grave risks to a Westbound vessel and are strongly advised not to take it.

II.—PILOTAGE REGULATIONS.

1. Pilotage is compulsory at the ports of Cromarty and Inverness for all vessels (including fishing vessels) which have a draught of over eight feet, and it is highly dangerous for any vessel to enter or leave without a pilot.

way to the south-westward of a line joining Tarbet ness and Findhorn without a pilot.

3. No vessels of any description other than H.M. Ships and Auxiliaries are to be under way between sunset and sunrise in the waters contained between a line drawn from Tarbet ness to Findhorn, and a line drawn from Fort George to Chanoray point.

(2) Orkney Isles—Traffic Regulations.

I.—SCAPA FLOW AND APPROACHES.

1. All entrances are dangerous, and entry is

absolutely prohibited by any of them except as provided in succeeding paragraphs.

2. Examination services have been established in the entrances to Hoxa and Hoy sounds; vessels directed to enter must communicate with the Examination vessel and follow the instructions received from her very carefully.

3. No vessel is permitted to approach the entrance to Hoxa sound within a radius of 5 miles under any circumstances whatever, except when actually ordered to Scapa Flow.

4. The only vessels permitted to enter Hoy sound from the westward are those ordered to Stromness.

5. Vessels are not permitted to enter Hoxa or Hoy sounds by night or in thick weather.

6. Passage through Cantick sound is entirely prohibited.

II.—PORT OF KIRK WALL AND APPROACHES.

1. The port of Kirkwall shall comprise all enclosed waters of the Wide Firth and Kirkwall bay to westward of Thieves holm.

2. Merchant vessels shall obey all orders given them by the Admiralty Port Officer as regards anchoring or shifting position.

3. No vessel other than H.M. Ships shall enter or leave the Port of Kirkwall during hours of darkness, *i.e.*, between half an hour after sunset and half an hour before sunrise, except in special circumstances with special permission from the Admiralty Port Officer.

4. During foggy and thick weather, traffic in and out of the port is stopped, and no vessel shall approach the boom from either direction.

5. No vessel other than H.M. Ships or boat shall move in the harbour during hours of darkness as aforesaid. And no boat other than those belonging to H.M. Ships shall approach the shore or go alongside any pier in the Port of Kirkwall.

6. All vessels other than H.M. Ships entering or leaving the Port of Kirkwall shall be piloted in and out by a Pilot drifter, and are prohibited from entering or leaving harbour unless so piloted, save and except only, (1) in the case of such British vessels as have a written exemption therefrom, issued by the Admiralty Port Officer, (2) when a liner is entering the harbour, the Pilot may at his discretion, when circumstances of tide and sea render it advisable, direct such liner to enter the harbour without being piloted, provided always that the gate is open for incoming traffic.

7. Vessels, when cleared, shall wait for the Pilot vessel to conduct them out of port, or proceed as directed by the Naval Authorities.

8. Drifters engaged on pilot duty will fly the pilot flag (white and red, horizontal).

9. Incoming and outgoing traffic will be regulated by signals hoisted at the yardarm of the Boom trawler and repeated at the Hellier holm lighthouse.

10. Traffic signals are to be strictly obeyed, and no vessel shall approach the entrance against the signal.

11. The following Traffic signals will be displayed at the Boom and at Hellier holm:—

- Gate "Open for Incoming Traffic":
 By day—Two balls, vertical.
 By night—A red light.
- Gate "Open for Outgoing Traffic":
 By day—A cone, point upwards.
 By night—A green light.

Gate Closed: By day—Three balls at Hellier holm.

By night—Three red lights at Hellier holm.

12. Vessels entering will, as a rule, be given priority over those leaving.

13. All outgoing vessels shall pass round the Turning buoy (red and white striped, spherical) moored approximately 285° (*N. 56° W. Mag.*), one mile from the entrance.

14. Incoming vessels will not pass round the Turning buoy, but will shape course as requisite for the anchorage on entering.

15. No outgoing vessel shall pass the Turning buoy, unless the signal for outgoing traffic is up. If the signal is against it, such vessel shall stop and wait in the neighbourhood of the Turning buoy.

16. No incoming vessel shall pass Hellier holm, unless the signal for incoming traffic is up at Hellier holm. If the signal is against it, such vessel shall wait in Shapinsay sound.

