Whitehall, 12th July, 1920.

His Majesty the KING has been graciously pleased to award the Edward Medal in silver to Jeffrey Fletcher under the following circumstances:—

On January 2nd, 1920, a repairer named Jones was engaged on work in an air pit at the

West Elliot Colliery in Monmouthshire when a fall of rubbish occurred and Jones found himself entirely buried and tightly pinned down, though able to breathe owing to the looseness of the earth. His son, who was near by, heard his father's shouts and hurried for help. Fletcher, with other men, arrived on the scene, and for nearly three hours, in spite of the possibility of a further big fall, proceeded gradually to uncover Jones to below the shoulders and by cheerful talk braced him up considerably. No foundation could be obtained to put in supports to the rubbish which was constantly moving. Further falls occurred, and Jones was again buried up to the neck. After many attempts, lasting over a further three hours, during which time Fletcher fed Jones with stimulants, he found it possible to release the latter, and rescued him practically uninjured. Fletcher was in the hole for about five hours, during which time he ran the risk of being buried by falls from the loose rubbish coming from above. He showed great initiative, coolness and bravery while he himself was exposed to very great danger.

Also the Edward Medal to James Rogerson Mann.

At 9.30 a.m. on the 5th December, 1919, a fire broke out in one of the rooms on the middle floor of a five-storey cotton mill belonging to Messrs. N. Pickering and Sons, Limited, St. John Street, Bolton. The fire spread to the floors above, and whilst engaged in fighting the fire in the top room, one of the firemen of the Bolton Fire Brigade found himself cut off from the doorway and stairs by fire and smoke. The fire escape was at the opposite end of the building, and he was cut off from that also. He broke windows and called for help from those below and it was obvious that he was in a very dangerous position and likely to be overcome unless speedily rescued. Mann, who is employed at the mill, at once tied a rope round his waist and, after getting on to a one-storey shed, climbed the nearest water-spout to the windows of the top storey where the fireman was seen. On reaching the level of the window he untied the rope and handed it to the fireman, who tied it inside the building and then descended by it. Mann descended by the water-spout, which, being an old one, was liable to break away at any moment.

There can be no doubt that Mann by his prompt and brave action saved the life of the fireman.

Whitehall, July 14, 1920.

The KING has been pleased to award the Albert Medal in recognition of the gallant conduct of Matthew Ronald Mather and Joseph Bowman, two Dockyard workmen, in endeavouring at the cost of their own lives to save the life of Able Seaman Arthur Henry Brewer at Rosyth on the 27th August last.

Brewer had descended into the Wet Provision Room of H.M.S. "Tiger," in company with J. H. Anderson, a shipwright, when he was overcome by poisonous gases and collapsed. Anderson, himself feeling the effect of the gases, left the compartment as quickly as possible to obtain assistance, and Mather and Bowman, who were near to the scene, descended without hesitation to endeavour to rescue Brewer. They did not wait for further

assistance or for safety appliances, though they were fully aware of the cause of Brewer's collapse and consequently of the grave risk they were running. They were at once overcome by the noxious gases in the compartment, and when removed were in an unconscious condition.

Every endeavour was made to restore them to consciousness, but without success.

Amended Notice.—The original notice appeared in the London Gazette of the 21st May, 1920.

Whitehall, July 14, 1920.

The KING has been pleased to award the Albert Medal to Lt.-Col. (Bt. Col.) Arthur Stedman Cotton, C.M.G., D.S.O., Royal Artillery, in recognition of his gallantry in saving life in the following circumstances:—

On the 14th October, 1919, at Novorossisk, South Russia, an ammunition dump exploded, setting fire to the ss. "War Pike," which was carrying a cargo of munitions, including shells. Colonel Cotton, as explosions were taking place both on the quay and on board the ship, cleared the bystanders from the neighbourhood, and assisted in casting off the hawsers from the vessel. He then organised a small party to follow the steamer in a tug, when it was towed out to sea, in order to render all possible assistance, and, although the vessel was burning fiercely, the hold and bunkers being well alight, he boarded her and endeavoured to get the fire under control. It was not until the fore part of the ship began to settle down that he and his party left the vessel.

Colonel Cotton's prompt action, which was attended by great personal risk, in all probability saved many lives.

Whitehall, July 10, 1920.

The KING has been pleased, by Warrant under His Majesty's Royal Sign Manual, bearing date the 8th instant, to appoint William Graham, Esq., M.P., to be a Member of the Cambridge Committee of the Royal Commission of Inquiry into the financial resources of the Universities of Oxford and Cambridge, in the room of the Right Honourable Arthur Henderson, M.P., resigned.

SCHEDULE.

Overtime Rates for Male Workers (All Ages).

PART I.

SECTION I.—In accordance with Section 3 (1) (c) of the Trade Boards Act, 1918, the Trade Board hereby declare the normal number of hours of work in the trade to be as follows:—

In any week 48
On any weekday (other than Saturday)	9
On Saturday 5

Provided that any other day (not being Sunday) may be substituted by an employer for Saturday as the weekly short day, and in such case the normal number of hours of work on such substituted day shall be five and the normal number of hours on Saturday shall be nine.

