(a) for a specified telephone station, in which case only the telephone number of the Station required should be given, or

(b) for a particular person in which case the name of the person required as well as his usual telephone number, and the name associated with this number in the Telephone Directory, should be given. Where the American telephone number is not known by the caller an effort will be made to trace it, if the name and address of the person required is given. Callers should, if possible, intimate at the time of booking a "particular person" call, the

name of an acceptable substitute at the receiving station.

When communication with the number required is established but further efforts to complete the call are abandoned, neither the particular person required nor an accepted substitute being obtainable, a "report charge" of £2 will be made in place of the normal charge. The caller will be notified of the impracticability of completing the call. When a "particular person" call matures, no "report charge" will be made.
