ADMIRALTY

NOTICE TO MARINERS.

No. 1064 of the year 1918.

IRELAND, EAST COAST.

Belfast Lough—Traffic Regulations.

Former Notices.—Nos. 155, 321, 457, 556, 679, 799, 928 and 1040 of 1918; hereby cancelled.

A ship-passage has been established on the northern side of the entrance to Belfast lough, about 8 cables south-eastward from Cloghan point. The ship-passage is marked by two light-buoys as shown on the charts.

When making for this ship-passage, vessels must maintain a course of 201° (S. 40° W. Mag.) or 21° (N. 40° E. Mag.) for a distance of a quarter of a mile on either side of the ship-passage.

The Gobbins head light-and-whistle-buoy, exhibiting a flashing red light, situated in lat. 54° 48' 10" N., long. 5° 38' 20" W., approximately, serves as an additional aid to vessels.

Vessels approaching Belfast lough must be careful to look out for and close the Patrol vessels off Black head and strictly observe any instructions communicated to them by the Patrols.

A Drifter will be stationed at a distance of about half a mile north-eastward of the ship

passage. This Drifter regulates the inward and outward bound traffic.

Inward-bound vessels will be given priority over outward-bound vessels in respect of passage through the ship-passage.

Signals:

To indicate that the ship-passage is clear for inward-bound vessels, the Drifter will display:—

(a) By Day—No Signal.

(b) By Night—Two horizontal red lights.

To indicate that the ship-passage is clear for outward-bound vessels, the Drifter will display:—

(a) By Day—A black shape.

(b) By Night—Two horizontal white lights.

During fog the Drifter will remain close to the ship-passage, and will sound the following signals:

(a) Under normal conditions when no vessel is passing either way, the Drifter will sound "K" (— — —) on her whistle every two minutes. This signal is intended to indicate the position of the Drifter and of the ship-passage.

(b) When an inward-bound vessel is heard approaching, the Drifter will sound letter "V" (— — —) on her whistle to indicate that the ship-passage is clear for inward-bound vessels.

(c) When an outward-bound vessel is heard approaching, the Drifter will sound letter "O" (— — —) on her whistle to indicate that the ship-passage is clear for outward-bound vessels.

Vessels approaching Belfast lough in foggy weather should be careful to sound the regulation fog-signals, and to proceed with great caution when within a depth of 30 fathoms at all states of the tide.

During the hours of darkness, all vessels entering or leaving must exhibit their side lights.

At all times, day or night, when the signals indicate that the ship-passage is clear for inward-bound traffic, no outward-bound vessel may approach within half a mile of the ship-passage; and similarly, when the signals indicate that the ship-passage is clear for outward-bound traffic, no inward-bound vessel may approach within half a mile of the ship-passage.

Note.—This Notice is a revision of the former Notices quoted above. The new information respecting the signals displayed from the Drifter will come into operation on and after 15th September 1918.

Authority.—The Lords Commissioners of the Admiralty.

By Command of their Lordships,

J. F. PARRY,

Hydrographer of the Navy.

Admiralty, London,

ADMIRALTY NOTICE TO MARINERS.

No. 1065 of the year 1918.

SPECIAL INSTRUCTIONS TO MERCHANT VESSELS.

Former Notice.—No. 872 of 1918; hereby cancelled.

(1) *Information respecting War Instructions for Merchant Vessels.*

Notice is hereby given that, under the Defence of the Realm (Consolidation) Regulations, 1914, the following Order has been made by the Lords Commissioners of the Admiralty and is now in force:—

The Orders contained in Admiralty War Instructions for British Merchant Ships or in any instructions or advice, confidential or otherwise, issued or given to Masters of vessels by British or Allied Naval Officers, or by other duly authorised Officers or Officials, as to routes to be taken and other precautions to be observed to avoid capture or destruction by the enemy, are to be observed even when they are in conflict with the provisions of the Regulations for preventing Collisions at Sea, and every vessel observing such regulations, instructions or advice shall be deemed to be taking measures to meet "special circumstances" within the meaning of Article 27 of the Regulations for preventing Collisions at Sea.

