And whereas by the Fourth Schedule to the said Act it is provided that His Majesty may, by Orders in Council, make such provisions as may appear necessary or proper with respect to the election of senators, and in particular with respect to the making and keeping of lists of the electors specified in the said third Part of the said Second Schedule, the issue of writs, the modes of service, and the returns to be made to such writs; and by sub-section (2) of section fifteen of the said Act it is provided that His Majesty may, by Order in Council, make such provisions as may appear to Him necessary or proper for making any provisions of the election laws (as in the said Act defined) applicable to such elections:

Now, therefore, His Majesty is pleased, by and with the advice of His Privy Council, to order, and it is hereby ordered as follows:—

CITATION AND INTERPRETATION.

1.—(1) This Order may be cited as the Election of Senators (Southern Ireland) Order, 1921.

The expression "class," when used in relation to electors, means a class of electors specified in the third column of Part III of the Second Schedule to the Act, the members of county councils being treated as separate classes according to the provinces in which the respective counties are situated.

Any reference to the Local Government Board for Ireland or to any other department of the Government of the United Kingdom shall, if it occurs in relation to functions which, by virtue of the Act, are transferred as respects Southern Ireland to a

department of the Government of Southern Ireland, be construed as a reference to such last-mentioned department.

Any reference to the Dublin Gazette shall, from and after the time when a similar publication is printed under the authority of the Government of Southern Ireland, be construed as a reference to such publication.

(3) The Interpretation Act, 1889, applies for the purpose of the interpretation of this Order in like manner as it applies for the interpretation of an Act of Parliament.

REGISTRATION OF ELECTORS.

2.—(1) The Clerk of the Crown and Hanaper shall prepare and keep in his office a separate register of electors for each of the classes of electors who are entitled to elect senators to serve in the Senate, and shall revise those registers from time to time as occasion requires and shall from time to time, and not less than once in each year, publish each register in the Dublin Gazette and in any other manner which is in his opinion desirable for the purpose of bringing the same to the notice of those interested.

(2) A person possessing the qualifications applicable to two or more classes of electors shall be entitled to be registered as an elector of each class.

(3) Each register for the time being in force shall be conclusive as to the right of any person to vote at an election of senators by the class of electors to which the register applies.

3. It shall be the duty of the Local Government Board for Ireland, the Commissioner of Valuation and Boundary Surveyor and the secretaries of the several county councils, whose members are entitled to elect senators, to furnish to the Clerk of the Crown and Hanaper such particulars of matters within their cognizance as he may require for the purpose of preparing and revising the registers.

4.—(1) The Clerk of the Crown and Hanaper shall from time to time as occasion requires and at least once in each year publish provisional lists of—

(a) the Peers and

(b) the Privy Councillors

qualified to elect senators, together with a notice specifying the mode in which, and the time within which, objections may be made to such lists under this order.

(2) Any person qualified to be an elector as a Peer or a Privy Councillor may object to the provisional list of Peers or Privy Councillors, as the case may be, on the ground that his name is omitted therefrom or that his name or address is incorrectly stated therein, or that the name of an unqualified person is included therein, or that the name or address of a qualified person is incorrectly stated therein.

(3) No objection need be entertained unless a notice in writing stating the nature thereof is received by the Clerk of the Crown and Hanaper within such time as may be specified in that behalf in the notice published with the provisional lists, not being in any case less than seven days from the date of such publication.

(4) The provisional lists shall be published in the same manner as the registers.

(5) The Clerk of the Crown and Hanaper shall take into consideration all objections duly made to the provisional lists and adjudicate upon the same, and shall, if necessary, amend the register so as to give effect to his decision, which shall be final.

WRITS OF ELECTION, ETC.

5.—(1) On the issue of the proclamation declaring the calling of a first Parliament of Southern Ireland the Lord Lieutenant shall cause writs to be issued for the election of senators by each class of electors and for the attendance of any person who, by virtue of his office or by nomination of the Lord Lieutenant, is entitled to serve as a senator in that Parliament.

(2) On the issue of the proclamation declaring the calling of a new Parliament of Southern Ireland, the Lord Lieutenant shall cause writs to be issued for the attendance of every person who, by virtue of his office or by nomination of the Lord Lieutenant or by election, is entitled to serve as a senator in that Parliament.

(3) When the place of a nominated senator becomes vacant by reason of the expiration of his term of office, or his death, resignation, or incapacity or otherwise, the Lord Lieutenant shall, upon the vacancy being certified to him by the Speaker or other proper officer of the Senate, nominate a person to fill the vacancy and shall issue a writ for the attendance of such person.

(4) When the place of an elected senator becomes vacant by reason of the expiration of his term of office, or his death, resignation, or incapacity or otherwise, the Lord Lieutenant shall, upon the vacancy being certified to him as aforesaid, cause a writ to be issued for the election of a new senator by the class of electors by whom the first-mentioned senator was elected.

(5) If, owing to an election not being held in pursuance of the writ, or being defective, there is a vacancy in any class of elected senators, the Lord Lieutenant may cause a writ to be issued for a new election.

(6) A writ for the election of Senators to serve in the Parliament of Southern Ireland shall be according to the form A in the Appendix to this Order.

NOMINATION AND ELECTION.

6. The Clerk of the Crown and Hanaper or a deputy appointed by him shall be the returning officer at every election of senators, and it shall be the duty of the returning officer to make all the arrangements for the election (including arrangements for the nomination of candidates) and the poll and counting of votes, and to certify the result of the election in pursuance of the writ.

7. The returning officer, within two days after the receipt of a writ for the election of senators, shall send notice of the election to each elector of the class by which the senators are to be elected, stating the time within which nomination papers may be received in pursuance of this Order, and the place where forms of nomination papers may be obtained. In the case of electors other than county councillors, the notice shall be accompanied by a list of the electors and a form of nomination paper.

8.—(1) Each candidate for election must be nominated in a separate nomination paper signed by two electors, as proposer and seconder, being electors of the class which the candidate is nominated to represent, and the candidate must himself be an elector of that class, except where he is nominated as a representative of county councillors.

(2) Every nomination paper shall state the

class of electors which the candidate is nominated to represent, his surname and other name or names in full, his place of abode, and profession, occupation, or description, and the respective places of abode of the proposer and seconder.

(3) A nomination paper must be sent to the returning officer so that it shall be received at his office before the expiration of the period allowed for nomination pursuant to this Order, and no nomination paper shall be valid which is not received before the expiration of that period.

9. The period allowed for nomination shall expire at such time on such day as may be fixed by the returning officer, not being less than six days nor more than fourteen days after the receipt of the writ, and different days and times may be fixed as respects the nomination of candidates to represent different classes of electors.

10. The returning officer shall examine each nomination paper as soon as practicable after its receipt and shall reject any nomination paper which does not comply with the requirements of this Order, and his decision as to the validity of any nomination shall be final.

11.—(1) If at the expiration of the period allowed for nomination the number of candidates who stand nominated to represent any class is equal to or less than the number of vacancies to be filled by that class, the returning officer shall declare the candidates who stand nominated to represent that class to be elected and shall make return accordingly. He shall publish in the "Dublin Gazette" the names of the persons so elected, and send to each of them notice of his election.

(2) If at the expiration of the period allowed for nomination the number of candidates who stand nominated to represent any class exceeds the number of vacancies to be filled by that class, the returning officer shall immediately arrange for a poll to be taken.

12. A candidate may withdraw from his candidature by sending to the returning officer a notice of withdrawal signed by him; but no such notice shall have effect unless it is received by the returning officer before the expiration of the period allowed for nomination.

13. If one or more of the candidates dies after the expiration of the period allowed for nomination, and as the result of such death or deaths the number of candidates who stand nominated to represent a class is less than or equal to the number of vacancies to be filled by that class, the returning officer shall countermand the poll and declare the surviving candidates duly elected and shall make return accordingly.

POLL AND COUNTING OF VOTES.

14.—(1) At any contested election of four or more senators by the electors of any class the election shall be according to the principle of proportional representation, each elector having one transferable vote as defined by the Representation of the People Act, 1918, and shall be conducted in accordance with the provisions of the Irish Senates (Proportional Representation) Order, 1921.

(2) At any contested election of less than four senators by the electors of any class each elector may give one vote to each of the candidates not exceeding the number to be elected, and no vote shall be transferable. The candidates, or, if one senator only is to be elected,

the candidate, receiving the greatest number of valid votes shall be deemed to be elected and shall be declared elected accordingly: Provided that, where an equality of votes is found to exist between two or more candidates, the returning officer shall determine by lot which of such candidates is or are to be deemed to be elected, and the candidate or candidates so determined shall be declared elected accordingly.

15. The poll shall open on the fourth day after the expiration of the period allowed for nomination and shall close on such day as may be fixed by the returning officer, not being earlier than the tenth nor later than the twelfth day after the expiration of the period aforesaid.

16. On the day on which the poll opens the returning officer shall send to each of the registered electors of the class a voting paper containing a list of the candidates described as in their respective nomination papers and arranged alphabetically in the order of their surnames, together with a notice stating the time at which the poll closes. The voting paper shall be according to the form prescribed by the Irish Senates (Proportional Representation) Order, 1921, if four or more senators are to be elected by those electors, or to the Form B in the Appendix to this Order if less than four senators are to be elected by those electors.

17. An elector shall vote by filling up a voting paper in the appropriate form and delivering the same personally to the returning officer at his office or sending the same by post to the returning officer at his office, but no voting paper shall be counted unless it is received before five o'clock in the afternoon of the day on which the poll closes.

18. On the next day after the day on which the poll closes the returning officer shall count the votes and shall declare the result of the election and make return accordingly, and shall as soon as practicable publish in the "Dublin Gazette" the names of the persons elected and shall send to each of them notice of his election. The decision of the returning officer as to the validity of any voting paper shall be final.

RETURN OF WRITS, ETC.

19. The returning officer shall make return to the writ by endorsing thereon under his hand the names, places of abode, and professions, occupations or descriptions of the persons elected as senators, and (save where the Clerk of the Crown and Hanaper is himself returning officer) by sending the writ so endorsed to the Clerk of the Crown and Hanaper immediately after the election.

