#### A PROCLAMATION

UNDER THE MUNITIONS OF WAR ACTS, 1915  
TO 1917.

GEORGE R.I.

**W**HEREAS by section three of the Munitions of War Act, 1915, as amended by the Munitions of War (Amendment) Act, 1916, it is provided that the differences to which Part 1 of the first-mentioned Act applies are differences as to rates of wages, hours of work, or otherwise as to terms or conditions of or affecting employment on munitions work, and also any differences as to rates of wages, hours of work, or otherwise as to terms or conditions of or affecting employment on any other work of any description, if that Part of that Act is applied to such a difference by His Majesty by Proclamation, on the ground that in the opinion of His Majesty the existence or continuance of the difference is directly or indirectly prejudicial to the manufacture, transport, or supply of Munitions of War; and it is also provided that the said Part of the said Act may be so applied to such a difference at any time, whether a lock-out or strike is in existence in connection

with the difference to which it is applied or not: Provided that if in the case of any industry the Minister of Munitions is satisfied that effective means exist to secure the settlement without stoppage of any difference arising on work other than on munitions work, no Proclamation shall be made under the said section with respect to any such difference:

And whereas a difference within the meaning of the said section exists between the persons employed by the Industrial Co-operative Societies, wholesale and retail, of England and Wales, and the Committees of Management of the said Societies as to rates of wages, hours of work, and otherwise as to terms and conditions of or affecting employment on the work carried on by such persons:

And whereas the Minister of Labour and the Minister of Food have investigated the matter, and the Minister of Munitions, having considered the results of the investigation made by the Minister of Labour and the Minister of Food, and their representations to the Minister of Munitions, is not satisfied that effective means exist to secure the settlement of the said difference without stoppage, being a difference arising on work other than munitions work:

And whereas in Our opinion the existence or continuance of the said difference is directly or indirectly prejudicial to the manufacture, transport, or supply of Munitions of War:

Now, therefore, We, by and with the advice of Our Privy Council, are pleased to proclaim, direct, and ordain, that Part 1 of the Munitions of War Act, 1915, shall apply to the said difference.

British subjects in that country exemption from military service;

(b) Unless the convention contains provisions to the effect that British subjects in the allied country and subjects of the allied country in the United Kingdom shall before being liable to military service have an opportunity if they make an application for the purpose of returning to the United Kingdom or the allied country as the case may be;

and it is further provided that no such Order in Council shall be made until the expiration of thirty days from the date on which the convention is laid before Parliament:

And whereas a convention dated the third day of June, nineteen hundred and eighteen, has been concluded between His Majesty and the President of the United States of America respecting the liability to military service of British subjects in the United States of America and citizens of the United States of America in Great Britain, and was ratified and came into operation on the thirtieth day of July, nineteen hundred and eighteen, and the said agreement complies with the conditions aforesaid:

And whereas the said agreement was laid before Parliament on the said thirtieth day of July:

NOTE (1).—All persons or firms resident, carrying on business or being in the United Kingdom are prohibited from having, with any person or firm mentioned in this List, or in any List issued under the Trading with the Enemy (Statutory List) Proclamation, any dealings other than such as are expressly authorised by paragraph 5 of the Proclamation. A List (The Consolidated List, No. 61A) consolidating all previous Lists, up to and including that of the 9th August, 1918, is in press and will shortly be published. This consolidated List, together with List 62 and the List herewith annexed, contains all the names which up to this date are included in the Statutory List.

Additions to and variations in these Lists will be published at intervals approximately of two weeks.

The Lists are published in the London Gazette and reproduced in the Board of Trade Journal, and separate copies of all Lists may be obtained at a small cost from the Superintendent of Publications, His Majesty's Stationery Office, Imperial House, Kingsway, W.C.

NOTE (2).—Where a person or firm mentioned in the List has more than one address in the country, or group of countries under which the name of the person or firm appears, all dealings in that country, or in any country in the group, with such person or firm are prohibited, even in cases where one only of the addresses or one only of the countries is specially mentioned.

NOTE (3).—Trading is prohibited under the Trading with the Enemy Proclamations of 25th June, and 10th November, 1915, with any person or firm of enemy nationality resident or carrying on business in China, Siam, Persia, Morocco, Liberia, or Portuguese East Africa. Persons or firms in the United Kingdom are therefore prohibited from trading with any person or firm of enemy nationality in any of those countries, even though such person or firm is not mentioned by name in the Statutory List.

NOTE (4).—In order to minimise as far as possible any inconvenience which may be caused to the British traders by the dislocation of export trade owing to the inclusion in the Statutory List of a former connection, the Foreign Trade Department is collecting and classifying the names of non-enemy firms who may be able to act as substitutes for firms mentioned in the Statutory List. A considerable amount of information is already available at the Foreign Trade Department, and it is in many cases possible to suggest the names of satisfactory substitutes for individual firms on the Lists, without the necessity of

referring the matter abroad. The Department is, however, prepared on application to enquire of His Majesty's Representatives abroad for the names of suitable substitutes. When the applicant wishes this done by telegraph he is required to undertake to pay the cost of telegraphic correspondence. It would greatly facilitate the work of the Foreign Trade Department if applicants in making enquiries would specify the particular trade or trades for which substitutes are required. *General enquiries for new connections abroad should be addressed to The Comptroller General, Department of Overseas Trade (Development and Intelligence), 73, Basinghall Street, London, E.C. 2.*

NOTE (5).—The Statutory List for each country is telegraphed, on the day of issue, to His Majesty's Representative in that country, who is instructed to notify accordingly British Consular Officers, to whom persons abroad should apply for information as to names on the List. Persons and firms in the United Kingdom with agencies or branches abroad would, however, be well advised to furnish such agencies or branches with issues of the List as they appear. The names on the Lists for all countries in Central or South America are also notified to His Majesty's Ambassador at Washington, who transmits them to H.M. Consul-General at New York and to other centres in the United States likely to be interested.

NOTE (6).—It is not unusual for firms in Holland and the Netherland East Indies to be registered under names commencing with descriptive terms such as "Handel Maatschappij" (Trading Company) or "Naamlooze Venootschap" (Limited Liability Company). In such cases it has been found more convenient to publish the firm under its proper name followed by the general descriptive term "Handel Maatschappij" or "Naamlooze Venootschap" (N.V.) as in the case of an English company. For instance, Handel Maatschappij van den Berg & Company, and Naamlooze Venootschap de Komeet v/h Dumonceau Frères will be found under "Berg" and "Komeet" respectively, and not under "Handel" or "Naamlooze."

