ORDER OF THE MINISTER OF
AGRICULTURE AND FISHERIES.

(DATED 18TH JUNE 1920.)

SHEEP (DOUBLE DIPPING) ORDER OF
1920.

The Minister of Agriculture and Fisheries, by virtue and in exercise of the powers vested in him under the Diseases of Animals Acts, 1894 to 1914, and of every other power enabling him in this behalf, hereby orders as follows:—

Application of Order.

1.—(1.) In this Order the expression "Movement Area" means an Area to which Part I of this Order is applied by an Order of the Minister; and the expression "Double Dipping Area" means an Area to which Part II of this Order is so applied.

(2.) Where any farm or holding is situated partly within and partly without a Movement Area or Double Dipping Area the provisions of Part I or Part II of this Order, as the case may be, shall apply to the farm or holding and the sheep thereon as if the whole farm or holding were in the Area.

PART I.

Restriction on Movement of Sheep out of a Movement Area.

2.—(1.) Sheep shall not be moved out of a Movement Area, unless they are accompanied by a licence authorising such movement granted by an Inspector of the Local Authority of the District in which the sheep are when the licence is granted.

(2.) Unless the Inspector is satisfied—

(a) that the sheep are intended for immediate slaughter and that it is impracticable or inexpedient that the sheep should in accordance with the provisions of this Article be dipped before movement for such purpose; or

(b) that the sheep are to be moved direct to a slaughter-house;

a licence for movement under this Article shall, subject as hereinafter provided, be granted only for sheep in respect of which the Inspector is satisfied that they have within twenty-eight days before the licence is granted been dipped twice, with an interval of not less than seven and not more than fourteen days between the dippings, by a thorough immersion in a sheep dip approved by the Minister for sheep-scab or purporting to be so approved, and have since the second dipping been kept separate from other sheep not so dipped in a place of isolation approved for the purpose by an Inspector of the Ministry or of the Local Authority.

(3.) Unless the Order applying this Part of this Order to the Movement Area otherwise directs, the dippings shall be in the presence and to the satisfaction of an Inspector of the Local Authority.

(4) For the purposes of enabling the Local Authority to be represented at the dipping the owner or person in charge of the sheep shall give such written notice of his intention to dip the sheep as is hereinafter provided:—

(i.) the notice shall be delivered, or sent by post, to such persons as the Local Authority of the District may appoint to receive such notices in respect of sheep in their District;

(ii.) the notice shall be sent or delivered at such time as to be received by the appointed person three clear days, at least, before the intended time of dipping, unless a shorter notice is authorised by the Local Authority;

(iii.) the notice shall state the time and place of the intended dipping, and the approximate number of sheep intended to be dipped.

(5.) The licence shall be in force for eight days, inclusive of the day of issue, and shall be in the Form A set forth in the Schedule to this Order or to the like effect.

(6.) A copy of a licence under this Article authorising movement of sheep to a slaughter-house shall be sent by the Inspector granting the same to the Local Authority of the District in which the slaughter-house is situated.

(7.) Sheep moved under this Article to a slaughter-house shall after their arrival thereat be there detained until they are slaughtered.

Provision for Movement through Movement Area by Road or Railway.

3. For the purposes of this Order, sheep shall not be deemed to be moved out of a Movement Area in any case where they are moved through such Area by railway or by road, or partly by railway and partly by road, from a place outside such Area to another place outside such Area, provided that they are moved through such Area without unnecessary delay, and are kept separate from all other sheep in the Area during such movement, and also provided that in any case in which the movement is wholly or partly by road, the sheep shall be accompanied by a licence of an Inspector of the Local Authority of the District of the place where the sheep enter the Area.

Provision for Movement of Irish sheep through Movement Area.

4. Sheep landed from Ireland in a Movement Area shall not for the purposes of this Order be deemed to be moved out of such Area if they are consigned from Ireland to a place of destination outside such Area, but sheep so landed shall be moved from the landing-place by the most direct route to the nearest available railway station from which the sheep can be moved to the place of destination to which they are so consigned, and forthwith moved by railway out of such Area.

Licences after Completion of Movement.

5. Where sheep are moved with a licence under this Order, the licence shall forthwith after completion of the movement be delivered up at, or sent by post to, the nearest Police

Station in the same District by the person in charge of the sheep at the time of completing the said movement.

General Provisions as to Movement.

6. Sheep, while being moved under this Order, shall as far as practicable be kept separate from all other sheep, and, if moved with a licence, shall be moved by the nearest available route and without unnecessary delay to the place of destination specified in the licence, and not elsewhere, and where the place of destination is a slaughter-house, they shall be there detained until they are slaughtered.

PART II.

Double Dipping of Sheep in a Double Dipping Area.

7.—(1.) All sheep which are in a Double Dipping Area at any time between the dates specified in the Order applying this Part of this Order thereto, which period is referred to in this Order as "the double dipping period," shall be dipped twice within the Area by the owner or person in charge of the sheep, with an interval of not less than seven and not more than fourteen days between the dippings, by a thorough immersion in a sheep-dip approved by the Minister for sheep-scab or purporting to be so approved.

(2) In the case of sheep moved into the Double Dipping Area within fourteen days before the expiration of the double dipping period, it shall be sufficient compliance with this Article if the sheep are dipped twice in accordance with this Article within seventeen days after the movement.