20. When return has been made to a writ the Clerk of the Crown and Hanaper shall cause the return to be entered in a book, called the "Return Book," to be kept by him for that purpose, and shall send a copy of that book, or of any entry in the case of a by-election, to the proper officer of the Senate.

21. Every deputy returning officer shall, as soon as return has been made to a writ, send to the Clerk of the Crown and Hanaper all nomination papers, voting papers, and other documents connected with the election which are in his possession or custody.

GENERAL.

22. The Clerk of the Crown and Hanaper shall, subject to the approval of the Lord

Lieutenant, appoint such deputies and clerks as he may think necessary for the proper holding of an election, and in particular may appoint a deputy for the discharge of all or any of the duties of returning officer in connection with any election by county councillors voting together as a province, and any deputy so appointed shall, subject to the terms of his appointment, have all the powers of the returning officer.

In the event of the death, illness or incapacity of the Clerk of the Crown and Hanaper, the Lord Lieutenant may appoint a person to act temporarily in his place for the purposes of this Order.

23. A voting paper shall be deemed to be a public document within the meaning of subsection (2) of section four of the Forgery Act, 1913, and section five of the Perjury Act, 1911, shall apply to statements in a voting paper and shall be deemed to extend to Ireland for the purpose.

24. In reckoning time for the purpose of the provisions of this Order Sunday, Good Friday, Christmas Day, and any day set apart as a bank or public holiday or public fast or public thanksgiving shall be excluded; and where anything required by those provisions to be done on any day falls to be done on any such day, it may be done on the next day not being one of any such days.

25. Subject to any express provision in this Order, any nomination paper, voting paper, or other document required by this Order to be sent to any person may be sent by delivering it to that person, or by sending it by post in a letter addressed to him at his office in the case of the Clerk of the Crown and Hanaper or returning officer, and at his usual or last known residence or place of business in the case of any other person.

26. If any question arises as to the validity of an election then, subject to the foregoing provisions of this Order, the same shall be determined by the Lord Lieutenant, or in such manner as he may direct, and any such determination shall be final and effect shall be given thereto by the Senate as circumstances may require.

27. The enactments relating to the taking of the oath required to be taken by members of the House of Commons of the United Kingdom shall, in their application to the members of the Senate, have effect with the following modifications:—

(a) references to the Parliament of Southern Ireland and to the Senate shall be substituted respectively for references to the Parliament and to the House of Commons of the United Kingdom;

(b) references to the person holding in the Senate the office corresponding to the office of Speaker shall be substituted for references to the Speaker of the House of Commons of the United Kingdom:

Provided that until such person has been chosen by the Senate his powers and duties shall be exercised and performed by the Lord Chancellor of Ireland, and until standing orders have been made for the purpose by the Senate the time and manner of taking the oath shall be such as may be directed by the person aforesaid or, if no such person has been chosen, by the said Lord Chancellor.

The KING's Most Excellent Majesty in Council.

WHEREAS by section fourteen of the Government of Ireland Act, 1920, it is provided—

(a) that the House of Commons of Southern Ireland shall consist of one hundred and twenty-eight members returned by the constituencies in Ireland named in Part I. of the Fifth Schedule to the said Act, and that the number of members to be returned by each such constituency shall be the number mentioned in the second column of that Part; and

and that the members shall be elected by the same electors and in the same manner as members returned by constituencies in Ireland to serve in the Parliament of the United Kingdom, except that at any contested election of the full number of members the election shall be according to the principle of proportional representation, each elector having one trans-

ferable vote, as defined by the Representation of the People Act, 1918, and that His Majesty in Council shall have the same power of making regulations in respect thereto as he has under sub-section (3) of section twenty of that Act, and that the said sub-section shall apply accordingly:

Almeric FitzRoy.

SCHEDULE.

PART I.

1. The election shall be conducted in accordance with the following Rules, as illustrated in Part II. of this Schedule.

2.—(1) Every elector shall have one transferable vote.

(2) An elector in giving his vote—

(a) must place on his ballot paper the figure 1 opposite the name of the candidate for whom he votes;

(b) may in addition place on his ballot paper the figure 2 or the figures 2 and 3, or 2, 3 and 4, and so on opposite the names of other candidates in the order of his preference.

(3) For the purpose of enabling the vote of any voter to whom rule 26 in Part I. of the First Schedule to the Ballot Act, 1872, applies to be marked on the ballot paper in manner directed by such voter, the presiding officer shall proceed in accordance with the instructions in Part III. of this Schedule.

3. The forms contained in Part IV. of this Schedule shall be substituted for the forms of front and back of ballot paper and of directions for the guidance of the voter contained in the Second Schedule to the Ballot Act, 1872, and for the "Instructions to the Voter" contained in Form No. 1 of Schedule IV. to the Representation of the People Order.

4. A ballot paper on which—

(a) the figure 1 standing alone indicating

a first preference for some one candidate is not placed; or on which

(b) the figure 1 standing alone indicating a first preference is set opposite the name of more than one candidate; or on which

(c) the figure 1 standing alone indicating a first preference and some other number is set opposite the name of the same candidate; or on which

(d) any mark is made not authorised by the Ballot Act, 1872, as modified by this Schedule; or on which anything except the number on the back is written or marked by which the voter can be identified, shall be invalid and not counted.

5.—(1) After the ballot papers have been mixed, in accordance with the Rules contained in Part I. of the First Schedule of the Ballot Act, 1872, the returning officer shall, rejecting any that are invalid, cause the ballot papers to be arranged in parcels according to the first preferences recorded for each candidate.

(2) The returning officer shall then count the number of papers in each parcel, and credit each candidate with a number of votes equal to the number of valid papers on which a first preference has been recorded for such candidate, and he shall ascertain the full total number of all valid papers.

6. The returning officer shall then divide the full total number of all valid papers by a number exceeding by one the number of vacancies to be filled. The result increased by one, any fractional remainder being disregarded, shall be the number of votes sufficient to secure the return of a candidate. This number is herein called the "quota."

7. If at the end of any count the number of votes credited to a candidate is equal to or greater than the quota, that candidate shall be deemed to be elected.

8.—(1) If at the end of any count the number of votes credited to a candidate is greater than the quota, the surplus shall be transferred in accordance with the provisions of this Rule to the continuing candidate or candidates indicated on the ballot papers in the parcel or sub-parcel of the elected candidate, according to the next available preferences recorded thereon.

(2)—(a) If the votes credited to an elected candidate consist of original votes only, the returning officer shall examine all the papers in the parcel of the elected candidate whose surplus is to be transferred and shall arrange the transferable papers in sub-parcels according to the next available preferences recorded thereon.

(b) If the votes credited to an elected candidate consist of original and transferred votes, or of transferred votes only, the returning officer shall examine the papers contained in the sub-parcel last received by the elected candidate, and shall arrange the transferable papers therein in further sub-parcels according to the next available preferences recorded thereon.

(c) In either of the cases referred to in paragraphs (a) and (b) of this sub-section the returning officer shall make a separate sub-parcel of the non-transferable papers and shall ascertain the number of papers in each sub-parcel of transferable papers and in the sub-parcel of non-transferable papers.

(3) If the surplus is equal to or greater than the total number of papers in the sub-parcels of transferable papers, the returning officer shall transfer each sub-parcel of transferable

papers to the continuing candidate indicated thereon as the voters' next available preference.

Provided that where the surplus is greater than such total number a sub-parcel shall be made of a number of non-transferable papers equal to the difference between the said total number and the surplus and the papers in such sub-parcel shall be set aside and not further taken into account and for the purposes of Rule 13 shall be described as non-transferable papers not effective and the remaining non-transferable papers also arranged as a sub-parcel shall be placed with the papers of the candidate deemed to be elected.

(4)—(a) If the surplus is less than the total number of transferable papers, the returning officer shall transfer from each sub-parcel of transferable papers to the continuing candidate indicated thereon as the voters' next available preference that number of papers which bears the same proportion to the number of papers in the sub-parcel as the surplus bears to the total number of transferable papers.

(b) The number of papers to be transferred from each sub-parcel shall be ascertained by multiplying the number of papers in the sub-parcel by the surplus and dividing the result by the total number of transferable papers. A note shall be made of the fractions, if any, in each quotient ascertained in respect of each candidate.

(c) If, owing to the existence of such fractions, the number of papers to be transferred is less than the surplus, so many of these fractions taken in the order of their magnitude, beginning with the largest, as are necessary to make the total number of papers to be transferred equal to the surplus, shall be reckoned as of the value of unity, and the remaining fractions shall be ignored.

If two or more fractions are of equal magnitude, that fraction shall be deemed to be the largest which arises from the largest sub-parcel and if such sub-parcels are equal in size, preference shall be given to the candidate who obtained the largest number of original votes. Where the numbers of such original votes are equal regard shall be had to the total number of votes credited to such candidates at the first count at which they had an unequal number of votes, and the fraction credited to the candidate with the greatest number of votes at that count shall be deemed to be the largest. Where the numbers of votes credited to such candidates were equal at all counts the returning officer shall determine by lot which fraction shall be deemed to be the largest.

(d) The particular papers to be transferred from each sub-parcel shall be those last filed in the sub-parcel, and each paper so transferred shall be marked, stamped or perforated so as to indicate the number of the count at which the transfer took place.

(5) A surplus which arises at the end of any count shall be transferred before a surplus which may arise at a subsequent count: Provided that—

(a) the returning officer need not necessarily transfer the surplus of an elected candidate when that surplus, together with any other surplus not transferred, is less than the difference between the numbers of the votes credited to the two lowest continuing candidates;

(b) a surplus which is equal to or greater than the difference between the numbers of

votes credited to the two lowest candidates shall be transferred before any surplus which is less than such difference;

(c) if there are two or more surpluses, each of which is less than the difference between the numbers of votes credited to the two lowest candidates, the greatest of such surpluses shall be first transferred without regard to the count at which it arose.

(6) When two or more surpluses arise from the same count the largest shall be first dealt with and the others shall be dealt with in the order of their magnitude.

(7) If two or more candidates have each an equal surplus arising from the same count, regard shall be had to the number of original votes obtained by each candidate, and the surplus of the candidate credited with the largest number of original votes shall be first dealt with.

Where the numbers of such original votes are equal, regard shall be had to the total number of votes credited to such candidates at the first count at which they had an unequal number of votes, and the surplus of the candidate with the greatest number of votes at that count shall be first dealt with.