*Whitehall, September 3, 1918.*

**MEMBER OF THE APPEAL TRIBUNAL FOR THE COUNTY OF DEVON.**

*Whitehall, September 4, 1918.*

The KING has been pleased, by Warrant under His Majesty's Royal Sign Manual, bearing date the 4th instant, to appoint Lieutenant-General Sir Cecil Frederick Nevil Macready, G.C.M.G., K.C.B., to be Commissioner of Police of the Metropolis, in the room of Sir Edward Richard Henry, G.C.V.O., K.C.B., C.S.I., resigned.

*Whitehall, August 31, 1918.*

The KING has been pleased to award the Albert Medal to Lieutenant Leonard Harper, Cheshire Regiment, T.F.R., in recognition of his gallantry in saving life in August of last year. The circumstances are as follows:—

On the 5th August, 1917, a melting-pot, used for refining high explosives at an explosives factory, was being freed from a deposit of sediment which had accumulated. During the absence of Lieutenant Harper (one of the managers of the factory) a foreman attempted to break away the sediment, which was of a highly explosive nature, with an iron bar. The mixture fused, giving off fierce flames and thick fumes. On his arrival, Lieutenant Harper at once crawled with a hose underneath the pot, which was raised about three feet from the ground, and directed water at the flames immediately above him.

It was not until five or six hoses had been brought to bear on the pot for some time that the burning mixture was cooled down. Meanwhile there was imminent risk of an explosion, which would certainly have killed Lieutenant Harper and must have involved other buildings near by where 25 tons of high explosives were stored. Had such an explosion occurred, great loss of life and material damage must inevitably have resulted.

*Downing Street,  
3rd September, 1918.*

The KING has been pleased to approve of the re-appointment of William Peter, Esq., George Spicer Hudson, Esq., and William Victor Degazon, Esq., to be Unofficial Members of the Legislative Council of the Island of St. Lucia.

*Downing Street,  
4th September, 1918.*

The KING has been pleased to appoint Major-General Edward Northey, C.B., to be Governor and Commander-in-Chief of the East Africa Protectorate and His Majesty's High Commissioner for the Zanzibar Protectorate.

**TRADING WITH THE ENEMY AMENDMENT ACT, 1918.**

An Order has been made by the Board of Trade for the realisation and distribution of the assets of the under-mentioned business:—

## ORDER.

## CHLORINE AND CHLORINE COMPOUNDS.

The Minister of Munitions, in exercise of the powers conferred upon him by the Defence of the Realm Regulations, and of all other powers enabling him, hereby orders as follows:—

1. For all purposes of this Order, "chlorine" shall mean elementary chlorine, either in gaseous or in liquid form, and "chlorine compound" shall mean and include bleaching powder, sodium hypochlorite, all descriptions of chlorine bleach liquor, and all other compounds of or products containing chlorine which are commonly manufactured direct from chlorine, whether in gaseous or in liquid form. And for the purposes of Clauses 2, 4 and 5 of this Order, the weight of any chlorine compound shall be deemed to be the weight of the chlorine contained in the same.

2. As on and from the 16th September, 1918, until further notice, no person shall produce or manufacture any chlorine or chlorine compounds in quantities exceeding in the aggregate one ton during any one calendar month except under a licence issued by or under the authority of the Minister of Munitions and in accordance with the terms and conditions of such licence as to the quantities to be manufactured or otherwise.

3. As from the date of this Order all persons producing or manufacturing chlorine or any chlorine compound, or engaged in any manufacture, trade or business in which chlorine or any chlorine compound is used, shall carry out and comply with all instructions and directions which may be given by or on behalf of the Minister of Munitions with a view to avoiding loss or waste of chlorine.

4. As on and from the 16th September, 1918, no person producing or manufacturing chlorine or any chlorine compound shall, except under and in accordance with the terms and conditions of a licence issued by or under the authority of the Minister of Munitions, use more than one ton in all of such chlorine or any chlorine compounds during any one calendar month for the purposes of all other manufactures, trades and businesses carried on by him.

5. As on and from the 16th September, 1918, no person shall supply chlorine or any chlorine compound to any person (whether in pursuance of a contract existing at the date of this Order or otherwise), except under and in accordance with the terms and conditions of a licence issued by or under the authority of the Minister of Munitions. Provided that no licence shall be required by any person to supply not more than 56 lbs. of chlorine or chlorine compounds to any one person during any one calendar month.

6. As on and from the day following the date of this Order, no person shall sell or purchase or offer to sell or purchase any liquid chlorine or bleaching powder at a price exceeding the maximum price specified for the same in the schedule hereto. Provided that such maximum prices shall not apply to—(a) any sale of liquid chlorine or bleaching powder for export from the United Kingdom to any country other than the Channel Islands or the Isle of Man; nor (b) any sale of less than 56 lbs. of liquid chlorine or less than one ton of bleaching powder.

7. All persons engaged in producing, manufacturing, selling, distributing or storing

chlorine or any chlorine compound, or in any manufacture, trade or business in which chlorine or any chlorine compound is used, shall make such returns with regard to their business, and shall verify the same in such manner (including production of their books to any accredited representative of the Minister of Munitions being a chartered or incorporated accountant) as shall from time to time be required by or under the authority of the Minister of Munitions. And in particular all such persons shall, within fourteen days from the 1st October, 1918, make to the Minister of Munitions returns of all stocks of chlorine and chlorine compounds in their possession or under their control on that date, such returns to be sent to the Department of Explosives Supply, Storey's Gate, Westminster, S.W.1, and to be verified and authenticated by the signature of the person making the same, or, where such person is a firm or company, of a partner, director or other responsible officer. Provided that no return shall be required from any person whose stock of chlorine and chlorine compounds on the 1st October, 1918, does not exceed in the aggregate 1,000 lbs.

8. This Order may be cited as the Chlorine and Chlorine Compounds Order, 1918.

*Note.*—All applications in reference to this Order, including applications for licences, should be addressed to the Department of Explosives Supply, Storey's Gate, Westminster, S.W.1, and marked "Chlorine control."

## SCHEDULE.

*Maximum Prices.*

<i>Liquid Chlorine</i>	... 6d. per lb.
<i>Bleaching Powder</i>	... £15 per ton.

