It extends to coal, gas and electricity used in any premises for industrial purposes where the total quantity to be used in any year shall not exceed 100 tons.

In case of dispute as to whether any such premises come within the scope of this clause, the decision of the Controller of Coal Mines shall be final and conclusive in every case.

2. In this Order (except where the context clearly indicates the contrary) "Coal" means anthracite and all other kinds of fuel of which coal or coke is a constituent; "Fuel" means coal, gas and electricity used for all purposes except lighting coming within the scope of this Order.

3. The Controller of Coal Mines for the time being appointed by the Board of Trade, hereinafter referred to as the "Controller," shall be responsible to and is hereby authorised by the Board of Trade to exercise all the powers belonging to the Board of Trade in relation to the subject matter of this Order, and he shall take such action and enforce such measures as are necessary to give effect to this Order, and for this purpose he may make such rules and issue such instructions as may be required, and such rules and instructions shall be deemed to be part of this Order and shall have the same effect as if they had been included in this Order.

Such rules and instructions shall be deemed to be Statutory Rules and Orders and shall be published in manner provided therefor.

4. The Controller may suspend from time to time and for any period, and in any district or

6. Where the number of rooms occupied is—	The fuel allowance for the year shall not exceed—			
	A.		B.	
	Tons.	Cwts.	Tons.	Cwts.
Not more than 2 ...	3	10	3	0
3 ...	4	0	3	10
4 ...	4	10	4	0
5 ...	5	0	4	10
6 ...	6	0	5	0
7 ...	7	0	6	0
8 ...	8	0	7	0
9 ...	9	0	8	0
10 ...	10	0	9	0
11 ...	11	0	10	0
12 ...	12	0	11	0

and for every additional room 1 ton until a maximum of 20 tons is reached, thereafter any additional allowance not exceeding 1 ton per room shall be in the discretion of the Local Fuel Overseer (to be appointed as hereinafter provided).

Provided always that where the number of people habitually resident in a flat or tenement or dwelling house or part thereof in separate occupation of not more than 12 rooms exceeds 6, the scale allowance as determined by the above table shall be increased by 1 ton.

The two scales indicated in the tables shall apply as follows:—

##### A. To the counties of—

Cheshire, Cumberland, Derbyshire, Durham, Herefordshire, Lancashire, Leicestershire, Lincolnshire, Monmouthshire, Northumberland, Nottinghamshire, Rutlandshire, Shropshire, Staffordshire, Warwickshire, Westmorland, Worcestershire, and Yorkshire, in England; and

To Wales.

##### B. To the counties of—

Bedfordshire, Berkshire, Buckinghamshire, Cambridgeshire (including the Isle of Ely), Cornwall and the Isles of Scilly, Devonshire, Dorsetshire, Essex, Gloucestershire, Hampshire, and the Isle of Wight, Hertfordshire, Huntingdonshire, Kent, Norfolk, Northamptonshire (including the Soke of Peterborough) Oxfordshire, Somersetshire, Surrey, Suffolk, Sussex, and Wiltshire, in England;

To the Metropolitan Fuel Area as specially defined; (see clause 124).

7. Consumers may take the allowance of fuel to which they are entitled under the table either in coal, gas, and/or electricity at their option, in accordance with the following rules:—

In calculating the prescribed quantity:

(a) Anthracite shall count as fuel at the same rate as ordinary coal.

(b) 3 tons of coke shall only count as 2 tons of fuel, and so in proportion for other quantities.

(c) Briquettes not sold by weight and not exceeding 2½ lbs. each in weight shall count as 1,000 to the ton and so in proportion.

(d) 15,000 cubic feet of gas shall count as 1 ton of fuel.

(e) 800 Board of Trade units of electricity shall count as 1 ton of fuel.

The quantity of fuel to be taken as gas or electricity must be calculated to the nearest quarter of a ton.

The allowance of fuel to be taken as coal shall not be less in any case than 2 tons 10 cwts., except with the previous assent of the Local Fuel Overseer.

Any quantity of fuel allowed additional to 20 tons may be required to be taken either wholly or partly as coke.

The Controller may by notice alter the conversion equivalents set out in this clause either by increase or decrease at any time and for any district without prejudice to any matters or things done under this Order and without revision of any requisitions or certificates dealt with under this Order.

8. Subject to the provisions of this Order, in addition to the allowances for fuel as set out in clause 6 hereof, there shall be allowed for lighting the quantities of gas and/or electricity prescribed in accordance with the following table, or such other quantities, whether less or more, as the Controller may subsequently determine for any period of time or in respect of any districts:—

Where the number of rooms occupied is—	The lighting allowance for the year shall not exceed—	
	either cubic feet of gas.	or B. of T. units of electricity.
1, 2 or 3 ...	7,500	120
4, 5 or 6 ...	11,250	180
7, 8 or 9 ...	15,000	240
10, 11 or 12 ...	18,750	300
13, 14 or 15 ...	22,500	360
16, 17 or 18 ...	26,250	420
19, 20 or 21 ...	30,000	480

Gas or electricity allowed for lighting under this clause may at the option of the consumer be used for other domestic purposes, but cannot be converted into coal.

Where gas and electricity are both used for lighting the consumer may elect to take under this clause part of the allowance as gas and part as electricity, 750 cubic feet of gas being taken for this purpose as equivalent to 12 B. of T. units of electricity, and *vice versa*. Conversion may only take place by multiples of these quantities.

9. Rooms shall only count where furnished and in actual occupation, except that bedrooms furnished but only occasionally occupied shall count as rooms. The following shall not count as rooms, viz.: Sculleries, bathrooms, halls not used as sitting rooms, dressing rooms not used as bedrooms, boxrooms, cellars, pantries not containing fireplaces or stoves, storerooms, greenhouses attached to houses and outbuildings.

There shall not be any allowance in respect of a dwelling house or part thereof or flat or tenement which is permanently unoccupied, and similarly any allowance shall be withdrawn or varied in respect of any temporary cessation of occupation exceeding one month in the year of the whole or part of any premises. In calculating the extent of such withdrawal or variation the consumption of fuel and lighting for the months from May to October shall be deemed to be half the consumption for the months from November to April, but within those respective periods the consumption of fuel and lighting shall be spread equally over the several months.

Where a consumer has more than one place of residence the allowances or assessments of his several places of residence shall be considered as a whole in relation to the actual occupation thereof.

10. Not more than one-third of the total allowance of gas and/or electricity, under clauses 6, 7 and 8 hereof may be taken in any one quarter of the year, subject to such reasonable adjustment as may be necessary when the quarter appreciably exceeds a three-monthly period, and subject also to adjustment in respect of the quantities taken in any previous quarter of the year, commencing with 1st July or such other approximate date as may relate to the premises concerned.

11. Additional allowances not exceeding 5 tons of fuel in a year in respect of each separate household may be granted by the Local Fuel Overseer on the application of the householder, where the absence of an additional fire or additional heating or cooking or lighting is shown to cause material hardship, on all or any of the following grounds:—

(1) The presence of aged or infirm persons, invalids or young children.

(2) The occupation of separate rooms by lodgers.

(3) The use of rooms for a business or profession in a dwelling house or other building used in connection therewith.

(4) The necessity for the upkeep of fires and light during the night as well as the day by reason of the hours during which the householder or other resident is engaged at work.

(5) Illness, but in this case the allowances shall be of a temporary character only in accordance with a medical certificate to be provided by the applicant.

An additional allowance shall be in fuel or in such specific fuel as coal, coke, gas or electricity as the Local Fuel Overseer may determine. An additional allowance or part thereof may be used for lighting.

An additional allowance may in the discretion of the Local Fuel Overseer be made contingent upon the existence of surplus supplies of coal, coke or other fuel in any month.

Further additional allowances not exceeding 5 tons of fuel in a year may be granted on the application of the householder where the supply is required for actual consumption in connection with any industrial, trade or manufacturing process carried on in a dwelling house or other building used in connection with a dwelling house, such allowances to be distinct from the allowances (if any) granted for the reasons stated in the preceding part of this clause.

12. (a) The occupier of a dwelling house or part thereof or flat or tenement exceeding 15 rooms as defined above; or

(b) The occupier of any building not used or only partly used as a dwelling house may apply to the Local Fuel Overseer for the district in which the premises are situated to be assessed individually, having regard to his special requirements in the way of heating, cooking, lighting, or other services, the extent and nature of his buildings, the purposes for which he consumes fuel and lighting, his previous consumption within one or more of the three years prior to the 1st July, 1918, and any other special circumstances, and the amount of such assessment shall be the maximum quantity to be allowed in respect of such premises either for fuel under clause 6 hereof or for lighting under clause 8 hereof as the case may be. Such assessment may be allowed subject to such conditions as the Local Fuel Overseer may determine.

The Controller may direct that any applications or certain classes of applications under this clause be referred to him for assessment in the first instance.

13. Single assessments of fuel and/or lighting supplies shall on request of any consumer or if required by the Local Fuel Overseer be made—

(a) for a residential estate or farm where the proprietor, occupier or manager supplies fuel and/or lighting to his tenants, servants and workpeople.

(b) for a block of flats or tenements where the proprietor or manager undertakes wholly or partly the supply of lighting or heating or the provision of hot water or other services involving the consumption of fuel.

(c) for a group of houses, cottages or rooms managed on a communal basis.

(d) for a dwelling house occupied by more than one household in common.

(e) for a dwelling house part of which is occupied by a sub-tenant, but such part is not separately assessed for rating purposes.

Such assessment shall have regard to any previous practice with regard to the supply or distribution of fuel and/or lighting and in the discretion of the Local Fuel Overseer or the Controller shall be either a total quantity calculated in respect of each separate household in accordance with the tables in clauses 6 and 8 hereof, or by special assessment in accordance with the provisions of clause 12 hereof.