17. Incoming and outgoing vessels shall not pass through the gate simultaneously. If, through any misunderstanding, an outgoing and an incoming ship are approaching the gate simultaneously, then the outgoing ship shall give way, and shall turn round, and return to the Turning buoy and there wait till such time as the entrance is clear.

18. As a rule only one ship will be conducted out at a time, but under exceptional circumstances, in the event of two ships being conducted out, then the pilot will give instructions as to which ship is to go first, and the rear ship shall then keep a full half mile directly astern, and is on no account to close or overhaul or attempt to pass the ship ahead.

19. *Caution.*—Caution is necessary when approaching the boom, as the tidal stream does not set fairly through the opening and attains considerable velocity especially on the ebb or west-going stream, which sets in a north-westerly direction.

Variation.—19° W.

(3) *Shetland Isles—Traffic of Neutral Vessels Prohibited.*

No vessels other than those of British Nationality or those of the Allied Nations, except vessels calling for the purpose of Examination, shall enter any ports or harbours in, or anchor off any part of, the coasts of the Shetland Isles until further notice.

Note.—Special traffic regulations for the Port of Lerwick and approaches will be found in Admiralty Notice to Mariners No. 767 of 1917.

Lamlash Harbour Entrances—Traffic Regulations.

Former Notices.—Nos. 154, 320, 455 and 554 of 1918.

A ship-passage, 500 feet in width, has been established at the entrance to North channel. This ship-passage is marked on its northern side by a light-buoy situated about $4\frac{3}{4}$ cables south-eastward from Hamilton rock as shown on chart.

A ship-passage, 500 feet in width, has also been established at the entrance to South channel. This ship-passage is marked on its western side by a light-buoy situated about $6\frac{3}{4}$ cables south-eastward from Stone on Kingscross point as shown on chart.

All vessels bound for Lamlash must approach by the Northern channel, and maintain a course 244° (*S. 82^{\circ} W. Mag.*) for a distance of a quarter of a mile on either side of the light-buoy, which should be left on the starboard hand at a distance not exceeding 75 yards.

Vessels must not attempt to enter by the Southern channel unless they have been definitely ordered by their route instructions or a Clyde Patrol vessel to do so, when they must maintain a course 329° (*N. 19^{\circ} W. Mag.*) for a distance of a quarter of a mile on either side of the light-buoy, which should be left on the port hand at a distance not exceeding 75 yards.

When using the Northern channel, inward-bound vessels will be given priority over those outward bound.

Vessels entering are not to approach the ship-passage at a speed exceeding 10 knots.

Vessels entering are to close the drifter, which will be lying off the ship-passage, for instructions. Any instructions which may be given by Patrol vessels in the outer reaches of the Clyde must also be strictly observed.

The drifter regulates the traffic both inward and outward bound as follows:—

To indicate that the ship-passage is clear for *inward-bound traffic*, she will display at both yard-arms:

By day—Two black balls hoisted vertically.

By night—One red light.

To indicate that the ship-passage is clear for *outward-bound traffic*, she will display at both yard-arms:

By day—One black cone, point up.

By night—One green light.

During fog or thick weather, she will sound three long blasts on her steam whistle at intervals of five minutes to indicate that the ship-passage is clear for outward-bound traffic.

No. 30735.

There will be no sound signal for inward-bound traffic.

No vessel, either inward or outward bound, is to approach within half a mile of the ship-passage unless the drifter is displaying the traffic signal in her favour.

In foggy or thick weather, vessels approaching are to sound the regulation fog-signals, and proceed with great caution.

All vessels entering Lamlash by night are to burn side lights.

Vessels entering Lamlash by day are to anchor to the southward of a line joining the new Pier head and the north end of Holy island.

Vessels entering during the night may anchor to the northward of this line until the morning.

Before attempting to leave Lamlash, all vessels must obtain instructions as to the route to be followed.

No. 679 of the year 1918.

IRELAND, EAST COAST.

*Belfast Lough—Traffic Regulations.**Former Notices.*—Nos. 155, 321, 457 and 556 of 1918.

A ship-passage has been established on the northern side of the entrance to Belfast lough, about 8 cables south-eastward from Cloghan point. The ship-passage is marked by two light-buoys as shown on the charts.