The above maximum prices are net cash prices for liquid chlorine and bleaching powder delivered free on rail or into cart or vessel at maker's works, and include the cost of filling into packages (cylinders and casks), but not the cost of the packages themselves. The packages, if supplied by the maker or vendor, may be charged for in addition at not exceeding current market prices, subject to refund in full on return of the same, carriage paid and in good condition, to the maker's works, except that a reasonable hire charge may be made for packages returned after the expiration of any reasonable period stipulated for the return of the same.

Where credit is given to the purchaser a reasonable extra charge may be made, provided that the discount allowed for net cash is quoted on the invoice or in the contract for sale, and is such as to bring the net cash price within the maximum authorised.

Where delivery is made elsewhere than at maker's works all costs of transport from maker's works to place of delivery may be charged in addition, any cartage or haulage to be charged at not exceeding local rates.

#### PROPOSAL TO FIX RATES OF WAGES FOR HORSE- MEN, CATTLEMEN, AND SHEPHERDS IN CUMBER- LAND, WESTMORLAND, AND THE FURNESS DIS- TRICT OF LANCASHIRE.

The Agricultural Wages Board (England and Wales), duly established and constituted under Section 5 (1) of the above Act, and the Regulations made by the Board of Agriculture and Fisheries dated the 8th November, 1917, having had regard to the provisions of sub-sections (6) and (7) of the said Section, hereby give notice, as required by sub-section (4) of the said Section and by paragraph 4 of the Agricultural Wages Regulations, 1918, that they propose to make the following Order:—

(1) The minimum rates of wages fixed by the Board as applicable to employment in the area comprising the administrative counties of Cumberland and Westmorland, the county

boroughs of Carlisle and Barrow-in-Furness, and the Petty Sessional Divisions of North Lonsdale and Hawkshead (including its detached part), in the administrative county of Lancaster, as set out in the Order of the Board dated the 30th July, 1918, shall not apply to any man of 18 years of age or over employed in the said area wholly or mainly as a Horseman, Cattleman or Shepherd.

(2) The wages payable for employment of any male workman of 18 years of age or over employed in the said area wholly or mainly as a Horseman, Cattleman or Shepherd shall be not less than wages at the rate of 42s. for a week consisting of the hours of employment, whether on weekdays or on Sunday, customary in the said area in the case of a workman so employed, with the addition in the case of a workman who has been so employed for a full term (expiring at Whitsuntide or Martinmas) of a further sum of 42s.

## CORN PRODUCTION ACT, 1917.

### AGRICULTURAL WAGES BOARD (ENGLAND AND WALES).

#### ORDER AS TO BENEFITS AND ADVANTAGES WHICH MAY BE RECKONED AS PAYMENT OF WAGES IN LIEU OF PAYMENT IN CASH.

The Agricultural Wages Board (England and Wales) duly established and constituted

under Section 5 (1) of the above Act, and the Regulations made by the Board of Agriculture and Fisheries, dated the 8th November, 1917, in pursuance of the powers given to them by Section 12 (1) (b) of the above Act and by the Agricultural Wages Regulations, 1918, and of all other powers enabling them, and having given the Notice prescribed by the last-mentioned Regulations, and having considered all objections duly lodged with them, do hereby Order as follows, that is to say:—

1. The benefits or advantages which may be reckoned as payment of wages in lieu of payment in cash for the purpose of any minimum rate of wages which may be fixed under the above Act, are hereby defined to include the provision by an employer for a workman employed by him of—

(1) Milk, including skimmed or separated milk.

(2) Potatoes.

(3) Lodging, except in any case in which the District Wages Committee shall determine that the lodging accommodation provided is so defective as to be injurious to health.

(4) Board, including any meals, but not including intoxicating drink.

(5) A Cottage, including any garden hitherto given or let with the cottage, except where the cottage is one in regard to which the Medical Officer of Health has reported that it is in a state so dangerous or injurious to health as to be unfit for human habitation.

2. The values at which the said benefits or advantages are to be reckoned for the purpose aforesaid are hereby defined to be—

(1) In the case of milk the current producers' wholesale price (to be ascertained and determined by the District Wages Committee as hereinafter provided).

(2) In the case of potatoes the current producers' wholesale price (to be ascertained and determined by the District Wages Committee as hereinafter provided) at the time at which the maincrop of potatoes is lifted.

Provided that where any payment is made by the workman for the provision of the milk or potatoes, an equivalent deduction shall be made from the value at which the benefit or advantage is to be reckoned.

(3) In the case of lodging, such weekly sum as the District Wages Committee shall determine.

(4) In the case of board, such weekly sum as the District Wages Committee shall determine.

(5) In the case of a cottage, three shillings per week, less any rent or rates which may be paid by the occupier, and so that the said value shall in no case exceed three shillings per week.

Provided that this definition of the value of the provision of a cottage shall not apply—

(a) to cottages in the area of a District Wages Committee or in any defined part thereof when the said Committee shall have determined that the average value customarily attached to

cottages occupied by workmen employed in agriculture and free from defects of accommodation, repair or sanitation (including water supply) in that area or part is less than 3s., and in that case the value at which the provision of a cottage may be reckoned as payment of wages in lieu of payment in cash shall be such less sum as the said Committee shall determine; or

(b) to a cottage with regard to which the District Wages Committee on an application by or on behalf of the workman shall at any time

(i) certify that the cottage is defective by reason of inadequate accommodation, want of repair, or sanitation (including water supply), and is of less value than a cottage which is free from such defects; and

(ii) determine the amount by which the value of the cottage occupied is less than the value of such a cottage, and in that case the value at which the provision of the cottage may be reckoned as payment of wages in lieu of payment in cash shall not exceed 3s. a week less the amount so determined by the Committee and also less any rent and rates which may be paid by the occupier.

3. (1) Subject to and for the purposes of this Order every District Wages Committee shall from time to time in respect of their area or any defined part of their area:

(a) ascertain and determine the current producers' wholesale prices of milk and potatoes and

(b) determine the amounts of the weekly sums at which the values of the provision of lodging and board are to be reckoned.

(2) In determining the amounts of the said weekly sums a District Wages Committee may specify sums varying according to the character of the lodging accommodation and meals provided, and shall have regard to the current prices within their area or the defined part thereof of articles included in such accommodation and meals and to the normal or average values at which under current contracts for employment in agriculture within such area or part such accommodation and meals appear to be reckoned.

4. Every determination of a District Wages Committee under this Order shall be reported as soon as may be to the Agricultural Wages Board, who may vary such determination in any case and shall publish or notify the same (including such variation, if any) in such manner as they think fit with a view to bringing the same so far as practicable to the knowledge of the persons affected thereby.

