At the Court at *Buckingham Palace*, the 9th day of *October*, 1919.

PRESENT,

The KING's Most Excellent Majesty in Council.

WHEREAS the Ecclesiastical Commissioners for England have, in pursuance of an Act of the 6th and 7th years of Her late Majesty Queen Victoria, Chapter 37, duly prepared, and laid before His Majesty in Council, a Scheme, bearing date the 29th day of August, 1919, in the words and figures following, that is to say:—

“We, the Ecclesiastical Commissioners for England, in pursuance of the Act of the 6th and 7th years of Her late Majesty Queen Victoria, Chapter 37, have prepared, and now humbly lay before Your Majesty in Council, the following Scheme for authorizing the sale and disposal of certain property in the parish of Shipston-on-Stour, in the county of Worcester, now vested in us:

“Whereas under and by virtue of an Indenture bearing date the 29th day of September, 1863, and made between Richard Badger the younger, of Shipston-on-Stour, in the county of Worcester, Gentleman, of the one part, and us, the Ecclesiastical Commissioners for England, of the other part, certain lands, tenements and hereditaments situate in the parish of Shipston-on-Stour aforesaid, shown within the green and pink verges on the Plan drawn on the said Indenture, and particularly described in the two Schedules thereto, became with their appurtenances and are now vested in us:

“And whereas the said lands, tenements and hereditaments are not subject to any outstanding beneficial lease or grant, but are now in our possession, but some portions thereof on account of their character or situation are unsuitable or inconvenient to be held or applied for the purposes for which estates vested in us are applicable under the Acts by which our proceedings are governed:

“And whereas with a view to the advantageous appropriation of the same or of the proceeds thereof for the ultimate improvement of our common fund it is expedient that the

said lands, tenements and hereditaments or such part or parts thereof as we shall at any time and from time to time think fit should be sold or disposed of and accordingly that we should be empowered to sell or dispose of our interest in such lands, tenements and hereditaments or in any part or parts thereof in such manner as shall appear to us advisable:

“Now, therefore, we humbly recommend and propose that we may be authorized and empowered by instrument or instruments in writing, duly executed according to law, from time to time to sell or dispose of and duly to convey, according to the provisions of the said Act, all or any of the said lands, tenements and hereditaments so vested in us as aforesaid, under and by virtue of the said Indenture with their appurtenances and all our estate, right, title and interest therein or in any part or parts thereof unto and to the use of any person or persons desirous or willing to purchase the same and his or their heirs, executors, administrators or assigns or otherwise as he or they shall direct or appoint and for such consideration as shall upon due calculation and inquiry appear to us to be just and reasonable, it being our intention to invest the proceeds of such sale from time to time as occasion may arise in the purchase of other lands, tithes, rent-charges, tenements or hereditaments or of some estate or interest therein convenient to be held by us for the purposes of the Acts by which our proceedings are governed as aforesaid and in the meantime to invest the said proceeds in some Government or Parliamentary Stock or other public securities in England.

“And we further recommend and propose that nothing herein contained shall prevent us from recommending and proposing any other measures relating to the matters aforesaid, or any of them, in accordance with the provisions of the said Act, or of any other Act of Parliament.”

And whereas the said Scheme has been approved by His Majesty in Council:

Now, therefore, His Majesty, by and with the advice of His said Council, is pleased hereby to ratify the said Scheme and to order and direct that the same and every part thereof shall be effectual in law immediately from and after the time when this Order shall have been duly published in the London Gazette pursuant to the said Act.

And His Majesty, by and with the like advice, is pleased hereby to direct that this Order be forthwith registered by the Registrar of the Diocese of Coventry.

Almeric FitzRoy.

The foregoing restrictions have been rendered necessary owing to danger of sunken mines on the bottom. The cautionary note on the charts is to be amended to read as follows:—

CAUTION REGARDING MINES.

Restrictions exist in certain areas owing to sunken mines. See Admiralty Notice to Mariners of latest date on this subject.

Note.—The actual limits of the areas are not to be inserted on the charts.

(2) General Information respecting Mines.

Former Notice.—No. 1624 of 1919; hereby cancelled.

1. Mariners are warned that a certain number of mines have sunk without exploding. It is possible that some of these mines lying on the bottom may still be dangerous. Surface vessels navigating these areas should therefore, whenever possible, have a clear depth of at least six feet between their keels and the bottom when in the vicinity of shoal water or in the approaches to ports and harbours which were subjected to mining operations during the war.

2. Mariners are notified that the positions of sunken mines are sometimes marked by a buoy with a black square mark on the staff. Such buoys are to be avoided and not interfered with.

3. Mariners are notified that a small percentage of drifting mines are known to exist in a waterlogged condition, a fraction of which may be dangerous. This type of mine is hard to see, and special precautions are therefore necessary to ensure that a good lookout is kept. The striking of low floating flotsam should be avoided.

4. A serious accident has occurred to a vessel at anchor from the explosion of a drifting mine which came into contact with an obstruction on the hull.

When vessels have to anchor in areas where drifting mines may be found it is necessary that all obstructions should as far as possible be removed and gangways triced up before dark in order to minimise risk.

BRITISH ISLANDS.

Information with regard to Extinction of Lights and Discontinuance or Replacement of Aids to Navigation.

Former Notice.—No. 1625 of 1919; hereby cancelled.

1. All lights on the coasts of the British islands are exhibited and the usual fog-signals are sounded with the following exceptions:—

Cairnbulg briggs light is exhibited but is unreliable; the fog-signal at Cairnbulg briggs is not working. Berwick pier light.

The gun and explosive fog-signal at North Stack has been temporarily discontinued and replaced by an explosive signal giving one report every five minutes.

2. Mariners are warned that navigational marks are gradually being replaced off the east coast of England, also that additional new marks are being placed to define the limits of dangerous areas.

It must not be assumed, however, because the ordinary navigational marks are again in place that the area in their vicinity is safe or open to general navigation, and it is most essential that the instructions laid down in the Mine Warnings to Mariners are strictly adhered to.