(3.) For the purposes of enabling the Local Authority to be represented at the dipping whenever they think such a course desirable, the owner or person in charge of any sheep required to be dipped under this Part of this Order shall give such written notice of his intention to dip his sheep as is hereinafter provided:—

(i.) the notice shall be delivered, or sent by post, to such person as the Local Authority of the District may appoint to receive such notices in respect of sheep in their District;

(ii.) the notice shall be sent or delivered at such time as to be received by the appointed person three clear days, at least, before the intended time of dipping, unless a shorter notice is authorised by the Local Authority;

(iii.) the notice shall state the time and place of the intended dipping, and the approximate number of sheep intended to be dipped.

(4.) If from any cause the dipping of the sheep on the date specified in a notice becomes impracticable, no further notice shall be required if the sheep are dipped as soon after such date as is practicable.

(5.) All sheep after their second dipping shall during the remainder of the double dipping period be kept, as far as practicable, isolated from sheep which have not been so dipped.

(6.) This Article shall not apply to sheep slaughtered within the Double Dipping Area during the double dipping period, or to sheep moved by railway or by road or partly by railway and partly by road through the Double Dipping Area from a place outside the Double Dipping Area to another place outside such Area in accordance with the provisions of Articles 3 and 4 of this Order.

Restrictions on Exposure of Sheep at Markets, &c., within Double Dipping Area during Double Dipping Period.

8. Sheep on any premises in a Double Dipping Area shall not (except as hereinafter provided) be permitted to enter, or be exposed for sale or exhibition in, any market, fairground, saleyard, or place of exhibition in a Double Dipping Area during the double dipping period, unless they have within twenty-eight days before the date of entry or exposure been dipped twice on separate dates with an interval of not less than seven and not more than fourteen days between the two dates, and are accompanied by a declaration signed by the owner of the sheep, or his agent authorised in writing for this purpose, stating that the sheep have been so dipped, and the dates of dipping, and that since the second dipping the sheep have been kept separate as far as practicable while in the Double Dipping Area from other sheep not so dipped.

Special Provision as to Fat Sheep for immediate Slaughter.

9. Where an Inspector of a Local Authority is satisfied that any sheep in his District in a Double Dipping Area are intended for immediate slaughter and that it is impracticable or inexpedient that the same should in accordance with this Order be dipped before exposure for sale or exhibition, he may, subject to any directions by the Local Authority, by licence authorise the movement of the sheep to any market, fairground, saleyard, or place of exhibition in a Double Dipping Area, subject to such conditions (if any) as are inserted in the licence, and thereupon the sheep may, in accordance with such licence and conditions, be exposed for sale in the market, fairground, saleyard, or place of exhibition free from any restrictions imposed by any Order of the Minister relating to Sheep Scab or Sheep Dipping; provided that an Inspector of a Local Authority shall not issue any such licence for movement to premises in the District of another Local Authority unless the consent of such Local Authority, either generally or in the particular instance, has been previously obtained.

Declaration after Prescribed Double Dipping Period.

10. The occupier of a farm or holding in a Double Dipping Area on which sheep are kept shall personally, or by his agent authorised in that behalf, not later than the fifteenth day after the termination of the prescribed double dipping period, send a declaration as to the dipping of the sheep in the Form B set forth in the Schedule hereto, or to the like effect, to the person appointed to receive such declarations by the Local Authority of the District in which the farm or holding is situated.

Restriction on Movement of Sheep not Dipped within Prescribed Double Dipping Period.

11. Where any sheep shall not have been dipped as required by an Order of the Minister applying Part II of this Order an Inspector of the Local Authority shall, without prejudice to any proceedings for the offence, serve the owner or person in charge of the sheep and the owner or person in charge of any sheep then in contact with the undipped sheep with a notice, in the Form C set forth in the Schedule hereto, or to the like effect, requiring the double dipping of the sheep described in the notice and prohibiting their movement from the farm, holding, or other place where they are at the time the notice is served (except with a licence granted by an Inspector of the Local Authority of the District) until all the sheep shall have been dipped twice, after the service of the notice, with an interval of not less than seven and not more than fourteen days between the dippings, in the presence and to the satisfaction of an Inspector of the Local Authority, and thereupon it shall be unlawful for the owner or person in charge of the sheep to move the sheep, or permit the sheep to be moved, in contravention of the notice.

Powers of Entry and Examination.

12. For the purposes of this Part of this Order an Inspector of the Local Authority may, subject to the direction of the Local Authority, enter any premises within a Double Dipping Area and examine any sheep thereon, and such powers of entry and examination shall be in addition to any other like powers vested in the Inspector by the Act of 1894 or otherwise.

Power for Local Authority to regulate time and place of Dipping in particular cases.

13. The Local Authority of any District in a Double Dipping Area may in any case where they think such procedure desirable for the purposes of securing the double dipping required by this Order cause a notice to be served on the owner or person in charge of any sheep requiring that the sheep shall be double dipped at such times and places as is stated in the notice and to the satisfaction of an Inspector of the Local Authority, and the sheep shall thereupon be dipped in accordance with the requirements of such notice. The notice may be in the Form D set forth in the Schedule hereto, or to the like effect.

PART III.

GENERAL.

Appointment by Local Authorities of Persons to receive Notices, &c.

14.—(1.) Each Local Authority shall appoint persons for their District or for separate parts of their District to receive notices and declarations under this Order, and shall give adequate notice of appointments so made.

(2.) The Local Authority of a District in a Double Dipping Area in which a market, fair, sale, or exhibition is held shall take such steps as may be necessary to enforce thereat the provisions of this Order relating to the exposure of sheep for sale or exhibition at such market, fairground, saleyard, or place of exhibition, and for that purpose shall appoint one or more

persons to receive the declarations or licences, as the case may be, required by this Order to accompany sheep entering therein. The declarations or licences shall, upon entry of the sheep into the market, fairground, saleyard, or place of exhibition, be delivered to any person so appointed. The person receiving declarations or licences shall deliver them to an Inspector of the Local Authority.

