A copy of the Board's Notice is subjoined.

H. P. Douglas,

Vice-Admiral,

Acting Conservator of the Mersey.

To Vice-Admiral Sir Percy Douglas, K.C.B.,
C.M.G., Acting Conservator of the Mersey.

The Mersey Docks and Harbour Board hereby give notice of a proposal by them to carry out an extension, northwardly, of the works in connection with the construction of the new River Entrance Lock into the West Waterloo Dock which they are carrying out under their powers contained in the Mersey Dock Acts Consolidation Act, 1858, with the consent of the Lords Commissioners of the Admiralty as provided for in that Act, and which are referred to in the Notices given to the Acting Conservator on the 25th of February and 7th of October, 1937.

The extension consists of a facing on the riverside of a portion of the existing river wall. The total length of the extension work is approximately five hundred and thirty-five lineal feet, and the projection into the river, measured at right angles to the existing river wall, varies from 15-feet minimum at the North end to 23-feet maximum at the South end. The work is to be of solid construction in concrete or masonry. The objects of the work are to ensure the stability and watertightness of the existing river wall.

It is proposed to commence the work after the expiration of one month from this date.

A Plan and Section of the proposed extension has been deposited at the Mersey Conservancy Office, Ministry of Transport, Metropole Buildings, Northumberland Avenue, London, W.C.2, and with the Hydrographer to the Admiralty, London, S.W.

Dated this ninth day of May, 1938.