Where the numbers of votes credited to such candidates were equal at all counts the returning officer shall determine by lot which surplus he will first deal with.

9.—(1) If at any time no candidate has a surplus (or when under the preceding Rule an existing surplus need not be and is not transferred), and one or more vacancies remain unfilled, the returning officer shall exclude the candidate credited with the lowest number of votes, and shall examine all the papers of that candidate, and shall arrange the transferable papers in sub-parcels according to the next available preferences recorded thereon for continuing candidates, and shall transfer each sub-parcel to the candidate for whom that preference is recorded, and shall make a separate sub-parcel of the non-transferable papers. The non-transferable papers shall be set aside as finally dealt with and shall for the purposes of Rule 13 be described as non-transferable papers not effective.

(2) If the total of the votes of the two or more lowest candidates together with any surplus not transferred, is less than the number of votes credited to the next highest candidate, the returning officer may in one operation exclude those candidates and transfer their votes in accordance with Rule 9 (1).

(3) If, when a candidate has to be excluded under this Rule, two or more candidates have each the same number of votes and are lowest regard shall be had to the number of original votes credited to each of those candidates, and the candidate with the smallest number of original votes shall be excluded, and where the numbers of the original votes are equal, regard shall be had to the total numbers of votes credited to those candidates at the first count at which they had an unequal number of votes, and the candidate with the lowest number of votes at that count shall be excluded, and, where the numbers of votes credited to those candidates were equal at all counts, the returning officer shall determine by lot which shall be excluded.

10.—(1) Whenever any transfer is made under any of the preceding Rules each sub-parcel of papers transferred shall be placed on

top of the parcel, if any, of papers of the candidate to whom the transfer is made, and that candidate shall be credited with a number of votes equal to the number of papers transferred to him.

(2) If after any transfer a candidate has a surplus, that surplus shall be dealt with in accordance with and subject to the provisions contained in Rule 8 before any other candidate is excluded.

11.—(1) When the number of continuing candidates is equal to the number of vacancies remaining unfilled, the continuing candidates shall thereupon be deemed to be elected.

(2) When only one vacancy remains unfilled, and the votes of some one continuing candidate exceed the total of all the votes of the other continuing candidates, together with any surplus not transferred, that candidate shall thereupon be deemed to be elected.

(3) When the last vacancies can be filled under this Rule, no further transfer of votes need be made.

12. The provision of section 2 of the Ballot Act, 1872, which empowers a returning officer to give an "additional" vote in certain circumstances shall not apply to any election under these Rules.

13. The returning officer shall record and give public notice of any transfer of votes made under these Rules, and of the total number of votes credited to each candidate at the end of the count at which such transfer took place, in addition to the particulars prescribed by Rule 45 in Part I. of the First Schedule to the Ballot Act, 1872. Such public notice may be in accordance with the form set out in Part IV. of this Schedule, or in a Form to the like effect.

14.—(1) Any candidate or his agent may, at the conclusion of any count, request the returning officer to re-examine and recount all or any of the papers dealt with during that count, and the returning officer shall forthwith re-examine and recount accordingly the papers indicated without making any alterations in the arrangement of the papers in the various parcels save where such alterations may be necessary in consequence of any error discovered in the recount. The returning officer may also at his discretion recount papers either once or more often in any case in which he is not satisfied as to the accuracy of any count. Provided that nothing herein shall make it obligatory on the returning officer to recount the same parcel of papers more than once.

(2) The powers of the Court upon an election petition shall include power to direct the whole or any part of the ballot papers to be recounted and the result of the election to be ascertained in accordance with these Rules.

(3) On any such recount, subject to such modifications as may be necessary by reason of any order of the Court, each paper shall take the same course as at the original counting of the votes.

15.—(1) If any question shall arise in relation to the exclusion of any candidate under Rule 9 or to any transfer of votes, the decision of the returning officer, whether expressed or implied by his acts, shall be final unless an objection in writing stating the grounds thereof is made to the returning officer by any candidate or his agent before the declaration of the poll, and in that event the decision of the returning officer may be reversed upon an election petition.

(2) If any decision of the returning officer is so reversed, the transfer in question and all operations subsequent thereto shall be void and the Court may direct what transfer is to be made in place of the transfer in question, and may cause the subsequent operations to be carried out and the result of the election to be ascertained in accordance with these Rules.

16.—(1) Rule 36 in Part I. of the First Schedule to the Ballot Act, 1872, shall have effect with the substitution of the following head for head 2 mentioned in that rule—

" 2. Invalid under paragraph (a), (b), (c) or (d) of rule 4 in Part I. of the Schedule to the Irish Houses of Commons (Proportional Representation) Order, 1921."

(2) The returning officer in making up the packets of counted ballot papers upon the completion of the counting pursuant to rule 37 in Part I. of the First Schedule to the Ballot Act, 1872, shall secure that the ballot papers are arranged in the same parcels and sub-parcels (if any) and in the same order therein as at the final count.

17. In these Rules—

(1) The expression "continuing candidate" means any candidate not deemed to be elected and not excluded.

(2) The expression "first preference" means the figure "1" standing alone; the expression "second preference" means the figure "2" standing alone in succession to the figure "1"; and the expression "third preference" means the figure "3," standing alone in succession to the figures "1" and "2," set opposite the name of any candidate, and so on.

(3) The expression "next available preference" means a second or subsequent preference recorded in consecutive numerical order for a continuing candidate, the preferences next in order on the ballot paper for candidates already deemed to be elected or excluded being ignored.

(4) The expression "transferable paper" means a ballot paper on which, following a first preference, a second or subsequent preference is recorded in consecutive numerical order for a continuing candidate:

(5) The expression "non-transferable paper" means a ballot paper on which no second or subsequent preference is recorded for a continuing candidate.

Provided that a paper shall be deemed to have become a non-transferable paper whenever—

(a) The names of two or more candidates (whether continuing or not) are marked with the same number and are next in order of preference; or

(b) The name of the candidate next in order of preference (whether continuing or not) is marked—

(i) by a number not following consecutively after some other number on the ballot paper; or

(ii) by two or more numbers; or,

(c) it is void for uncertainty:

(6) The expression "original vote" in regard to any candidate means a vote derived from a ballot paper on which a first preference is recorded for that candidate:

(7) The expression "transferred vote" in

regard to any candidate means a vote derived from a ballot paper on which a second or subsequent preference is recorded for that candidate:

(8) The expression "surplus" means the number of votes by which the total number of the votes, original and transferred credited to any candidate, exceeds the quota:

(9) The expression "count" means:—

(a) all the operations involved in the counting of the first preferences recorded for candidates; or

(b) all the operations involved in the transfer of the surplus of an elected candidate; or

(c) all the operations involved in the transfer of the votes of an excluded candidate;

(10) The expression "deemed to be elected" means deemed to be elected for the

purpose of counting of the votes, but without prejudice to the declaration of the poll:

(11) The expression "determine by lot" means determine in accordance with the following direction:—The names of the candidates concerned having been written on similar slips of paper, and the slips having been folded so as to prevent identification and mixed and drawn at random, the candidate or candidates shall, in cases of exclusion be excluded in the order in which their names are drawn, and, in cases of surpluses, the surpluses shall be transferred in the order in which the names are drawn.

18. These Rules shall be construed as one with the Ballot Act, 1872, as adapted and modified in pursuance of the Government of Ireland Act, 1920, and the former Act as so adapted and modified shall in cases to which these Rules are applicable have effect subject to these Rules.

PART II.

EXAMPLE OF AN ELECTION CONDUCTED ON THE SYSTEM OF THE SINGLE TRANSFERABLE VOTE SET OUT IN PART I. OF THIS SCHEDULE.

Let it be assumed that there are five members to be elected, and that there are ten candidates, A, B, C, D, E, F, G, H, I, K.

First Count.

The ballot papers are examined, and the valid papers are arranged in separate parcels under the names of the candidates marked with the figure 1.

Each separate parcel is counted, and each candidate is credited with a number of votes equal to the number of the papers on which a first preference has been recorded for him.

The result of the count may be supposed to be as follows:—

								Votes.
A	2,009
B	952
C	939
D	746
E	493
F	341
G	157
H	152
I	118
K	93
								6,000
	Total	6,000

The Quota.

It is found that the total of all the valid votes is 6,000. This total is divided by six (i.e., the number which exceeds by one the number of vacancies to be filled), and 1,001 (i.e., the quotient 1,000 increased by one) is the "quota," or the number of votes sufficient to elect a member.

A's votes exceed the quota, and he is thereupon deemed to be elected.

Second Count.

A has 1,008 surplus votes (i.e., A's total 2,009, less the quota 1,001), and it is necessary to transfer this surplus (Rule 8 (1)).

All A's 2,009 papers are examined and arranged in separate sub-parcels according to the second preferences indicated thereon (Rule 8 (2) (a)).

A separate sub parcel is also formed of those papers on which no further available preference, i.e., no further preference for any continuing candidate, is shown, and which are therefore non-transferable (Rule 8 (2) (c)).

The result is found to be as follows:—

A next available preference is shown for D on	257 papers.
A next available preference is shown for E on	11 papers.
A next available preference is shown for F on	28 papers.
A next available preference is shown for G on	1,708 papers.
	2,004 papers.
Total of transferable papers ...	2,004 papers.
Total of non-transferable papers ...	5 papers.
	2,009
Total of A's papers ...	2,009

Since the total number of transferable papers (2,004) exceeds the surplus (1,008), only a portion of each sub-parcel can be transferred, and the number of papers to be transferred from each sub-parcel must bear the same proportion to the total number of papers in the sub-parcel as that which the surplus bears to the total number of transferable papers.