Cleansing of Dipping Places.

15. The place on any farm or premises in a Movement or Double Dipping Area which has been used for dipping shall, without unnecessary delay, be thoroughly cleansed by the occupier, and all tufts of wool gathered and disinfected or destroyed.

Samples of Dip may be taken.

16. Every owner or person in charge of sheep being dipped under this Order shall permit and give every facility to an Inspector of the Local Authority or of the Ministry, or to a constable, to take samples of dip which is being or has been used for the dipping of sheep.

Power to Grant Exemptions.

17.—(1.) An Inspector of the Ministry acting under the direction of the Minister may grant an exemption, with or without conditions, exempting sheep in a Movement Area or Double Dipping Area from one or both of the prescribed dippings in any particular case in which the Inspector is satisfied that it is impracticable or inexpedient to dip the sheep.

(2.) A like exemption may also be granted by an Inspector of the Local Authority acting under the direction of the Local Authority, but in any such case the reasons for granting the exemption shall be stated therein, and the Local Authority shall forthwith cause a copy of the exemption to be forwarded to the Ministry. If the Minister considers that the exemption is for any reason undesirable, and directs the revocation thereof, the same shall thereupon cease to operate, but not so as to affect the previous operation of the exemption.

(3.) The provisions of this Order limiting the power to grant licences for movement of sheep shall have effect subject to any exemption granted under this Article.

Exemptions of Dipped Sheep from Further Dippings in Certain Cases.

18. In any case where sheep are required to be dipped by Order of the Minister or Regulation of a Local Authority, or where movement of sheep is subject to their previous dipping, an Inspector of the Ministry, or, as regards a Regulation, an Inspector of the Local Authority by whom the Regulation was made, may exempt sheep which have been dipped twice in accordance with the requirements of an Order applying Part I or Part II of this Order from any dipping required under the Order or Regulation, or authorise movement of sheep within fifty-six days of their dipping under this Order without any additional dipping which would but for this provision be required by the Order or Regulation as a condition of their movement, provided that the sheep have since such dipping under this Order been kept separate from all other sheep not so dipped.

Power to provide Dipping Places.

19. The Local Authority of any District in a Double Dipping Area may provide and fit up and maintain dipping places, but subject to the approval in writing by the Minister of the site of each dipping place; provided that no dipping place shall be used under this provision if its use would injuriously affect the water in any stream, reservoir, aqueduct, well, pond, or place constructed or used for the supply of water for drinking or other domestic purposes.

Certificates of Dipping.

20. Where sheep are dipped in a sheep dip approved by the Minister for sheep-scab or purporting to be so approved in the presence, and to the satisfaction, of an Inspector of the Local Authority, he shall give the owner or person in charge of the sheep a certificate in the Form E set forth in the Schedule hereto or to the like effect.

Mixing of Dips.

21. Sheep shall not be regarded as having been efficiently dipped under this Order unless the bath in which they are dipped is composed of at least one efficient sheep-dip in the proportions at which the dip is approved by the Minister for sheep-scab. In cases where two or more approved dips are used the resulting bath must be so composed that the total volume is not more than is required for the dilution of one of the dips in the proportions in which that dip was approved by the Minister for sheep-scab.

Production of Licences; Names and Addresses.

22.—(1.) Any person in charge of a sheep being moved, where under this Order a Licence is necessary, shall, on demand of a Justice, or of a constable, or of an Inspector or other officer of the Ministry or of a Local Authority, produce and show to him the Licence, if any, authorising the movement, and shall allow it to be read and a copy of or extract from it to be taken by the person to whom it is produced.

(2.) Any person so in charge shall, on demand as aforesaid, give his name and address to the Justice, or constable, or Inspector or other officer.

Local Authority to enforce Order.

23. The provisions of this Order shall, except where it is otherwise provided, be executed and enforced by the Local Authority.

Offences.

24.—(1.) If a sheep is moved in contravention of this Order, or of a Licence granted thereunder, the owner of the sheep, and the person in charge thereof, and the person causing, directing, or permitting the movement, and the person moving or conveying the sheep,

and the consignee or other person receiving or keeping it knowing it to have been moved in contravention as aforesaid, and the occupier of the place from which the sheep is moved, shall, each according to and in respect of his own acts and defaults, be deemed guilty of an offence against the Act of 1894.

(2.) If a sheep is not dipped as required by this Order or by any Notice thereunder, the owner and person in charge of the sheep at the expiration of the double dipping period or of the dates specified in the Notice, shall, each according to and in respect of his own acts and defaults, be deemed guilty of an offence against the Act of 1894.

(3.) If a person in charge of a sheep being moved, where under this Order a licence is necessary, on demand made under this Order, fails to give his true name and address, or gives a false name or address, he shall be deemed guilty of an offence against the Act of 1894.

(4.) If a sheep is not isolated as required by this Order, the owner of the sheep, and the person in charge thereof, and the occupier of the place where the sheep is detained, shall, each according to and in respect of his own acts and defaults, be deemed guilty of an offence against the Act of 1894.

“ Inspector ” includes Veterinary Inspector:

ORDER OF THE MINISTER OF
AGRICULTURE AND FISHERIES.

(DATED 18TH JUNE 1920.)

SHEEP-SCAB ORDER OF 1920.

The Minister of Agriculture and Fisheries, by virtue and in exercise of the powers vested in him under the Diseases of Animals Acts, 1894 to 1914, and of every other power enabling him in this behalf, hereby orders as follows:—

Notice of Disease.

