**STATUTE A.**

*Chapter 2, Section 19.*

"Affiliated Colleges."

By repealing Section 19 of Statute A, Chapter 2, and substituting therefor the following Section to form an amended Section 19:—

The University shall have power to recognise as an Associated Institution any University or other Institution which is engaged in the education of adult Students, and to grant to the Students of such Institutions who shall have continued members thereof for such length of time, being not less than two years, and shall have attended such lectures and passed such examinations as may be required from time to time by Grace of

the Senate, the privilege, on their admission as Members of the University, that they shall be deemed for such purposes and under such conditions as the Senate may from time to time by Grace determine to have already kept by residence one or more terms (not exceeding three in number).

## ADMIRALTY NOTICE TO MARINERS.

No. 1520 of the year 1919.

### CAUTION WHEN APPROACHING BRITISH PORTS.

#### PART I.

#### CLOSING OF PORTS.

*Former Notice.*—No. 1 of 1919; hereby cancelled.

(1) My Lords Commissioners of the Admiralty, having taken into consideration the fact that it may be necessary to forbid all entrance to certain ports of the Empire, this is to give Notice that on approaching the shores of the United Kingdom, or any of the ports or localities of the British Empire, referred to in Part III. of this Notice, a sharp look-out should be kept for the signals described in the following paragraph, and for the vessels mentioned in paragraph (5), Part II., of this Notice, and the distinguishing and other signals made by them. In the event of such signals being displayed, the port or locality should be approached with great caution, as it may be apprehended that obstructions may exist.

(2) If entrance to a port is prohibited, three red vertical lights by night, or three red vertical balls by day, will be exhibited in some conspicuous position, in or near to its approach, which signals will also be shown by the vessels indicated in paragraph (5), Part II., of this Notice.

If these signals are displayed, vessels must approach the port with the greatest caution and implicitly obey all orders or signals given them by the Examination vessel or signal station.

(3) At all the ports or localities at home or abroad referred to in Part III. of this Notice, search-lights are occasionally exhibited for exercise.

Instructions have been given to avoid directing movable search-lights during practice on to vessels under way, but mariners are warned that great care should be taken to keep a sharp look-out for the signals indicated in paragraph (2) above, when search-lights are observed to be working.

## PART II.

### EXAMINATION SERVICE.

(4) In certain circumstances it is also necessary to take special measures to examine vessels desiring to enter the ports or localities at home or abroad, referred to in Part III. of this Notice.

(5) In such case, vessels carrying the distinguishing flags or lights mentioned in paragraph (7) will be charged with the duty of examining ships which desire to enter the ports and of allotting positions in which they shall anchor. If Government vessels, or vessels belonging to the local port authority, are found patrolling in the offing, merchant vessels are advised to communicate with such vessels with a view to obtaining information as to the course on which they should approach the port. Such communication will not be necessary in cases where the pilot on board has already received this information from the local authorities.

(6) As the institution of the Examination Service at any port will never be publicly advertised, especial care should be taken in approaching the ports, by day or night, to keep a sharp look-out for any vessel carrying the flags or lights mentioned in paragraph (7), and to be ready to "bring to" at once when hailed by her or warned by the firing of a gun or sound rocket.

In entering by night any of the ports mentioned in Part III., serious delay and risk will be avoided if four efficient all round lamps, two red and two white, are kept available for use.

(7) By day the distinguishing flags of the Examination Steamer will be a special flag (white and red horizontal surrounded by a blue border) and a blue ensign.

Also, three red vertical balls if the port is closed.

By night the steamer will carry:—

(a) Three red vertical lights if the port is closed.

(b) Three white vertical lights if the port is open.

The above lights will be carried in addition to the ordinary navigation lights, and will show an unbroken light around the horizon.

(8) Masters are warned that, when approaching a British port where the Examination Service is in force, they must have the distinguishing signal of their vessel ready to hoist immediately the Examination Steamer makes the signal.

(9) Masters are warned that, before attempting to enter any of these ports when the Examination Service is in force, they must in their own interests strictly obey all instructions given to them by the Examination Steamer.

Whilst at anchor in the Examination Anchorage, Masters are warned that they must not lower any boats, communicate with the shore, work cables, move the ship, or allow anyone to leave the ship, without permission from the Examination Steamer (except to avoid accident).

(10) In case of fog, Masters are enjoined to use the utmost care, and the port should be approached with caution.

11. \_\_\_\_\_

The order prohibiting merchant vessels from making use of private signals when approaching ports is no longer in force.

(12) The pilots attached to the ports will be acquainted with the regulations to be followed.

PART IV.

SWEEPING OPERATIONS.

Notice is hereby given that under the Defence of the Realm (Consolidation) Regulations, 1914, the following Regulations have been made by the Lords Commissioners of the Admiralty, and are now in force

H.M. Vessels are constantly engaged, both singly and in pairs, in sweeping operations off the coasts of the United Kingdom, and whilst so engaged they are hampered to a very considerable extent in their manœuvring powers.

With a view to indicating the nature of the work on which they are engaged, these vessels will show the signals hereinafter mentioned, and for the public safety all other vessels, whether steamers or sailing craft, must keep out of the way of vessels flying these signals and not approach them inside the distances mentioned herein, specially remembering that it is dangerous to pass inside these distances or between the vessels of a pair, as the vessels may have mines trailing in their sweeps and also on account of the danger caused to traffic if mine-sweepers have to slip their sweeps to get out of the way of vessels.

1. SIGNALS THAT WILL BE SHOWN BY DAY.

(a) By vessels working singly:

A black ball at the foremast head, and a similar ball at each yardarm or where they can best be seen.

Vessels showing this signal are not to be approached nearer than 300 yards.

(b) By vessels working in pairs:

A black ball at the foremast head, and a similar ball at the yardarm or where it can best be seen, on that side on which it is dangerous to pass.

Vessels are not to pass within a distance of 400 yards astern of a single pair of sweepers, or when more than one pair are working in company within a distance of 400 yards astern of rear pair. They are on no account to attempt to pass between pairs working in company.

2. SIGNALS THAT WILL BE SHOWN BY NIGHT.

As for day, except that all round green lights will be used in place of the black balls.

*Caution.*

Part IV. of this Admiralty Notice to Mariners is issued under the provisions of the Defence of the Realm (Consolidation) Regulations, 1914, and failure to comply strictly with the directions contained in it will constitute an offence against those Regulations.

Any person found guilty of such an offence is liable to severe penalties both of imprisonment and fine.

Any person aiding or abetting the commission of such an offence is himself guilty of an offence against the Regulations.

Attention is also drawn to the fact that any infringement of the directions contained in Part IV. of this Admiralty Notice to Mariners is liable to result in the detention of the ship or vessel.

*Note.*

This Notice is a revision of Notice No. 1 of 1919.

No. 1529 of the year 1919.

*Names of Vessels to be displayed on entering certain Ports.**Former Notices.*—No. 309 of 1918; hereby cancelled. No. 526 of 1918.

Every merchant vessel entering a French port, or on Government service proceeding to Archangel and the Black sea, shall display her name painted in white letters on a black board on the side on which she is approaching the Examination steamer and at such other times, and in such manner as may be directed by the Port Authorities.

The name shall be painted in block letters of such size as to enable the name to be read by the naked eye at a distance of twice the vessel's own length in ordinary clear weather (visibility = 0 in the scale), whether by day or under searchlight beam at night.

Vessels of under 500 tons gross shall display one such board placed over the side in the vicinity of the vessel's bridge.