When making for this ship-passage, vessels must maintain a course of 201° (*S. 40° W. Mag.*) or 21° (*N. 40° E. Mag.*) for a distance of a quarter of a mile on either side of the ship-passage.

The Gobbins head light-and-whistle-buoy, exhibiting a *flashing red* light, situated in lat. $54^{\circ} 48' 10''$ N., long. $5^{\circ} 38' 20''$ W., approximately, serves as an additional aid to vessels.

Vessels approaching Belfast must be careful to look out for and close the Patrol vessels off the port, and strictly observe any instructions communicated to them by the Patrol.

A Drifter will be stationed at a distance of about half a mile north-eastward of the ship-passage.

This Drifter regulates inward-bound and outward-bound traffic. When no signals are exhibited by day or night by this Drifter, inward-bound traffic may proceed to pass through the ship-passage.

Inward-bound vessels will be given priority over outward-bound vessels in respect of passage through the ship-passage.

To indicate that the ship-passage is clear for outward-bound vessels the Drifter will display by day a black shape and by night two horizontal *white* lights.

During fog three long blasts on the steam whistle, repeated at intervals of five minutes, will indicate that the ship-passage is clear for outward-bound traffic.

Vessels approaching Belfast lough in foggy weather should be careful to sound the regulation fog-signals, and to proceed with great caution when within a depth of 30 fathoms at all states of the tide.

When the ship-passage is clear for inward-bound traffic, no outward-bound vessel may approach within half a mile of the ship-passage; and when the signals indicate that outward-bound traffic may pass through the ship-passage, no inward-bound vessel may approach within half a mile of the ship-passage.

During the hours of darkness, all vessels entering or leaving must exhibit their side-lights.

Before attempting to leave Belfast lough, outward-bound vessels must obtain instructions as to the route to be followed.

PROACHES.

Pilotage and Traffic Regulations.

Former Notice.—No. 518 of 1918; (Section II. hereby cancelled.)

Mariners are hereby warned that, under the Defence of the Realm (Consolidation) Regulations, 1914, the following Regulations have been made by the Lords Commissioners of the Admiralty. The revised information given in the Regulations in Section I. will come into force on the 8th June 1918; the remaining information herein is now in force.

I. ENGLISH CHANNEL AND NORTH
SEA SOUTHERN PORTION—PILOT-
AGE REGULATIONS.

1. All ships (other than British ships when trading coastwise or to or from the Channel islands, or to or from the Port of Brest, or any French Channel Port north and east of Brest, or any Netherlands Continental Port, and not carrying passengers) whilst bound from, and whilst navigating in the waters from, the Downs Pilot Station to Gravesend or *vice versa*, must be conducted by Pilots licensed by the London Trinity House.

2. All ships (other than British ships when trading coastwise or to or from the Channel islands, or to or from the Port of Brest, or any French Channel Port north and east of Brest, or any Netherlands Continental Port, and not carrying passengers) whilst bound from, and whilst navigating in the waters from, Gravesend to Great Yarmouth or *vice versa*, must be conducted by Pilots licensed by the London Trinity House.

3. Clauses 1 and 2 above do not apply to British ships whilst navigating in the waters between the Downs Pilot Station and Gravesend, or between Gravesend and Great Yarmouth or between Great Yarmouth and the Downs Pilot Station, provided that they do not make use of any port in the London Pilotage District within these limits.

4. All ships (other than British ships of less than 3,500 tons gross tonnage, when trading coastwise or to or from the Channel islands, or to or from the Port of Brest or any French Channel Port north and east of Brest, or any Netherlands Continental Port, and not carrying passengers) whilst navigating in the waters from Gravesend to London Bridge or *vice versa*, must be conducted by Pilots licensed by the London Trinity House.

5. All ships (other than British ships) whilst navigating in the waters between the Downs Pilot Station and Great Yarmouth _____ or between those places and _____ any intermediate pilot station that may hereafter be established, _____ must be conducted by Pilots licensed by the London Trinity House.

6. All ships (other than British ships when trading coastwise, or to the Channel Islands, or to the Port of Brest, or any French Channel Port north and east of Brest, or any Netherlands Continental Port, and not carrying passengers) whilst bound from, and whilst navi-

gating in the waters from the Downs Pilot Station to Weymouth, must be conducted by Pilots licensed by the London Trinity House.