In other words, the number of papers to be transferred from each sub-parcel is ascertained by multiplying the number of papers in the sub-parcel by 1,008 (the surplus), and dividing the result by 2,004 the total number of transferable papers—

The process is as follows:—

D's sub-parcel contains 257 papers, and his share of the surplus is, therefore:—	$257 \times \frac{1,008}{2,004}$ or $129 \frac{540}{2,004}$
E's sub-parcel contains 11 papers, and his share of the surplus is, therefore:—	$11 \times \frac{1,008}{2,004}$ or $5 \frac{1,068}{2,004}$
F's sub-parcel contains 28 papers, and his share of the surplus is, therefore:—	$28 \times \frac{1,008}{2,004}$ or $14 \frac{168}{2,004}$...
G's sub-parcel contains 1,708 papers, and his share of the surplus is, therefore:—	$1,708 \times \frac{1,008}{2,004}$ or $859 \frac{228}{2,004}$...
Total	1,008

The numbers of papers to be transferred as determined by the preceding process contain fractions, and, since only whole papers can be transferred, so many of the largest of these fractions, taken in order of their magnitude as will make the total number of papers to be transferred equal to the surplus are reckoned as of the value of unity.

Thus, as the *whole* numbers determined above amount to only 1,007, viz., (129 + 5 + 14 + 859), or one short of the surplus 1,008 the largest fraction $\frac{1,068}{2,004}$ is reckoned as unity, and the numbers of papers to be transferred are as follows:—

To D	129 papers.
To E	6 papers.
To F	14 papers.
To G	859 papers.
Total, being A's surplus		1,008 papers.

The particular papers to be transferred to D, E, F and G are those last filed in their respective sub-parcels, and, therefore, at the top of the sub-parcels. The papers to be transferred are to be clearly marked with the number of the count at which the transfer is made.

These papers are added in separate sub-parcels to the parcels of D, E, F and G.

The totals of the votes credited to these candidates then become:—

		Votes.
D	746 + 129 = 875
E	493 + 6 = 499
F	341 + 14 = 355
G	157 + 859 = 1,016

The remainders of the papers in the sub-parcels (*i.e.*, those papers not transferred), together with the papers on which no further available preferences were recorded, are collected together and formed into one parcel, representing A's quota of votes (1,001).

The parcel is made up as follows:—

The remainder of D's sub-parcel	257 less 129 = 128
The remainder of E's sub-parcel	11 less 6 = 5
The remainder of F's sub-parcel	28 less 14 = 14
The remainder of G's sub-parcel	1,708 less 859 = 849
Non-transferable papers	5
Total, being A's quota	1,001

The operations involved in this transfer are summarised in the following table:—

<i>Transfer of A's Surplus.</i>							
Surplus	1,008
Number of transferable papers	2,004
Proportion to be transferred	Surplus					1,008	
	Number of transferable papers					2,004	

Names of Candidates marked as the next available preferences.	Number of Papers to be dealt with.	Number of Papers transferred.	Number of Papers retained for A's quota.
B	—	—	—
C	—	—	—
D	257	129	128
E	11	6	5
F	28	14	14
G	1,708	859	849
H	—	—	—
I	—	—	—
K	—	—	—
Total number of transferable papers ...	2,004	1,008	996
Number of non-transferable papers ...	5	—	5
Total ...	2,009	1,008	1,001

The state of the poll on the conclusion of the count is as follows:—

A	1,001	elected.
G	1,016	
B	952	
C	939	
D	875	
E	499	
F	355	
H	152	
I	118	
K	93	
Total ...	6,000	

G now has 1,016 votes, a number which is greater than the quota. He is accordingly deemed to be elected.

Third Count.

G's surplus (1,016 less 1,001, or 15) would have to be transferred were it not for the provisions of Rule 8 (5). Under proviso (a) the returning officer need not necessarily transfer a surplus which is less than the difference between the two lowest candidates on the poll, seeing that the transfer could not alter the relative position of these candidates, even if the whole surplus were transferred to the lowest candidate. G's surplus, therefore, need not be transferred.

The returning officer proceeds to transfer the votes of the candidate with the smallest total of votes.

K's parcel of 93 papers is therefore examined. It is found to contain 89 papers on which F is the next preference, and 4 on which C is the next preference.

Therefore 89 papers are transferred to F and 4 to C.

The poll now stands as follows:—

A	1,001	elected.	
G	1,016		elected.
B	952		
C	943		
D	875		
E	499		
F	444		
H	152		
I	118		
Total ...	6,000		

Fourth Count.

The poll shows that as a result of the third count no further candidate obtained the quota which would entitle him to election, and the next operation has to be determined upon.

The difference between H and I (34) exceeds G's surplus (15), which, therefore, may be allowed to remain untransferred (Rule 8 (5) (a)).

Candidate I is lowest on the poll, and his papers have to be transferred in the same manner as K's (Rule 9 (1)). But as the combined totals of H and I together with G's surplus (152 + 118 + 15 = 285) are less than 444, the total of F, the next highest candidate, the returning officer transfers the papers of both H and I at the same count.

The papers (152 + 118, or 270 in all) in the parcels of H and I are examined, and it is found that—

B is marked next preference on...	119 papers.
D is marked next preference on...	107 papers.
Non-transferable papers	44 papers.
Total	270 papers.

It should be stated that on some papers some or one of the candidates A, G, I, H, and K may have been marked as next in order of preference on the papers examined, but, as all these candidates are already either elected or excluded, any papers so marked pass to those of the other candidates for whom the next available preferences have been recorded.

The operation is completed by the transfer of 119 papers to B, and 107 to D, whilst the 44 non-transferable papers are set aside as finally dealt with.

The poll now stands as follows :—

					Votes.
A	1,001 elected.
G	1,016 elected.
B	1,071
D	982
C	943
E	499
F	444
Non-transferable papers	44
Total	6,000

B now has 1,071 votes, a number which exceeds the quota. He is accordingly deemed to be elected.

Fifth Count.

B's surplus (70) exceeds the difference (55) between E and F, the two candidates lowest on the poll, and it is therefore necessary to transfer it under Rule 8 (5) (b).

For this purpose, only the sub-parcel of papers last transferred, containing 119 papers, is taken into account.

These are examined and arranged in sub-parcels (in the same manner as A's papers were examined and arranged) with the following result :—

A next preference is shown for E on 84 papers.

No further preference is shown on 35 papers.

The total number of transferable papers (84) is thus greater than the surplus (70), and the proportion to be transferred is $\frac{70}{84}$. But there is only one candidate, E, entitled to participate in the transfer. E accordingly receives the whole of the surplus and the 70 papers last filed on top of E's sub-parcel are, therefore, transferred to him, after being clearly marked with the number of the count at which the transfer took place.

The remainder of the papers in E's sub-parcel (14), together with the non-transferable papers (35), are placed with B's first parcel of 952 papers. The whole constitutes B's quota.

B's quota is made up as follows :—

First parcel	952
Remainder of E's sub-parcel	14
Non-transferable papers	35
Total	1,001

The poll now stands as follows :—

					Votes.
A	1,001 elected.
G	1,016 elected.
B	1,001 elected.
D	982
C	943
E	569
F	444
Non-transferable papers	44
Total	6,000

Sixth Count.

No candidate is elected as the result of the fifth count, and the next operation has to be determined upon.

G's surplus (15) need not be transferred, being less than the difference between the totals of E and F, the two lowest candidates.

F is lowest, and his papers have to be transferred.

On examination it is found that of F's 444 papers 353 show a next preference for C, and the remainder, 91, contain no further preference.

The operation is completed by the transfer of 353 papers to C, whilst the 91 non-transferable papers are set aside as finally dealt with.

The poll now stands as follows :—

	Votes.
A	1,001 elected.
G	1,016 elected.
B	1,001 elected.
C	1,296
D	982
E	569
Non-transferable papers ...	135
Total	6,000

C has now 1,296 votes, a number which exceeds the quota, and he is thereupon deemed to be elected.

No further transfer is necessary, for, even if all C's surplus (295) and all G's surplus (15) were transferred to E, his total would only amount to 879.

But D's total (982) exceeds this number and he is therefore deemed to be elected (Rule 11 (2)).

The final result is that A, G, B, C and D are elected.

The details of the various operations in this election are shown in the subjoined form of "result sheet."

INSTRUCTIONS TO PRESIDING OFFICER IN REGARD TO VOTING BY PERSONS INCAPACITATED, &c.

1. The presiding officer—

(a) shall read out the names of all the candidates in the order in which they appear on the ballot paper, and then ask the voter—

“To which of the candidates do you wish to give your vote?”

And shall accordingly place the figure 1 on the ballot paper opposite the name of the candidate to whom the voter gives his vote;

(b) shall then ask the voter—

“Do you wish to express a second preference?” and if the answer is in the affirmative, read out the names of all the remaining candidates in the order in which they appear on the ballot paper and then ask the voter—

“For which of the candidates do you wish to express a second preference?”

And shall accordingly place the figure 2 on the ballot paper opposite the name of the candidate for whom the voter expresses a second preference ;

(c) shall repeat the operation if and so far as may be required in reference to a third or any subsequent preference so long as the voter wishes to express any such preference.

2. The presiding officer shall not accept, consider or act upon any paper or document purporting to show the manner in which the voter desires to give his vote or express a preference, and shall not mark the ballot paper of the voter otherwise than after compliance and in accordance with the provisions of the preceding article.

FORM OF BACK OF BALLOT PAPER.

Number
Election for Constituency of

Form of Directions for the guidance of the Voter in Voting, which shall be printed in conspicuous characters and placarded outside every Polling Station and in every compartment of every Polling Station.

The voter will go into one of the compartments, and, with pencil provided there, mark his ballot paper by placing the figure 1 opposite the name of the candidate for whom he votes. He may also place the figures 2, 3, and so on, in accordance with the order of his choice or preference opposite the names of other candidates (that is to say):—

He must place the figure 1 opposite to the name of the candidate for whom he votes.

He may also place the figure 2 opposite to the name of the candidate he likes second best, and place the figure 3 opposite to the name of the candidate he likes third best.

And so on.

If the voter does not place the figure 1 on his ballot paper, or places the figure 1 opposite more than one name or places the figure 1 and some other figure opposite the same name, or places any mark on the paper by which he may be afterwards identified, his ballot paper will be void and will not be counted.

After marking the ballot paper, the voter will fold up the ballot paper so as to show the official mark on the back, and leaving the compartment will, without showing the front of the paper to any person, show the official mark on the back to the presiding officer, and then in the presence of the presiding officer put the paper into the ballot box, and forthwith quit the polling station.

If the voter inadvertently spoils a ballot paper, he can return it to the officer, who will, if satisfied of such inadvertence, give him another paper.