Provided also that all hours worked by a worker on Sundays and on Customary Public and Statutory Holidays shall be regarded as Overtime to which the Overtime Rates shall apply.

SECTION II.—The Minimum Rates for Overtime in respect of hours worked by a Male Worker, in excess of the declared normal number of hours of work in the trade, shall be as follows:—

(A) Male Workers employed on Time-work.

(1) For the First Two Hours' Overtime on any day, except Saturdays (or the weekly short day substituted therefor), Sundays and Customary Public and Statutory Holidays, the Overtime Rate shall be One-and-a-Quarter times the Minimum Rate otherwise applicable, *i.e.*, Time-and-a-Quarter.

(2) For Overtime After the First Two Hours of Overtime on any day except Sun-

days and Customary Public and Statutory Holidays, and for all Overtime on Saturdays (or the weekly short day substituted therefor), the Overtime Rate shall be One-and-a-Half times the Minimum Rate otherwise applicable, *i.e.*, Time-and-a-Half.

(3) For all time worked on Sundays and Customary Public and Statutory Holidays the Overtime Rate shall be Twice the Minimum Rate otherwise applicable, *i.e.*, Double Time.

(4) For all hours worked in any week in excess of 48, the Overtime Rate shall be One-and-a-Quarter times the Minimum Rate otherwise applicable, *i.e.*, Time-and-a-Quarter, except in so far as higher Overtime Rates are payable under the provisions of paragraphs 2 and 3 of this Section.

The Overtime Rates shall be payable where on any day (not being a Sunday or a Customary Public or Statutory Holiday) the number of hours worked exceeds nine, or in the case of Saturday (or the weekly short day substituted therefor), exceeds five, notwithstanding that the number of hours worked in the week does not exceed 48.

Provided that:—

(a) Where it is or may become the established practice of an employer to require attendance only on five days a week, the Overtime Rates shall only be payable where on any day the number of hours worked exceeds 9½.

(b) Where it is or may become the established practice of an employer to require attendance only on alternate Saturdays, the normal number of hours for the week in which attendance on Saturday is required shall for the purpose of calculating overtime be deemed to be 50.

(B) Male Workers employed on Piece-work.

(a) All Male Workers employed on Piece-work, in respect of whom a Piece-work Basis Time-Rate has been fixed and made effective, shall receive in respect of each hour of Overtime worked as set out in this Part of this Schedule, in addition to payment at Piece-Rates each of which would yield, in the circumstances of the case, to an Ordinary Worker not less than the Piece-work Basis Time-Rate applicable, an amount equal to the appropriate Piece-work Basis Time-Rate, to One-Half of the appropriate Piece-work Basis Time-Rate, or to One-Quarter of the appropriate Piece-work Basis Time-Rate, according as the Overtime Rate which would have been payable under the provisions of paragraph (A) of this Section, if the worker had been employed on Time-work, were Double-Time, Time-and-a-Half, or Time-and-a-Quarter respectively.

(b) Male Apprentices and all Male Workers in respect of whom a Piece-work Basis Time-Rate has not been fixed, employed on Piece-work, shall receive in respect of each hour of Overtime worked, as set out in this Part of this Schedule, in addition to payment at Piece-Rates each of which would yield, in the circumstances of the case, to an Ordinary Worker not less than the General Minimum Time-Rate applicable, an amount equal to the appropriate General Minimum Time-Rate, to One-Half of the appropriate General Minimum Time-Rate, or to One-Quarter of the appropriate

General Minimum Time-Rate, according as the Overtime Rate which would have been payable under the provisions of paragraph (A) of this Section, if the worker had been employed on Time-work, were Double-Time, Time-and-a-Half, or Time-and-a-Quarter respectively.

SECTION III.—Where a worker (*e.g.*, a worker of the Jewish Religion) is customarily employed on Sunday instead of Saturday, the Minimum Rates for Overtime as set out above shall apply to such worker in like manner as if in the provisions of this Schedule as to Overtime the word "Saturday" were substituted for "Sunday" and the word "Sunday" for "Saturday."

The hours which young persons and children are allowed to work are subject to the provisions of the Factory and Workshop Acts.

PART II.

The above Overtime Rates shall apply, subject to the provisions of the Trade Boards Acts, to all Male Workers in respect of any time during which they are employed in Great Britain in any branch of Retail Bespoke Tailoring as defined in the Regulations made by the Minister of Labour and dated 12th December, 1919, that is to say:—

Those branches of men's, women's, boys' and girls' bespoke tailoring in which the tailor supplies the garment direct to the individual wearer and employs the worker direct.