Where such assessments are made the application or requisition shall be submitted by the

proprietor, occupier, manager or responsible householder and the certificates to be issued for the supplies of fuel and/or lighting shall show the several allowances in detail, and the proprietor, occupier, manager or responsible householder submitting the application or requisition shall be under obligation to ensure the supply of the allowances so stated therein in full to each separate tenant, sub-tenant or householder.

Upon the request of a separate tenant, sub-tenant or householder, setting out that he is unable to obtain his proper allowance of fuel and/or lighting, separate certificates of supply may be issued to each separate tenant, sub-tenant or householder in place of the one certificate, if the Local Fuel Overseer thinks fit, without prejudice to any proceedings which may be taken against the proprietor, occupier, manager or responsible householder in default under this clause.

14. Where fuel is required for the generation or production of gas and/or electricity, not for public sale and distribution, but for consumption in a house, building or other premises in respect of which the provisions of this Order as to fuel apply, the allowance of fuel to be made for such purpose shall be limited to the amount actually required for the generation or production of the quantities of gas and/or electricity to which such house, building or other premises is entitled under the provisions of clauses 6 to 13 hereof inclusive.

15. Where fuel is allowed under an assessment for a specific purpose it shall not be applied to any other purpose without the previous assent of the Local Fuel Overseer.

Fuel required for industrial purposes not within the scope of this Order may be purchased or acquired with household fuel, and in addition thereto, upon the declaration of the consumer as to the industrial purposes for which it is required and the production of the proper authority.

16. Allowances and assessments shall run for one year calculated from the first day of July, or from such approximate date, being the date of the last meter readings in the case of gas and electricity, or for such part of such year as there may still be to run at the date of the requisition or assessment, in which latter case the quantity allowed or assessed shall be adjusted as provided in clause 9 hereof; or in the alternative allowances and assessments shall run for one year from the date of the requisition.

Except that where it is known or there is reason to suppose that an occupation is only temporary, allowances and assessments shall be for one or more months in the discretion of the Local Fuel Overseer, and shall be renewed from time to time.

Provided that where the Local Fuel Overseer has reason to believe that in any premises fuel and/or lighting is being consumed at a rate exceeding that which would be reasonable under the allowance or assessment determined for such premises under or by this Order, he may cancel the yearly allowance or assessment and in its place grant and renew from time to time an allowance or assessment for one or more months as he may think fit.

17. There shall be an appeal from the decision of the Local Fuel Overseer, upon any allowance or assessment under Clauses 6 to 14 hereof inclusive, in the first instance to the Local Fuel and Lighting Committee herein-

after referred to, and in the second instance to the Controller. The decision of the Controller shall be final in every case.

18. Coal supplied to miners and other regular workers at collieries or in connection therewith, either directly or indirectly, and whether free or at a nominal or reduced price, in accordance with any agreement or with any previously established practice relating to wages' payments or in substitution therefor, shall be continued and shall not be reduced by reason of any of the provisions of clauses 6 to 14 hereof, inclusive; nor shall any form of requisition or other application be required from miners and such other persons entitled to such supplies.

### PART III.—LOCAL FUEL AND LIGHTING COMMITTEES, LOCAL FUEL OVERSEERS, &c.

19. Each Local Authority shall, within 14 days of the date on which this Order comes into effect, appoint a person who shall be known as the Local Fuel Overseer for the district of such Local Authority or for such part thereof as is included in the Order and the Local Authority may at its own or shall at the Controller's instance vary or renew or determine such appointment from time to time as may be required or deemed expedient.

Provided that with the assent of the Controller two or more Local Authorities may unite for the purpose of appointing a common Local Fuel Overseer where their districts or parts thereof can be conveniently treated as one by reason of their size or configuration, and, with such assent, a single Local Authority may divide its district into more than one where such district is of such extent that it can be most conveniently treated as more than one district, and may appoint a Local Fuel Overseer for each part of such divided district.

Provided always that where a Local Authority does not comprise within its district an independent means of supply for coal such as a railway depot or river or canal wharf or harbour, it shall unite with the adjacent district in which the depot, wharf or harbour is situate through which its supplies are obtained.

The word "district" as hereinafter used in this Order means the district for which a Local Fuel Overseer is appointed under this clause.

20. The Local Authority or Authorities shall establish in each district an office or offices which shall be open during the usual business hours of offices in the district and at such other times as may be found necessary, and shall give public notice of the name of the Local Fuel Overseer for such district and the address of such office or offices as aforesaid to the intent that all communications relating to the supply and distribution of fuel and lighting to consumers within such district shall be sent to such office or offices and dealt with by such Local Fuel Overseer.

Where more than one office is established the Local Authority shall appoint an assistant to the Local Fuel Overseer responsible for the conduct of each such office.

21. The Local Authority or Authorities may appoint in each district, to supervise and assist the Local Fuel Overseer, a Local Fuel and Lighting Committee which shall be constituted as follows:

One member who shall undertake the duties of Coal Merchants' Supervisor hereinafter referred to, to be nominated or elected

by persons registered as coal merchants within the district.

One member to be nominated or elected by persons licensed as coal dealers within the district, or where they so wish registered coal merchants and licensed coal dealers may unite in the joint nomination or election of two persons to serve on such committee, one of whom shall however be the Coal Merchants' Supervisor.

One member to be nominated by the gas company or companies, or other undertakers (if any) to represent the gas works either situated within the district or authorised to supply within the district.

One member to be nominated by the electricity company or companies or other undertakers (if any) to represent the electricity works, either situated within the district or authorised to supply within the district.

If a Local Authority desires or if the Controller requires:

One member to be nominated by the railway company or companies having depôts or sidings through which coal is supplied within the district.

One member to be nominated by the canal company or companies having wharves through which coal is supplied within the district.

One member to be nominated by the harbour board or company or river conservancy having wharves or accommodation through which coal is supplied within the district.

In any case there shall be appointed by the Local Authority an equal number of members to those to be appointed under the headings already mentioned, but not being less than five and in addition a Chairman of the Committee, which members are hereinafter specially referred to as the "independent members."

The Local Fuel Overseer shall also be a member of the Committee, but shall not vote upon any appeal from any decision given, or action taken, by him or upon any matter involving additional expense to the Local Authority.

A representative of the Road Transport Board may attend any meeting of the Committee at which questions of cartage or road transport are to be discussed, but shall not vote at such meeting.

22. The Controller may on the application of a Local Authority or of two or more Local Authorities uniting for the purposes of this Order, agree to such additions to or variations in the constitution of the Local Fuel and Lighting Committee as he may think desirable.

In particular, where the gas and/or electricity undertaking in any district is owned by the Local Authority, the Controller may agree to the Chairman of the Committee of the Council charged with the oversight of such undertaking being *ex officio* a member of the Local Fuel and Lighting Committee, provided always that an additional independent member be at the same time nominated to such Committee by the Local Authority.

23. A Secretary may be appointed by the Local Fuel and Lighting Committee, but such Secretary shall have no executive authority in relation to any matter or thing under this Order apart from the Local Fuel Overseer.

24. A Local Fuel and Lighting Committee may, subject to the approval of the Controller, make such rules as it thinks fit for the conduct of business, the time and place of meetings, the constitution of a quorum, the appointment

of sub-committees and the procedure to be followed.

Only the independent members of the Committee shall vote upon any question or decision involving expense to the Local Authority.

A Local Fuel and Lighting Committee shall exercise such powers and discharge such duties as the Controller shall from time to time assign to it, and in the exercise of such powers and the discharge of such duties shall comply with the directions of the Controller.

Minutes shall be kept of all proceedings of a Local Fuel and Lighting Committee and copies shall be sent to the Controller. Copies of the minutes certified by the Chairman and/or Secretary shall be *prima facie* evidence of the decisions of the Committee.

Any rules or instructions made or issued by a Local Fuel Overseer or a Local Fuel and Lighting Committee under this Order affecting the public generally shall be published in a newspaper circulating within the district of such Overseer or Committee.

25. Neither the Local Fuel Overseer nor the Chairman nor any member of the Local Fuel and Lighting Committee to be nominated by the Local Authority as independent members, shall be interested directly or indirectly in the supply or distribution of fuel or lighting on his own or any other account; but the mere fact of holding shares in any company interested in the supply or distribution of fuel or lighting shall not be a disqualification provided that the fact is disclosed, and the Committee shall not dissent to such nomination or appointment on that account.

Provided further, that the Controller may, on representations that any member of the Local Fuel and Lighting Committee referred to in this clause, is not independent and impartial, require the removal of such member and the nomination of some further member to take his place.

26. The Local Fuel Overseer shall be responsible to and shall report direct to the Controller, or to the officers to be appointed by him for that purpose, in the execution of all duties definitely laid upon him by this Order or by any rules or instructions made by the Controller under this Order, and he shall comply with any directions given to him by the Controller.

Wherever a discretion is conferred upon the Local Fuel Overseer, or wherever a decision of the Local Fuel Overseer is not declared to be final by this Order or by any rules or instructions issued thereunder, the Local Fuel Overseer shall act with the advice and approval of the Local Fuel and Lighting Committee, or where he has acted without such advice and approval there shall be an appeal to the Local Fuel and Lighting Committee, who may confirm or vary such action as it thinks proper.

The Local Fuel Overseer shall make such reports to the Local Fuel and Lighting Committee as may be necessary for this purpose.

All communications from the Controller shall be sent to the Local Fuel Overseer, who shall submit to the Local Fuel and Lighting Committee such as are of a general character affecting the terms of this Order or comprise or vary any rules or instructions issued thereunder.