5. (1) In this Order the expression "District Wages Committee" means any District Wages Committee established under the District Wages Committee's Regulations, 1918.

(2) Any power or duty of a District Wages Committee under this Order may be delegated to a sub-Committee or sub-Committees thereof subject to the provisions of Clause 18 of the District Wages Committee's Regulations, 1918.

6. Except as in this Order provided no benefit or advantage shall be reckoned as

payment of wages in lieu of payment in cash for the purposes of any minimum rate of wages fixed under the Corn Production Act, 1917.

7. This Order shall come into operation on the ninth day of September, 1918.

Dated this sixth day of September, 1918.

## ADMIRALTY NOTICE TO MARINERS.

No. 1034 of the year 1918.

ENGLAND, SOUTH COAST.

(1) *Falmouth Harbour Approach—Traffic Regulations.*

*Former Notices.*—Nos. 88, 151, 317, 452, 551, 673, 794 and 922 of 1918.

All vessels bound to or from Falmouth harbour must pass between the two light-buoys situated at a distance of about 3 miles south-westward from St. Anthony point lighthouse as shown on charts, and maintain a course 0° (N. 17° E. Mag.) and 180° (S. 17° W. Mag.), respectively, for a distance of a quarter of a mile from the light-buoys.

Any instructions given by the patrol vessels should be strictly observed. Vessels proceeding eastward must obtain instructions as to the route to be followed before attempting to leave the anchorage.

Inward-bound vessels will have priority over outward-bound vessels in respect of passage through the ship-passage. Vessels entering Falmouth harbour must close the Drifter, stationed about half a mile to the southward of the two light-buoys defining the ship-passage.

This Drifter regulates inward-bound and outward-bound traffic. When no signals are exhibited by day or night by this Drifter, inward-bound traffic may proceed to pass through the ship-passage.

To indicate that the ship-passage is clear for outward-bound vessels, the Drifter will display by day a black shape and by night two horizontal white lights.

During fog three long blasts on the steam whistle, repeated at intervals of five minutes, will indicate that the ship-passage is clear for outward-bound traffic.

Vessels approaching Falmouth in foggy weather should be careful to sound the regulation fog-signal and to proceed with great caution when within a depth of 30 fathoms at all states of the tide.

When the ship-passage is clear for inward-bound traffic, no outward-bound vessel may approach within half a mile of the ship-passage; and when the signals indicate that outward-bound traffic may pass through the ship-passage no inward-bound vessels may approach within half a mile of the ship-passage.

During the hours of darkness all vessels entering or leaving Falmouth harbour must exhibit their side-lights.

(2) *Penzance Bay—Traffic Regulations.*

All vessels bound to or from Penzance bay must pass between the two light-buoys situated at a distance of about  $1\frac{1}{2}$  miles south-eastward from St. Paul church, north-westward of Mousehole, as shown on charts, and maintain a course  $0^{\circ}$  (*N.  $17^{\circ}$  E. Mag.*) and  $180^{\circ}$  (*S.  $17^{\circ}$  W. Mag.*), respectively, for a distance of a quarter of a mile from the light-buoys.

Vessels approaching from the eastward must keep to the southward of the parallel of lat.  $50^{\circ} 02' N.$ , until reaching a position about 3 miles southward of the ship-passage, which should then be steered for.

Any instructions given by the patrol vessels should be strictly observed.

Inward-bound vessels will have priority over outward-bound vessels in respect of passage through the ship-passage.

Vessels entering Penzance Bay must close the Drifter, stationed about half a mile to the southward of the two light-buoys defining the ship-passage.

This Drifter regulates inward-bound and outward-bound traffic. When no signals are exhibited by day or night by this Drifter, inward-bound traffic may proceed to pass through the ship-passage.

To indicate that the ship-passage is clear for outward-bound vessels, the Drifter will display by day a black shape and by night two horizontal white lights.

During fog three long blasts on the steam whistle, repeated at intervals of five minutes, will indicate that the ship-passage is clear for outward-bound traffic.

Vessels making Mounts bay in foggy weather should be careful to sound the regulation fog-signal and to proceed with great caution when within a depth of 25 fathoms at all states of the tide.

When the ship-passage is clear for inward-bound traffic, no outward-bound vessel may approach within half a mile of the ship-passage; and when the signals indicate that outward-bound traffic may pass through the ship-passage, no inward-bound vessel may approach within half a mile of the ship-passage.

During the hours of darkness, all vessels entering or leaving Penzance bay must exhibit their side-lights.

Before attempting to leave Penzance bay, outward-bound vessels must obtain instructions as to the route to be followed.

ADMIRALTY NOTICE TO MARINERS.

No. 1035 of the year 1918.

SCOTLAND NORTH-EAST COAST, WITH ORKNEY AND SHETLAND ISLES.

*Former Notices.*—Nos. 737, 756, 796 and 925 of 1918.

Notice is hereby given that, under the Defence of the Realm (Consolidation) Regulations, 1914, the following Regulations have been made by the Lords Commissioners of the Admiralty, and are now in force:—

(1) *Pentland and Moray Firths—Restriction of Traffic; Pilotage and Traffic Regulations.*

The following regulations have been made with a view to safeguarding the interests of shipping in the Pentland and Moray firths:—

I.—RESTRICTION OF TRAFFIC.

1. No vessel, either British, Allied or Neutral, is to be in the shaded area on the accompanying portion of Admiralty Chart No. 2, from half an hour after sunset to half an hour before sunrise, unless at anchor. No vessel, however, is to anchor:—

(a) Anywhere along the coast between Tarbet ness and North Sutor, except within one mile radius of Balintore;

(b) Anywhere off the south shore of the Moray firth between the meridians of Port Gordon and Burghhead, except within three-quarters of a mile of the low-water mark;

(c) Outside a distance of one mile of the coast in any other portion of the shaded area.

Notwithstanding the above order a limited number of fishing drifters are allowed to fish at night by special permit within certain areas in the Moray firth.

2. Vessels proceeding to ports in the Moray firth should endeavour to enter the firth in time to reach their destinations not later than half an hour after sunset. Should they not reach their destinations by that time they are to anchor, weather permitting, subject to the restrictions given in clause 1.

3. Any vessel contravening the foregoing regulations will run the gravest risk of being sunk.

*Caution.*—Neutral or Allied vessels are particularly warned that the passage through the Pentland firth presents very grave risks to a Westbound vessel and are strongly advised not to take it.