7. The Trinity House Pilot Station at Dungeness having been discontinued, pilotage is therefore not compulsory between the Downs Pilot Station and Dungeness, except for ships bound into or out of the Harbours of Dover and Folkestone, and those bound down the English Channel which are subject to compulsion of pilotage under clause 6.

8. Trinity House Pilot Stations have been established at the undermentioned places, and merchant vessels not under compulsion of pilotage are very strongly advised to take pilots:—

(a) THE DOWNS, where ships _____ | _____ can obtain pilots capable of piloting as far as Great Yarmouth, and also pilots for the River Thames, and for Folkestone and Dover harbours, also for the English Channel as far westward as Weymouth. The Pilot Steamers attached to the Downs Station will cruise in the vicinity of a position two miles south-east of Deal Pier.

(b) GREAT YARMOUTH, where ships from the North Sea bound for the River Thames or the English Channel can obtain Pilots capable of piloting as far as Weymouth.

The Pilot Steamer attached to the Great Yarmouth Station will cruise in the vicinity of St. Nicholas light-vessel.

(c) WEYMOUTH, where ships bound down the English Channel can land their Pilots.

The Pilot steamer attached to the Weymouth Station will cruise in the vicinity of Weymouth Road.

(d) Pilots can also be obtained at LONDON for the Downs, Weymouth and Great Yarmouth (including the River Thames and approaches).

9. The Trinity House Pilot Station at the Sunk has been temporarily discontinued.

Note.—The Pilots referred to in this Notice are the pilots licensed by the London Trinity House and no others.

II. RIVERS THAMES AND MEDWAY, &c.—TRAFFIC REGULATIONS.

1. All traffic into and out of the River Thames must pass through the Edinburgh Channels, or through the Black Deep south of the Knock John and Knob Light-Buoys, and through the Oaze Deep until further notice.

No vessels are to remain under way in the above-mentioned Channels between a line drawn from London Stone to No. 3 Sea Reach Light-Buoy and thence to Canvey Point on the west, and the Sunk Head Buoy or a line joining the positions of the South Long Sand and East Shingles Buoys, on the east, from one hour after sunset until one hour before sunrise.

Vessels at anchor within these limits must not exhibit any lights from one hour after sunset until one hour before sunrise.

No merchant or other private vessel is to be at anchor in the Black Deep, and the Main Channel of the Thames, to the Southward of a line joining a position in lat. 51° 39' N., long. 1° 23' E., D3 Buoy, a position in lat. 51° 33' 08" N., long. 1° 13' 03" E., Knob, Light-Buoy, a position in lat. 51° 31' 45" N., long. 1° 04' 48" E., South Shoebury Light-Buoy, a position in lat. 51° 29' 15" N., long.

0° 49' 45" E., and Nos. 1, 2, and 3 Sea Reach Buoys, except when obliged to anchor on account of fog.

No vessel is to anchor in the Black Deep between the parallel of lat. 51° 39' N., and the Sunk Light-Vessel, without special orders, except such South-bound vessels as are unable to proceed further south owing to darkness or thick weather; vessels anchoring under such circumstances are only to anchor to the westward of a line joining positions in lat. 51° 45' 00" N., long. 1° 30' 15" E., lat. 51° 42' 00" N., long. 1° 27' 30" E., and lat. 51° 39' N., long. 1° 23' E., and well clear of the fairway.

All other Channels are closed to navigation.

The Nore Examination Anchorage is reserved for vessels under examination before entry into the Medway, and also for vessels on Government service which have left the Medway, and are awaiting orders as to route, &c.

In view of certain difficulty having been experienced in bringing Mercantile traffic into harbour in cases of emergency, a look-out is always to be placed during the dark hours when anchored in the channels or approaches to the Mouth of the Thames in which the exhibition of lights is prohibited. The look-out should always be ready to exhibit a white light at short notice.

2. Coasting vessels are not to be under way nor exhibit any lights in the East Swin or Wallet between sunset and sunrise.

3. No Merchant vessel is to be in the following area in the approaches to the River Thames from one hour after sunset to half an hour before sunrise:—

The area is bounded on the north by the parallel of lat. 51° 33' N.