If the voter takes a ballot paper out of the polling station or deposits in the ballot box any other paper than the one given him by the officer, he will be guilty of a misdemeanour, and be subject to imprisonment for any term not exceeding six months, with or without hard labour.

The following examples show how Ballot Papers may be validly marked :—

Form of Instructions to Voter Voting by Post (to be substituted for Instructions contained in Form No. 1 of Schedule IV. to the Representation of the People Order).

Instructions to the Voter.

1. Before marking the accompanying ballot paper the voter must produce:—
 - I. The ballot paper showing the number thereon ;
 - II. This paper ; and
 - III. The envelope in which he has received the ballot paper ;

to some person to whom the voter is known, who will witness the declaration of identity (*see other side*).

2. The voter must sign the declaration of identity in the presence of the witness.

3. In order to vote, the voter *must* place the figure 1 in the space on the left-hand side of the ballot paper opposite to the name of the candidate for whom he votes ; that is to say, the candidate he likes best. He may also place the figure 2 in the space on the left-hand side of the ballot paper opposite to the name of the candidate he likes second best, and may place the figure 3 similarly opposite to the name of the candidate he likes third best, and so on. If the voter does not place the figure 1 on his ballot paper or places the figure 1 opposite to more than one name or places the figure 1 and some other figure opposite to the same name or places any mark on the paper by which he may afterwards be identified, his ballot paper will be void and will not be counted. The ballot paper must *not* be marked with a cross. The voter should *not* allow any person to see how he has voted.

4. Immediately after voting the voter must place the marked ballot paper in the enclosed small envelope on which are printed the words "Ballot paper envelope," and fasten it up. He must then place the ballot paper envelope, together with this paper, in the other larger enclosed envelope addressed to the Returning Officer and despatch the same by post without delay. Unless an elector returns his ballot paper at once it may be too late to be counted.

5. If a voter receives more than one ballot paper he must remember that he can vote only once in respect of a residence qualification. He may, however, give a second vote in respect of a business premises qualification in another constituency or as a university elector.

(2) An elector in giving his vote—

(a) must place on his voting paper the figure 1 opposite the name of the candidate for whom he votes;

(b) may in addition place on his voting paper the figure 2 or the figures 2 and 3, or 2, 3, and 4, and so on opposite the names of other candidates in the order of his preference.

3. The forms contained in Part III of this Schedule, or forms to the like effect, shall be used for the purposes to which they are expressed to be applicable.

4. A voting paper shall be invalid and not counted—

(a) on which the figure 1 standing alone indicating a first preference for some one candidate is not placed; or

(b) on which the figure 1 standing alone indicating a first preference is set opposite the name of more than one candidate; or

(c) on which the figure 1 standing alone indicating a first preference and some other number is set opposite the name of the same candidate; or

(d) which is unmarked, unsigned, or void for uncertainty.

5.—(1) The returning officer shall, after rejecting any voting papers that are invalid, cause the valid voting papers to be arranged in parcels according to the first preferences recorded for each candidate.

(2) For the purpose of facilitating the processes prescribed by these Rules, each valid voting paper shall be deemed to be of the value of one hundred.

(3) The returning officer shall count the number of papers in each parcel, and in accordance with sub-section (2) of this Rule credit each candidate with the value of the valid papers on which a first preference has been recorded for such candidate.

6. The returning officer shall then add together the values in all the parcels and divide the full total value by a number exceeding by one the number of vacancies to be filled. The result increased by one, any fractional remainder being disregarded, shall be the number sufficient to secure the return of a candidate. This number is herein called the "quota."

7. If at the end of any count or at the end of the transfer of any parcel or sub-parcel of an excluded candidate the value credited to a candidate is equal to or greater than the quota, that candidate shall be deemed to be elected.

8.—(1) If at the end of any count the value credited to a candidate is greater than the quota, the surplus shall be transferred in accordance with the provisions of this Rule to the continuing candidate or candidates indicated on the voting papers in the parcel or sub-parcel of the elected candidate, according to the next available preferences recorded thereon.

(2)—(a) If the value credited to an elected candidate arises out of original votes only, the returning officer shall examine all the papers in the parcel of the elected candidate whose

surplus is to be transferred, and shall arrange the transferable papers in sub-parcels according to the next available preferences recorded thereon, and shall make a separate sub-parcel of the non-transferable papers.

(b) If the value credited to an elected candidate arises out of original and transferred votes, or of transferred votes only, the returning officer shall examine the papers contained in the sub-parcel last received by the elected candidate, and shall arrange the transferable papers therein in further sub-parcels according to the next available preferences recorded thereon, and shall make a separate sub-parcel of the non-transferable papers.

(c) In either of the cases referred to in paragraphs (a) and (b) in this sub-section, the returning officer shall ascertain the number of papers and their total value in each sub-parcel of transferable papers and in the sub-parcel of non-transferable papers:

(3) If the surplus is equal to or greater than the total value of the papers in the sub-parcels of transferable papers, the returning officer shall transfer each sub-parcel of transferable papers to the continuing candidate indicated thereon as the voter's next available preference, each paper being transferred at the value at which it was received by the candidate whose surplus is being transferred.

When the surplus is greater than the total value of the sub-parcels of transferable papers, the non-transferable papers shall be set aside as not effective, at a value which is equal to the difference between the surplus and the total value of the sub-parcels of transferable papers.

(4) If the surplus is less than the total value of the transferable papers, the returning officer shall transfer each paper in each sub-parcel of transferable papers to the continuing candidate indicated thereon as the voters' next available preference, and the value at which each paper shall be transferred shall be ascertained by dividing the surplus by the total number of transferable papers, fractional remainders being disregarded, except that the consequential loss of value shall be noted on the Result Sheet.

(5) A surplus which arises on the completion of any count shall be dealt with before a surplus which may arise at a subsequent count.

When two or more surpluses arise out of the same count, the largest shall be first dealt with and the others shall be dealt with in the order of their magnitude.

If two or more candidates have each an equal surplus arising out of the same count, the surplus of the candidate credited with the greatest value at the earliest count at which the values credited to these candidates were unequal shall be first dealt with. Where the values credited to such candidates were equal at all counts, the returning officer shall determine by lot which surplus he will first deal with.

9.—(1) If at the end of any count no candidate has a surplus and one or more vacancies remain unfilled, the returning officer shall exclude the candidate credited with the lowest value and shall transfer his papers to the continuing candidate or candidates indicated on the voting papers in the parcel or sub-parcels of the excluded candidate as the voters' next available preference, and shall credit the con-

tinuing candidate or candidates with the value of the papers transferred.

(2)—(a) The parcel containing original votes shall first be transferred, the transfer value of each paper being one hundred.

(b) The sub-parcels containing transferred votes shall then be transferred in the order in which and at the value at which the excluded candidate obtained them.

(3) In the transfer of each parcel or sub-parcel a separate sub-parcel shall be made of the non-transferable papers, which shall be set aside at the value at which the excluded candidate obtained them.

(4) If, when a candidate has to be excluded under this Rule, two or more candidates are each credited with the same value and are lowest, regard shall be had to the total value of original votes credited to each of those candidates, and the candidate with the smallest total value shall be excluded, and where the total values are equal, regard shall be had to the total value credited to those candidates at the earliest count at which they had unequal values, and the candidate with the smallest value at that count shall be excluded.

If two or more candidates are lowest and are each credited with the same value at all counts, the returning officer shall arrange the papers of such candidates according to the next available preferences recorded thereon for continuing candidates, including the candidates in question, and shall exclude that lowest candidate for whom the total value of the next available preferences expressed is smallest, and if the total values of next available preferences recorded for two or more of the candidates in question are then equal and smallest, the returning officer shall determine by lot as between the candidates last mentioned which candidate shall be excluded.

10. Whenever any transfer is made under any of the preceding Rules, each sub-parcel of papers transferred shall be placed on top of the parcel or sub-parcel, if any, of papers of the candidate to whom the transfer is made, and that candidate shall be credited with a value ascertained in pursuance of these Rules.

11.—(1) If at the end of any count the number of elected candidates is equal to the number of vacancies to be filled, no further transfer shall be made.

(2)—(a) When the number of continuing candidates is equal to the number of vacancies remaining unfilled, the continuing candidates shall thereupon be deemed to be elected.

(b) When only one vacancy remains unfilled, and the value credited to some one continuing candidate exceeds the total of the values credited to the other continuing candidates, together with any surplus not transferred, that candidate shall thereupon be deemed to be elected.

(3) When the last vacancies can be filled under this Rule, no further transfer shall be made.

12. The returning officer shall record the total of the values credited to each candidate at the end of every count. Such record shall include—

(1) the value of the non-transferable papers not effective; and

(2) the loss of value owing to disregard of fractions;

and may be in accordance with the form set out in Part III. of this Schedule, or in a form to the like effect.

13. In these Rules—

(1) The expression "continuing candidate" means any candidate not deemed to be elected and not excluded.

(2) The expression "first preference" means the figure "1" standing alone, the expression "second preference" means the figure "2" standing alone in succession to the figure "1," and the expression "third preference" means the figure "3" standing alone in succession to the figures "1" and "2," set opposite the name of any candidate, and so on.

(3) The expression "next available preference" means a second or subsequent preference recorded in consecutive numerical order for a continuing candidate, the preferences next in order on the voting paper for candidates already deemed to be elected or excluded being ignored.

(4) The expression "transferable paper" means a voting paper on which, following a first preference, a second or subsequent preference is recorded in consecutive numerical order for a continuing candidate.

(5) The expression "non-transferable paper" means a voting paper on which no second or subsequent preference is recorded for a continuing candidate:

Provided that a paper shall be deemed to have become a non-transferable paper whenever—

(a) the names of two or more candidates (whether continuing or not) are marked with the same number and are next in order of preference; or

(b) the name of the candidate next in order of preference (whether continuing or not) is marked—

(i) by a number not following consecutively after some other number on the voting paper; or

(ii) by two or more numbers; or

(c) it is void for uncertainty.

(6) The expression "original vote" in regard to any candidate means a vote derived from a voting paper on which a first preference is recorded for that candidate.

(7) The expression "transferred vote" in regard to any candidate means a vote derived from a voting paper on which a second or subsequent preference is recorded for that candidate.

