## PART III.

*Overtime Rates for all Female Workers.*

In accordance with Section 3 (1) (c) of the Trade Boards Act, 1918, the Trade Board hereby declare the normal number of hours of work in the trade to be as follows :—

In any week, 48.

On any day (other than Saturday), 9.

On Saturday, 5.

Provided that all hours worked on Sundays and on Customary Public and Statutory Holidays shall be regarded as Overtime to which the Overtime Rates shall apply.

(a) For Workers employed on Time-work :—

2. For Overtime after the first two hours of Overtime on any day except Sundays and Customary Public and Statutory Holidays, and for all Overtime on Saturdays, the Overtime Rate shall be One-and-a-Half times the

General Minimum Time-Rate otherwise applicable, i.e., Time-and-a-Half.

3. For all time worked on Sundays and Customary Public and Statutory Holidays, the Overtime Rate shall be Twice the General Minimum Time-Rate otherwise applicable, i.e., Double Time.

(b) For Workers other than Learners (as defined in Part IV of this Schedule) employed on Piece-work :—

Workers other than Learners employed on Piece-work shall be entitled to receive in respect of each hour of Overtime worked, in addition to Piece-Rates, each of which would yield, in the circumstances of the case, to an Ordinary Worker not less than the Piece-work Basis Time-Rate applicable, the appropriate Piece-work Basis Time-Rate, One-Half of the appropriate Piece-work Basis Time-Rate, or One-Quarter of the appropriate Piece-work Basis Time-Rate, according as the Overtime Rate which would have been payable under the provisions of paragraph (a) of this Section if the worker had been employed on Time-work were Double Time, Time-and-a-Half, or Time-and-a-Quarter respectively.

(c) For Learners (as defined in Part IV of this Schedule) employed on Piece-Work :—

Learners employed on Piece-work shall be entitled to receive in respect of each hour of Overtime worked, in addition to Piece-Rates, each of which would yield, in the circumstances of the case, to an Ordinary Worker not less than the Piece-work Basis Time-Rate applicable, the appropriate General Minimum Time-Rate, One-Half of the appropriate General Minimum Time-Rate, or One-Quarter of the appropriate General Minimum Time-Rate, according as the Overtime Rate which would have been payable under the provisions of paragraph (a) of this Section if the worker had been employed on

Time-work were Double Time, Time-and-a-Half, or Time-and-a-Quarter respectively. Provided that:—

(a) Where it is or may become the established practice of an employer only to require attendance on five days a week the Overtime Rates shall only be payable on such days after 9½ hours have been worked.

(b) Where it is or may become the established practice of an employer to require attendance only on alternate Saturdays, the Overtime Rates in the week in which attendance on Saturday is required shall only be payable after 50 hours have been worked.

NOTE.—The hours which female workers, young persons and children are allowed to work are subject to the provisions of the Factory and Workshop Acts.

#### PART IV.

SECTION I.—A Female Learner is a worker who:—

(a) Is employed by an employer who provides such Learner with reasonable facilities for practically and efficiently learning the branch or branches of the trade (as carried on by the employer subject to the provisions of this Section) in which the Learner is for the time being employed; provided that no person shall be deemed to be a Learner if employed for a longer period than six months on any one or more than twelve months on any two or more of the following processes, viz.: carrying about; collecting work from benches and machines; Lidding-up (other than round boxes); Tying-up and Nesting, except in so far as such processes may be incidental to any other process upon which the worker may be engaged.

Provided that the certification or registration of a Learner may be cancelled if the other conditions of learnership are not complied with.

Provided that an employer may employ a Female Learner on her first employment without a certificate or registration for a probation period not exceeding eight weeks, but the probation period shall be included in her period of learnership.

Provided that notwithstanding compliance with the conditions contained in this Section a person shall not be deemed to be a Learner if she works in a room used for dwelling purposes and is not in the employment of her parent or guardian.

SECTION II.—The expression "Home-worker" means a worker who works in her own home or in any other place not under the control or management of the employer.