(2) *Caution as to obeying Orders received from H.M. Ships, &c.*

The attention of all Masters or other persons in command or charge of vessels is directed to the duty of obeying promptly and strictly all orders, whether by way of signal or otherwise, given by any Officer in Command of any of His Majesty's Ships or by any Naval or Military Officer engaged in the defence of the coast. Cases have been reported to the Admiralty in which British Merchant vessels have wilfully disregarded the Orders given by Patrol Boats, &c., and it is therefore considered necessary to remind all persons concerned of the penalties provided for such acts of disobedience.

Where vessels neglect to obey Orders so given the person in charge is liable to prosecution under the Defence of the Realm (Consolidation) Regulations, 1914, and upon conviction to be fined £100 or imprisoned for six months or, where the disobedience was of an aggravated kind, to suffer both penalties.

It should also be noted that failure to obey orders may necessitate the seizure and detention of the vessel, when found in any port of the United Kingdom subsequently to the time at which the act of disobedience was committed.

(3) *Procedure for Visit and Search of Vessels by H.M. Ships.*

In view of the danger of H.M. Ships closing vessels, apparently Neutral, British or Allied traders, but which are in reality German raid-

ing cruisers, it is necessary to adopt a special Boarding procedure as a measure of precaution.

When it is desired to put into force the special Boarding procedure it will be as follows:—

A red pendant of a specially large size will be hoisted by the man-of-war exercising the right of visit and search. The hoisting of this pendant will be accompanied by the firing of a rocket. This will signify that the merchant ship is to close the boat lowered by the man-of-war, whether the man-of-war remains in the vicinity of the boat or not.

(4) *Regulations with regard to Vessels' Lights.*

Notice is hereby given that, under the Defence of the Realm (Consolidation) Regulations, 1914, the following Order has been made by the Lords Commissioners of the Admiralty, and is now in force:—

(a) In areas in which submarines and/or raiders are likely to be met, which areas are defined in war instructions for British merchant ships or within such limits as may be defined by officers responsible for the issue of route instructions at home or abroad, and

(b) In areas other than those above mentioned, whenever information is received by war warnings, or otherwise, that submarines and/or raiders are operating:

(1) Vessels are to be carefully darkened from sunset to sunrise. No light of any description shall be exposed in any vessel so as to be visible outboard or to reflect upwards, other than navigation lights at such times and in such circumstances as they are authorized to be shown by this Order, and lights which are necessary for signalling purposes.

Any Naval Officer whom the Senior Naval Officer of the Port may appoint for the purpose, may board any vessel entering the port to inspect the means provided for the screening and shading of lights as this Order requires. The Master of such vessel shall give facilities for such inspection and shall, if the Inspecting Officer so requires, sign a certificate to the effect that adequate means of screening lights are provided on board.

(2) *Navigation lights* must be dimmed to a visibility not exceeding two miles.

Subject to any directions given under paragraph 8 hereof, they are only to be exhibited (a) for avoiding collision, in which case they are to be extinguished as soon as the danger of collision is past; (b) when exceptional circumstances make their use absolutely necessary.

They must be so arranged that they can be instantly shown when required to be exhibited.

(3) *Masthead lights.* No masthead light of a brilliancy exceeding $2\frac{1}{2}$ candle power at its source is to be exhibited. Dioptric lenses and reflectors are to be removed from the lanterns, and lights are to be shaded with plain opal glass.

One masthead light only is to be used, and this light is never to be used unless the Master considers it absolutely necessary.

The use of masthead lights is to be discontinued until provision has been made for their being reduced in accordance with this Order.

(4) *Side lights.* No side light of a brilliancy exceeding eight candle power at its source shall be exhibited. Dioptric lenses and reflectors are to be removed from the lanterns, and the lights are to be shaded with plain coloured glass.

Ships with electric lamps are to carry five candle power bulbs for use when specially ordered.

