TRADE BOARDS.

PERAMBULATOR AND INVALID CARRIAGE TRADE.

THE TRADE BOARDS (PERAMBULATOR AND INVALID CARRIAGE) ORDER, 1926. SPECIAL ORDER, DATED JANUARY 15TH, 1926, MADE BY THE MINISTER OF LABOUR UNDER SECTIONS 1 AND 2 OF THE TRADE BOARDS ACT, 1918 (8 AND 9 GEO. 5. C. 32) ALTERING THE DESCRIPTION OF THE PERAMBULATOR AND INVALID CARRIAGE TRADE CONTAINED IN THE APPENDIX TO THE TRADE BOARDS (PERAMBULATOR AND INVALID CARRIAGE) ORDER, 1919.

Whereas the Minister of Labour (hereinafter referred to as the Minister) by a Special Order called the Trade Boards (Perambulator and Invalid Carriage) Order, 1919, dated the 20th

day of October, 1919, applied the Trade Boards Acts, 1909 and 1918, to the trade specified in the Appendix to the said Special Order;

And whereas it is provided by Sub-Section 1 of Section 2 of the Trade Boards Act, 1918, that every Special Order may be varied or revoked by a subsequent Special Order;

And whereas the Minister is of opinion that it is desirable to vary the said Special Order by altering the description of the trade specified in the Appendix thereto;

Now, therefore, the Minister by virtue of the powers conferred on him by the Trade Boards Acts, 1909 and 1918, and of any other powers enabling him in that behalf hereby makes a Special Order varying the said Special Order:—

(a) the making, wherever carried on, of perambulators, invalid carriages, folding push-cars, and the wheels or axles therefor;

(b) the making of the following articles for perambulators, invalid carriages, or folding push-cars when such making:—

(i) is done in association or in conjunction with the making mentioned in sub-paragraph (a) above, or

(ii) constitutes the main business of the establishment, branch, or department, or

(iii) is done in a Toy-making establishment.

that is to say:—springs, tubular under-carriages, hood frames, bodies (including cane or wicker bodies), canopy frames, levers of all kinds, aprons, hood and canopy covers;

(c) the making of motor-cycle side-car bodies when done in an establishment, branch or department, in which the main business is any of the making mentioned in sub-paragraphs (a) and (b) above;

(d) the making of fittings or accessories for perambulators, invalid carriages, or folding push-cars when done (a) in association or in conjunction with any of the making specified above, or (b) in a Toy-making establishment;

(e) the repair of any of the articles, the making of which is an operation of the trade herein specified, when done in association with or in conjunction with such making.

2. All operations of packing, warehousing, despatching, stocktaking, and other similar operations and all operations of crate making when such operations are incidental to any of the operations referred to in the preceding paragraphs hereof shall be deemed to be operations of the Perambulator and Invalid Carriage Trade.

3. Notwithstanding anything in this Appendix the following operations shall not be operations of the Perambulator and Invalid Carriage Trade:—

(a) the manufacture of self-propelled chain or lever-driven or mechanically propelled invalid carriages or parts thereof;

(b) operations included in the Trade Boards (Toy) Order, 1920, or any amendment or variation thereof.

4. For the purpose of this Appendix:—

(a) the expression "invalid carriages" shall include spinal carriages;

(b) the expression "perambulators" shall not include Toy perambulators;

(c) the making of hood and canopy covers shall include the covering or re-covering of hoods and canopies;

(d) "Toy-making establishment" means an establishment, branch, or department, in which the main business is the work specified in the Trade Boards (Toy) Order, 1920, or any amendment or variation thereof.

EXPLANATORY MEMORANDUM TO ACCOMPANY THE TRADE BOARDS (PERAMBULATOR AND INVALID CARRIAGE) ORDER, 1926.

1. It has been represented to the Minister of Labour that it might prove of assistance to employers and workers and others concerned in the application of the Trade Boards Acts, 1909-1918, if, in suitable cases, when he makes an Order applying the Acts to a trade for the first time or when he makes an Order varying the existing description of a trade contained in an Order made under the said Acts, some information were given by a departmental memorandum as to his understanding of the scope of the Order.

2. An authoritative interpretation of the Trade Boards Acts and/or of Orders made thereunder can be given only by the Courts of Law and, on the understanding that any views which he may express provisionally as to the inclusion within or exclusion from the scope of the Acts and/or Orders made thereunder of any trade, process, operation, article, or of any class of worker, are given on the information at the time in his possession and are subject to revision in the light of further information, the Minister makes the observations which follow in paragraph 3 below for the guidance of all concerned in the application of the Trade Boards (Perambulator and Invalid Carriage) Order, 1926.

3. The Order of 1926 amends the Order of 1919 and the principal effect of the amendment is to bring in various fringes of the trade which were not previously specified.