1.—(1.) Every person having or having had in his possession or under his charge a sheep affected with, or suspected of, sheep-scab shall with all practicable speed give notice of the fact of the sheep being so affected or suspected to a constable of the police force for the police area wherein the sheep so affected, or suspected, is or was.

(2.) The constable shall forthwith give information of the receipt by him of the notice to an Inspector of the Local Authority, who shall forthwith report the same to the Local Authority.

Notification of Disease by Veterinary Surgeons.

2.—(1.) A veterinary surgeon or veterinary practitioner who in his private practice is employed to examine any sheep, or the carcass of any sheep, and is of opinion that the sheep is affected with sheep-scab, or was so affected when it died or was slaughtered, or suspects the existence of sheep-scab therein, shall with all practicable speed give notice of the existence or suspected existence of sheep-scab to an Inspector of the Local Authority, who shall forthwith report the same to the Local Authority.

(2.) A veterinary surgeon or veterinary practitioner who under and in accordance with this Order gives notice of the existence or suspected existence of disease to an Inspector of the Local Authority shall be entitled to receive from the Local Authority a fee of two shillings and sixpence for each notification.

(3.) Where two or more animals or carcasses are examined by a veterinary surgeon or veterinary practitioner on the same premises and at the same time and are found to be diseased, or are suspected of being diseased, one fee only shall be payable to him in respect of the notification of the existence or suspected existence of disease in such animals or carcasses.

Duty of Inspector to act immediately.

3.—(1.) An Inspector of a Local Authority on receiving in any manner whatsoever information of the supposed existence of sheep-scab, or having reasonable ground to suspect the existence of sheep-scab, shall proceed with all practicable speed to the place where such disease exists, or is suspected to exist, and shall forthwith serve a Detention Notice (in the Form A set forth in the First Schedule to this Order or to the like effect) on the owner or person in charge of any sheep which appear to the Inspector, from the information received by him or otherwise, to be affected with sheep-scab, and after the service of such Notice it

shall not be lawful for any person, while such Notice is in force—

- (a) to move from or out of the place of detention specified in the Notice, except as hereinafter provided, any of the sheep therein described, or any other sheep that may be in the place of detention; or
- (b) to move any other sheep into such place; or
- (c) to permit any other sheep to come in contact with any sheep detained under the Notice; or
- (d) to permit any sheep to stray from or out of the place of detention specified in the Notice; or
- (e) to remove from or out of such place any carcass of a sheep, or any skin, fleece, or wool, separate from the carcass of a sheep, or any dung, fodder, litter, or other thing that has been in contact with sheep detained under the Notice, without the written permission of an Inspector of the Local Authority; and any skin, fleece, or wool shall be disinfected before removal by and at the expense of the owner by being thoroughly dipped in an efficient sheep-dip.

Provided that sheep may be moved out of the place of detention direct to a slaughterhouse if they are marked by or at the expense of the owner previous to movement by the stamping or painting with an indelible composition of red colour of a broad line down the back, and another broad line across the loins of each of the sheep, thus +, each line being not less than nine inches long, and if they are accompanied by a licence authorising such movement granted by an Inspector of the Local Authority. Where the slaughter-house is in the District of another Local Authority the licence shall not be granted unless the consent of that Local Authority to the movement of the sheep into their District has been previously obtained. Sheep moved with a licence under this provision shall be kept separate from all other sheep until their arrival at the slaughter-house, where they shall be detained until slaughtered.

The fleeces of sheep so slaughtered shall not be removed from the slaughter-house unless and until they have been thoroughly disinfected by and at the expense of the owner by being thoroughly dipped in an efficient sheep dip under the supervision of an Inspector of the Local Authority.

(2.) A Notice under this Article shall remain in force until it is withdrawn by a further Notice in writing (in the Form B set forth in the First Schedule to this Order or to the like effect) signed by an Inspector of the Local Authority.

(3.) An Inspector of the Local Authority, on the application of the owner or person in charge of any sheep detained under a Notice, and if satisfied that their movement to some other place of detention is expedient for purposes of isolation or feeding or other necessary purpose, may serve a further Detention Notice (Form A) on the owner or person in charge of the sheep prescribing such other place as a place of detention for the sheep, and thereupon such sheep may be moved, subject to the directions and under the supervision of the Inspector, by the nearest available route and without unnecessary delay, to such place of detention, and, when so moved, shall be there detained and isolated in accordance with such further Notice: Provided

that where the place of detention to which it is proposed to move the sheep is in the District of another Local Authority, such further Notice shall not be served unless the consent of that Local Authority to the movement of the sheep into their District has been previously obtained.

Veterinary Inquiry by Local Authority as to existence of Sheep-Scab.

4.—(1.) A Local Authority on receiving information of the existence, or supposed existence, of sheep-scab shall forthwith cause inquiry to be instituted as to the correctness of such information with the assistance and advice of a Veterinary Inspector, or of a veterinary practitioner qualified according to the Act of 1894 to be a Veterinary Inspector.

(2.) The owner and occupier of any premises on which there is a sheep affected with, or suspected of, sheep-scab, or the carcase of any such sheep, shall give all reasonable facilities for the inquiry by the Local Authority under this Article, and any person failing to give such facilities shall be deemed guilty of an offence against the Act of 1894.

(3.) If it shall appear from the inquiry under this Article that sheep-scab exists or has recently existed on any premises, the Local Authority shall cause their Veterinary Inspector to furnish the Ministry with a report in such form as may be required by the Minister. In any such case the Detention Notice served under this Order in respect of sheep on such premises shall not be withdrawn until the Local Authority are satisfied by such a veterinary inquiry as above mentioned that all the sheep remaining in the place of detention specified in such Notice are free from sheep-scab, that all the sheep so remaining have since the service of the Detention Notice (Form A) been thoroughly dipped in an efficient sheep-dip at least twice with an interval of not less than seven and not more than fourteen days between the dippings in the presence and to the satisfaction of an Inspector of the Local Authority, and that the place of detention has been disinfected in accordance with the provisions of this Order.