Oil side lamps are only to be exhibited if electric lights are not available.

(5) *Stern lights.* No stern light of a brilliancy exceeding $2\frac{1}{2}$ candle power at its source shall be exhibited. Dioptric lenses and reflectors are to be removed from the lanterns, and lights are to be shaded with plain opal glass.

Stern lights are to be electric where electric light is installed, and are to be controlled from the bridge.

In vessels where electric light is not installed, an oil lamp or electric torch of equivalent brilliancy may be substituted.

Stern lights are not to be exhibited when navigation lights are ordered to be shown unless stern lights are definitely mentioned in the order.

Stern lights are only to be exhibited (a) for the purpose of avoiding a collision, in which case they are to be extinguished as soon as the danger of collision is passed, or (b) in accordance with any directions given under paragraph 8 hereof.

Ships in convoy when ordered to exhibit a stern light are only to show a blue stern light, screened so as to show not more than three points from right astern on each quarter. The shade of blue to be that known as Admiralty Pattern No. 79.

(6) *Dimmers.* In ships fitted with dimmers, bulbs of a higher candle power may be used, but lights are not to be shown of a brilliancy exceeding that stated in this Order, except in special circumstances, such as imminent danger of collision, thick weather, or while navigating in and entering or leaving any harbour; such ships are to be supplied with bulbs of the prescribed candle power, which are to be inserted and used in the lamps should the dimmers fail from any cause.

(7) *Anchor lights.* The visibility of anchor lights is not to exceed one mile.

No electrically lit lanterns are to be used as anchor lights, except in vessels carrying volatile oil or spirits in bulk.

All anchor lanterns are to be fitted with overhead screens, so arranged as to cut off the light at an angle of between 20 and 25 degrees above the horizontal.

NOTE.—Specimen screens can be viewed at the Board of Trade Surveyors' Offices at Leith, North Shields, Hull, Plymouth, Cardiff, Liverpool, Glasgow, and Dublin.

(8) Notwithstanding the foregoing provisions of this Order, the Senior Naval Officer or Naval Officer in Charge at any port of the United Kingdom may give instructions either general or special for the showing of such navigation, anchor or other lights in waters within his jurisdiction as he may consider necessary for the safety of shipping in such waters.

In waters other than those last mentioned, the Senior Naval Officer present on board any of H.M. ships or any Naval Officer appointed for the purpose may give directions either general or special for the exhibition of any lights he may require to be shown.

(9) The owner of every vessel shall provide for fitting and maintaining on board the vessel the equipment of lights prescribed hereby, including adequate means of controlling, shading and screening navigation and anchor lights and all other lights on board which require to be

screened to enable the vessel to be thoroughly darkened, and if any owner fails so to provide, he shall be guilty of an offence against the Defence of the Realm Regulations.

The Master, Officer, member of the crew, passenger or any other person on board any vessel who is affected by any of the provisions of this Order and fails to comply therewith shall likewise be guilty of an offence.

(10) This Order shall apply to vessels of every description other than H.M. ships or hospital ships, except that it shall not apply to a vessel not being a British vessel where the non-compliance with this Order takes place on the high seas outside the territorial waters adjacent to the United Kingdom.

Note.

This Notice is a revision of the former Notice quoted above.

Caution.

Sections (1) and (4) of this Admiralty Notice to Mariners are issued under the provisions of the Defence of the Realm (Consolidation) Regulations, 1914, and failure to comply strictly with the directions contained in them will constitute an offence against those Regulations.

Any person found guilty of such an offence is liable to severe penalties, both of imprisonment and fine.

Any person aiding or abetting the commission of such an offence is himself guilty of an offence against the Regulations.

Attention is also drawn to the fact that any infringement of the directions contained in Sections (1) and (4) of this Admiralty Notice to Mariners is liable to result in the detention of the ship or vessel.

Authority.—The Lords Commissioners of the Admiralty.

By Command of their Lordships,

J. F. PARRY,

Hydrographer of the Navy.