(8) The expression "surplus" means the number by which the total value of the votes, original and transferred, credited to any candidate exceeds the quota.

(9) The expression "count" means—

(a) all the operations involved in the counting of the first preferences recorded for candidates; or

(b) all the operations involved in the transfer of the surplus of an elected candidate; or

(c) all the operations involved in the transfer of the votes of an excluded candidate.

(10) The expression "deemed to be elected" means deemed to be elected for the purpose of counting, but without prejudice to the declaration of the result of the election.

(11) The expression "determine by lot" means determine in accordance with the following direction:—The names of the candidates concerned having been written on similar slips of paper, and the slips having been folded so as to prevent identification and mixed and drawn at random, the candidate or candidates shall, in cases of exclusion, be excluded in the order in which their names are drawn, and, in cases of surpluses, the surpluses shall be transferred in the order in which the names are drawn.

PART II.

Example of election conducted on the system of the single transferable vote set out in Part I of this Schedule.

Let it be assumed that there are ten members to be elected and that there are twenty candidates A, B, C, D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R, S, T.

First Count.

The voting papers having been examined, the papers that are invalid being rejected, the valid papers are arranged in separate parcels under the names of the candidates marked with the figure 1. Each separate parcel is counted, and the result of the count may be supposed to be as follows:—

	Valid papers.
A	6
B	4
C	3
D	3
E	3
F	2
G	2
H	2
I	2
J	2
K	2
L	1
M	1
N	1
O	1
P	1
Q	1
R	1
S	1
T	1
Total	40

Each valid voting paper is deemed to be of the value of 100, and the values of the votes obtained by the respective candidates are as shown in the first count in the Result Sheet.

The Quota.

It is found that the full total values in all the parcels is 4,000. This total is divided by 11 (*i.e.*, the number which exceeds by one the number of vacancies to be filled), and 364 (the quotient 363—disregarding the fractional re-

mainder—increased by 1) is the "Quota," the value sufficient to secure the return of a candidate.

A's and B's values each exceed the quota and they are thus deemed to be elected.

Second Count.

A and B both have surpluses which have to be transferred.

A's surplus of 236, being the largest, is first transferred.

This surplus arises from original votes, and therefore the whole of A's papers are divided into sub-parcels according to the next available preferences thereon, a separate parcel being made of the non-transferable papers (any papers showing a second preference for B—who, having a surplus, is deemed to be elected—being placed in the sub-parcel of the candidate for whom a third preference is indicated, or in the sub-parcel of non-transferable papers if a third preference is not indicated).

The result is found to be as follows:—

	Papers
A next available preference is indicated for C on	2
A next available preference is indicated for D on	1
A next available preference is indicated for F on	1
A next available preference is indicated for L on	1
Total of transferable papers	5
Total of non-transferable papers	1
Total of papers	6

The values of the papers in the sub-parcels are:—

to C	= 200
to D	= 100
to F	= 100
to L	= 100
Total value of transferable papers	500
Total value of non-transferable papers	100
Total value	600

The surplus is less than the total value of the transferable papers.

The surplus is therefore transferred as follows:—

All the transferable papers are transferred, but at a reduced value, which is ascertained by dividing the surplus by the number of transferable papers. The reduced value of all the papers, when added together, with the addition of any value lost as the result of fractions being disregarded, equals the surplus. In this case the new value of each paper transferred is

$\frac{236 \text{ (the surplus)}}{5 \text{ (the number of transferable papers)}} = 47$, the residue of the value of the five transferable papers, namely, 264, together with the non-transferable paper at its original value of 100, being required by A to constitute his quota. The loss of value owing to fractions being disregarded is, as shown in the Result Sheet, 1.

The values of the sub-parcels transferred are:—

- C=94 (*i.e.*, 2 papers at the value of 47).
 D=47 (*i.e.*, 1 paper at the value of 47).
 F=47 (*i.e.*, 1 paper at the value of 47).
 L=47 (*i.e.*, 1 paper at the value of 47).

The operations involved are summarised in the following table:—

Transfer of A's Surplus.

Value of surplus	236
Number of transferable papers	5
Number of non-transferable papers	1
Original value of each paper in A's Parcel	100
Value of transferable papers	500
Value of non-transferable papers	100
New value of each paper transferred:—

C	2	94
D	1	47
F	1	47
L	1	47
Totals... ..	5	235
Number of non-transferable papers	1	—
Loss of value owing to disregard of fractions	—	1
Totals... ..	6	236

The result of this operation is as shown on the Result Sheet under the heading Second Count.

Third Count.

C now has a surplus, which it is necessary to transfer, but B's surplus, having arisen at a prior count, is first transferred.

B's surplus of 36 is transferred in a similar manner to A's, but as there are no non-transferable papers, the value at which these papers

$$\frac{36}{4} = 9.$$

The surplus is distributed, according to next available preferences, as follows:—

$$\begin{aligned} D &= (1 \times 9) = 9 \\ G &= (1 \times 9) = 9 \\ L &= (1 \times 9) = 9 \\ M &= (1 \times 9) = 9 \end{aligned}$$

Loss value owing to disregard of fraction nil
—
36
—

Fourth Count.

C's surplus of 30 is next to be transferred. In this case only the last sub-parcel received by C is taken into account. This sub-parcel consists of two papers transferred from A at the value of 47 each.

The details are as follows:—

Value of C's surplus	= 30
Number of papers in sub-parcel	= 2
Number of transferable papers	= 2
Value of each paper	= 47
Value of transferable papers	= 94
New value of each paper transferred	30
	—
	= 15
	2

A next available preference is shown for M on 1 paper.

A next available preference is shown for N on 1 paper.

The papers are transferred at the value of 15 and this value is credited to M and N respectively, as shown on the Result Sheet.

Fifth Count.

No candidate now has a surplus, and one candidate has to be excluded.

The lowest value at the end of the fourth count credited to any candidate is 100. There are, however, six candidates to whom this value is credited, viz., O, P, Q, R, S, T, who are also credited with equal values at all counts. One of these candidates has to be excluded. The Returning Officer accordingly arranges the papers of these six candidates according to the next available preferences recorded thereon for continuing candidates (including candidates O, P, Q, R, S, T).

The result of this arrangement is as follows:—

on O's paper the next available preference is indicated for T

on P's paper the next available preference is indicated for S

on Q's paper the next available preference is indicated for R

on R's paper the next available preference is indicated for Q

on S's paper the next available preference is indicated for P

on T's paper the next available preference is indicated for M.

The values are therefore:—

for M	100
for O	nil
for P	100
for Q	100
for R	100
for S	100
for T	100

Thus the smallest value of next available preferences indicated for candidates O, P, Q, R, S, T, is that shown for O, *i.e.*, nil.

O is accordingly excluded. His parcel consists of one original paper which is transferred to T at its value of 100. (There are no sub-parcels.)

Sixth Count.

No candidate has a surplus, and there are now four candidates equal and lowest. As a result of similar procedure it is found that the values of the next available preferences are in this case equal for each of the candidates in question; the Returning Officer therefore determines by lot which of the candidates P, Q, R, S is to be excluded.

He accordingly proceeds as directed by Rule 13 (11). The slip of paper containing the name of S is drawn first, S is thus excluded and the value of his paper (100) is transferred to P.

Seventh Count.

Similarly R is excluded, and the value of his original vote (100) is transferred to Q, the next available preference.

Eighth Count.

No candidate has a surplus. N is lowest, and is excluded.

N's parcel of original votes contains 1 paper on which a next available preference is indicated for H. The value of this paper is 100, its original value.

The sub-parcel first received contains 1 paper which N received at a value of 15, and on which the next available preference is indicated for M.

The papers are transferred as follows:—

To H ... 1 paper at the value of 100

To M ... 1 paper at the value of 15

Each of these transfers is carried out separately, but the combined result is shown on the Result Sheet under the heading Eighth Count.

Ninth Count.

There is still no surplus. M, being credited with the lowest value, has to be excluded.

His parcel contains 1 original paper, on which no available preference is expressed for a continuing candidate. The value of this paper (100) is, thus, not effective.

M has also three sub-parcels, as follows:—

(a) Sub-parcel received first containing 1 paper at the value of 9.

(b) Sub-parcel received second containing 1 paper at the value of 15.

(c) Sub-parcel received third containing 1 paper at the value of 15.

On the paper mentioned at (a) the next available preference is for I.

On the paper mentioned at (b) the next available preference is for P.

On the paper mentioned at (c) the next available preference is for T.

Each paper is transferred, and the value credited as follows:—

To I ... 1 paper at value of 9

To P ... 1 paper at value of 15

To T ... 1 paper at value of 15

Tenth Count.

L is now lowest.

His parcel of original votes contains one paper, on which F is indicated as next preference.

This paper is transferred to F at the value of 100.

The sub-parcel first received contains one paper, received at the value of 47, indicating E as next available preference.

This paper is transferred to E at its value of 47.

In the sub-parcel next received, the paper contained therein indicates J as the next available preference.

This paper is transferred to J at its value of 9.

Eleventh Count.

There is still no surplus. Two candidates are lowest, and are equal, K and Q being each credited with the value of 200. Regard is therefore had to the total value of original votes credited to these candidates. K had 200, and Q 100.

Q is therefore excluded.

(a) On examination it is found that in the parcel of original votes there is one paper on which no preference is indicated for a continuing candidate.

(This paper indicated a next preference for R who has been already excluded.)

(b) The sub-parcel received from R on exclusion at the value of 100 indicates K as next available preference.

The value of 100 is added to the value of the non-transferable papers not effective in respect of the parcel.

The value of 100 is credited to K in respect of the sub-parcel.

Twelfth Count.

There are now three candidates lowest, viz. G, I, J, the value in each case being 209.

The values were equal at the first count, and regard is therefore had to the first count at which they had unequal values.

	First Count.	Third Count.	Ninth Count.
G ...	200	209	209
I ...	200	200	209
J ...	200	200	200

J is thus lowest and is excluded.

J's parcel of original votes is examined and found to contain 2 papers (original value of each 100).

On one paper the next available preference is indicated for G, and on the other paper no preference is indicated for a continuing candidate.

The paper is accordingly transferred to G at a value of 100, and the non-transferable paper set aside at the value of 100.

