revised basic tonnage as may seem to the Board fair and proper having regard—

(a) in the determination of any standard tonnage in respect of output to the rate of development and other special circumstances of the coal mine;

(b) in the determination of any standard tonnage in respect of export supply to the proportion which has been disposed of for export supply of the coal supplied from the coal mine during some recent period and to any other matters relevant to such determination; and

(c) in the determination of any basic tonnage to the relation which the tonnage of coal supplied from the coal mine for inland supply otherwise than to excluded works bears to the trade share of that coal mine and to any other matters relevant to such determination.

(ii) Where any person purchases or otherwise acquires part of an undertaking, the Board shall determine the amounts of the annual output and export supply standard tonnages of coal or any class of coal and of the annual basic tonnage which relate to that part of the undertaking, having regard in such determination of output and export supply standard tonnages to the special circumstances of the undertaking or to the matters relevant to such determination including the probable working life of the part of the undertaking so acquired as the case may be. Subject as hereinafter provided, those amounts shall be the annual output and export supply standard tonnages respectively of coal and that class of coal and the annual basic tonnage of that coal mine. The amounts so determined shall be deducted from the respective annual output and export supply standard tonnages and the annual basic tonnage of the undertaking and the remainders shall be the respective annual output and export supply standard tonnages and the annual basic tonnage of that part of the undertaking which has not been so acquired.

(iii) Where an Owner purchases or otherwise acquires any coal mine or part of an undertaking, the annual output and export supply standard tonnages of coal or any class of coal and the annual basic tonnage of that coal mine or the amounts determined under sub-clause (ii) of this Clause in respect of that part of the undertaking, as the case may be, shall be added to the respective annual output and export supply standard tonnages of coal and that class of coal and the annual basic tonnage of the coal mine previously belonging to such Owner to constitute the annual output and export supply standard tonnages and the annual basic tonnage of the undertaking.

(iv) (a) If, in pursuance of the provisions of Clause 33 of the Scheme the Board at any time after the 1st day of August, 1936, declare any works to which any Owner supplied coal from his coal mine during any of the quarters selected by him under subclause (i) (b) of Clause 30 hereof to be an excluded works of that Owner, they shall adjust the annual basic tonnage of his coal mine having regard to the tonnage of coal so supplied.

(b) If in pursuance of the provisions of Clause 33 of the Scheme, the Board, at any time after the first day of August, 1936, declare that any works to which an Owner supplied coal from his coal mine during any of the quarters selected by him under subclause (i) (b) of Clause 30 hereof, has ceased to be an excluded works of that Owner, they shall adjust the annual basic tonnage of the coal mine, having regard to all relevant circumstances and to the interests of the other Owners.

Excluded Works.

33.—(i) Any Owner who claims at any time to be the owner of or to control or to be controlled by the owner of any works and who desires to supply coal to those works shall notify the Board and shall give such information about those works and the connection between those works and his coal mine as the Board may require. If they consider any such claim established the Board shall declare that those works are excluded works of that Owner for the purposes of the Scheme.

(ii) If at any time an Owner proves to the satisfaction of the Board that he no longer either controls or is the owner of or is controlled by the Owner of any excluded works or that the qualities of coal required by those works cannot be produced from his coal mine the Board shall declare that those works shall cease to be excluded works.

(iii) Where in pursuance of the provisions of sub-clause (i) of this Clause the Board have declared any works to be excluded works of any Owner they shall, after consultation with him, forthwith determine the tonnage of coal (hereafter in the Scheme referred to as "the excluded tonnage") which may be supplied in any year from his coal mine for consumption in his excluded works.

(iv) The excluded tonnage shall be determined having regard to the tonnage of coal so supplied to those works during the quarters selected by the Owner under subclause (i) (b) of Clause 30 hereof, and to the prospective demand for coal from the coal mine for consumption in those works.

(v) Any such excluded tonnage may be varied by the Board at any time—

(a) if the prospective demand for coal from the coal mine for consumption in those works in any year differs from the excluded tonnage in respect thereof, or

(b) if the Board declare that any other works are excluded works of that Owner or that any works cease to be excluded works of that Owner.

(vi) Notice of any determination of any such excluded tonnage of any coal mine shall forthwith be given to each Owner.

(vii) The Board shall forthwith upon any determination of such excluded tonnage determine after consultation with the Owner the proportion of such excluded tonnage which may be supplied in each quarter for consumption in the excluded works of any Owner. Notice thereof shall forthwith be given to each Owner.

(viii) The Sales Committee shall from time to time fix a price for each commercial