(4.) In any other case the Local Authority on completion of their inquiry shall forthwith cause the withdrawal of any Detention Notice served under this Order in respect of sheep to which the inquiry relates.

(5.) If it shall appear to the Veterinary Inspector of the Local Authority that sheep-scab has been introduced by sheep moved from the District of another Local Authority, or if it shall appear that sheep which have been exposed to the risk of infection have been moved into the District of another Local Authority, or are in the District of another Local Authority on land which is adjacent to a place of detention, the Local Authority shall furnish full particulars of the circumstances to the Local Authority of any such District as soon as possible, and on receipt of such information the Local Authority of such last-mentioned District shall proceed in accordance with the provisions of Article 6 of this Order.

Treatment of Sheep detained under Detention Notice (Form A).

5.—(1.) Where a Detention Notice (Form A) is in force, the owner or person in charge of sheep detained under the Notice shall cause all such sheep to be thoroughly dipped in an efficient sheep-dip at least twice, with an

interval of not less than seven and not more than fourteen days between the dippings, in the presence, and to the satisfaction, of an Inspector of the Local Authority, and shall, if so required in writing by an Inspector of the Local Authority, from time to time cause all or any of such sheep to be further dipped or otherwise treated for sheep-scab.

Provided that sheep which have been so dipped under and in accordance with this Article shall not be again required to be dipped until after the expiration of seven days.

(2.) Any person failing to comply with the provisions of this Article shall be deemed guilty of an offence against the Act of 1894.

Power to serve Isolation and Dipping Notices.

6.—(1) For the purpose of preventing the spread of sheep-scab, an Inspector of the Local Authority shall serve an Isolation Notice (in the Form C set forth in the First Schedule to this Order or to the like effect) on the owner or person in charge of any sheep which an Inspector has reason to believe have been in contact with any sheep affected with or suspected of sheep-scab, or which have been otherwise exposed to the infection of sheep-scab, and after the service of such Notice, until the Notice is withdrawn by a further Notice (in the Form F set forth in the First Schedule to this Order or to the like effect) signed by an Inspector of the Local Authority, the sheep to which the Notice relates shall not be—

(a) moved from the premises where the sheep are at the time of the service of such Notice, except with a licence granted by an Inspector of the Local Authority; or

(b) permitted to stray from or out of the said premises; or

(c) permitted to come in contact with other sheep.

(2) If it shall appear from the veterinary inquiry by the Local Authority that sheep-scab exists, or has recently existed, on any premises, an Inspector of the Local Authority shall serve on the owner or person in charge of any sheep which the Inspector has reason to believe to have been moved from such premises or to have been in contact with any sheep on such premises, or to have been otherwise exposed to the infection of sheep-scab, a Dipping Notice (in the Form E set forth in the First Schedule to this Order or to the like effect) requiring that such sheep shall, before such date as shall be stated in the Notice, be dipped by the owner or person in charge thereof twice, with an interval of not less than seven and not more than fourteen days between the dippings, by a thorough immersion in an efficient sheep-dip in the presence and to the satisfaction of an Inspector of the Local Authority of the District where the sheep are. The dippings shall be carried out on such dates and at such dipping places as shall be required by an Inspector of the Local Authority. Provided, however, that where the Inspector is satisfied that the sheep have been recently efficiently dipped, it shall be sufficient if one further dipping only is required if such dipping is carried out within fourteen days of the date upon which the sheep in question were last so dipped.

(3) This Article does not apply to sheep required by Article 3 of this Order to be

placed under a Detention Notice (Form A) or to sheep in a place of detention.

Reports by Inspector of Local Authority to the Ministry.

7. Where from the veterinary inquiry under Article 4 of this Order, it appears that sheep-scab exists or has recently existed, on any premises the Inspector of the Local Authority shall, as soon as practicable after such inquiry, and also in such cases at the time of the service of a Notice (Form B) withdrawing the Detention Notice (Form A), furnish to the Local Authority, and also to the Ministry, reports in such forms as the Minister may require, stating the information received by him and the action taken by him under this Order.

Provisions as to Licences.

8.—(1) A licence under this Order shall forthwith after completion of the movement be delivered up at, or sent by post to, the nearest police station of the District by the person in charge of the sheep at the time of completing the movement.

(2) An Inspector who grants a licence authorising movement from premises in the District of one Local Authority to a slaughter-house or other premises in the District of another Local Authority shall forthwith send a copy of the licence to the Local Authority of the last-mentioned District.

Transmission of copies of Notices.

9. An Inspector shall with all practicable speed send copies of any Notice served by him under this Order to the Local Authority, to the police Officer in charge of the nearest police station of the District, and to the General Secretary, Ministry of Agriculture and Fisheries, Whitehall Place, S.W. 1.

Certificate of Dipping.

10. Where sheep are dipped in an efficient sheep-dip in the presence, and to the satisfaction, of an Inspector of a Local Authority, he shall give the owner or person in charge of the sheep a certificate in the Form D set forth in the First Schedule to this Order or to the like effect.

Disinfection for Sheep-Scab.