Paragraph 1 (a) and (b).

The work included in these sub-paragraphs is in general that included in the 1919 Order. The manufacture of such parts of Perambu-

lators as Springs, Tubular Under Carriages, Hood Frames, Bodies, Canopy Frames and Levers, and the making of Aprons, Hood or Canopy Covers including the covering or recovering of Hoods or Canopies (see also paragraph 4 (c) of the definition) is now, however, included where it is the main business of the establishment, branch, or department in which it is performed as well as when the work is done directly in association with or in conjunction with the making of perambulators, invalid carriages, etc. It is also included when done in toy making establishments. The reason for this inclusion is that this work is understood to form an integral part of the Perambulator Trade although the firms concerned may, in some cases, not manufacture any completed Perambulators.

Paragraph 1 (c).

The manufacture of motor cycle sidecar bodies which was within the scope of the original definition when carried on in association with the manufacture of perambulators, invalid carriages or folding push-cars, is now included only when carried on in establishments or departments mainly engaged in the perambulator and invalid carriage trade. It was not the intention of the original definition to bring within the scope the making of these bodies when their manufacture constituted the main business of the establishment or department and the making of the perambulators etc., was an occasional or subsidiary part of the business and the opportunity has been taken in the new definition to make the position clearer.

Paragraph 1 (d).

This sub-paragraph specifies work which is held to be part of the Perambulator Trade when carried on (a) in association with the manufacture of Perambulators, Invalid Carriages, Folding Push-Cars and integral parts thereof, or (b) in establishments or departments mainly engaged in the Toy Trade. The operations when carried on as at (a) above were already covered by the Order of 1919. The two Boards agreed that the manufacture of Perambulator Fittings or Accessories by Toy firms should be covered by the Perambulator Board. The phrase "fittings or accessories" should be understood to cover everything made for a perambulator other than the parts specified in paragraph 1 (b) of the definition.

An important difference is, that the manufacture of the toys specified in inclusion (e) of the 1919 Order is not now covered, but by an Order of even date is included within the revised scope of the Toy Trade Board. This amendment is the result of an agreement reached by the two Boards after exhaustive consideration of the circumstances (see also Note above).

Paragraph 2.

Apart from the fact that stocktaking and crate making are now definitely included this paragraph is the same as inclusion (f) of the 1919 Order and appears to call for no comment.

Paragraph 3.

The object of this paragraph is to avoid overlaps with other trades, self-propelled

chain or lever driven and mechanically propelled invalid carriages, being understood to form part of the cycle trade.

As regards sub-paragraph (b), see note on paragraph 1 (d) above.

TRADE BOARDS.

TOY MANUFACTURING TRADE.

THE TRADE BOARDS (TOY MANUFACTURING) ORDER, 1926 SPECIAL ORDER, DATED JANUARY 15TH, 1926, MADE BY THE MINISTER OF LABOUR UNDER SECTIONS 1 AND 2 OF THE TRADE BOARDS ACT, 1918 (8 AND 9 GEO. 5, C. 32) ALTERING THE DESCRIPTION OF THE TOY TRADE CONTAINED IN THE APPENDIX TO THE TRADE BOARDS (TOY) ORDER, 1920.

Whereas the Minister of Labour (hereinafter referred to as the Minister) by a Special Order called the Trade Boards (Toy) Order, 1920, dated the 19th day of March, 1920, applied the Trade Boards Acts, 1909 and 1918 to the trade specified in the Appendix to the said Special Order;

And whereas it is provided by Sub-section 1 of Section 2 of the Trade Boards Act, 1918, that every Special Order may be varied or revoked by a subsequent Special Order;

And whereas the Minister is of opinion that it is desirable to vary the said Special Order by altering the description of the trade specified in the Appendix thereto;

Now, therefore, the Minister by virtue of the powers conferred on him by the Trade Boards Acts, 1909 and 1918, and of any other powers enabling him in that behalf hereby makes a Special Order varying the said Special Order:—

1. The description of the trade specified in the Appendix to the said Trade Boards (Toy) Order, 1920, shall be varied by the substitution thereof of the description set out in the Appendix to this Order.

2. This Order may be cited as the Trade Boards (Toy Manufacturing) Order, 1926.

Given under the Official Seal of the Minister of Labour this fifteenth day of January, in the year one thousand nine hundred and twenty-six.

(L.S.)

H. J. Wilson,

Secretary, Ministry of Labour.

(a) in a toy making establishment or in a perambulator making establishment, or

Construction.—2. For the purpose of this Appendix the following expressions shall have the meanings hereby respectively assigned to them, that is to say:—

“*Toy making establishment*” means an establishment, branch or department in which work in connection with the making of children's toys is the principal business carried on.

