30th September, 1936.

### SCHEDULE.

The Warwickshire District (Coal Mines) Scheme, 1930, shall be amended as follows:—

1. Clause 9 shall have effect as if in the proviso to paragraph (xi) thereof for the words "Provided that if any quota is fixed for a period less than the period of allocation to which such quota relates" there were substituted the words "Provided that if any quota is fixed for a period of less than three months", and the reference were to Clause 10A of the Scheme and not to Clause 10.

2. After Clause 9A there shall be inserted the following Clause, that is to say:—

"10.—(i) Where quotas for output are determined for a period of three months the Board shall open a tonnage pool (hereinafter referred to as "the pool") for that period (hereinafter referred to as "the pool period").

(ii) (a) Any owner who desires to limit the output of coal or any class of coal from his coal mine to a tonnage which is less than the quota in respect thereof may during the first two months of any pool period (such two months being hereinafter called "the first part of the pool period") and also during the first 20 days of the third month of such period

(such 20 days being hereinafter called "the second part of the pool period") transfer to the pool the whole or any part of the quota not required for such output.

(b) Immediately before the end of every pool period every owner shall be deemed to have transferred to the pool all tonnage by which the output of coal or any class of coal from his coal mine for that period and any tonnage transferred by him under paragraph (ii) (a) of this Clause shall together be less than the relevant quota for his coal mine together with any quota acquired by him out of the pool.

(iii) All tonnage in the pool during a pool period shall be allotted by the Board as follows:—

(a) During the first part of the pool period any owner may apply to the Board for tonnage of coal or any class of coal out of the pool and at the end of the first part of the pool period the Board shall distribute tonnage out of the pool to the extent and in satisfaction of the applications so made if the tonnage of coal or that class of coal in the pool shall be sufficient for that purpose but if the tonnage of coal or any class of coal applied for during the first part of the pool period shall exceed the tonnage of coal or that class of coal in the pool at the end of such part of the period, then the distribution shall be made *pro rata* to the amounts of the respective applications and the balances thereof (if any) shall be satisfied in the same proportions so far as possible out of the tonnages transferred to the pool during the second part of the pool period.

(b) During the second part of the pool period any owner may apply to the Board for tonnage of coal or any class of coal out of the pool and at the end of the second part of the pool period the Board shall subject to the provisions of the last preceding sub-paragraph distribute tonnage out of the pool to the extent and in satisfaction of the applications so made if the tonnage of coal or that class of coal in the pool shall be sufficient for that purpose, but if the tonnage of coal or any class of coal applied for during the second part of the pool period shall exceed the tonnage of coal or that class of coal in the pool at the end of such part of the pool period after making any distribution under the last preceding sub-paragraph then the distribution under this sub-paragraph shall be made *pro rata* to the amounts of the respective applications.

(c) Any tonnage in the pool at the end of the pool period shall be distributed among the owners, the output of coal or that class of coal from whose coal mines shall have exceeded the tonnage permitted to be raised under the relevant quotas after taking into account any tonnages already distributed to them out of the pool and so that the distributions under this sub-paragraph shall be in proportion to but not exceeding such excess tonnages. Any surplus that may then remain in the pool shall be cancelled.

(d) Applications made under sub-paragraphs (a) and (b) of this paragraph by the owner of any coal mine in any pool period shall not exceed in the aggregate 5 per cent. of the relevant quota of that coal mine.

(iv) Every owner shall pay to the Board a sum calculated at such rate per ton not exceeding 1s. as the Board may from time to time decide for all tonnage distributed to him out of the pool. If a pool be opened in respect of the period of three months commencing on the 1st day of October, 1936, the rate shall be 1s. per ton. Any alteration of the rate of payment shall be decided by the Board not less than 28 days before the commencement of the pool period in which it is to come into force. The rate of payment for the time being so fixed by the Board is hereinafter referred to as "the full rate". Payment for any tonnage distributed to an owner under the provisions of this Clause shall become due immediately on notification to him of the amount of tonnage so distributed.

(v) The moneys received by the Board under paragraph (iv) of this Clause in respect of tonnage distributed out of the pool during a pool period shall be applied as soon as possible after the end of that period in the following manner:—

First such moneys shall be divided among all owners who during the first part of the pool period have transferred tonnage to the pool and such division shall be in proportion to the tonnage so transferred but so that no owner shall thereby receive more than the full rate in respect of every ton so transferred.

Any moneys then remaining in the hands of the Board shall then be divided among all the owners who during the second part of the pool period have transferred tonnage to the pool and such division shall be in proportion to the tonnage so transferred but so that no owner shall thereby receive more than one-half of the full rate in respect of every ton so transferred."

3. Clause 10 shall be renumbered 10A and shall have effect as if for paragraph (i) thereof there were substituted the following paragraph, that is to say:—

"(i) Where quotas for output are determined for a period of less than 3 months arrangements may be made by any two owners whereby the output of coal or any class of coal from the coal mine of one owner may exceed the quota in respect thereof in any period where the other owner has agreed, whether for valuable consideration or not, to limit the corresponding output from his coal mine to a tonnage which is less than the quota in respect thereof by a tonnage not less than the tonnage by which such first-mentioned quota is exceeded. If the output from any coal mine exceeds any limit so agreed, for the purposes of Clause 21 of the Scheme the corresponding quota shall be deemed to be exceeded by the amount of the excess over such limit."

4. Clause 21 shall have effect as if in paragraph (i) (a) (1) thereof for the words in parenthesis after the word "quota" where that word appears for the second time there were substituted the words "(after allowing for any shortage carried forward under Clause 9 (xi) of the Scheme and any adjustment or arrangement under Clause 10 or Clause 10A of the Scheme)".