11.—(1.) Any place in which a sheep affected with sheep-scab has been kept, and all utensils, pens, hurdles, or other things used for or about such sheep, shall, as soon as practicable, be cleansed and disinfected by, and at the expense of, the owner or occupier of such place as follows:—

(a) The floor of the place and all other parts thereof and all litter or other thing that has been in contact with, or used by, such sheep shall be thoroughly saturated with carbolic acid or other suitable disinfectant;

(b) The place shall thereafter be swept out and all litter, wool and sweepings, that have been in contact with such sheep shall be buried or effectively destroyed;

(c) In the case of a field, yard, or other place which is not capable of being so cleansed and disinfected, it shall be sufficient if from such field, yard, or other place all fragments of wool are collected and destroyed by burning, and all rubbing places disinfected, and if all other parts of such field, yard, or other place are disinfected as far as

practicable and to the satisfaction of an Inspector of the Local Authority.

(d) Every utensil, pen, hurdle, or other thing used for or about such sheep, shall, as soon as practicable after being so used and before being used for other sheep, be cleansed and disinfected to the satisfaction of an Inspector of the Local Authority, by being thoroughly swabbed with a solution of carbolic acid or other suitable disinfectant.

(2.) If the owner or occupier of any such place fails to cleanse and disinfect in accordance with this Article, it shall be lawful for the Local Authority, without prejudice to the recovery of any penalty for such default, to cause such place and things to be cleansed and disinfected, and to recover summarily the expenses of such cleansing and disinfection from such owner or occupier.

(3.) Where the power of causing any place or thing to be cleansed and disinfected under this Article is exercised by a Local Authority, the owner and occupier and person in charge of the place or thing shall give all reasonable facilities for that purpose, and any person failing to give such facilities shall be deemed guilty of an offence against the Act of 1894.

Regulations of Local Authority as to Sheep brought into, or moved within, their District; as to Compulsory Dipping of Sheep therein; or as to keeping of Registers by Sheep Dealers.

12.—(1.) A Local Authority may, with the view of preventing the spreading of sheep-scab, make Regulations—

(a) for requiring the owner or person in charge of sheep which have been moved from the District of any other Local Authority or from Ireland to a place of destination in their District, other than a market, fairground, sale-yard, or place of exhibition or a place of temporary detention at which the sheep do not remain for more than seven days after arrival in the District, to dip the sheep in manner prescribed by the Regulations;

(b) for regulating the subsequent movement of sheep which have been moved from the District of any other Local Authority or from Ireland to a place of destination in their District, and for requiring the occupier of any premises to which sheep have been so moved to notify forthwith the arrival of the sheep to an Inspector of the Local Authority;

(c) for regulating the movement of sheep from any part of their District to any other part of their District;

(d) for prescribing, regulating, and securing the periodical treatment of all sheep in their District by effective dipping in an efficient sheep-dip.

(e) for requiring every sheep dealer to keep a register open to inspection by any Inspector of the Ministry or of the Local Authority, with such particulars of his purchases and sales of sheep as may be prescribed by the Regulations.

(2.) A Local Authority may, in any Regulations made by them under this Article, insert provisions for the exemption from any dipping required by such Regulations, subject to such conditions as to subsequent dipping or otherwise as may be inserted in the exemption, of sheep which in the opinion of the Local Authority it is impracticable or inexpedient to dip

in accordance with the requirements of such Regulations on account of their being intended for exhibition or of any other special circumstances.

(3.) Regulations made under this Order shall not take effect unless and until they have been submitted to and confirmed by the Minister of Agriculture and Fisheries. After such confirmation, two copies of the Regulations shall forthwith be sent to the General Secretary, Ministry of Agriculture and Fisheries, Whitehall Place, S.W. 1.

(4.) A copy of any Regulations made by a Local Authority under this Order, signed and certified by the Clerk of that Local Authority to be a true copy and to have been duly confirmed, shall be evidence, until the contrary is proved, in all legal proceedings, of the due making, confirmation, and existence of the Regulations, without further or other proof.

Prohibition to Expose or Move Sheep Affected with, or Suspected of, Sheep-Scab.

13.—(1.) It shall not be lawful for any person—

(a) to expose a sheep affected with, or suspected of, sheep-scab in a market or fair, or in a sale-yard, or other public or private place where sheep are commonly exposed for sale; or

(b) to place a sheep affected with, or suspected of, sheep-scab in a lair or other place adjacent to or connected with a market, fair, or sale-yard, or where sheep are commonly placed before exposure for sale; or

(c) to send or carry, or cause to be sent or carried, a sheep affected with, or suspected of, sheep-scab on a railway, canal, river, or inland navigation, or in a coasting vessel; or

(d) to carry, lead, or drive, or cause to be carried, led, or driven, a sheep affected with, or suspected of, sheep-scab on a highway or thoroughfare; or

(e) to place or keep a sheep affected with, or suspected of, sheep-scab on common or uninclosed land, or in a field or place insufficiently fenced, or in a field adjoining a highway unless that field is so fenced or situate that sheep therein cannot in any manner come in contact with sheep passing along that highway or grazing on the sides thereof; or

(f) to graze a sheep affected with, or suspected of, sheep-scab on pasture being on the sides of a highway; or

(g) to allow a sheep affected with, or suspected of, sheep-scab to stray on a highway or thoroughfare or on the sides thereof, or on common or uninclosed land, or in a field or place insufficiently fenced.

(2.) This Article shall operate subject to any provisions of this Order providing for or directing the movement of sheep in cases therein mentioned.

Proceedings in case of Contravention of last preceding Article.