Saving.—3. Notwithstanding any of the foregoing provisions of this Appendix, but without prejudice to the construction of any expression contained in these provisions, there shall not be deemed to be included in the Toy Manufacturing Trade any of the following operations, that is to say:—

The Trade Boards (Tailoring) Order, 1919.

The Trade Boards (Hat, Cap and Millinery) Order, 1919.

EXPLANATORY MEMORANDUM TO ACCOMPANY THE TRADE BOARDS (TOY MANUFACTURING) ORDER, 1926.

1. It has been represented to the Minister of Labour that it might prove of assistance to employers and workers and others concerned in the application of the Trade Boards Acts, 1909-1918, if, in suitable cases, when he makes an Order applying the Acts to a Trade for the first time or when he makes an Order varying the existing description of a trade contained in

an Order made under the said Acts, some information were given by a departmental Memorandum as to his understanding of the scope of the Order.

2. An authoritative interpretation of the Trade Boards Acts and/or of Orders made thereunder can be given only by the Courts of Law, and, on the understanding that any views which he may express provisionally as to the inclusion within, or exclusion from the scope of the Acts and/or Orders made thereunder of any trade, process, operation, article, or of any class of worker, are given on the information at the time in his possession and are subject to revision in the light of further information, the Minister makes the following observations for the guidance of all concerned in the application of the Trade Boards (Toy Manufacturing) Order, 1926.

3. The Order of 1926 amends the description of the Toy Manufacturing Trade contained in the Order of 1920, its main effect being to bring within the scope of the Board various fringes of the trade hitherto unscheduled. In particular, the manufacture of toy perambulators and other toys manufactured by perambulator makers is transferred from the scope of the Perambulator and Invalid Carriage Board to that of the Toy Board.

The following explanation (which must not be taken as exhaustive) is given of the terms employed in the definition of the trade:—

General Principles of inclusion and exclusion.

Paragraph 1.—The principles on which the definition is based are to be found in its first paragraph. Generally speaking, all work in connection with the making of children's toys is brought within the scope of the Board in two sets of circumstances (1) when carried on in an establishment, branch or department mainly so engaged, or (2) when carried on by a worker so engaged, irrespective of the main work of the establishment, branch or department in which he is employed provided in this case that the worker is wholly* so employed during his working hours in any week. In addition, in the case of perambulator making establishments, any toy work done in the establishment is brought within the scope of the Toy Board, whether the worker is employed on both types of work or not. Hitherto such work when it has been performed on toy perambulators or other similar toys, has been within the scope of the Perambulator and Invalid Carriage Board, and the present arrangement is the result of an agreement between the two Boards concerned.

Interpretation "Toys."

Paragraph 2 contains interpretations of the terms used in the first part of the definition; only the following call for comment:—

While no precise definition of "children's toys" can be embodied in the Order of 1926, the term applies essentially to any article made for sale as a plaything for children. Toys of all classes, e.g. metal toys, wooden or other hard toys, soft and other stuffed toys, dolls, children's books of textile materials, requisites for table games,

Christmas crackers, Easter eggs, toy musical instruments, etc., are of course included. There are, however, classes of articles (e.g., bats and balls) which are toys in certain circumstances only, e.g., according to the pattern made. A determining criterion in all such cases will be whether the article in question is made mainly for sale as a child's toy. If so, it is within the scope of the Board. The position is similar with regard to articles used for instructional or educational purposes. Children's toys are not excluded merely by reason of their being also used for those purposes.

It will be noted that, under paragraph 2 of the definition, the expression "children's toys" includes any part of such toys. There is thus brought within the scope of the Order the making in a toy-making establishment, branch or department, of paste or other adhesive material, or nails, screws, nuts, hinges, catches or other similar articles used in the assembling of toys. The making of such articles elsewhere may, however, be presumed not to form part of the toy-making trade and is therefore not included.

Assembling.

The assembling of parts of toys is considered to be an integral part of the making of toys and is therefore within the scope of the Order in the same circumstances in which toy manufacture in general is included. For instance, a firm which had an establishment, branch or department wholly or mainly engaged upon assembling parts of toys bought either from some other English firm or abroad or which employed a worker wholly upon such work, would thus be within the scope of the Order. By "assembling" is understood the putting together of parts in such a way that they cannot be separated afterwards without breaking the article. Such operations as the filling of Christmas stockings or the putting together of component parts of table games are not intended to be covered by the term "assembling." They are considered to be operations of "packing" and, as such, are within the scope of the Order only to the circumstances specified in paragraph 2. That is to say, such packing operations would be within the scope of the Order (and not otherwise) when performed in a toy making establishment, branch or department, irrespective of whether the firm itself manufactured the stockings or parts thereof or not.