II.—CROMARTY AND INVERNESS AND APPROACHES  
—PILOTAGE AND TRAFFIC REGULATIONS.

Port of Cromarty and Approaches.

1. Pilotage is compulsory at the port of Cromarty for all vessels (including fishing vessels) which have a draught of over eight feet, and it is highly dangerous for any vessel to enter or leave without a pilot. Fishing and other small vessels having a draught of over eight feet are to assemble at the Pilotage stations, and will be conducted into and out of the port in groups.

Vessels bound for Cromarty will be led through the defences from a position off Tarbet ness by a pilot boat. They should follow directly astern of her.

Local arrangements for leading vessels through the defences will be made for vessels leaving Cromarty.

2. It is dangerous for any vessel to be under

way to the south-westward of a line joining Tarbet Ness and Findhorn without a pilot.

3. No vessels of any description other than H.M. Ships and Auxiliaries are to be under way between sunset and sunrise in the waters contained between a line drawn from Tarbet Ness to Findhorn, and a line drawn from Fort George to Chanonry point.

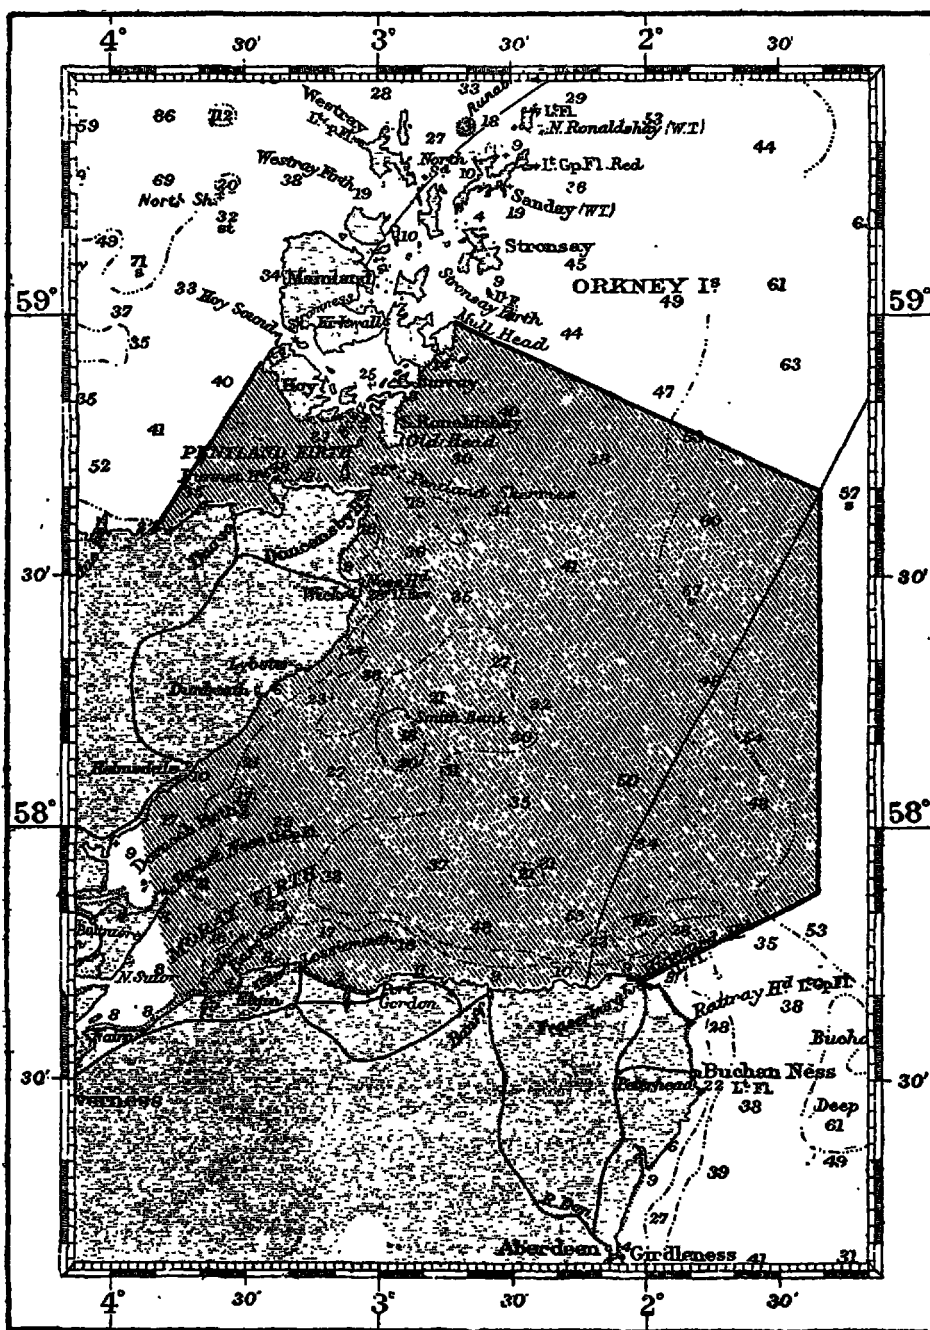

Port of Inverness and Approaches.

1. All Merchant Vessels, including Fishing craft, are to speak the Examination vessel off

carefully observe the rule of the road whilst keeping out of the way of larger vessels.

4. No vessel (other than H.M. Ships and allied Men-of-War) or boat shall without special permission move in or approach the Port during the hours of official night, and no boat (other than those belonging to H.M. Ships and allied Men-of-War) shall without special permission approach the shore or go alongside any pier or wharf in the Port of Inverness.

5. Pilotage is compulsory for all vessels of

Cromarty, and are to obtain permission from her to proceed into the Port of Inverness, the seaward entrances to which are dangerous.

2. Merchant vessels shall obey all orders given them by the Naval Port Authorities as regards anchoring or shifting berth.

3. Vessels proceeding in the same direction must not attempt to overtake and pass a vessel ahead in any of the channels in the Firth, or within the seaward entrances of the North and South channels.

This is not intended to apply to small fishing craft, and vessels of similar size, which must

8 feet draught and over (other than H.M. Ships and allied Men-of-War) entering or leaving the Port of Inverness, unless otherwise ordered by the Naval Authorities.

6. Vessels, when cleared, shall wait for the orders from Naval Authorities before leaving.

7. Drifters engaged on Inverness Pilotage duty will fly the Pilot flag and will be stationed at the Examination anchorage off Cromarty and all vessels arriving are to close the drifter flying this flag, after speaking the Examination vessel, and obey any orders they may receive.