The area is bounded on the east by the meridian of long. 1° 35' E.

The area is bounded on the south by the parallel of lat. 51° 16' N.

The area is bounded on the west by the meridian of long. 1° 24' E.

Any merchant vessel contravening the foregoing regulations will run the gravest risk of being sunk.

4. The use of the Swin and Wallet Channels by sailing barges and small trading vessels engaged in coastwise traffic along the Essex coast is permitted, subject to compliance with the following restrictions:—

(i) Each vessel must obtain from the Customs a special clearance card, which is to be kept available for inspection by the Patrol Officers, on demand.

(ii) A red ensign is to be displayed while navigating the Middle Deep and Swin Channel.

(iii) No vessel may be under way after dark, except as provided for hereinafter.

(iv) When at anchor in the Wallet, Ray Sand, and Whitaker Channels, or in the Rivers Colne, Blackwater, Roach, and Crouch, all lights are to be screened so that they will not show outboard or upwards.

(v) _____ | _____

(vi) To enable vessels to save their tides they will be permitted to navigate the Rivers Colne, Blackwater, Roach, and Crouch at night above the following places:—

River Roach above Quay Reach.

River Crouch above Burnham Coast-guard Station.

River Blackwater above Tollesbury Pier.

River Colne above Brightlingsea Creek.

They are to anchor immediately, should they be ordered to do so by the Naval or Military Authorities.

(vii) Vessels are to carry out all instructions received from the Naval Officers in command of vessels patrolling these Channels and Rivers.

(viii) No vessels are to enter or pass through the defended area in the Middle Deep and Swin Channels until they have been boarded and examined by the vessels stationed there for that purpose.

Examination Officers will board South-bound vessels in the vicinity of the Whitaker Spit, and North-bound vessels near the Mouse Light-Vessel.

Boarding Officers will give instructions to Masters of vessels as to the course they are to steer when passing through the defended area.

(ix) Vessels reaching the entrance to the defended area within one hour of sunset will not be allowed to pass through till daylight.

5. All vessels, other than those of British Nationality or those of the Allied Nations, are prohibited from entering the Medway and Swale rivers.

All Neutral Aliens are prohibited from entering the Medway and Swale rivers in British vessels, and this applies to Aliens carried in British ships or barges as passengers or part of crew; the limits of the prohibited area are defined as from the Outer Bar Buoy in the River Medway to Rochester bridge, and the whole of the River Swale from the light on Queenborough spit to Columbine spit Buoy. Attention is drawn to the necessity of ship-owners and charterers satisfying themselves that no Neutral Aliens are on board vessels sent to the Rivers Medway and Swale.

No. 690 of the year 1918.

ENGLAND, EAST COAST.

Sheerness and Chatham—Traffic Regulations.

Mariners are hereby warned that, under the Defence of the Realm (Consolidation) Regulations, 1914, the following regulations have been made by the Lords Commissioners of the Admiralty and are now in force:—

SECTION I.—GENERAL.

1. Until further notice the following regulations are to be observed by all merchant shipping (including fishing vessels, barges, boats, yachts, and private vessels of any kind) approaching or moving within the limits of the Dockyard ports of Chatham and Sheerness, or in the River Swale.

LIMITS OF THE DOCKYARD PORTS OF CHATHAM AND SHEERNESS.

2. The limits of the Dockyard ports of Chatham and Sheerness are as follows:—

Chatham.—From a line drawn from the black beacon on Oakham ness to the Birdcage beacon near King's Ferry saltings on the opposite side of the river to the first lock situated between Aylesford bridge and Allington Castle, including all bays, creeks, lakes, pools, and rivers as far as the tide flows, lying or outflowing between the line aforesaid and the said lock.

Sheerness.—From the seaward limits herein-after mentioned up the River Medway as far as a line drawn from the black beacon on Oakham ness to the Birdcage beacon near King's Ferry saltings on the opposite side of the river, including all bays, creeks, lakes, pools, rivers, as far as the tide flows, lying or outflowing between the seaward limits and the said line.

The seaward limits are as follows:—

A straight line drawn 0° (*N. 14° E. Mag.*) for 500 yards from the London Stone, which is situated on the east side of Yantlet creek; from thence a straight line drawn 90° (*S. 76° E. Mag.*) until Eastchurch church bears 180° (*S. 14° W. Mag.*), and from thence a straight line drawn 180° (*S. 14° W. Mag.*), through Eastchurch church to the high-water mark on the south side of the Swale.