The sub-parcel contains one paper received at the value of 9, which indicates I as next available preference. This paper is transferred to I at the value of 9.

Thirteenth Count.

There are now two candidates lowest, P and T. It is ascertained, as at the preceding count, that P was lowest at the first count at which P and T had unequal values.

P is therefore excluded.

His parcel and sub-parcels (two) are similarly examined, and it is found that the next available preference on the original vote was for I. (*Note.*—The next preference was for S, who at this count is not a continuing candidate, having been excluded.)

(a) In the sub-parcel first received, containing one paper (at the sixth count at the value of 100), a next available preference is indicated for T.

(b) In the next sub-parcel, containing one paper received at the value of 15 (ninth count), no further available preference is indicated.

The paper at (a) is transferred to T at the value of 100.

The paper at (b) is set aside as not effective at the value of 15.

There are now seven vacancies remaining to be filled, and there are eight continuing candidates. Two of these candidates, H and K, are lowest, but are equal. Upon examination it is found that the first count (viz., the eighth), at which the values credited to them were unequal, K was lowest. K is therefore formally excluded. Thus the number of continuing candidates is equal to the number of vacancies remaining unfilled.

These remaining vacancies being filled, no further transfer is required.

The result of the various operations is set out in the following "Result Sheet."

THE LONDON GAZETTE, 29 APRIL, 1921.

At the Court at *Buckingham Palace*, the 22nd day of *April*, 1921.

PRESENT,

The KING's Most Excellent Majesty in Council.

WHEREAS by Section 1 of the Midwives Act, 1918, it is provided that the Central Midwives Board may at any time represent to the Privy Council that it is expedient to modify the constitution of the Board among other things by altering the term of office of any members of the Board and that the Privy Council before considering such representation shall cause it to be laid before both Houses of Parliament, and may thereafter, subject to the provisions of sub-section (3) of the said Section, report to His Majesty that it is expedient to give effect to the representation, and that it shall be lawful for His Majesty by Order in Council to give effect to the same:

And whereas the powers of the Privy Council under the said Act have now been transferred to the Minister of Health:

And whereas the Central Midwives Board have represented to the Minister of Health that it is expedient to modify the constitution of the Board in the manner hereinafter set forth, and the Minister, after causing the said representation to be laid before both Houses of Parliament, has reported to His Majesty that it is expedient to give effect thereto:

Now, therefore, His Majesty, by and with the advice of His Privy Council, is pleased to order, and it is hereby ordered, as follows:—

1.—(1) This Order may be cited as the Central Midwives Board (Term of Office) Order, 1921.

(2) The Interpretation Act, 1889, applies to the interpretation of this Order as it applies to the interpretation of an Act of Parliament.

2. Article 2 of the Central Midwives Board (Constitution) Order, 1920, shall have effect as though the word "annually" were therein substituted for the words "for a term of three years" or "for terms of three years," as the case may be.

3. This Order shall have effect as from the 31st day of March, 1921.

SCHEDULE. REGULATIONS.

PART I.

SHORT TITLE.

1. These regulations may be cited as the Lakes Victoria and Kioga Navigation Regulations, 1921.

Application.

2. These regulations shall be applicable to Lakes Victoria and Kioga except where the same or any of them are expressly limited to any particular lake.

Definitions.

3. In these regulations the words and expressions hereinafter mentioned shall have the meanings hereby assigned to them respectively unless there be something in the subject or context repugnant to such construction.

The word "Lighter" means any lighter constructed to carry cargo and not propelled by any power.

The expression "Steam Vessel" includes any vessel propelled by machinery.

The expression "Under Way" applied to a vessel means that she is not at anchor nor made fast to the shore nor aground.

The word "Visible" when applied to lights means visible on a dark night with a clear atmosphere.

PART II.

SAFETY PROVISIONS.

4. During the whole time a vessel is under way a proper person must be at the wheel or tiller and an efficient look-out kept.

5. On Lake Kioga when a lighter is being towed or pushed, all deck passengers shall, as far as is practicable, remain on it and not on board the steamer.

6. On steam vessels plying on Lake Victoria there shall be at least two lifeboats attached to davits, and as many buoyant deck seats, or other buoyant apparatus as can be properly placed, so that with the boats there will be provision for 60 per cent. of the total persons carried on board. In addition there shall be in the case of vessels of under 200 feet in length, four lifebuoys and in other vessels eight lifebuoys, and a lifejacket for each person on board. Provided that where, owing to the size or construction of the vessel it is unnecessary or impracticable to carry two lifeboats under davits, permission may be granted to dispense with one or both sets of davits.

7. Each steam vessel navigating Lake Kioga shall either carry on board or tow alongside a boat or boats, or good serviceable canoes sufficiently large to accommodate all Europeans on

the steamer, and in addition buoyant apparatus which with the boats or canoes shall provide for 40 per cent. of the total persons on board. Lifebuoys may be included in the buoyant apparatus at the rate of one lifebuoy for two persons. There shall also be provided a life-jacket for each person carried on board the steamer.

8. Fire buckets shall be kept filled with water and shall be placed in a convenient and easily accessible place.

9. Boats shall be invariably kept with the following equipment in them:—

Oars, rudder and tiller, crutches, bailer and plug.

The plug shall be attached by a lanyard one end of which shall be made fast to a staple in the vicinity of the plug hole.

10. Fire and boat stations shall be exercised every 14 days.

PART III.

PROVISIONS AS TO LIGHTS AND SIGNALS AND STEERING AND SAILING.

General.

11. Nothing in these regulations shall exonerate any vessel, or the owner, or master, or crew thereof, from the consequences of any neglect to carry lights or signals, or of any neglect to keep a proper look-out, or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

In obeying and construing the following regulations relating to lights and signals and steering and sailing, due regard shall be had to all dangers of navigation and of collision and to any special circumstances which may render a departure from them necessary in order to avoid immediate danger.

The regulations as to lights shall be complied with in all weathers from sunset to sunrise, and during such time no other lights which may be mistaken for the lights prescribed shall be exhibited.

In the following regulations every steam vessel which is under sail and not under steam shall be considered a sailing vessel, and every vessel under steam, whether under sail or not, shall be considered a steam vessel.

12. (1) A steam vessel when under way shall carry:—

(a) On or in front of the foremast, or if a vessel without a foremast, then in the forepart of the vessel, at a height above the hull of not less than 20 feet, a bright white light, so constructed as to show an unbroken light over an arc of the horizon of 20 points of the compass, so fixed as to throw the light 10 points on each side of the vessel, viz., from right ahead to 2 points abaft the beam on either side, and of such a character as to be visible at a distance of at least 5 miles.

(b) On the starboard side a green light, so constructed as to show an unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to 2 points abaft the beam on the starboard side, and of such a character as to be visible at a distance of at least 2 miles.

(c) On the port side a red light, so constructed as to show an unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to 2 points abaft the beam on

the port side, and of such a character as to be visible at a distance of at least 2 miles.

(2) The said green and red side-lights shall be fitted with inboard screens projecting at least three feet forward from the light, so as to prevent these lights from being seen across the bow.

13. (a) A steam vessel when towing another vessel shall, in addition to her side-lights, carry two bright white lights in a vertical line one over the other, not less than six feet apart. Each of these lights shall be of the same construction and character, and shall be carried in the same position as the white light mentioned in regulation 12 (1) (a). Such steam vessel may carry a white light abaft the funnel or after-mast for the vessel towed to steer by, but such light shall not be visible forward of the beam.

(b) Any vessel being pushed ahead or if there be more than one the foremost vessel or vessels of those being pushed ahead shall carry a bright white light of the same construction and character as the light mentioned in regulation 12 (1) (a) excepting that such light need only be visible for a distance of one mile.

It shall be carried at a convenient height above the hull of such vessel.

(c) The sternmost of any vessels being towed astern shall show from the stern a white light of such a character as to be visible at a distance of at least one mile.

14. A vessel which from any accident is not under command shall carry at the same height as the white light mentioned in regulation 12 (1) (a) where they can best be seen, and, if a steam vessel, in lieu of that light, two red lights, in a vertical line one over the other, not less than six feet apart, and of such a character as to be visible all round the horizon at a distance of at least two miles, and shall by day carry in a vertical line one over the other not less than six feet apart, where they can best be seen, two black balls or shapes each two feet in diameter.

The vessels referred to in this regulation when not making way through the water shall not carry side-lights, but when making way shall carry them. The lights and shapes required to be shown by this regulation are to be taken by other vessels as signals that the vessel showing them is not under command and cannot therefore get out of the way.

15. Steam vessels of less than 40 tons shall carry:—

(a) In the forepart of the vessel or on or in front of the funnel, where it can best be seen, and at a height above the gunwale of not less than nine feet, a bright white light constructed and fixed as prescribed in regulation 12 (1) (a) and of such a character as to be visible at a distance of at least two miles.

(b) Green and red side-lights constructed and fixed as prescribed in regulation 12 (1) (b) and (c) and of such a character as to be visible at a distance of at least one mile, or a combined lantern showing a green light and a red light from right ahead to two points abaft the beam on their respective sides. Such lantern shall be carried not less than three feet below the white light.

16. Dhows and rowing boats, whether under oars, or sails, shall have ready at hand a lantern showing a white light, which shall be temporarily exhibited in sufficient time to prevent collision.

17. A vessel which is being overtaken by another shall show from her stern to such last-mentioned vessel a white light or flare-up light.

The white light required to be shown by this regulation may be fixed and carried in a lantern, but in such case the lantern shall be so constructed, fitted and screened that it shall throw an unbroken light over an arc of the horizon of 12 points of the compass, viz., for 6 points from right aft on each side of the vessel, so as to be visible at a distance of at least one mile. Such light shall be carried as nearly as practicable on the same level as the side light.

18. A vessel when at anchor, shall carry forward, where it can best be seen, but at a height not exceeding 20 feet above the hull, a white light in a lantern so constructed as to show a clear, uniform and unbroken light visible all round the horizon at a distance of at least one mile.

Steam vessels to carry whistles and bells.

19. Every steam vessel shall be provided with an efficient whistle sounded by steam or substitute for steam so placed that the sound shall not be intercepted by any obstruction, and also with an efficient bell.