27. It shall be the duty of the Local Fuel Overseer, in addition to any other duties falling to him under this Order:—

(1) To report to the Controller upon the requirements for storing, handling, delivering and retailing coal within his

district, and to recommend such alterations or additions as may be necessary to meet such requirements.

(2) To establish a record of all persons, horses, carts, motor vehicles or other staff or equipment employed in connection with the storage, handling and delivery of coal by persons regularly engaged in the coal trade. (See clause 47 hereof.)

(3) To establish a record of all auxiliary means of storing, handling, delivering and retailing coal other than the regular means provided by persons engaged in the coal trade within the district for use at the moment when such regular means shall be found to be insufficient, and to settle the terms and conditions under which all such auxiliary means may be used.

(4) To provide for the safe custody and control of any reserve stock of coal provided by the Local Authority and to use such reserve stock for the supply of dealers, subject to any conditions which he may think fit, or of consumers in quantities not exceeding 1 cwt. at one time where the available stocks of coal in the possession of persons engaged in the coal trade in the district are insufficient to meet current requirements or otherwise as the Controller may direct.

(5) To report to the Controller any failure in the proper provision for the supply of coal to all merchants and dealers within the district.

(6) To deal with all questions and complaints, whether of consumers or merchants or dealers, relating to the supply, sale or delivery of coal to consumers within the district.

(7) To deal with all questions and complaints of consumers relating to the supply, sale or distribution of gas and electricity within the district arising out of the Order.

(8) To carry out the instructions of the Controller from time to time communicated to him.

28. The Local Fuel Overseer shall keep such records and make such reports and returns from time to time to the Controller as the Controller may determine.

All records, reports, returns, correspondence, books, papers and documents of the Local Fuel Overseer shall be treated as private and confidential, and deemed to be the property of the Controller, and shall be accessible and open at all reasonable times to the inspection of the duly authorised representatives of the Controller, who may make extracts therefrom.

29. The Local Authority shall, by its officers or servants, afford all necessary assistance to the Local Fuel Overseer in the execution of his duties and the administration of this Order, and in particular shall

(a) establish a reserve stock of coal, where in the opinion of the Local Fuel and Lighting Committee or the Controller such reserve stock is necessary to safeguard the interests of consumers within the district, and determine the extent and manner of user of such stock. The assent of the Controller is required to the establishment of every reserve stock by a Local Authority under the Order. Such reserve stock of coal shall be at the disposal of the Local Fuel Overseer, subject to any directions that the Local Fuel and Lighting Committee may give;

(b) at the instance of the Local Fuel and Lighting Committee direct how and when deliveries of coal shall be made and where and how stocks of coal shall be stored, having regard to the byelaws, statutory and other regulations governing or purporting to govern such deliveries or such storage, and such directions shall have effect notwithstanding any of such byelaws, statutory or other regulations where it is expedient to further such deliveries or such storage. For the purposes of this sub-section of this clause a Local Authority shall be deemed to include a County Council;

(c) at the request of the Local Fuel Overseer provide, as the Controller may direct, for the checking of any particulars relating to any consumer whose premises are within its district in connection with the determination of any allowance of fuel under the provisions of clauses 6 to 14 hereof inclusive;

(d) as required by the Local Fuel and Lighting Committee, be responsible for and undertake the distribution among registered coal merchants and licensed coal dealers of supplies of coal allocated by the Controller to meet any emergency or temporary shortage within the district.

30. The Local Fuel and Lighting Committee may, with the assent of the Controller, make an Order requiring the owner or landlord or manager of a block of flats or tenements, containing more than 25 separate occupiers not adequately provided with facilities for the storage of coal up to a minimum quantity of 6 cwts. for each flat or tenement separately occupied, to provide such additional facilities for the storage of coal as will make up this minimum quantity for each flat or tenement, or in the alternative to provide a common store and maintain such stock of coal at his own expense for use in an emergency as may be necessary for that purpose. Any owner or landlord or manager of a block of flats or tenements supplying coal to the tenants under this latter alternative shall comply with the terms and provisions of this Order, and shall be treated as engaged in the coal trade to that extent.

The owner or landlord or manager of a block of flats or tenements shall afford the Local Fuel Overseer such particulars as may be necessary for the purposes of this clause.

31. There shall be an appeal to the Controller from any decision of the Local Fuel and Lighting Committee upon the application, interpretation or meaning of this Order or of any rules or instructions issued thereunder or upon any question of principle arising thereout.

There shall not be an appeal to the Controller from any decision of the Local Fuel and Lighting Committee upon any question of fact except with the previous assent of the Committee.

Where a Local Fuel and Lighting Committee is not appointed there shall be an appeal to the Controller from any decision of the Local Fuel Overseer or from any exercise of his discretion, and in such case the Controller shall stand in the place of the Local Fuel and Lighting Committee for all purposes.

The decision of the Controller shall be final in every case.

32. In each district as determined under Clause 19 hereof, persons engaged in the coal trade, who shall be registered or licensed in accordance with the terms of this Order, shall at the request of the Local Fuel Overseer

within 14 days nominate and appoint for the district a representative who may be one of themselves or one of their salaried servants, who shall be known as the Coal Merchants' Supervisor for the district, and shall vary or renew or determine such appointment from time to time as may be agreed between them or as may be required or deemed expedient by the Controller.

If such persons shall fail to nominate and appoint a representative, the Local Fuel and Lighting Committee shall appoint in their place one of their number or one of their then existing salaried servants, who shall act as the Coal Merchants' Supervisor for such district, and if such person shall refuse or fail so to act the Local Fuel and Lighting Committee may appoint any person whom it sees fit to act in his stead. A person appointed by the Local Fuel and Lighting Committee may only be removed with the assent of the Committee, except at the instance of the Controller.

The Coal Merchants' Supervisor shall forthwith notify the Controller and the Local Fuel Overseer for the district of his address and of any change therein from time to time, and all communications in relation to any matters arising under this Order shall be sent to him at such address.

33. It shall be the duty of the Coal Merchants' Supervisor, in addition to any other duties falling on him under this Order, to assist and advise the Local Fuel Overseer at all times upon questions involving persons engaged in the coal trade referred to him or coming to his attention, and in particular at the request of the Local Fuel Overseer—

(1) To nominate a coal merchant or dealer to undertake the supply of coal to any consumer within the district whose requisition has not been accepted.

(2) To enquire into and report upon the failure to deliver, or delay in the delivery of coal, the execution of orders out of rotation, the failure to secure or maintain any reserve stock appointed, the absence of provision for the sale of coal in small quantities, or any other neglect to comply with the terms of the Order by persons engaged in the coal trade.

(3) To report upon the quality or class of coal supplied to consumers and generally to deal with questions requiring expert or special knowledge in connection with coal.

(4) To advise on questions of prices and to help in securing the observance of any orders or instructions that may be given relating to the sale of coal.

(5) To report upon the adequacy of the facilities provided by persons engaged in the coal trade for storing, handling, delivering, and retailing coal within the district, and to make recommendations for such additions or improvements as he may think necessary and feasible.

The Coal Merchants' Supervisor shall also advise and assist all persons engaged in the coal trade with regard to the terms and provisions of this Order or to any rules or instructions made and issued thereunder.

Persons engaged in the coal trade in any district shall afford the Coal Merchants' Supervisor for such district such particulars as he may require in relation to any matter arising under this Order and required to be dealt with by him, and shall keep him advised of any matters needing his attention.

34. The Coal Merchants' Supervisor shall keep such records and make such reports and returns from time to time to the Controller as the Controller may determine.

All records, reports, returns, correspondence, books, papers and documents of the Coal Merchants' Supervisor, relating to any matter arising out of or in connection with this Order, shall be treated as private and confidential and deemed to be the property of the Controller, and shall be accessible and open at all reasonable times to the inspection of the duly authorised representatives of the Controller, who may make extracts therefrom.

35. The Local Fuel Overseer shall confer with the Coal Merchants' Supervisor on all matters and questions arising within their district relating to the supply, sale, delivery or distribution of coal and affecting persons engaged in the coal trade, and where they differ as to any step to be taken there shall be an appeal to the Local Fuel and Lighting Committee.

36. Subject to any directions of the Road Transport Board, the Local Fuel Overseer and the Coal Merchants' Supervisor acting together, or in default of their agreement the Local Fuel Overseer with the assent or approval of the Local Fuel and Lighting Committee may:—

(a) require the coal merchants or dealers within the district to re-arrange the cartage facilities necessary for the supply and delivery of coal so as to secure the most economical user of such cartage facilities, and, further, may require one coal merchant or dealer to undertake the cartage or delivery of coal for another coal merchant or dealer upon such terms as may be determined fairly in relation to the cost of such service but not to the prejudice of such merchant's or dealer's trade or business, and in particular may prescribe the streets or localities to be served by persons hawking coal in quantities not exceeding 1 cwt. at any time, and may prohibit such persons hawking coal in any other streets;

(b) where there has been a failure to supply coal in any particular street or locality within the district or where there is an urgent need of coal in any particular street or locality, direct any coal merchant or dealer within the district to make such deliveries of coal in such quantities and in such order or rotation as they think fit in the interests of the consumers, having regard to the requirements of the district as a whole and to the ability of such coal merchant or dealer to make such deliveries, and failure to make such deliveries without reasonable excuse shall be an offence under this Order.

Except as provided above, the Local Fuel Overseer shall not interfere with the direction or management of the offices or coal wharves or depots of any coal merchant or dealer, but shall make any representations as to any action which should in his opinion be taken through the Coal Merchants' Supervisor for the district, and in his default, through the Local Fuel and Lighting Committee or the Controller.