8. Incoming and outgoing traffic will be regulated by signals hoisted at Fort George and on the Control vessel stationed seaward of the entrance to the port.

9. Traffic signals are to be strictly obeyed, and no vessel shall approach the entrances when the signals displayed are not in her favour, and no outgoing vessel is to approach Chanonry point within half a mile whilst the signals are against her.

10. Vessels proceeding with the tidal stream will, as a rule, be given priority over those proceeding against the tidal stream, but the signals are equally applicable to all vessels, entering or leaving the harbour, and they are only to use the channel between the light-buoys defining the ship passages.

11. Incoming and outgoing vessels shall not pass through the ship passages simultaneously. If through any misunderstanding an outgoing and an incoming ship are approaching the ship passages simultaneously, then the ship proceeding against the tidal stream shall give way and wait until the entrance is clear.

12. Vessels are to pass through the ship passages at a speed not exceeding 12 knots.

13. Inward-bound vessels, with special permission to be under way in Inverness firth and approaches during the hours of official night, when within 3 miles of the whistle-buoy off Cromarty and until they arrive at their anchorage within the Port of Inverness are to exhibit navigation lights (with the exception of a stern light, which is not to be shown), dimmed as provided for in Admiralty Notice to Mariners No. 872 of 1918, or any subsequent revision or republication thereof.

Outgoing vessels are to carry similar lights which are to be extinguished as soon as they are past Cromarty.

14. All vessels under way within the limits of the Port of Inverness are to exhibit navigation lights during the daylight hours, when owing to mist or other weather conditions the visibility is sufficiently low to render such a course desirable.

15. Vessels at anchor in the Port of Inverness and approaches are to obey all orders given them by the Naval Authorities as to the exhibition or obscuring of riding lights and darkening of ships.

## (2) Orkney Isles—Traffic Regulations.

### I.—SCAPA FLOW AND APPROACHES.

1. All entrances are dangerous, and entry is absolutely prohibited by any of them except as provided in succeeding paragraphs.

2. Examination services have been established in the entrances to Hoxa and Hoy sounds; vessels directed to enter must communicate with the Examination vessel and follow the instructions received from her very carefully.

3. No vessel is permitted to approach the entrance to Hoxa sound within a radius of 5 miles under any circumstances whatever, except when actually ordered to Scapa Flow.

4. The only vessels permitted to enter Hoy sound from the westward are those ordered to Stromness.

5. Vessels are not permitted to enter Hoxa or Hoy sounds by night or in thick weather.

6. Passage through Cantick sound is entirely prohibited.

### II.—PORT OF KIRKWALL AND APPROACHES.

1. The port of Kirkwall shall comprise all enclosed waters of the Wide Firth and Kirkwall bay to westward of Thieves holm.

2. Merchant vessels shall obey all orders given them by the Admiralty Port Officer as regards anchoring or shifting position.

3. No vessel other than H.M. Ships shall enter or leave the Port of Kirkwall during hours of darkness, *i.e.*, between half an hour after sunset and half an hour before sunrise, except in special circumstances with special permission from the Admiralty Port Officer.

4. During foggy and thick weather, traffic in and out of the port is stopped, and no vessel shall approach the boom from either direction.

5. No vessel other than H.M. Ships or boat shall move in the harbour during hours of darkness as aforesaid. And no boat other than those belonging to H.M. Ships shall approach the shore or go alongside any pier in the Port of Kirkwall.

6. All vessels other than H.M. Ships entering or leaving the Port of Kirkwall shall be piloted in and out by a Pilot drifter, and are prohibited from entering or leaving harbour unless so piloted, save and except only, (1) in the case of such British vessels as have a written exemption therefrom, issued by the Admiralty Port Officer, (2) when a liner is entering the harbour, the Pilot may at his discretion, when circumstances of tide and sea render it advisable, direct such liner to enter the harbour without being piloted, provided always that the gate is open for incoming traffic.

7. Vessels, when cleared, shall wait for the Pilot vessel to conduct them out of port, or proceed as directed by the Naval Authorities.

8. Drifters engaged on pilot duty will fly the pilot flag (white and red, horizontal).

9. Incoming and outgoing traffic will be regulated by signals hoisted at the yardarm of the Boom trawler and repeated at the Hellier holm lighthouse.

10. Traffic signals are to be strictly obeyed, and no vessel shall approach the entrance against the signal.

11. The following Traffic signals will be displayed at the Boom and at Hellier holm:—

Gate "Open for Incoming Traffic":

By day—Two balls, vertical.

By night—A red light.

Gate "Open for Outgoing Traffic":

By day—A cone, point upwards.

By night—A green light.

Gate closed:

By day—Three balls at Hellier holm.

By night—Three red lights at Hellier holm.

12. Vessels entering will, as a rule, be given priority over those leaving.

13. All outgoing vessels shall pass round the Turning buoy (red and white striped, spherical) moored approximately 285° (N. 56° W. Mag.), one mile from the entrance.

14. Incoming vessels will not pass round the Turning buoy, but will shape course as requisite for the anchorage on entering.

15. No outgoing vessel shall pass the Turning buoy, unless the signal for outgoing traffic is up. If the signal is against it, such vessel shall

stop and wait in the neighbourhood of the Turning buoy.

16. No incoming vessel shall pass Hellier holm, unless the signal for incoming traffic is up at Hellier holm. If the signal is against it, such vessel shall wait in Shapinsay sound.

17. Incoming and outgoing vessels shall not pass through the gate simultaneously. If, through any misunderstanding, an outgoing and an incoming ship are approaching the gate simultaneously, then the outgoing ship shall give way and shall turn round, and return to the Turning buoy and there wait till such time as the entrance is clear.

18. As a rule only one ship will be conducted out at a time, but under exceptional circumstances, in the event of two ships being conducted out, then the pilot will give instructions as to which ship is to go first and the rear ship shall then keep a full half mile directly astern, and is on no account to close or overhaul or attempt to pass the ship ahead.

19. *Caution.*—Caution is necessary when approaching the boom, as the tidal stream does not set fairly through the opening and attains considerable velocity especially on the ebb or west-going stream, which sets in a north-westerly direction.

*Variation.*—19° W.

(3) *Shetland Isles—Traffic of Neutral Vessels Prohibited.*

No vessels other than those of British Nationality or those of the Allied Nations, except vessels calling for the purpose of Examination, shall enter any ports or harbours in, or anchor off any part of, the coasts of the Shetland Isles until further notice.