PATROL OF INTERNAL WATERWAYS AND APPROACHES OF THE PORT.

3. The internal waterways of the port, as well as the approaches thereto, will be patrolled by Naval Patrol boats or other Government vessels. Captains and Masters of merchant vessels, and persons in charge of barges or boats of any kind, are hereby warned to observe any orders which may be given by the Naval patrols. Merchant vessels, barges, and boats will be subject to inspection and search, and will be liable to be fired upon in the event of disobedience to the orders given them by the patrols.

ORDINARY PORT REGULATIONS.

4. The ordinary regulations of the port, except as affected by this Notice, are to be strictly adhered to.

SECTION II.—ENTRANCE TO THE PORT.

ENTRY FORBIDDEN AT NIGHT OR DURING FOG.

5. All Mercantile traffic is forbidden to enter the Medway or Swale during the hours of official

night, during fog, or when necessary for other causes.

6. When the port is closed three red balls are hoisted at Garrison Point signal station, "Actæon," and Examination Steamer.

The port is always closed at night, no signal being shown.

MERCHANT VESSELS.

7. Merchant vessels (other than fishing vessels, barges, boats, yachts, and small craft generally) wishing to enter the Port of Sheerness from seawards are to proceed to the Examination Anchorage at the Great Nore (which is marked in Admiralty charts) and there anchor, unless previously met by the Examination Steamer.

They are not to attempt to leave the anchorage under any circumstances, or to communicate with other vessels or with the shore, without previously obtaining permission from the Chief Examining Officer.

8. If, after a vessel has received permission to enter, it is found on arrival off the Port of Sheerness that the port is closed owing to fog or any other cause, the vessel is not to attempt to enter the harbour until she has again communicated with the Examination Vessel.

If a vessel, after having been given permission to enter, finds that she is not able to proceed at once into harbour, then she is to return to the Examination Vessel for fresh entry.

The above will apply to all vessels which are passed in by the Examination Service.

EXAMINATION STEAMER.

9. The Examination Steamer will be found at the Great Nore and will be distinguished by the following means:—

By day, the distinguishing flags will be the special flag (white and red horizontal surrounded by a blue border) and a blue ensign; also three red balls vertical if passage beyond the Examination Anchorage is prohibited. (Port closed.)

By night.—No lights are shown by the Examination Steamer.

INSTRUCTIONS AS TO ENTERING.

10. The Examining Officer will give Masters of vessels instructions as to entering, and his orders must be implicitly obeyed.

BARGES AND SMALL CRAFT.

11. Barges and small craft of any kind, including those with tows, wishing to enter the Medway—

By day.—Are to anchor at the Little Nore northward of a line joining two black can buoys with staff and globe moored on the north side of the channel. After anchoring they will be given directions as to entering the harbour for the purpose of examination. Those not already in tow will be brought into harbour by tugs provided for the purpose.

No vessel will be permitted to pass inward through the boom under oars or sails, except under exceptionally bad weather conditions, when they will be permitted to sail in escorted by a tug.

By night.—No barges or small craft of any kind are allowed to be at anchor in the vicinity of the Grain Spit buoy, or of the Little Nore anchorage; they must be clear of the anchorages by sunset. Any such vessels waiting overnight to enter the Medway are to anchor either west of the Jenkin buoy, or east of No. 2 buoy, Sheerness bar. Masters are hereby warned as to the grave danger they run in approaching the port at all by night.

THE SWALE.

12. The Swale is closed to traffic during the hours of official night and during fog, and when necessary for other causes. For the purposes of this order the eastern limits of the River Swale are to be regarded as a line joining Warden point to the Columbine Spit buoy and a line drawn from the Columbine Spit buoy in a 180° (*S. 14° W. Mag.*) direction to the mainland.

13. The following anchorage at the eastern entrance to the River Swale as defined in Article 12 is prohibited, except through stress of weather or accident involving the safety of vessels:—

(a) On the North.—By a line joining Warden Point to the Columbine Spit buoy.

(b) On the East.—By a line drawn from the Columbine Spit buoy in a 180° (*S. 14° W. Mag.*) direction to the shore.