37. Where any of the matters dealt with under clauses 32 to 36 hereof, inclusive, relates to coke to be supplied, sold or delivered from a gas works within the district, the Local Fuel Overseer shall act with the advice and assistance of the representative of the gas works, to be nominated to the Local Fuel and Lighting

Committee under clause 21 hereof, who shall for this purpose have the same powers and be subject to the same duties as the Coal Merchants' Supervisor.

In all matters that relate to or affect the supply of gas or electricity under this Order the Local Fuel Overseer shall act with the advice and assistance of the representatives of the gas or electricity companies or undertakings upon the Local Fuel and Lighting Committee, respectively, and such representatives shall for these purposes have the same powers, and be subject to the same duties as the Coal Merchants' Supervisor in so far as they are applicable.

38. Where a Local Fuel and Lighting Committee shall not be appointed, representatives shall still be nominated by the gas or electricity companies or undertakings, respectively, within any district, to discharge the duties falling on such representatives under clause 37 hereof.

39. The Controller shall, by any duly authorised representative, have power to enquire into the acts or defaults of the Local Fuel Overseers, Coal Merchants' Supervisors, and representatives nominated by gas or electricity companies or undertakings, and to call for such reports and to take such action as he thinks fit, and may require the removal of any such person holding office and the appointment or nomination of another in his place without prejudice to any proceedings which may be taken against the person so removed.

#### PART IV.—COAL DISTRIBUTION AGENCIES:— REGISTRATION AND LICENSING.

40. After 28 days from the date upon which this Order comes into effect, no person shall deal in or sell or deliver coal to a consumer unless he is the holder either of a certificate of registration or of a licence issued by the Local Fuel Overseer for the district in which the depôt, wharf, office, or other premises from which he proposes to deal in or sell coal is situate.

Application for a separate certificate of registration or a licence should be made to the Local Fuel Overseer in respect of each depôt, wharf, office, or other premises from which it is proposed to deal in or sell coal. Forms of application can be obtained from such Local Fuel Overseer.

A person carrying on business at more than one address may register with the Local Fuel Overseer an address to which he wishes all communications in relation to this Order or any matters to arise thereunder to be sent and communications sent to him at such address shall have effect as if they had been sent to all other addresses registered by him in any one district.

Provided always that a person who sells or deals in coal direct to consumers by trucks and forwards or arranges for the forwarding of such trucks to stations throughout the country or parts thereof may, on application to the Controller, register with the Controller, and such registration shall be good for the whole area comprised within this Order or any part thereof. The Controller shall advise all Local Fuel Overseers of the persons registering with him under this provision.

41. Where a person engaged in the coal trade obtains supplies of coal, either from a colliery direct or through a factor, such person shall be entered in a register, and shall take out a certificate of registration for each depôt,

wharf, office, or other premises owned or controlled by him at which he sells or otherwise deals in coal. Such person is hereinafter referred to as a "registered coal merchant."

Colliery proprietors or companies or factors supplying coal direct to consumers shall take out a certificate of registration in each district (subject to the proviso in Clause 40 hereof) to which they intend so to supply coal and for the purposes of this Order be treated as registered coal merchants.

Gas companies producing coke for sale or distribution direct to consumers under this Order shall take out certificates of registration for each separate works, depôt, or office, at which the coke is sold or otherwise dealt in, and for the purposes of this Order be treated as registered coal merchants.

42. Where a person engaged in the coal trade obtains supplies of coal from or through another merchant being a registered coal merchant but not being a colliery or factor, such person shall take out a licence and shall be entered in a separate register. Such person is hereinafter referred to as a "licensed coal dealer."

A person acting as agent for a registered coal merchant and carrying on business in his own name and accepting responsibility for the supplies of consumers but ensuring the delivery of such supplies through such registered coal merchant shall take out a licence and be included as a licensed coal dealer.

43. Every application for a certificate of registration or for a licence shall be in such form as may be prescribed, and shall contain a true statement of all particulars specified therein.

Every certificate of registration and every licence shall be in such form as may be prescribed by the Controller, and may be granted and held subject to such conditions as the Controller may from time to time determine.

There shall not be any charge for any certificate of registration or licence.

44. Where a person has not been engaged in selling or otherwise dealing in coal prior to January 1st last the Local Fuel Overseer may, with the assent of the Local Fuel and Lighting Committee, refuse a certificate of registration or licence to such person.

Where a person engaged in the coal trade sells or otherwise deals in coal to a less extent on the average than 1 ton in each week the Local Fuel Overseer may refuse a certificate of registration or a licence to such person, or may suspend or cancel any certificate or licence already issued.

Where a person holding a certificate of registration or licence transfers his business or where such business is transferred at death to some other person, such certificate or licence shall on request to the Local Fuel Overseer be transferred into the name of such other person.

Where a person who has received a certificate of registration or a licence under clause 41 or 42 hereof has by himself or by his servants failed to observe the terms of this Order, or of any rules and instructions made thereunder, or has failed to comply with the directions of the Local Fuel Overseer as defined by this Order, the Local Fuel Overseer may, with the assent of the Local Fuel and Lighting Committee, revoke or suspend, for such period as he may think fit, any such certificate or licence, subject to any appeal which may be made to the Controller in this event.

45. Every person holding a certificate of registration or licence under this Order shall exhibit and keep exhibited in a conspicuous position at the depôt, wharf, office, or other premises to which such certificate or licence relates either the certificate or licence or such other notice in a form to be approved by the Controller to the effect that the person is so registered or licensed in respect of such premises.

Where a person carries on business on his own account, not at any fixed address, but by means of hawking in the streets, he shall carry with him such certificate or licence or such other notice as may be prescribed, which shall be produced on demand to a Local Fuel Overseer, Coal Merchants' Supervisor, or anyone duly authorised by the Local Fuel Overseer or by the Controller.

46. A registered coal merchant shall supply to the Local Fuel Overseer and the Controller a statement showing the depôts, wharves, and other premises at which he receives and from which he delivers coal, so that returns may be obtained as to the quantities of coal supplied to, or delivered from, each such depôt, wharf, or other premises, and any other particulars relating thereto which may be required from time to time.

47. The Controller may (1) where such registers are not otherwise available require registers to be established and maintained in such form as he may direct of all persons, horses, carts, motor vehicles or other staff or equipment employed in connection with the storage, handling, and delivery of coal by registered coal merchants or licensed coal dealers, and (2) in conjunction with the Road Transport Board, where such Board is concerned, take any steps expedient for the purpose of maintaining effective control over such staff and equipment for the purposes of this Order.

48. A licensed coal dealer shall from time to time declare the source or sources from which he obtains his supplies of coal, and shall not after the given date set out in clause 40 hereof be supplied by any person unless such person is satisfied that the licensed coal dealer holds the necessary licence under clause 42 hereof. A licensed coal dealer shall not obtain supplies direct from a colliery or through a factor or from any source not previously declared by him except on notice to the Local Fuel Overseer.

Where a licensed coal dealer draws supplies regularly from one or more merchants, it shall not be necessary for him to produce his licence on each occasion, provided such merchants have noted the fact of the licence, and, in the case of the servant or carman coming to such merchants for supplies, such servant or carman is known to them as the duly authorised servant of the holder of the licence.

A receipt must be taken for and a sale note must be given with every supply of coal to a licensed coal dealer, stating the class or quality of the coal supplied, the price paid therefor or applicable thereto, and the date, time, and place of the sale, and such sale note must be produced on request to any consumer or to the Local Fuel Overseer or to anyone duly authorised by him or by the Controller or to the Coal Merchants' Supervisor. This provision shall also apply to the case of the hawker, trolleyman, or other servant employed by any registered coal merchant or licensed coal dealer. This provision shall not apply to coke unless

expressly so required by the Local Fuel Overseer.

49. Auctioneers may only sell coal to persons holding certificates of registration or licences except with the previous assent of the Local Fuel Overseer.

When the occupier of any premises is removing from one house to another he may dispose of his coal to the incoming tenant, or such other person as may be previously approved by the Local Fuel Overseer.

In these cases a certificate of registration or a licence shall not be required for the dealing in or sale of coal.

#### PART V.—PROCEDURE.

50. After 42 days from the date on which this Order comes into effect no person shall sell, deliver, purchase, obtain or in any way acquire fuel and/or lighting for consumption in any premises to which this Order applies unless he has complied with the procedure laid down in the following provisions of this Order.

51. Every person requiring for consumption in any premises coal not exceeding 1 cwt. at one time, up to a total quantity not exceeding 2 tons 12 cwts. in any period of 12 months, or such further quantities as may be determined from time to time by the Controller for any district, and gas not exceeding 7,500 cubic feet in any quarter, or 22,500 cubic feet in any period of 12 months, and electricity not exceeding 40 Board of Trade units in any quarter, or 120 Board of Trade units in any period of 12 months, may be required by the Local Fuel Overseer, with the assent of the Local Fuel and Lighting Committee, to state the name and address of the registered coal merchant or licensed coal dealer from whom he intends to purchase or otherwise acquire the coal, irrespective of the quantity required, and it shall be an offence in that event to purchase or otherwise acquire coal from any other merchant or dealer than the one stated without the previous assent of the Local Fuel Overseer.

In this connection such additional checks upon the sale or distribution of coal or coke in small quantities, being 1 cwt. or less at one time, including a system of coupons, may be introduced as the Controller may at the request of the Local Fuel and Lighting Committee determine.

52. Subject to the provisions of clause 13 hereof every consumer requiring to be supplied with fuel and/or lighting in quantities exceeding the quantities set out in clause 51 above, or such further quantity of coal as may be determined from time to time by the Controller for any district, shall obtain and fill up in writing, as the Controller shall direct, an application for fuel and lighting in such form as shall be approved by the Controller, and shall sign the same.