*Note.*—Special traffic regulations for the Port of Lerwick and approaches will be found in Admiralty Notice to Mariners No. 767 of 1917.

Any person found guilty of such an offence is liable to severe penalties both of imprisonment and fine.

Any person aiding or abetting the commission of such an offence is himself guilty of an offence against the Regulations.

Attention is also drawn to the fact that any infringement of the directions contained in this Admiralty Notice to Mariners is liable to result in the detention of the ship or vessel.

*Former Notices.*—Nos. 795 and 923 of 1918.

Two ship-passages have been established as follows:—

*Northern ship-passage*, 600 feet wide, marked by light-buoys on either side, situated  $5\frac{1}{2}$  cables,  $142^{\circ}$  (S.  $22^{\circ}$  E. Mag.), from the Ore Stone  $\Delta$ . This ship-passage is to be used by:—

(1) All vessels approaching Tor Bay from the eastward.

Such vessels should make a position one mile,  $44^{\circ}$  (N.  $60^{\circ}$  E. Mag.), from the ship-passage and enter on a course  $224^{\circ}$  (S.  $60^{\circ}$  W. Mag.) till half a mile beyond the ship-passage.

(2) All east-bound vessels leaving Tor Bay.

Such vessels should steer so as to pass through the ship-passage on a course  $44^{\circ}$  (N.  $60^{\circ}$  E. Mag.) and should continue on this course for one mile, when course is to be altered to join the route in force.

*Southern ship-passage*, 600 feet wide, marked by light-buoys on either side, situated 7 cables,  $84^{\circ}$  (S.  $80^{\circ}$  E. Mag.), from Berry Head light-house. This ship-passage is to be used by:—

(1) All vessels approaching Tor Bay from the southward and westward.

Such vessels should make a position one mile,  $144^{\circ}$  (S.  $20^{\circ}$  E. Mag.), from the ship-passage, and enter on a course  $324^{\circ}$  (N.  $20^{\circ}$  W. Mag.) till half a mile beyond the ship-passage.

(2) All south and west-bound vessels.

Such vessels should steer so as to pass through the ship-passage on a course  $144^{\circ}$  (S.  $20^{\circ}$  E. Mag.) and should continue on this course for a mile beyond the ship-passage, when course is to be altered to join the route in force.

Caution is necessary when entered southern ship-passage as the stream sets obliquely across the entrance. A drifter regulates traffic through each ship-passage, and when no signals are displayed by these drifters by day or by night the ship-passage is open for incoming traffic.

To indicate that the ship-passage is open for outgoing traffic these drifters will display:—

By day, a black shape.

By night, two horizontal white lights.

No outgoing vessel is to approach within half a mile of the ship-passage unless this signal is displayed and permission has been given to proceed.

Priority will be given to incoming vessels over outgoing vessels in respect to passage through the ship-passages, but incoming vessels are not to approach within half a mile of the ship-passages while they are open to outgoing vessels. All vessels entering or leaving Tor Bay during darkness must exhibit their side lights.

During fog three long blasts on the steam whistle repeated at intervals of five minutes will indicate that the ship-passages are clear for outgoing vessels.

Vessels approaching Tor bay in foggy weather should sound the regulation fog-signal and proceed with great caution.

ANCHORAGE REGULATIONS.

All orders given by the patrols are to be strictly carried out.

Vessels entering Tor bay anchorage in order

to bunker at Brixham, and westbound vessels in ballast which are weather-bound and unable to round Start Point are to anchor as directed in Brixham roads to the westward of a line drawn in a  $0^{\circ}$  (*N.  $16^{\circ}$  E. Mag.*) direction from Brixham breakwater light, and to the southward of a line drawn in a  $90^{\circ}$  (*S.  $7\frac{1}{2}^{\circ}$  E. Mag.*) from Goodrington.

Sailing vessels are to anchor as directed on the inshore side of a line drawn in a  $219^{\circ}$  (*N.  $45^{\circ}$  W. Mag.*) direction through Brixham breakwater light, clear of the fairway into Brixham harbour.

All other vessels are to anchor as directed on entering.

#### REGULATIONS FOR BRIXHAM FISHING VESSELS.

No fishing vessel is on any account to attempt to pass through the ship-passages during the hours of darkness.

Fishing vessels are not to leave Brixham harbour until permission has been obtained from the Port Fishery Officer. The three organised fleets working from Brixham are to follow the motions of the Admiral of their fleet in respect to leaving harbour.

The conduct of these fleets is dealt with by local orders.

In addition to the restrictions to fishing laid down in Admiralty Notices to Mariners:—

Trawling or drifting is prohibited within two miles of the obstruction in any direction.

The laying of nets, crab or any other pots, or anchoring for the purpose of fishing with hand lines is entirely prohibited within half a mile of the obstruction in any direction.

#### REGULATIONS RESPECTING SMALL CRAFT AND PLEASURE BOATS.

The following regulations are to apply to all small craft and pleasure boats (exclusive of *bona fide* commercial fishing craft sailing under fishing permits) using the harbours of Brixham, Paignton and Torquay.

No small craft or pleasure boat will be permitted to go outside the ship-passages.

Small craft with amateur fishing permits can obtain special permission to pass through the ship-passages between the hours of sunrise and sunset provided they keep within the three-mile limit from their port. Such permission must be obtained from the Senior Naval Officer, Torquay, through the Station Officer of the Coast-guard Station.

Small craft must not go alongside, or hold communication with any vessel in the anchorage unless special permission from the Senior Naval Officer has been obtained to do so.

No. 1037 of the year 1918.

ENGLAND, SOUTH-EAST COAST.

*Dover Channel—Traffic Regulations.*

*Former Notices.*—Nos. 778 and 924 of 1918; hereby cancelled.

1. Two light-vessels and four light-buoys have been established to mark a gateway in the Dover channel off Folkestone, as shown on the charts.

2. Shipping is hereby warned that the *only* passage for traffic proceeding between the Downs and Dungeness is between the North-East and South-East gate light-buoys and then between North and South Folkestone gate light-vessels shown on the chart, and between North-West and South-West gate light-buoys and *vice versa*, and that Article 25 of the Collision Regulations must be complied with, that is to say, East-bound traffic must keep to the Southern side of the passage and West-bound traffic must keep to the Northern side. Ships disregarding this warning will do so at their own peril.

3. *Caution.*—Mariners are warned to exercise great caution when approaching the ships' passage between the Folkestone gate light-vessels, as the tidal streams may at times set obliquely across the passage. Both light-vessels should be given as wide a berth as the width of the passage and compliance with Article 25 of the Collision Regulations permit.