A worker shall be deemed to be employed by the tailor direct, if employed by another worker in the employ of the tailor, to whom a Minimum Rate of Wages fixed under the Trade Boards Acts is applicable, or if employed by a sub-contractor engaged in cutting, making or finishing garments exclusively for the tailor in the tailor's shop or in a building of which the shop forms part or to which the shop is attached;

including—

- (1) (a) The altering, repairing, renovating, or remaking of men's, women's, boys' or girls' tailored garments where carried out for the individual wearer by a tailor who employs the worker direct as defined above,
- (b) The cleaning of such garments where carried on in association with or in conjunction with the repairing, renovating or remaking of the garments;
- (2) The lining with fur of the above-mentioned garments where carried out in association with or in conjunction with the making of such garments;
- (3) All processes of embroidery or decorative needlework where carried out in association with or in conjunction with the above-mentioned branches of tailoring;
- (4) The packing and all other operations incidental to or appertaining to any of the above-mentioned branches of tailoring;

but excluding—

- (1) All or any of the above-mentioned operations where carried on in a factory where garments are made up for three or more retail establishments;
- (2) The making of headgear.

PART III.

SECTION I.—The above Overtime Rates shall be paid clear of all deductions other than de-

ductions under the National Insurance Act, 1911, as amended by any subsequent enactments or deductions authorised by any Act to be made from wages in respect of contributions to any superannuation or other provident fund.

SECTION II.—The above Overtime Rates are without prejudice to workers earning higher rates of wages, or to agreements made, or that may be made, between employers and workers for the payment of wages in excess of these Overtime Rates.

A candidate will not be eligible for assignment or appointment to the Foreign Office, or to the Department of Overseas Trade, unless he is a natural-born British subject and born within the United Kingdom or in one of the self-governing Dominions of parents also born within those Territories, except when the circumstances are such as to justify a departure from the general rule, in which case he can be allowed to compete by special permission of the Secretary of State.

(i.) The following persons are ineligible, viz.:—

Members of the Royal Irish Constabulary of less than five years' service.

No person actually serving in the Navy will be eligible unless he produces to the Civil Service Commissioners, when called upon to do so, the permission of his Commanding Officer to attend the examination, dated before the commencement of the competition and given in accordance with such orders as may from time to time be issued by or under the authority of the Lords Commissioners of the Admiralty.

Persons comprised in the classes (c), (d), (e) must obtain the permission of the authorities of their Department to attend the examination before the commencement of the competition.

Persons comprised in class (f) will not be qualified to receive appointments until the consent of the Board of Education in England, the Committee of Council on Education for Scotland, or the Commissioners of National Education, Ireland, as the case may be, given in conformity with rules sanctioned by the Lords of the Treasury, has been notified to the Civil Service Commissioners.

3 In reckoning age for competition the following allowances will be made, viz.:—

4. If at any examination two or more situations, whether in the same or in different Departments, shall be offered for competition, the successful Candidates will be permitted (unless otherwise stated in Special Regulations and subject in the case of examinations for Clerkships in the Second Division of the Civil Service to the provision contained in chapter 5 of Part IV. of the Order in Council of 10th January, 1910) to choose in their order as determined by the competitive examination among the situations offered for competition; provided that they be duly qualified according to the special rules prescribed under Clause 4 of the Order in Council of 10th January, 1910, for the particular situations to which they may severally be assigned

Nothing in this Rule shall be deemed to qualify or affect in any way the provisions of Rule (d) of this Bye-Law.

(f) The interiors of the fuel tanks and pipes shall be kept completely closed from the

atmosphere with the exception of the openings of the vent pipes, each of which shall be covered by at least two diaphragms of copper wire gauze of miners' safety lamp mesh spaced not less than three inches apart. The openings of the vent pipes must be above the weather deck.

(j) Nothing in this Bye-Law or in these Rules shall be deemed to prevent a vessel, with boats or auxiliary engines whose motive power is derived from the combustion of liquid fuel to which the Petroleum Acts, 1871-1881, apply, that is to say, liquid fuel whose flash point is under 73° Fahrenheit from being brought or attempted to be brought or navigated in the Docks, provided that in every such case the quantity of such liquid fuel shall not exceed one gallon for each cylinder of each engine, and that such liquid fuel shall be stored on the weather deck of the vessel away from machinery and boiler casings and other sources of fire or heat, and that the fuel tanks shall not be charged or re-charged with liquid fuel during the period the vessel remains in the Dock.

Inspection of Motor Vessels.

5. The master of every motor vessel waiting to enter or in any dock shall at all times give to any Officer of the Authority all reasonable facilities to inspect such vessel so as to ascertain whether these bye-laws are complied with. Penalty, £5.

Vessels other than Motor Vessels Equipped with Motor Boats or Auxiliary Engines.

6. No person shall bring or attempt to bring or navigate or allow to be navigated into or in any dock any vessel equipped with motor boats or with auxiliary engines whose motive power is derived from the combustion of liquid fuel to which the Petroleum Acts, 1871-1881 apply, that is to say, liquid fuel whose flash point is under 73° Fahrenheit, unless such liquid fuel shall be stored on the weather deck of the vessel and away from machinery or boiler casings and other sources of fire or heat. The quantity of such liquid fuel shall not exceed one gallon for each cylinder of each engine, and the fuel tanks shall not be charged or recharged with liquid fuel during the time the vessel remains in the Docks.