Separate applications shall be made out in respect of each premises in separate occupation for which a supply of fuel and/or lighting is desired subject to the provisions hereof.

The forms of application shall be obtainable at the offices of every registered coal merchant or licensed coal dealer and at any other places at which orders for the sale or delivery of fuel are received by or for such registered coal merchant or licensed coal dealer and at the offices to be established under clause 20 hereof.

53. The consumer shall, when any such form of application is properly filled up and signed by him, hand or send it to a registered coal

merchant or licensed coal dealer for his acceptance in respect of the supplies of coal or coke or both. It is not necessary that the same registered coal merchant or licensed coal dealer should supply both.

The registered coal merchant or licensed coal dealer accepting the same, whether for coal or coke, or both, shall add his name and address as required and sign the same. He shall also certify as to the correctness of any particulars given by the consumer within his knowledge and particularly as to the quantities of coal and/or coke acquired since May 1st last by such consumer in respect of the premises the subject of the application, and where he cannot agree the correctness of such particulars shall state such fact on the application.

The registered coal merchant or licensed coal dealer shall, when an application submitted to him for acceptance is apparently wrongly filled up or to his knowledge or belief inaccurate or fraudulent in any material particular, either return such application to the consumer for amendment or note thereon such observations as will call the attention of the Local Fuel Overseer or the Controller to the circumstances.

54. A registered coal merchant or licensed coal dealer shall not alter an application submitted to him for acceptance in any material particular nor shall he solicit any consumer to requisition more coal or coke than that originally stated by such consumer.

55. Where a registered coal merchant or licensed coal dealer refuses to accept an application, whether in respect of coal or coke or both, he shall return such application to the consumer, and in default of the consumer finding a registered coal merchant or licensed coal dealer willing to accept the same, the consumer shall forward such application to the Local Fuel Overseer for his district, who shall arrange with the Coal Merchants' Supervisor or in respect of coke with the representative of the gas companies or undertakings to be nominated to the Local Fuel and Lighting Committee (if any) or otherwise nominated to advise and assist the Local Fuel Overseer, for the acceptance of such application by some registered coal merchant or licensed coal dealer within such district.

A registered coal merchant or licensed coal dealer shall at the request of a consumer accept or refuse an application for fuel and lighting within a period not exceeding five days and in default shall be deemed to have accepted such application.

56. Where gas or electricity is being supplied to any premises by a company or undertaking offering a supply to the public for reward, such company or undertaking shall be deemed to have accepted the application in respect of the supply of gas or electricity to such premises without further formality. Where gas or electricity is being supplied from some private source or is being produced by the consumer for his own purposes, full particulars of such source shall be stated on the application and the acceptance of the person (other than the consumer) undertaking such supply shall be obtained in the same manner as for coal and coke above.

57. The application for fuel and lighting, when completed as provided in the preceding clauses, shall be sent to the Local Fuel Over-

seer of the district in which the premises referred to in the application are situate.

All such applications must be sent in not later than twelve weeks from the date upon which this Order comes into effect or such later date as the Local Fuel Overseer may determine. After such date the Local Fuel Overseer shall not be under any obligation to accept and deal with any application unless he is satisfied as to the reason for the delay or failure to comply with the terms of this clause.

58. The Local Fuel Overseer shall within seven days of the receipt of an application for fuel and lighting issue or cause to be issued to the consumer in respect of the premises referred to in the application a requisition for fuel and lighting. Separate forms of requisition shall be issued for allowances under the scales set out in clauses 6 and 8 hereof and for special assessments to be made under clause 12 hereof.

The forms of requisition shall provide separately for the sale, delivery, purchase, or acquisition of coal, coke, gas and electricity, and the consumer shall elect, subject to the terms of this Order, in what form and proportions he desires to take his fuel and lighting allowances.

The allowances of gas and electricity for lighting shall be added to and combined with the allowances of gas and electricity for fuel (if any), and the consumer may use such combined or total allowances either for fuel or lighting as he may think fit.

59. The consumer may be required by any application or requisition for fuel and lighting to give full particulars as to the premises separately occupied by him in respect of which the supply of fuel and/or lighting is desired, the purpose for which the fuel is required, the previous consumption of fuel and/or lighting, the stock of coal and coke on hand available for use, and the quantity acquired in any way since May 1st last, and any other particulars which in the opinion of the Controller would enable him or the Local Fuel Overseer, as the case may be, to apply the scales of allowances set out in clauses 6 and 8 hereof, or to judge as to the needs and reasonableness of the requisition shall relate to such period as may be determined under clause 16 hereof.

60. Requisitions shall be returned to the Local Fuel Overseer within 14 days of the date of issue completed as required.

Where an application for fuel and lighting has not been received in respect of any premises the Local Fuel Overseer may by direct notice to the consumer require such consumer to complete and return a requisition for such premises occupied by him within fourteen days of the date of such notice.

61. A consumer shall not sign and submit more than one requisition for the supply of fuel and lighting for the same premises except with the previous assent of the Local Fuel Overseer or except by way of a claim for additional allowance under clause 11 hereof.

Requisitions may be for a less quantity of fuel and/or lighting than that allowed under clauses 6 and 8 hereof respectively. In such case the consumer may without the previous assent of the Local Fuel Overseer submit a supplementary requisition at a later date for any quantity of fuel and/or lighting still due to him under such clauses or either of them.

The Local Fuel Overseer shall be responsible for seeing that not more than one requisition at one time is being fulfilled in respect of each

premises in separate occupation within his district, except with his assent.

62. The Local Fuel Overseer shall, if the particulars shown on a requisition are correct and agree with the application, issue certificates to the registered coal merchants or licensed coal dealers named thereon to supply such proper quantities of coal and coke required by such requisition, and at the same time issue certificates to the gas or electricity company or undertaking, or both, for the supply of the proper quantities of gas and/or electricity required by such requisition. Where the particulars shown on a requisition are incorrect, but the Local Fuel Overseer is satisfied as to the proper allowances to be made to the consumer, he shall issue certificates accordingly and at the same time issue an advance note of the fact to the consumer setting out such proper allowances as certified. Such certificates shall only be issued in the name (and address) of the registered coal merchant or licensed coal dealer who is to supply as named in the requisition.

Otherwise the Local Fuel Overseer shall only issue certificates after enquiry sufficient to determine what are the proper allowances for any premises, and shall then issue certificates and an advice note to the consumer accordingly.

If a certificate or certificates shall not have been issued within 14 days of the receipt of the requisition, the Local Fuel Overseer shall issue a temporary permit to the registered coal merchant or licensed coal dealer named on such requisition for a supply of coal and/or coke up to a given quantity or up to a given quantity per month until such time as he is able to issue the necessary certificate or certificates.

A gas or electricity undertaking shall continue the supply of gas or electricity pending the issue of the certificate, and the consumer shall be entitled to take such gas or electricity up to the quantity to which he is entitled under the terms of this Order, or where that is not ascertained up to his previous normal consumption as stated on his requisition without question as to correctness or validity of it under the terms of the Order.

Where a supply of coal for industrial purposes is included on a requisition and is not covered by the terms of clause 11 hereof, such supply may only be granted on receipt of an authority signed by such person or persons as may be agreed or determined by the Controller.

63. Where a certificate for a supply of fuel relates to premises in more than one occupation as provided by clause 13 hereof, or relates to various purposes and uses, the total allowance of fuel under such certificate shall be set out on the certificate in detail so as to show the parts of such allowance attributable to each separate occupation or to each several purpose, and fuel shall only be obtained and applied as stated therein.

Apart from the preceding paragraph of this clause, no significance shall attach to the kinds or qualities of coal or coke stated on a certificate, but the certificate shall be deemed to relate to a total quantity of coal or coke irrespective of kinds or qualities.

A certificate for a supply of coal may, at the request of the consumer, be met by a supply of coke provided that the quantity of coke supplied is treated as in fulfilment of an equivalent quantity of coal as provided by clause 7,

hereof. Except as provided in this clause, certificates for fuel shall not be treated as interchangeable.

64. A requisition shall not in itself be deemed to impose any obligation on a consumer to purchase or take delivery of the quantity of fuel and lighting stated in such requisition or in any certificate issued in respect thereof, nor shall the acceptance of a requisition or a certificate issued in respect thereof by a registered coal merchant or a licensed coal dealer be deemed to constitute a contract for the supply of the quantity of coal or coke stated on such requisition or certificate, nor shall the acceptance of a requisition or a certificate issued in respect thereof be deemed to impose any new or additional obligation to supply gas or electricity on any company or undertaking in fulfilment of the quantity stated therein.

65. Applications and requisitions for fuel and lighting, and all information contained therein or obtained in connection therewith shall be deemed to be private and confidential and shall not be communicated to any person not requiring to see such application or requisition or to have such information for the purpose of the execution of this Order.

66. Where a consumer desires to cancel or vary his requisition he must apply to the Local Fuel Overseer for the district, who will recall any certificates issued in respect thereof and at the same time obtain a certified statement as to what supplies (if any) have been made to such consumer under such certificates, and he will then cancel such certificates and substitute therefor such new certificates in respect thereof as may be desired by such consumer for any allowances of fuel and/or lighting still due under such requisition amended as may be necessary or desired by such consumer.

A transfer of a certificate from one registered coal merchant or licensed coal dealer to another shall only take place at the discretion of the Local Fuel Overseer, and there shall be no obligation upon him to cancel or vary such certificate for this purpose except for good cause shown. The acceptance of the registered coal merchant or licensed coal dealer to whom such certificate is to be transferred is necessary before the transfer can take place.