14.—(1.) Where a sheep is exposed or otherwise dealt with in contravention of the last preceding Article, the Inspector of the Local Authority or other officer appointed by them in that behalf shall seize and remove and detain it, and also, where the sheep is exposed in a market, fair, sale-yard, or place of exhibition, all other sheep in or on such market, fair, sale-yard, or place of exhibition, being or

having been in the same flock or in contact with the sheep affected with, or suspected of, sheep-scab, and the sheep so seized shall be dealt with in accordance with the following provisions (namely):—

(i.) If the Local Authority are satisfied by the veterinary inquiry prescribed by this Order that sheep-scab exists among the sheep so seized, the Local Authority shall cause the sheep, unless slaughtered under the following provisions of this Article, to be moved to some convenient and isolated place, and to be there detained under the provisions of Article 3 of this Order.

(ii.) A sheep so seized may by or at the request of the owner or person in charge thereof be slaughtered at the place where it is seized or detained, or be moved to the nearest available slaughter-house for the purpose of being there forthwith slaughtered; in which case the sheep shall be moved to the slaughter-house subject to the directions and under the supervision of an Inspector or other officer of the Local Authority who shall enforce and superintend the immediate slaughter thereof of the sheep, and shall forthwith report the slaughter to the Local Authority.

(iii.) In the case of any affected or suspected sheep so seized of which the owner cannot be traced, the sheep may be slaughtered by the Local Authority at the place where it is seized or detained, or be moved to the nearest available slaughter-house for the purpose under the supervision of an Inspector or other officer of the Local Authority who shall enforce and superintend the immediate slaughter thereof of the sheep, and shall forthwith report the slaughter to the Local Authority. The carcase of any such sheep shall be sold by the Local Authority and the sum received by them for the carcase after deducting reasonable expenses of slaughter and sale shall be payable on demand to the owner of the sheep.

(2.) In case of a sheep affected with sheep-scab being seized in accordance with the provisions of this Article, it shall not be lawful for the owner or occupier of such market or other place, or any person again to use or allow to be used for sheep that portion of the market or other place where the sheep affected with sheep-scab was found, unless and until a Veterinary Inspector has certified that that portion has been thoroughly cleansed and disinfected.

(3.) The Local Authority may recover summarily the expenses of the execution by them or by their Inspector or other officer of the provisions of this Article from the owner of the sheep seized, or from the consignor or consignee thereof, who may recover the same from the owner by proceedings in any court of competent jurisdiction.

(4.) Nothing in this Article shall apply to a Foreign Animals Wharf, an Irish Animals Landing Place, or to a Foreign Animals Quarantine Station.

Food and Water during Detention.

15. An Inspector, officer or constable detaining a sheep under the Act of 1894 or this Order shall cause it to be supplied with requisite food and water during its detention; and the expenses incurred by him in respect thereof may be recovered summarily from the person having charge of the sheep or from its owner.

Orders of the Minister of Agriculture and Fisheries.

16. Any powers by this Order conferred upon a Local Authority or an Inspector of a Local Authority may at any time be exercised by the Minister or an Inspector of the Ministry respectively.

Local Authority to enforce Order.

17. The provisions of this Order, except where it is otherwise provided, shall be executed and enforced by the Local Authority.

Approval of Sheep-Dips for Sheep-Scab.

18. A sheep-dip prepared in accordance with any of the prescriptions specified in the Second Schedule to this Order shall be deemed to be a sheep-dip approved by the Minister for sheep-scab, and sheep-dip contained in a package or vessel marked with a statement or indication that the sheep-dip has been so prepared shall be deemed to be a sheep-dip purporting to be approved by the Minister for sheep-scab.

Provision for Sampling of Sheep-Dips.

19. Where under any Order of the Minister sheep are required to be dipped to the satisfaction of an Inspector of a Local Authority, the person who dips the sheep shall, if so required by the Inspector, furnish him with a sample of the sheep-dip used, or permit him to take such sample, and shall furnish the Inspector with all such particulars as may be reasonably required as to the name or the composition of the sheep-dip used.

Mixing of Dips.

20. Sheep shall not be regarded as having been efficiently dipped under this Order unless the bath in which they are dipped is composed of at least one efficient sheep-dip in the proportions at which the dip is approved by the Minister for sheep-scab. In cases where two or more approved dips are used the resulting bath must be so composed that the total volume is not more than is required for the dilution of one of the dips in the proportions in which that dip was approved by the Minister for sheep-scab.

Offences.

21.—(1.) If a sheep, or carcase, or thing is moved in contravention of this Order, or of a Notice served under this Order, or of any Regulation made by a Local Authority under this Order, the owner of the sheep, carcase, or thing, and the person for the time being in charge thereof, and the person causing, directing, or permitting the movement, and the person moving or conveying the sheep, carcase, or thing, and the consignee or other person receiving or keeping it knowing it to have been moved in contravention as aforesaid, and the occupier of the place from which the sheep, carcase, or thing is moved, shall, each according to and in respect of his own acts and defaults, be deemed guilty of an offence against the Act of 1894.

(3.) If a sheep is not isolated as required by this Order, the owner of the sheep, and the person in charge thereof, and the occupier of the place where the sheep is detained, shall, each according to and in respect of his own acts and defaults, be deemed guilty of an offence against the Act of 1894.

(4.) If a sheep is allowed to stray in contravention of this Order or of a Notice thereunder the owner of the sheep, and the person in charge thereof, and the occupier of the premises from which the sheep is allowed to stray, shall each according to and in respect of his own acts and defaults be deemed guilty of an offence against the Act of 1894.

(5.) If a sheep is not dipped as required by any Notice under this Order, or by any Regulation made by a Local Authority under this Order, the owner and person in charge of the sheep at the expiration of the period within which its dipping is required by such notice or regulation, shall, each according to and in respect of his own acts and defaults, be deemed guilty of an offence against the Act of 1894.