(c) On the West.—By a line drawn from Shellness beacon in a 180° (*S. 14° W. Mag.*) direction to the shore.

14. Barges and other vessels entering the Swale by day are to anchor to the eastward of the gunboat that is stationed near King's Ferry bridge until they receive permission to enter. When anchoring, vessels are to keep clear of the fairway.

15. There is a boom across the Swale just to the eastward of Milton creek, and no vessel is allowed to pass either way without the special permission of the King's Harbour Master, Sheerness.

BOOM DEFENCE.

16. For signals in connection with the Boom Defence, see Section V.

ADVICE TO SHIPOWNERS, ETC.

17. Shipowners and Shipping agents are advised that, in their own interests, their vessels should arrive at the port during daylight and conform to these regulations.

NOTIFICATION OF TIME OF ARRIVAL.

18. Shipowners and shipping agents will facilitate the entry of their vessels by giving previous notice of the probable time of arrival to the Commander of the Dockyard, Sheerness (telegraphic address: "Tidal, Sheerness"), with particulars of appearance, &c., so that they may be readily identified.

PILOTAGE.

19. It will be compulsory for all merchant vessels to have a licensed local pilot on board when entering the ports of Sheerness or Chatham.

20. The movements of all merchant vessels (including fishing craft, barges, boats, yachts, or private vessels of any kind) are subject to the direction of the King's Harbour Masters at Chatham and Sheerness while within the limits of the respective Dockyard ports of Chatham and Sheerness (as defined in Article 2), and the orders of these officers are to be immediately obeyed. Movements of such vessels in that portion of the River Swale which is not included within the limits of the Dockyard port of Sheerness, are subject to the direction of the King's Harbour Master, Sheerness. (For eastern limits of River Swale see Article 12.)

SECTION III.—MOVEMENTS WITHIN THE PORT.

21. ABOVE LOCKS, CHATHAM DOCKYARD, merchant vessels, barges, and boats will be subject to inspection and search, and will be liable to be fired upon in the event of disobedience to the orders given them by the River Patrol boats or other Government vessels. No vessel is to send a boat away during official night. Vessels

sending boats away to land men for provisions, &c., must ensure that sufficient time is allowed to enable these boats to land, and return to their ships during daylight.

MOVEMENTS DURING NIGHT.

22.—(1) During the hours of official night no merchant vessels (including fishing craft, barges, boats, yachts, or private vessels of any kind) are allowed under way in the waters, including the creeks, of the Dockyard ports of Chatham and Sheerness or in the River Swale, except with the special permission of the respective King's Harbour Masters, and except as provided for in paragraph (3) of this article. For the limits of the Dockyard ports of Chatham and Sheerness, see Article 2, and for River Swale, see Article 13. The King's Harbour Master, Sheerness, exercises jurisdiction over that portion of the River Swale which is not included in the limits of the Dockyard port of Sheerness.

(2) No ship or vessel at anchor within the ports of Sheerness and Chatham, or the Swale, may show any lights between the hours of 7 p.m. and 6 a.m. unless specially ordered to do so by the guard boat, and except as provided for in par. (3) below. This order will not absolve the masters of craft at anchor from keeping a sharp look-out and giving warning on the approach of any craft under way.

(3) The Medway Conservators are authorised to grant permission to certain vessels to navigate the Medway from Allington locks to a line drawn 400 yards above Rochester bridge during "official night," under the following conditions:—

(a) This permission may only be granted to cargo vessels and to tugs employed towing them. It is not to be granted to pleasure vessels.

(b) All persons on board are to be British subjects.

(c) All vessels when under way are to carry the regulation lights, which are to be dimmed so as not to show more than one mile on a dark clear night. All lights are, however, to be extinguished between Wickham factory and the moorings off Esplanade pier.

(d) Any instructions received from Patrol boats are to be carefully followed.

(e) In the event of an air raid all vessels under way between Allington lock and Wickham cement works are to bring up and extinguish lights.

(4) The Conservators are to satisfy themselves as regards conditions (a), (b), and (c) of paragraph (3) before granting a permit.

(5) The Conservators are to keep a list of permits issued, and to keep the Military Authorities and Chief Constable, Rochester, informed as to their issue.