67. Special forms of application shall be used in connection with claims for additional allowances under clause 11 hereof. Such applications shall be forwarded to the Local Fuel Overseer, who will, within 14 days, issue the necessary certificate for any additional supply approved by him. Such applications may only be made after a requisition has been submitted and approved in respect of the premises concerned.

68. When the occupier of any premises is removing or about to remove from such premises he shall give notice to the Local Fuel Overseer of such removal and of the address to which he is removing in every case in which fuel and lighting are being obtained under the requisition of such occupier for such premises.

The Local Fuel Overseer shall on such notice recall any certificates issued in respect of such premises and obtain a certified statement as to what supplies (if any) have been made under such certificates, and the quantity of fuel and/or lighting so supplied if in excess of the quantity properly allowed for consumption under the certificates in respect of the period of time elapsed since the date of the requisition shall be brought into account in any new requisition of such occupier in respect of any new premises.

subject to any adjustment in respect of the stock of coal or coke which may be left behind at such premises. The Local Fuel Overseer shall, if the removal is out of the district, forward an advice of such excess to the Local Fuel Overseer of the district in which the new premises are situate as shown by the address given by such occupier.

Such action shall be without prejudice to any proceedings which may be taken against such consumer for failure to comply with the terms and provisions of this Order.

On every change of occupation a new requisition shall be submitted for the unexpired period of twelve months calculated from the 1st July last, as provided under clause 16 hereof.

An occupier may be required in respect of any occupation commenced subsequent to the date of this Order to afford evidence to the Local Fuel Overseer of his district that he has complied with the requirements of this clause. It shall be an offence under the Order to fail to give the notice prescribed by this clause.

69. A Local Fuel Overseer may call in a certificate under a requisition at any time and for any purpose and require such certificate to be accompanied by a statement showing in detail what supplies have been made under such certificate, and may cancel such certificate and issue such new one in its place at his discretion.

A registered coal merchant or licensed coal dealer shall not supply or deliver coal in quantities exceeding 1 cwt. at one time to any consumer after the date referred to in clause 50 hereof unless he is the holder of a certificate or temporary permit, issued by a Local Fuel Overseer in respect of such consumer. Where the Local Fuel and Lighting Committee is of opinion that it is necessary to postpone the operation of this part of this clause in order to facilitate the continuance of the coal trade it may make such reasonable postponement thereof as it may think necessary.

70. When a registered coal merchant or licensed coal dealer has completed the supply and delivery of coal or coke to any consumer under a certificate issued in respect of such consumer's requisition, he shall complete the declaration to that effect provided in the form of certificate and return it forthwith to the Local Fuel Overseer issuing it. Such consumer cannot then obtain or acquire any further supplies of coal or coke, as the case may be, for that year or other period specified except with the express permission of the Local Fuel Overseer.

#### PART VI.—DUTIES OF CONSUMERS.

71. A person being a consumer shall not—

(a) after the given date set out in clause 40 order, purchase, obtain, or in any way acquire or attempt to acquire coal except from a registered coal merchant or licensed coal dealer;

(b) after such date order, purchase, obtain, or in any way acquire or attempt to acquire coal or coke from more than one registered coal merchant or licensed coal dealer, without the previous assent of the Local Fuel Overseer;

(c) after the date on which this Order comes into effect, take delivery of or in any way acquire or attempt to acquire any quantity of coal which, together with any quantity of coal in his possession available for use in connection with any premises, would exceed either the yearly allowance under clause 6 hereof for such premises, or

when such allowance shall have been approved, the additional allowance under clause 11 hereof, or the special assessment or revised allowance under clause 12 hereof. Provided always that prior to the determination of any special assessment under clause 12 hereof for premises used as dwelling-houses the allowance in respect of such premises shall be deemed not to exceed 20 tons;

(d) after the submission of a requisition to a Local Fuel Overseer in respect of any premises in his occupation take delivery of or in any way acquire coal in quantities of 1 cwt. or less at one time from any hawker or trolley-man or person dealing in coal except where it can be shown that such quantity of coal was necessary for the prevention of hardship by reason of any failure to receive supplies under the requisition. The onus of proof shall be upon the consumer;

(e) consume or cause or permit to be consumed upon any premises in his occupation in any quarter gas or electricity to an amount exceeding one-third of a total yearly amount of 22,500 cubic feet of gas, or 120 Board of Trade units of electricity, or such further quantities as may be allowed under the certificates issued upon his requisition, subject to any adjustments which may be permitted in respect of any reduction in consumption in the preceding quarters of the year.

(f) fail to give notice of removal as required by clause 68 hereof;

(g) waste, or permit to be wasted, any fuel or lighting; and for the purposes of this clause, cinders capable of being further consumed shall be deemed to be coal;

(h) make, or connive at the making of any false statement on any requisition or other application made in connection with or for any of the purposes of this Order.

72. Every order for coal subsequent to a requisition shall be in writing, in a form to be approved by the Controller, and the consumer shall be required to state on this form particulars of any existing stock of coal which he has available for use in connection with the premises in respect of which the order is placed.

An order may be a continuing order for a delivery at regular intervals, and such order shall not need to be renewed in respect of each delivery.

All orders for coal outstanding at July 1st are hereby cancelled unless they are for such quantities as comply with the provisions of clause 71 (c) hereof.

73. Every consumer shall, if requested so to do, afford the Local Fuel Overseer or the Controller, or any duly authorised representative of either of them, such evidence in support of his requisition or any application thereunder as he may require, and shall further give every assistance to enable any particulars advanced by him in support of his requisition or other application to be verified.

74. The stock of coal in the possession of the consumer at the date of the requisition shall be deemed to be in full or part satisfaction of the coal requirements for the year.

75. A consumer shall not have in his possession at any time coal more than sufficient to satisfy his allowance for a period of 12 months, and coal shall not be acquired for stock during the period from 1st October to 30th April

without the previous assent of the Local Fuel Overseer.

Where a consumer has a stock of coal in excess of the quantity referred to above, the Controller, or any person duly authorised by him, may take possession of such excess and apply it in such manner as may be thought fit upon such terms as may be determined. Except that where a consumer within 42 days of the date of this Order advises the Local Fuel Overseer of the district of the existence of such excess stock, the Local Fuel Overseer may, if he think fit, issue to such consumer a certificate authorising the holding of such excess stock as shall be declared, or any part thereof, and such stock or part thereof shall be held by such consumer for his own benefit for such period of time and under such conditions as the Local Fuel Overseer shall direct.

76. In determining the stock of coal to which a consumer is entitled under clause 75 hereof or the excess stock under such clause, regard shall be had to the extent to which such consumer has elected to take his fuel allowance in gas or electricity.

77. A Local Fuel Overseer may grant to a consumer a certificate entitling such consumer to hold such additional stock as he may think fit and subject to such conditions as he may determine, provided that such stock is not disposed of or consumed in such a way as to increase the allowance of such consumer for any period.

#### PART VII.—DUTIES OF COAL MERCHANTS AND DEALERS.

78. A registered coal merchant or licensed coal dealer shall not accept an application or a requisition for fuel and lighting unless he has a reasonable expectation of being able to discharge all orders to be received under such application or requisition or unless he is required to accept such application or requisition by a Local Fuel Overseer or the Controller.

79. A registered coal merchant or licensed coal dealer shall not—

(a) supply or deliver coal to any premises on behalf of any consumer after the given date set out in clause 50 hereof (1) unless he is the holder of a certificate issued by a Local Fuel Overseer in respect of such premises of such consumer or (2) unless the quantity to be supplied or delivered does not exceed 1 cwt. at one time or such other quantity as may be from time to time determined by the Controller, and the registered coal merchant or licensed coal dealer is not aware that any requisition has been submitted by and approved for such premises of such consumer and he has complied with the provisions of clause 51 hereof so far as applicable thereto.

(b) after the date on which this Order comes into effect sell, deliver, or in any way supply coal for consumption to any person which together with any quantity of coal in his possession available for use in connection with any premises would exceed either the allowance under clause 6 hereof for such premises or, when such allowance shall have been approved, the additional allowance under clause 11 hereof, or the special assessment or revised allowance under clause 12 hereof. Provided always that prior to the determination of any special assessment under clause 12 hereof for premises used as dwelling-houses, the allowance in respect of

such premises shall be deemed not to exceed 20 tons.

(c) make any supply of coal in contravention of the provisions of clause 63 hereof except with the previous assent of the Local Fuel Overseer.

80. Every registered coal merchant or licensed coal dealer shall keep at the office or depôt at which orders are received and dealt with by him under any certificates, a record in a form to be approved by the Controller of all such certificates, and shall enter on such record against such certificates the dates and quantities of all coal sold, supplied or delivered by him in respect of any such orders.

The record and all orders, receipts or vouchers for the deliveries of coal, together with the books and accounts of such merchant or dealer, shall be open to the inspection, at all reasonable times, of the duly authorised representatives of the Local Fuel Overseer or the Controller.

Amendments may only be made on such record with the assent of the Local Fuel Overseer or the Controller or their duly authorised representatives. Mistakes which are corrected shall be shown on the record and evidence in support of the alteration afforded.

81. Where a registered coal merchant or licensed coal dealer receives an application for fuel and lighting for acceptance which, in his opinion, could be best executed by transfer to another registered coal merchant or licensed coal dealer, he may transfer such application, before acceptance, to such other registered coal merchant or licensed coal dealer who is willing to accept the same and such other registered coal merchant or licensed coal dealer is hereby authorised to accept such application and to execute any orders received and complete the supplies required under any certificate issued thereunder. A certificate may only be transferred with the assent of the Local Fuel Overseer.

