December 14, 1934.

The Civil Service Commissioners hereby give notice that the following Regulations are published with the approval of the Lords Commissioners of His Majesty's Treasury, viz.:—

REGULATIONS FOR THE COMPETITIVE SELECTION OF MALE ASSISTANT MECHANICAL AND ELECTRICAL ENGINEERS IN THE WORKS AND BUILDINGS DIRECTORATE OF THE AIR MINISTRY.

N.B.—These regulations are liable to alteration from time to time. Competitions do not take place at fixed intervals, but are held as occasion arises.

1. Candidates must have attained the age of 25 on a date to be fixed in respect of the competition in which they are to take part, but must not have attained 30 years of age on that date.

Candidates who have served or are serving in the Navy, Army or Air Force may deduct from their actual age, for this purpose, any time during which they have so served, but not exceeding 5 years.

2. Every candidate must be a natural-born British subject, the child of a person who is or was at the time of death a British subject; provided that exception may be made in the case of natural-born British subjects who have satisfactorily completed a period of not less than five years' service on full pay in His Majesty's Regular Forces.

Provided also that if the Civil Service Commissioners are satisfied in the case of any candidate who is a British subject but does not fulfil all the requirements of the rule as to nationality and descent, that the candidate is so closely connected by ancestry and upbringing with His Majesty's dominions that an exception may properly be made to that rule, they may accept such candidate as eligible provided that this discretion shall not be exercisable unless (a) the father or the paternal grandfather of the candidate was a natural-born British subject, and (b) neither the father nor the paternal grandfather had acquired any other nationality by naturalization or by any other voluntary and formal act.

The consent of the authorities of the Air Ministry is required before the child of a naturalised British subject can be admitted to compete.

3. Persons holding situations in the Civil Service must obtain the permission of the authorities of their Department to apply for appointment.

No person actually serving in the Navy, Army, or Air Force will be eligible for consideration unless he produces, when called upon to do so, the permission of his Commanding Officer to apply for appointment, dated before his appearance before the Selection Board, and given in accordance with such orders as may from time to time be issued.

Persons upon whose training for the occupation of teacher public money has been spent cannot be appointed until the consent of the appropriate education authority has been notified to the Civil Service Commissioners.

4. Candidates must be prepared to serve at home or abroad, and to undertake journeys, as passengers, by air in connection with the execution of their duties, as may be directed.

5. The Air Council will take such steps as they think most appropriate to make known the existence of any vacancy or vacancies which they desire to fill on any one occasion, and the Civil Service Commissioners will satisfy themselves that the steps taken have been such as to secure all desirable publicity.

6. Application shall be addressed in the first instance to the Air Ministry and shall be made on a form to be obtained from that office. The candidates' credentials will be examined at the Air Ministry and the names of those candidates who appear to have the requisite qualifications and to be best fitted for appointment will be submitted to the Civil Service Commissioners. The Commissioners, if dissatisfied with the number or quality of candidates for any vacancy, may require further search to be made for qualified candidates. The Civil Service Commissioners may, if they think fit,

assist in the scrutiny of the application forms of the candidates.

7. A candidate must be one of the following:—

(i) a corporate member or a person qualified on attaining the prescribed age to become a corporate member of the Institution of Civil Engineers, having taken electricity and heat engines in Section B of the Associate membership examination;

(ii) a graduate or corporate member of the Institution of Electrical Engineers;

(iii) a corporate member of the Institution of Mechanical Engineers with at least three years' electrical engineering experience;

(iv) a holder of a degree in engineering, obtained on electrical and mechanical work, or an equivalent diploma.

He must also have served for three years in an engineering firm of good standing and have there gained experience in both electrical and mechanical engineering.

8. Candidates who are recommended by the Air Council and are accepted by the Civil Service Commissioners as possessing the requisite qualifications will be summoned to an interview before a Selection Board, who will recommend, for the vacancies existing, those candidates who appear to them to possess the highest qualifications, and their decision will be final. The Selection Board will be constituted by the Civil Service Commissioners in consultation with the Air Council, who will be represented on the Selection Board.

9. The appointment of selected candidates will be subject to their satisfying the Civil Service Commissioners of their eligibility in respect of age, nationality, health and character, and will not be confirmed unless and until they have passed the prescribed period of probation to the satisfaction of the Air Ministry.

10. Candidates selected for appointment will be required to pay a fee of £8.

11. Any attempt on the part of candidates to enlist support for their applications through Members of Parliament or other influential persons will disqualify them for appointment. The Selection Board will disregard spontaneous recommendations from persons who are not personally acquainted with the candidate's work, whether at school, at the university, in industry or business, in the Forces, or otherwise.