(6.) If any sheep-dip not prepared in accordance with any of the said prescriptions, or otherwise approved by the Minister for sheep-scab, is falsely marked with a statement or indication that it has been so prepared or approved, any person who shall have so marked the sheep-dip or caused the same to be so marked, or who shall sell or use the sheep-dip knowing the same to have been so falsely marked shall be deemed guilty of an offence against the Act of 1894.

(7.) If any person, with a view unlawfully to evade or defeat the operation of this Order, by clipping, or washing, or in any other manner, takes out, effaces, or obliterates, or attempts to take out, efface, or obliterate any mark painted or stamped on any sheep, as required by this Order, the person doing the same, and the person causing, directing, or permitting the same to be done, and the owner of the sheep, and the person for the time being in charge thereof, shall, each according to and in respect of his own acts and defaults, be deemed guilty of an offence against the Act of 1894.

THE SECOND SCHEDULE.

(Article 18.)

Prescription for Sheep-Dips approved by the Minister for Sheep-Scab.

(Quantities for 100 gallons of bath.)

1. Lime and Sulphur.

Mix 18 lbs. of flowers of sulphur with 9 lbs. of good quick-lime. Slake the lime and make into a thick paste with the sulphur. Place the mixture in a strong cloth, tie the ends and suspend in a boiler containing ten gallons of water so that the water completely covers the contents of the cloth. The cloth must not touch

the sides or bottom of the boiler, as otherwise the cloth may be burned and its contents escape. Boil for two hours, then remove the cloth, taking care that none of its contents escape into the-water, and throw the solids away. Make up to ten gallons again with additional water and put the liquid into a tight drum or barrel. This quantity is sufficient when mixed with water to make a hundred gallons of dipping bath.

2. Carbolic Acid and Soft Soap.

Dissolve 5 lbs. of good soft soap, with gentle warming, in 3 quarts of liquid carbolic acid (containing not less than 97 per cent. of real tar acid). Mix the liquid with enough water to make 100 gallons.

3. Tobacco and Sulphur.

Steep 35 lbs. of finely-ground tobacco (offal tobacco) in 21 gallons of water for four days. Strain off the liquid, and remove the last portions of the extract by pressing the residual tobacco. Mix the whole extract, and to it add 10 lbs. of flowers of sulphur. Stir the mixture well to secure an even admixture, and make up the total bulk to 100 gallons with water.

NOTE.—The period of immersion in these dips should not be less than half a minute.

ADMIRALTY NOTICE TO MARINERS.

No. 1000 of the year 1920.

WIRELESS METEOROLOGICAL INFORMATION TO AND FROM SHIPS AT SEA.

General Remarks.

Former Notice.—No. 703 of 1920; hereby cancelled.

1. It is earnestly hoped that all concerned will assist in making the wireless meteorological service a success. Negotiations are now in hand to extend and unify the system of collecting weather data by wireless from ships at sea all over the world, and at the same time to organise the free transmission of weather bulletins from a sufficient number of wireless stations to admit of ships being constantly supplied with reliable weather reports and forecasts wherever they may be.

2. It should be borne in mind that the needs of ships at sea in regard to information regarding the weather will march hand-in-hand with the requirements of aircraft. The importance of this service will therefore be constantly increasing, and its success or failure will largely depend upon the co-operation of ships at sea in providing the data without which accurate forecasting is impossible. The matter does not

depend solely upon the efforts of the ships selected to furnish the data. The essence of success lies in rapidity in passing such data by wireless from the ship to the coast station, and thence to the central meteorological office. It follows, therefore, that all ships not taking an active part in supplying data should use the greatest care not to interfere with the transmission of the wireless messages to the shore.

3. The following particulars refer to the scheme now being undertaken by the British Meteorological Office. This Notice will, however, be subject to revision from time to time, and endeavours will be made to include in each revision all information available to date of the weather bulletins issued by the wireless stations of the world. Earnest endeavours are being made to obtain international agreement as to the form of these weather bulletins and to the methods and times of transmissions. It is hoped that the messages will eventually all be made in an international code at fixed times, so arranged that a ship with only one wireless operator will be able to read them. A similar scheme for time signals is being evolved.

COLLECTION OF WEATHER DATA FROM SHIPS.

4. Certain ships are being asked to supply data regularly three times a day and in addition to the regular observations, which are taken at 0100, 0700 and 1300 Greenwich time and sent as soon as possible to Malin head (GMH) or Valentia (GCK) coast stations, these ships may, on request from either of these coast stations, send special data messages at other times.

5. Precise instructions as to the procedure for ships which intend to send a data message, together with the necessary code, will be issued at an early date.

Issue of Weather Bulletins to Ships.

6. A wireless weather bulletin may contain both or either of the following:—

(a) A weather report, which is an official statement of existing weather conditions; and/or

(b) A weather forecast, which is an official opinion of probable future weather conditions.

7. The accompanying schedule of wireless weather bulletins is intended to provide, in a form suitable to give all information required by the wireless operator, a complete and up-to-date list of all weather bulletins transmitted at fixed times by wireless stations throughout the world. The same information will be found in detail in the Sailing Directions and in the International List of Radiotelegraph Stations (the Berne List).

8. The times given in the third column of the schedule are expressed in the 4-figure notation employed for signalling during the war. The term "G.M.T." here means the civil mean time of the meridian of Greenwich, with the day commencing at midnight and the hours reckoned from 00 to 23.

9. Operators are reminded that Article 45 of the International Service Regulations imposes the general obligation of not interfering with reception of weather bulletins by other ships.

10. Certain other stations not shown in the schedule supply weather bulletins on demand, generally at reduced charges. Particulars will be found in the Berne List.