The Local Fuel Overseer may, with the assent of the Coal Merchants' Supervisor for the district, or on the advice of the Local Fuel and Lighting Committee, require any delivery of coal to consumers within his district to be transferred from one depot to another within the district or from one registered coal merchant or licensed coal dealer to another within such district as may be most convenient for the delivery of the same, and in such latter case the requisition or certificate thereunder shall be transferred to the registered coal merchant or licensed coal dealer required to execute it, and he shall execute any orders thereunder equitably in rotation with any other orders that he may then have or may receive.

82. Every registered coal merchant and licensed coal dealer shall, if required by the Local Fuel Overseer with the approval of the Local Fuel and Lighting Committee, provide and thereafter maintain at each of his depôts adequate provision for the sale of coal by retail in quantities not exceeding 1 cwt. (but not less than  $\frac{1}{2}$  cwt.) at one time.

83. Every registered coal merchant and licensed coal dealer shall, as far as possible and subject to any special requirement of this Order, make deliveries of coal in rotation to all consumers, in accordance with the dates of their respective orders, without variation except in so far as may be necessary to make up full loads for delivery.

84. Except as provided in clause 93 hereof

and subject to the provisions of this Order, from the 1st May to the 31st October in any year, coal may be delivered to a consumer in instalments not exceeding 4 tons at one time up to a full year's allowance permitted by this Order in accordance with the requisition or certificate relating thereto, provided that where the capacity of one vehicle (including a trailer) exceeds 4 tons, a full load may be delivered and provided also that the last instalment of any order may be 6 tons or any less quantity as may be required to complete the allowance.

A second instalment shall not be delivered until provision has been made for the delivery of a first instalment as above in respect of all orders then received by the registered coal merchant or licensed coal dealer, and so for subsequent instalments.

This restriction on deliveries only applies to coal required for a separate dwelling house and shall not apply in respect of buildings not used or only partly used as a dwelling house or dwelling houses, or to blocks of flats or tenements, hotels, institutions, boarding houses or other premises in respect of which coal is purchased collectively on behalf of all occupiers.

Provided always that if he considers it necessary in the public interest to further restrict deliveries of coal during this period the Controller may by notice apply the restrictions set out in the next succeeding clause.

85. Except as provided in clause 93 hereof, and subject to the provisions of this Order, during the months from the 1st November to the 30th April in any year, coal shall not be delivered to any consumer in any month in excess of one-ninth of the full year's allowance under the requisition or certificate or one ton where such quantity is less than one ton unless the registered coal merchant or licensed coal dealer has completed all orders under requisitions or certificates accepted by him up to this extent for such month, or unless the delivery of a larger quantity has been required by the Local Fuel Overseer by notice in writing sent to such registered coal merchant or licensed coal dealer.

Except that when coal is carted loose the minimum quantity shall be the usual load for the district but not exceeding 30 cwt.

Coal shall not during these months be delivered in execution of any order where the available stock in the possession of the consumer is in excess of one-ninth of the full year's allowance under the requisition applicable thereto so long as any orders remain unexecuted where the available stock in the possession of any other consumer is less than such quantity.

86. The Controller may determine such priorities in the delivery of coal in quantities exceeding 1 cwt. at one time either in respect of certain classes of consumers or in respect of certain classes of buildings as he may think fit in the public interest, and may make rules accordingly.

87. Every registered coal merchant shall be required to hold such minimum stock of coal at each of his depôts and for such period of time as may be required by the Local Fuel Overseer with the approval of the Local Fuel and Lighting Committee or by the Controller, and if at any time within such period he shall not hold stock in excess of such minimum stock, then he shall not sell or deliver any coal except (a) to a consumer in such quantity as may be determined by the Local Fuel Overseer, as the maximum to be sold at one time or in respect of one purchase or transaction, (b) to a licensed

coal dealer for re-sale to consumers on similar conditions, or (c) to such persons and in such quantities by the express direction of the Local Fuel Overseer or the Controller, until such time as he again holds stocks in excess of such minimum.

88. With the assent of the Local Fuel Overseer the registered coal merchants may establish a common stock on behalf of them all or of some of them and may agree the terms and conditions to be applied to the provision and use of such stock.

In an emergency the Local Fuel Overseer may require stocks to be pooled, but not so as to prejudice the trade of any one merchant, and may determine subject to appeal to the Local Fuel and Lighting Committee or to the Controller the terms and conditions under which such pooling shall take place.

89. A registered coal merchant or licensed coal dealer shall make such returns and reports to the Local Fuel Overseer or the Controller as the Controller may from time to time direct, and it shall be an offence under this Order to fail to make such returns.

90. A registered coal merchant or licensed coal dealer shall make such deliveries as the Local Fuel Overseer may direct, and shall observe any directions and instructions of the Local Fuel Overseer, under the terms of this Order, and it shall be an offence to refuse or fail to make such deliveries without reasonable cause.

In addition to the powers conferred on the Local Fuel Overseer by clauses 36 and 81 hereof relating to deliveries, the Local Fuel Overseer may nominate, with the assent of the Coal Merchants' Supervisor or the Local Fuel and Lighting Committee, a coal merchant or dealer for his district or any part thereof, who shall undertake the delivery of any supply of coal in an emergency when other and more regular arrangements cannot be made.

91. A registered coal merchant or a licensed coal dealer shall not knowingly sell, supply or deliver coal to a consumer in quantities of 1 cwt. or less when such consumer is obtaining supplies under a requisition, whether accepted by him or by another merchant or dealer. Further, a registered coal merchant or licensed coal dealer may require a consumer attempting to acquire coal in quantities of 1 cwt. or less to declare the stock in his possession, and where such stock exceeds 10 cwt. shall refuse to supply or deliver coal to such consumer in such quantities.

92. The Local Fuel Overseer may with the approval of the Local Fuel and Lighting Committee determine the stocks to be held by licensed coal dealers so as to ensure their continuance in business at all times, but in exercising this power regard shall be had to the circumstances and ability of the licensed coal dealer to make and hold such stock, and in no case shall such stock exceed 50 tons without the licensed coal dealer's assent.

93. A registered coal merchant or licensed coal dealer selling, supplying or delivering coal by the truck to a private consumer must give previous notice thereof to the Local Fuel Overseer of the district to which the coal is to be forwarded and such notice shall give full particulars as to name and address of the person to be supplied, the premises in respect of which the supply is made, and the extent of the supply.

Within the period from October 1st to

April 30th in any year, the Local Fuel Overseer may in his discretion refuse to permit such supply to be made by the truck in any case and within the period from 1st May to 30th September in any year in any case in which there has not been a previous practice for coal to be so supplied.

94. A registered coal merchant or licensed coal dealer or anyone acting in their behalf shall neither advertise nor tout or canvass for customers or orders, except to such extent as may be permitted by the Local Fuel Overseer or the Controller. It shall be an offence under this Order, unless previously asked so to do by a consumer, to send a form of application to such consumer if he shall not have been supplied with coal previously by such merchant or dealer sending out such form of application, or to use the forms supplied by the Local Fuel Overseer or by the Controller for the furtherance of his trade, except in accordance with the procedure laid down in this Order.

This clause shall not have effect with regard to existing advertisements so long as no renewed or extended arrangement is entered into, nor shall it have any effect with regard to signs or notices on an office or shop or wharf or depot belonging to or in the occupation of such merchant or dealer for the purposes of his business of trading in coal or on any vehicle or other equipment used by him for the purposes of his business, nor shall it have any effect in relation to notices of prices to be charged for coal or to notices relating to any of the provisions of this Order.

PART VIII.—DUTIES OF UNDERTAKERS OF GAS AND ELECTRICITY SUPPLIES AND OTHER CLAUSES APPLICABLE THERETO.

95. A company or undertaking supplying or offering to supply gas or electricity for reward (hereinafter referred to as an undertaker of gas or electricity supply) shall not accept a certificate of the Local Fuel Overseer for a supply of gas or electricity to any consumer in excess of his previous consumption unless it is able to make such additional supply without prejudice to its other consumers or unless it is expressly required so to do by the Local Fuel Overseer. In the event of refusal the certificate shall be returned to the Local Fuel Overseer for adjustment.

96. Where an undertaker of gas or electricity supply is by reason of the provisions of this Order prevented from making a supply or from making a full supply to any consumer he shall to that extent be relieved of any obligation resting upon it by statute or otherwise from making such supply.

97. An undertaker of gas or electricity supply shall keep such records of its supplies to all consumers as the Controller may require, and such records, together with any orders, receipts, or vouchers for such supplies, and the books and accounts of such undertaker shall be open at all reasonable times to the inspection of the duly authorised representatives of the Local Fuel Overseer of the district in which any consumer's premises are situate, or of the Controller.

Further, an undertaker of gas or electricity supply shall make such returns to the Local Fuel Overseer or the Controller as the Controller may approve for the purposes of this Order.

98. An undertaker of gas or electricity supply shall take readings of the meters of all

consumers not less frequently than once in each quarter, and such other meter readings as, in the opinion of the Controller, may be found necessary to ensure the observance of the restrictions on consumption laid down in this Order.

For the purposes of the quarterly accounts and returns required under this Order the meter readings for each quarter shall be taken as nearly as possible to the quarter days as defined in clause 5 hereof. The system of taking meter readings shall as far as possible proceed according to some regular arrangement each quarter, so that the interval between the readings of the meter of any one consumer shall be approximately three months.

The meter readings shall, for the purposes of this Order, be final.

99. An undertaker of gas or electricity supply shall not, after the date on which this Order comes into effect, without the previous assent of the Local Fuel Overseer, make any new supplies for the purpose either of lighting or fuel, nor shall it fit or equip or permit or authorise to be fitted or equipped any premises with additional appliances for the purpose of using gas or electricity for fuel without such assent. This clause shall extend to any other persons undertaking the fitting or equipping of premises with appliances for the use of gas or electricity for fuel.