(6) Mariners are cautioned not to approach Rochester bridge nearer than 400 yards, as they are liable to be fired on. They are either to pick up the buoys off Esplanade pier or else bring up near them. Landing is only permitted at Esplanade pier.

APPROACH TO GOVERNMENT VESSELS AND ESTABLISHMENTS.

23. No merchant vessels (including fishing craft, barges, boats, yachts, or private vessels of any kind) will be allowed alongside any Government ship, vessel or lighter, or other Government craft, or any Government dockyard or establishment, without special permission.

24. Subject to the above, merchant shipping may move as usual within the limits of the ports

of Chatham and Sheerness and in the River Swale, taking care to keep clear of any of His Majesty's Ships which are being navigated in the ports of Chatham and Sheerness and in the River Swale.

25. His Majesty's vessels are frequently engaged in sweeping operations. Attention is drawn to Part IV. of Admiralty Notice to Mariners No. 170 of 1918.

CAUTION AS TO ANCHORING.

26. When anchoring care must be taken to be well clear of the fairway, and no vessels or barges are to anchor in the River Medway to the southward of the fairway between Darnett beacon and No. 22 light-buoy. Vessels and barges detained in Sheerness Harbour overnight are to anchor off Queenborough pier or off west shore.

CLOSING OF THE PORT OF CHATHAM THROUGH FOG OR OTHER CAUSES.

27. The Port of Chatham will be closed in daylight: (a) on account of fog; (b) when necessary for other causes. During the time the port is closed no movements of mercantile vessels of any description are permitted.

28. The signal that all such traffic is prohibited will be three red balls hoisted vertically, which will be displayed from—

Flagstaff at No. 3 Building shed, His Majesty's dockyard.

Flagstaff at Naval Ordnance depôt, Gun wharf.

Flagstaff at Upnor Basins entrance, His Majesty's dockyard.

When this signal is displayed all vessels under way are immediately to come to anchor as far out the fairway as possible, and are to remain at anchor until the signal is hauled down.

SECTION IV.—VESSELS LEAVING THE PORT.

PROHIBITION.

29. No merchant vessels (including fishing craft, barges, boats, yachts, or private vessels of any kind) are permitted to leave the Dockyard ports of Chatham or Sheerness or the River Swale during the hours of official night during fog, or when their detention is necessary for other causes.

PERMISSION TO LEAVE.

30. Merchant vessels (including those engaged in the coastal trade) are on no account to leave the Dockyards, or Dockyard ports of Chatham or Sheerness without permission.

Vessels at Rochester and Chatham are to obtain such permission from the Collector of Customs, 161, High Street, Rochester; those at Queenborough, Port Victoria, and Sheerness from the Collector of Customs, Sheerness.

PILOTAGE.

31. Pilotage is not compulsory when leaving the ports of Chatham or Sheerness, but caution is to be exercised when approaching the boom defence (see Section V.).

FISHING VESSELS, BARGES, AND SMALL CRAFT.

32. Fishing vessels, barges, boats, and small craft generally may leave the port during daylight without any formalities, but such craft are liable to inspection and search by the Naval Patrol boats.

SECTION V.—BOOM DEFENCE.

33. A boom defence will be in position across the entrance to the Medway and should be approached with caution.

The gate of the boom will always be closed

during the hours of official night and during fog, and may be closed during the day.

The following signals will be displayed:—

By Day.

When the gate is open.—On each side of the gateway the signals displayed by wreck-marking vessels, viz.:—Two black balls vertical on one yardarm and one black ball on the opposite yardarm. Vessels to pass on the side showing two balls.

When the gate is closed.—At H.M.S. "Actæon," at Garrison Point signal station, and on each side of the gateway of the boom, a blue burgee.

By Night.

The gate is closed and no signals will be shown.

Caution.

This Admiralty Notice to Mariners is issued under the provisions of the Defence of the Realm Regulations, and failure to comply

strictly with the directions contained in it will constitute an offence against those Regulations.

Any person found guilty of such an offence is liable to severe penalties both of imprisonment and fine.

Any person aiding or abetting the commission of such an offence is himself guilty of an offence against the Regulations.

Attention is also drawn to the fact that any infringement of the directions contained in this Admiralty Notice to Mariners is liable to result in the detention of the ship or vessel.