Avoidance of overlapping with other trades; Clothing, Pottery, Sports Requisites.

Paragraph 3.—The object of this paragraph is to avoid overlaps with other trades; for example, in the absence of a provision of this kind, articles of clothing worn by children for the purpose of "dressing-up" as red Indians, policemen, nurses, etc., might be argued to be articles made for sale as children's playthings. Such articles are, however, in general, manufactured in the clothing trades and fall within the present scope of the appropriate clothing Trade Board. A further example of this kind is the manufacture of a toy animal from sugar, which clearly forms part of the Sugar Confectionery trade, and is covered by the Sugar Confectionery Trade Board.

* NOTE.—In interpreting the word "wholly" in the definition, the Minister does not propose to regard interruptions in the making of children's toys for insignificant periods as taking such making outside the scope of the Board.

In addition, in order to avoid encroaching upon the pottery trade, the manufacture of such articles as dolls' heads from pottery is excluded when carried on in conjunction with the manufacture of other pottery, even though the workers are not interchangeably employed. If, however, an establishment were engaged exclusively on the manufacture of dolls' heads or other toys or parts thereof from pottery, such an establishment would, in the Minister's view, be a toy-making establishment, and fall within the scope of the revised Definition. The express exclusion of the making of sports requisites not only emphasises the separate character of the Trade but is also in accordance with the criterion referred to above of exempting articles which are not made wholly or mainly for sale as children's playthings.

REGULATIONS FOR THE CONTROL OF THE ADMIRALTY WATERS AT GIBRALTAR, AS DEFINED BY ORDER IN COUNCIL OF 22ND MARCH, 1911.

The following shall be substituted for the Regulations dated 1st July, 1911:—

The limits of the Admiralty waters are as follows:—

All the water area lying between the Admiralty Harbour Works, the North Mole, and the shore, together with the water area extending from the outer edge of low water for a width of 200 yards outside the same from Rosia Mole on the South to the South end of the West Arm of the North Mole—including the Northern Entrance—and for a width of 50 yards outside the faced wall of the North Mole.

The term King's Harbour Master used in these regulations includes any person for the time being performing the duties of Harbour Master under the direction of the Senior Naval Officer.

The term approved pilot used in these regulations means a pilot approved by the Senior Naval Officer or the King's Harbour Master in accordance with the provisions of clause 2 hereof.

1. No merchant or other private vessel shall enter Admiralty Waters without the permission of the King's Harbour Master.

2. The Senior Naval Officer, or King's Harbour Master, shall be the authority for approving pilots for the purpose of conducting ships within the Admiralty Waters at Gibraltar; and it shall be lawful for the said Senior Naval Officer, or King's Harbour Master, from time to time to make and, when made, to alter or revoke, such regulations, in writing, as he may deem expedient, for the examination of such pilots for their suitability for the performance of pilotage within the Admiralty Waters of Gibraltar.

3. No merchant or other private vessel shall enter, anchor, berth, moor, navigate within, or leave Admiralty waters without having on board an approved pilot. When in the opinion of the King's Harbour Master the use of tugs is necessary to carry out any movement of a vessel with safety, such tugs must have been previously approved by him as suitable for such work, and in the event of Admiralty tugs being employed an Admiralty pilot will always be placed in charge of the movement. The Admiralty shall determine the amount which shall be paid for the service of any tugs belonging to or employed by the Admiralty attending and assisting the vessel and the cost or price or hire of any Dockyard labour or materials or apparatus supplied by the Admiralty.

4. Notwithstanding any enactment or order to the contrary, no pilot acting as such on board a merchant or private vessel shall be deemed to be a servant of the Admiralty, even though in the course of his ordinary duties he may be such a servant.

5. Notwithstanding anything in any enactment or order to the contrary the owners or master of a vessel entering, anchoring, berthing, mooring, navigating within or leaving the Admiralty Waters with an approved pilot on board shall be answerable for any loss or damage caused by the vessel in the same manner as they would be if the employment of such pilot were not compulsory.

6. To prevent chance of collisions in either entrance, the following regulations will be observed:—

When any ship is about to enter or leave the Admiralty enclosed harbour the following signals will be displayed at the Dockyard Tower by direction of the Senior Naval Officer and repeated at the Lighthouses at the North end of the South Mole and at the South end of the North Mole:—

By day ... a square Red flag.
By night ... a Red light and a Green light vertical, 6 feet apart.

When these signals are displayed no other vessel shall attempt to enter, leave, or move within Admiralty Waters until such time as the signals are hauled down.

7. Moorings for H.M. Ships, mark buoys or other aids to navigation, and such other buoys as may be required for any purpose in connection with naval or military operations, shall be placed by the King's Harbour Master, as from time to time the requirements of H.M. Service may demand.