Where premises have been fitted or equipped for the purpose of using gas or electricity for fuel since May 1st last the Local Fuel Overseer may, in his discretion, refuse to permit an additional supply of gas or electricity for such premises in respect of such new fittings or equipment.

100. When a consumer fails to give notice of removal as required by clause 68 hereof, he shall be assumed to have consumed the gas and/or electricity shown by the next meter readings after his removal.

101. An undertaker of gas or electricity supply shall, not later than six weeks after the close of any quarter, make a return to the Local Fuel Overseer for each district in which it makes supplies showing for each consumer in such district the excess supply (if any) which such consumer has taken in such quarter for any premises in his occupation over the allowance shown for such consumer on the certificate received from the Local Fuel Overseer for such premises.

In calculating such excess supply due allowance shall be made for the interval which has actually accrued between the meter readings for that and the previous quarter and rateable adjustments made.

Due allowance shall also be made for any reduction in consumption in any previous quarter of the year commencing July 1st.

102. An undertaker of gas or electricity supply shall maintain such reserves of coal for the purposes of its undertaking as the Controller may determine, and shall report to the Local Fuel Overseer or Overseers concerned and to the Controller any failure on its part to maintain such reserves.

The Controller may in such event direct such general reduction or limitation in the supply of gas or electricity to consumers as he may deem necessary to provide against a failure of supply.

PART IX.—THE SALE OF COAL.

103. The Local Fuel and Lighting Committee, with the approval of the Controller, may

from time to time determine the maximum prices of coal to consumers, but in determining such maximum prices only those members of the Committee who are defined as independent members in clause 21 hereof shall vote upon any question coming up for decision.

104. In determining the maximum prices of coal to consumers the following principles shall apply:—

(a) Coal shall be divided into classes or qualities, which shall, as far as possible, follow the usual custom or practice of the trade, and coal shall only be sold or dealt in in accordance with the classes or qualities so established unless the Controller shall require the coal to be mixed or sold in a particular way, in which case the prices shall relate to the coal as sold under such requirement. Where coal is sold under a registered or trade name such name may only be added, in brackets, after the description of the class or quality.

(b) Separate prices shall be fixed for sales in quantities of 4 cwts. and over, and in quantities less than 4 cwts. Separate prices may also be fixed for sales in quantities less than 1 ton, but exceeding 4 cwts.

(c) Separate prices shall be fixed to accord with the conditions and circumstances attaching to the sale or delivery of coal.

105. The Local Fuel and Lighting Committee shall observe any directions of the Controller in determining the maximum prices of coal.

106. Where coal is sold for resale, the maximum prices of such coal at every stage shall be determined under this Order in so far as they are not already determined by the Wholesale Coal Prices Order, 1917.

107. Coal shall not be sold to, or purchased by, consumers at prices exceeding the maxima so determined, nor shall any charges be made or paid by any person under any pretext for special services rendered to consumers where such services have been brought into reckoning in determining the maximum prices.

108. When coal is delivered in restricted quantities, in consequence of any of the provisions of this Order, such coal shall be charged and paid for at the appropriate price as for the quantity delivered, and shall not, unless the consumer so desires, be deemed to be a part delivery in fulfilment of any then outstanding order for a larger quantity.

109. Every sale of coal to which the provisions of this Order apply shall be by weight, except that coke may be sold by measure in quantities of 1 cwt. or less, where such has been the previous practice, with the assent of the Local Fuel and Lighting Committee.

110. No conditions involving the purchase of any other article or any other payments than those permitted under this Order shall attach to a sale of coal. Where by reason of special circumstances attaching to any delivery or supply of coal the merchant or dealer is of opinion that the cost of such delivery or supply warrants an additional charge, he may apply to the Local Fuel and Lighting Committee to have an additional charge per ton or per cwt. determined in respect of such delivery.

111. Maximum prices of coke to consumers shall be fixed in relation to the maximum prices for coal, and this Order shall extend to the fixing of maximum prices for coke at all stages from the point of manufacture to the point

of consumption, clauses 103 to 110 hereof, inclusive, shall apply.

112. A notice in a form to be approved by the Controller of the maximum prices approved for any district or such less prices as may be charged shall be exhibited and kept exhibited in a conspicuous position in all offices or other places at which orders for the sale or delivery of coal are received and at the office or offices to be established under Clause 20 hereof respectively.

The charging of prices in accordance with such notice shall be conclusive evidence that such charging of prices is approved and that the prices charged are correct.

113. Subject to any byelaw of any Local Authority no person being the owner or employed in connection with or in charge of a vehicle offering for sale coal in quantities not exceeding 2 cwts. in such vehicle shall sell or offer for sale such coal unless there shall be affixed on prominent and conspicuous parts of such vehicle so as to be visible on both sides thereof, metal tablets on which shall be clearly marked in a permanent and legible manner the price per cwt. at which the coal is offered for sale, and such person shall not alter, deface, remove or exchange such figure or figures except at the place of loading or at the office of his employer; and no person in charge of a vehicle to which is affixed a metal tablet as above shall on a sale of any such coal charge to the purchaser any price greater than that marked on the said metal tablet.

Provided always that coal of one class or quality only shall be sold upon such a vehicle except with the previous assent of the Local Fuel Overseer, which assent shall not be unreasonably withheld.

114. Any coal to be supplied under an order under a requisition or certificate in respect thereof shall be paid for on or before delivery if the registered coal merchant or licensed coal dealer so require, and it shall be no cause of complaint that coal cannot be obtained where it is not shown that payment has been tendered on or before delivery if so required.

115. Any person selling or dealing in coal may be required to produce evidence to show that the coal which he is selling or dealing in is of a class or quality entitling him to charge the prices which he is demanding and for this purpose shall, on the request of a Local Fuel Overseer, Coal Merchants' Supervisor or other authorised representative of the Controller, or on the request of the purchaser, produce a sale ticket or loading ticket, as provided under Clause 48 hereof, or must produce the invoice relating to the purchase of coal by him from the colliery or factor.

116. A purchaser of coal may require the seller to produce evidence as to the correctness of the charges made by him in accordance with this Order. A Local Fuel Overseer, Coal Merchants' Supervisor or any authorised representative of the Controller may require any person selling or dealing in coal to satisfy him as to the correctness of the prices exhibited by such person, or as to the prices charged or proposed to be charged for any supply or delivery, or as to the quantity of coal contained in any bag or other receptacle or load being offered for sale or being delivered.

#### PART X.—ENFORCEMENT AND PENALTIES.

117. The Controller may confer upon every Local Fuel and Lighting Committee appointed

under this Order, subject to such approval as he may direct, the power of enforcing within its district this Order and all rules and instructions made or to be made by the Controller under the powers conferred upon him by this Order and the Controller shall in that event authorise every Local Fuel and Lighting Committee and such officers and other persons as it may designate or appoint for the purpose, to prosecute any summary offence against the Defence of the Realm Regulations occasioned by any breach of this Order or of any rule or instruction the power of enforcing which is conferred on the Committee. The Controller may also undertake prosecutions on his own account concurrently with any Local Fuel and Lighting Committee and may designate officers to carry out this work on his behalf.

118. In any proceedings taken by a Local Fuel and Lighting Committee or by an officer or other person designated or appointed by it or by the Controller for the purpose of prosecution in respect of a breach of this Order or of any rules or instructions of the Controller made thereunder, it shall be presumed until the contrary is proved that the authority conferred by clause 117 hereof applies.

119. Any failure or neglect on the part of any person to observe or conform to the terms and provisions of this Order is a summary offence against the Defence of the Realm Regulations.

120. Where a consumer shall have taken in connection with any premises more gas or electricity in any quarter than the quantity allowed under the terms of this Order, the Local Fuel Overseer may, in his discretion, call in any certificates under the requisition of such consumer in respect of such premises relating to coal or coke, and may cancel such certificates, issuing in their place new certificates for such less quantity of coal or coke as may then be due to such consumer after the conversion of such quantity of coal and/or coke into gas or electricity as may be necessary to provide against such excess consumption.

And where such consumer shall have obtained all the coal or coke due to him under such certificates may reduce the allowances of coal or coke of such consumer for any future period as may be necessary for such purpose.

121. An undertaker of gas or electricity supply may, and at the request of the Local Fuel Overseer, with the approval of the Local Fuel and Lighting Committee, shall, cut off the supply to any consumer in respect of any premises at which more than the amount allowed has been consumed in any quarter or prior to the conclusion of such quarter, and shall restore such supply on such terms and conditions as may be necessary to secure the observance of the restrictions on consumption laid down in this Order.

An undertaker of gas or electricity supply may for the purposes of this clause enter upon the premises of such consumer, and any costs to be incurred in connection with the cutting off or restoration of any supply of gas or electricity shall be borne by such consumer.

Any action taken under this clause shall be without prejudice to any proceedings which may be taken against such consumer for failure to observe the terms and provisions of this Order.

122. Where by reason of any compliance with the provisions of this Order the fulfilment of any contract by any party thereto is interfered with, the necessity of complying with the

provisions of this Order shall be a good defence to any action or proceeding taken against such party in respect of the non-fulfilment of such contract so far as it is due to such interference.

#### PART XI.—METROPOLITAN FUEL AREA— SPECIAL CLAUSES.

123. This Order shall be read in conjunction with the Household Coal Distribution Order, 1917, dated 10th August, 1917, and made by the Board of Trade, but, subject to clause 125 hereof, the terms and provisions of this Order shall in case of difference prevail.

124.