20. In fog, mist, or heavy rainstorms, whether by day or night, the signals described in the preceding regulations shall be used as follows, viz.:—

(a) A steam-vessel having way upon her shall sound, at intervals of not more than two minutes, a prolonged blast.

The words "prolonged blast" used in this regulation shall mean a blast of from four to six seconds' duration.

(b) A steam-vessel under way, but stopped and having no way upon her, shall sound, at intervals of not more than two minutes, two prolonged blasts, with an interval of about one second between them.

(c) A steam-vessel when at anchor shall, at intervals of not more than one minute, ring the bell rapidly for about five seconds.

(d) Sailing-vessels and boats of less than 20 tons gross tonnage shall make some efficient sound-signals at intervals of not more than one minute.

(e) Whistles shall not be used by vessels under way for any other purpose than giving warning.

(f) Prolonged blasts at intervals of a few seconds may be sounded to call the attention of the master of any vessel approaching.

(g) When a steam-vessel is turning round or for any other reason is not under command or when it is unsafe or impracticable to keep out of the way of any other vessel she shall signify the same by sounding, at intervals of not more than two minutes, three blasts in succession, viz., one prolonged blast followed by two short blasts.

Speed of ships to be moderate in fog, &c.

21. Every vessel shall, in a fog, mist, or heavy rainstorms, go at a moderate speed, having careful regard to the existing circumstances and conditions.

A steam-vessel hearing, apparently forward of her beam, the fog signal of a vessel the position of which is not ascertained, shall, so far as the circumstances of the case admit, stop her engines, and then navigate with caution until danger of collision is over.

Vessels approaching one another.

22. When two steam-vessels are meeting end on or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other.

This regulation only applies to cases where vessels are meeting end on, in such manner as to involve risk of collision, and does not apply to two vessels which must, if both keep on their respective courses, pass clear of each other.

The only cases to which it does apply are when each of the two vessels is end on, or nearly end on, to the other; in other words, to cases in which, by day, each vessel sees the masts of the other in a line, or nearly in a line, with her own; and, by night, to cases in which each vessel is in such a position as to see both the side-lights of the other.

It does not apply, by day, to cases in which a vessel sees another ahead crossing her own course, or by night, to cases where the red light of one vessel is opposed to the red light of the other, or where the green light of one vessel is opposed to the green light of the other, or where a red light without a green light, or a green light without a red light, is seen ahead, or where both green and red lights are seen anywhere but ahead.

23. When two steam-vessels are crossing so as to involve risk of collision, the vessel which has the other on her own starboard side shall keep out of the way of the other.

24. When a steam-vessel and a sailing-vessel are proceeding in such directions as to involve risk of collision, the steam-vessel shall keep out of the way of the sailing-vessel.

25. Where by any of these regulations one of two vessels is to keep out of the way, the other shall keep her course and speed.

Provided that when in consequence of thick weather or other causes, such vessel finds herself so close that collision cannot be avoided by the action of the giving-way vessel alone, she also shall take such action as will best aid to avert collision.

26. When two sailing-vessels are approaching each other so as to involve risk of collision, the following regulations shall apply:—

(a) A vessel which is running free shall keep out of the way of a vessel which is close-hauled.

(b) A vessel which is close-hauled on the port tack shall keep out of the way of a vessel which is close-hauled on the starboard tack.

(c) When both are running free with the wind on different sides, the vessel which has the wind on the port side shall keep out of the way of the other.

(d) When both are running free with the wind on the same side, the vessel which is to windward shall keep out of the way of the vessel which is to leeward.

(e) A vessel which has the wind aft shall keep out of the way of the other vessel.

27. Every vessel which is directed by these regulations to keep out of the way of another vessel shall, if the circumstances of the case admit, avoid crossing ahead of the other.

28. Every steam-vessel which is directed by these regulations to keep out of the way of another vessel shall, on approaching her, if necessary, slacken her speed or stop or reverse.

29. Notwithstanding anything contained in these regulations every vessel, overtaking any

other, shall keep out of the way of the overtaken vessel.

Every vessel coming up with another vessel from any direction more than two points abaft her beam, *i.e.*, in such a position, with reference to the vessel which she is overtaking, that at night she would be unable to see either of that vessel's side-lights, shall be deemed to be an overtaking vessel; and no subsequent alteration of the bearing between the two vessels shall make the overtaking vessel a crossing vessel within the meaning of these regulations, or relieve her of the duty of keeping clear of the overtaken vessel until she is finally past and clear.

As by day the overtaking vessel cannot always know with certainty whether she is forward or abaft this direction from the other vessel, she should, if in doubt, assume that she is an overtaking vessel and keep-out of the way.

30. In narrow channels every steam-vessel shall when it is safe and practicable, keep to that side of the fairway or mid-channel which lies on the starboard side of such vessel.

31. On Lake Kioga when rounding points, or in sharp bends, narrow or intricate channels, or when the current is strong or for any other reason there is danger of collision, the vessel navigating against the stream must keep clear of any vessel approaching from the opposite direction.

Sound signals for vessels in sight of one another.

32. When vessels are in sight of one another, a steam-vessel under way, in taking any course authorized or required by these regulations shall indicate that course by the following signals on her whistle or siren, *viz.*:—

One short blast to mean, "I am directing my course to Starboard."

Two short blasts to mean, "I am directing my course to Port."

Three short blasts to mean, "My engines are going full speed astern."

The words "short blasts" used in this regulation shall mean a blast of about one second's duration.

The KING's Most Excellent Majesty in Council.

WHEREAS by an Order in Council made on the 6th day of March, 1896, certain regulations were made with respect to pensionable officers in the Consular Service of His Majesty:

Now, therefore, His Majesty, by and with the advice of his Privy Council, is pleased to order, and it is hereby ordered, as follows:—

1. This Order shall apply to all such con-

sular officers and other persons employed in or in connection with the Consular Service as are entitled to receive superannuation allowances under the Superannuation Acts, 1834 to 1914, and any Acts amending those Acts.

2. Section 4 of "The Consular Service Order in Council, 1896," is hereby repealed and the following substituted therefor:—

It shall be competent for the Secretary of State to call upon any consular officer to retire at any time after reaching the age of 60 on such pension as by the length of his service he is qualified to receive.

Retirement shall be compulsory for every officer on attaining 65 years of age, but in special cases the Treasury may, at the instance of the Secretary of State, extend an officer's employment for a further period not exceeding five years on being satisfied that such officer's retirement at 65 would be detrimental to the interests of the public service.

Nothing in this Article shall affect any existing power of the Secretary of State to require any Officer to retire from the Consular Service if he has ceased, from whatever cause, to be fully competent for the purpose of his duties.

3. This Order may be cited as "The Consular Service Order in Council, 1921," and shall be read as one with "The Consular Service Order in Council, 1896."

At the Court at *Buckingham Palace*, the 22nd day of *April*, 1921.

PRESENT,

The KING's Most Excellent Majesty in Council.

WHEREAS the Ecclesiastical Commissioners for England have, in pursuance of the Act of the 6th and 7th years of Her late Majesty, Queen Victoria, Chapter 37, duly prepared, and laid before His Majesty in Council, a Scheme, bearing date the 7th day of April, 1921, in the words and figures following, that is to say:—

"We, the Ecclesiastical Commissioners for England, in pursuance of the Act of the 6th and 7th years of Her late Majesty Queen Victoria, Chapter 37, have prepared, and now humbly lay before Your Majesty in Council, the following Scheme for authorizing the sale and disposal of certain property in the Parishes of Chislet and Reculver in the County of Kent now vested in us:

"Whereas under and by virtue of the two Indentures particulars whereof are set forth in the Schedule hereunder written, the lands, tenements and hereditaments situate in the Parishes of Chislet and Reculver aforesaid and particularly described in the same Indentures and Schedule became with their appurtenances and are now vested in us:

"And whereas none of the said lands, tenements and hereditaments is subject to any outstanding beneficial lease or grant, but the same are now in our possession, but some portions thereof on account of their character or situation are unsuitable or inconvenient to be held or applied for the purposes for which estates vested in us are applicable under the Acts by which our proceedings are governed:

"And whereas with a view to the advantageous appropriation of the same or of the proceeds thereof for the ultimate improvement of our Common Fund it is expedient that the said lands, tenements and hereditaments or such part or parts thereof as we shall at any

time and from time to time think fit should be sold or disposed of, and accordingly that we should be empowered to sell or dispose of our interest in such lands, tenements and hereditaments, or in any part or parts thereof, in such manner as shall appear to us advisable:

"Now, therefore, we humbly recommend and propose that we may be authorized and empowered by instrument or instruments in writing, duly executed according to law, from time to time to sell or dispose of and duly to convey, according to the provisions of the said Act, all or any of the said lands, tenements and hereditaments so vested in us as aforesaid, under and by virtue of the said Indentures or either of them, with their appurtenances, and all our estate, right, title and interest therein, or in any part or parts thereof unto and to the use of any person or persons desirous or willing to purchase the same and his or their heirs, executors, administrators or assigns, or otherwise as he or they shall direct or appoint and

for such consideration as shall upon due calculation and enquiry appear to us to be just and reasonable, it being our intention to invest the proceeds of such sale from time to time as occasion may arise in the purchase of other lands, tithes, rent charges, tenements, or hereditaments or of some estate or interest therein convenient to be held by us for the purposes of the Acts by which our proceedings are governed as aforesaid, and in the meantime to invest the said proceeds in some Government or Parliamentary Stock or other public securities in England.

"And we further recommend and propose that nothing herein contained shall prevent us from recommending and proposing any other measures relating to the matters aforesaid, or any of them in accordance with the provisions of the said Act, or of any other Act of Parliament.

"The Schedule to which the foregoing Scheme has reference:

"Dates of the Indentures.	Names and Descriptions of the Parties thereto.	Parish.	Description of Property.	Area.

And whereas the said Scheme has been approved by His Majesty in Council:

Now, therefore, His Majesty, by and with the advice of His said Council, is pleased hereby to ratify the said Scheme, and to order and direct that the same and every part thereof shall be effectual in law immediately from and after the time when this Order shall have been

duly published in the London Gazette pursuant to the said Act.

And His Majesty, by and with the like advice, is pleased hereby to direct that this Order be forthwith registered by the Registrar of the Diocese of Canterbury.
