The KING has been pleased to award the Albert Medal to Private George Bennett, of the 12th Lancers in recognition of his gallantry in saving life in France in February last. The circumstances are as follows:—

On the 25th February, 1918, at a railway station in France a woman who was

crossing the line in front of a troop train, to reach a passenger train, was caught by the buffer of the engine. Private Bennett, hearing the woman's screams and seeing her position, rushed to help her and pulled her into the six-foot way between the two trains. Unfortunately a basket which the woman was carrying was struck by the troop train and knocked Bennett against the passenger train, with the result that he was badly injured and has suffered the amputation of both his legs. Had it not been for his presence of mind and courage the woman would probably have been killed.