#### PART V.

The above Minimum Rates shall, subject to the provisions of the Trade Boards Acts, apply to all Female Workers in Great Britain who:—

(i) Are engaged in manufacturing processes upon boxes or parts thereof made wholly or partially of paper, cardboard, chip or similar material, and, generally, to all workers directly connected with such processes; or

(ii) Are engaged in transferring material from the store-room to the factory or workshop, and to workers engaged in transferring finished boxes from the factory or workshop to the warehouse, if such workers are also to any considerable extent engaged in connection with the work of distributing the material among, or collection of the finished boxes from, the workers engaged in the processes of box-making

#### UNEMPLOYMENT INSURANCE ACT, 1920

#### UNEMPLOYMENT INSURANCE (REMOVAL OF DIFFICULTIES) ORDER, 1920.

AN ORDER BY THE MINISTER OF LABOUR BY VIRTUE OF THE POWERS CONFERRED UPON HIM BY SECTION 45 OF THE UNEMPLOYMENT INSURANCE ACT, 1920.

Whereas section 41 of the Unemployment Insurance Act, 1920 (hereinafter referred to as the Act) provides for certain payments to be made by the Admiralty, Army Council and Air Council respectively for the purpose of qualifying seamen, marines, soldiers and airmen discharged after the 31st July, 1920, to receive unemployment benefit on their return to civil life; and

Whereas it is provided by the said section

that no such payment shall be made in respect of any person who is after the commencement of the Act entitled to receive any sum out of Public Funds under any scheme for making payments to discharged seamen, marines, soldiers or airmen in respect of unemployment; and

Whereas the date of the commencement of the Act is the 8th November, 1920, and whereas by reason of an emergency arising from a strike of workers in the coal-mining industry a scheme for making payments out of Public Funds to unemployed persons including certain discharged seamen, marines, soldiers and airmen in respect of unemployment has been extended until the 20th November, 1920; and

Whereas it is not possible before the 20th November, 1920, to identify among the persons entitled to receive payments under the said scheme those in particular who are seamen, marines, soldiers and airmen discharged after the 31st July, 1920, and thereby a difficulty arises in bringing the Act into operation in respect of those persons; and

Whereas it is provided by Section 45 of the Act that if any difficulty arises in any manner whatsoever in bringing the Act into operation the Minister of Labour, with the consent of the Treasury, may by Order do anything which appears to him necessary or expedient for bringing the Act into operation, and that any such Order may modify the provisions of the Act so far as may appear necessary or expedient for carrying the Order into effect.

Now, therefore, the Minister of Labour by virtue of the powers hereinbefore recited and of all other powers enabling him in that behalf doth hereby, with the consent of the Treasury, make the following Order:—

1. The proviso to sub-section (1) of Section 41 of the Act shall have effect as if there were therein substituted for the words "after the commencement of this Act" the words "after the 20th November, 1920."

2. This Order may be cited as the Unemployment Insurance (Removal of Difficulties) Order, 1920.

These lights are at present only in operation by special request to the Commandant of the Aerodrome and at such other times as deemed expedient by the Commandant. The height of the mast is 41 metres (135 ft.).

*Customs.*—Schiphol is a regular Customs station, but in the case of machines not landing at scheduled times the aerodrome authorities must be notified beforehand of the intended time of arrival, otherwise the machines cannot be cleared immediately upon arrival.

*SOESTERBERG.* Civil and Military aerodrome.

*Position.*—Lat. 52° 8' 0" N., Long. 5° 17' 0" E. Situated 8 kms. W.S.W. of Amersfoort, 1 km. south of the Amersfoort-Utrecht railway.

*Altitude.*—Approximately 150 ft. above sea level.

*Lighthouse, Night Landing Arrangements, etc.*—Landing lights are installed. On top of the wireless mast, at a height of 50 metres (170 ft. approximately) above the aerodrome, an aerial lighthouse in the form of a revolving searchlight has been installed. The colour of the light is white. The beam is concentrated in a horizontal plane, and revolves once in every 2 secs. After every two revolutions there is an eclipse of 4 secs. The light is visible over the whole horizon.

The appearance of the light is thus approximately as follows:—

White flash	
Eclipse	2 secs.
White flash	
Eclipse	6 secs.

The wireless mast itself is illuminated by a row of electric lamps.

The lighthouse and lights on the wireless mast are only lit by special request to the Commandant, and at such other times as deemed expedient by the Commandant.

*Customs.*—A machine cannot ordinarily be cleared by the Customs authorities at this aerodrome, but arrangements may be made for Customs examination by obtaining permission from the Commandant prior to arrival. In this case the Commandant will notify the Customs authorities. Normally, machines should proceed to Schiphol.