4. The latest route information and route instructions are to be obtained from the examination vessels off Calais and Boulogne, or in the Downs or from Patrol vessels westward of Folkestone gate or in the vicinity of Cape Gris Nez. Any deviation from these instructions may entail the destruction of the vessel. No vessels are to pass through the area given in paragraph 5 of this Notice except by the authorised routes.

5. No vessel is to anchor or to fish in the following points:—

(a) Admiralty pier lighthouse, Dover.

(b) Les Quenocs buoy No. 4.

(c) Cape Gris Nez lighthouse.

(e) The light-buoy at the south-west end of Le Colbart in lat.  $50^{\circ} 49\frac{1}{4}'$  N., long.  $1^{\circ} 15\frac{1}{2}'$  E.

(f) Sandgate castle.

6. No Merchant vessel is to pass to the north-eastward of an imaginary line drawn in a direction  $292^{\circ}$  (*N.  $55^{\circ}$  W. Mag.*) from the outer end of Gravelines pier as far as the South Sand Head of the Goodwin Sands, unless in receipt of special authority to do so from the Vice-Admiral, Dover or the Examination or Patrol vessels mentioned in paragraph 4.

7. British Merchant vessels approaching the Straits of Dover are to hoist their number in the International Code.

8. *Caution.*—Mariners are warned that light-buoys which are not shown on the chart may be met with between the parallels of lat.  $51^{\circ} 04'$  N. and  $51^{\circ} 20'$  N.

*Lamlash Harbour Entrances—Traffic Regulations.*

*Former Notices.*—Nos. 154, 320, 455, 554, 677, 797 and 926 of 1918.

A ship-passage, 500 feet in width, has been established at the entrance to North channel. This ship-passage is marked on its northern side by a light-buoy situated about  $4\frac{1}{2}$  cables south-eastward from Hamilton rock as shown on chart.

A ship-passage, 500 feet in width, has also been established at the entrance to South channel. This ship-passage is marked on its western side by a light-buoy situated about  $6\frac{1}{2}$  cables south-eastward from Stone on Kings-cross point as shown on chart.

All vessels bound for Lamlash must approach by the Northern channel, and maintain a course  $244^{\circ}$  (*S.  $82^{\circ}$  W. Mag.*) for a distance of a quarter of a mile on either side of the light-buoy, which should be left on the starboard hand at a distance not exceeding 75 yards.

Vessels must not attempt to enter by the Southern channel unless they have been definitely ordered by their route instructions or a Clyde Patrol vessel to do so, when they must maintain a course  $329^{\circ}$  (*N.  $13^{\circ}$  W. Mag.*) for a distance of a quarter of a mile on either side of the light-buoy, which should be left on the port hand at a distance not exceeding 75 yards.

When using the Northern channel, inward-bound vessels will be given priority over those outward bound.

Vessels entering are not to approach the ship-passage at a speed exceeding 10 knots.

Vessels entering are to close the drifter, which will be lying off the ship-passage, for instructions. Any instructions which may be given by Patrol vessels in the outer reaches of the Clyde must also be strictly observed.

The drifter regulates the traffic both inward and outward bound as follows:—

To indicate the ship passage is clear for inward-bound traffic, she will display at both yard-arms:

By day—Two black balls hoisted vertically.

By night—One red light.

To indicate that the ship-passage is clear for outward-bound traffic, she will display at both yard-arms:

By day—One black cone, point up.

By night—One green light.

During fog or thick weather, she will sound three long blasts on her steam whistle at intervals of five minutes to indicate that the ship-passage is clear for outward-bound traffic.

There will be no sound signal for inward-bound traffic.

No vessel, either inward or outward bound, is to approach within half a mile of the ship-passage unless the drifter is displaying the traffic signal in her favour.

In foggy or thick weather, vessels approaching are to sound the regulation fog-signals, and proceed with great caution.

All vessels entering Lamlash by night are to burn side lights.

Vessels entering Lamlash by day are to anchor to the southward of a line joining the new Pier head and the north end of Holy island.

Vessels entering during the night may anchor to the northward of this line until the morning.

Before attempting to leave Lamlash, all vessels must obtain instructions as to the route to be followed.

## IRELAND, EAST COAST.

*Belfast Lough—Traffic Regulations.*

*Former Notices.*—Nos. 155, 321, 457, 556, 679, 799 and 928 of 1918.

A ship-passage has been established on the northern side of the entrance to Belfast lough, about 8 cables south-eastward from Cloghan point. The ship-passage is marked by two light-buoys as shown on the charts.

When making for this ship-passage, vessels must maintain a course of  $201^{\circ}$  (*S.  $40^{\circ}$  W. Mag.*) or  $21^{\circ}$  (*N.  $40^{\circ}$  E. Mag.*) for a distance of a quarter of a mile on either side of the ship-passage.

The Gobbins head light-and-whistle-buoy, exhibiting a *flashing red* light, situated in lat.  $54^{\circ} 48' 10''$  N., long.  $5^{\circ} 38' 20''$  W., approximately, serves as an additional aid to vessels.

Vessels approaching Belfast must be careful to look out for and close the Patrol vessels off the port, and strictly observe any instructions communicated to them by the Patrol.

A Drifter will be stationed at a distance of about half a mile north-eastward of the ship-passage.

This Drifter regulates inward-bound and outward-bound traffic. When no signals are exhibited by day or night by this Drifter, inward-bound traffic may proceed to pass through the ship-passage.

Inward-bound vessels will be given priority over outward-bound vessels in respect of passage through the ship-passage.

To indicate that the ship-passage is clear for outward-bound vessels the Drifter will display by day a black shape and by night two horizontal *white* lights.

During fog three long blasts on the steam whistle, repeated at intervals of five minutes, will indicate that the ship-passage is clear for outward-bound traffic.

Vessels approaching Belfast lough in foggy weather should be careful to sound the regulation fog-signals, and to proceed with great caution when within a depth of 30 fathoms at all states of the tide.

When the ship-passage is clear for inward-bound traffic, no outward-bound vessel may approach within half a mile of the ship-passage; and when the signals indicate that outward-bound traffic may pass through the ship-passage, no inward-bound vessel may approach within half a mile of the ship-passage.

During the hours of darkness, all vessels entering or leaving must exhibit their side-lights.

Before attempting to leave Belfast lough, outward-bound vessels must obtain instructions as to the route to be followed.
