

seek power to construct a service reservoir) and the acquisition or appropriation by the Undertakers of lands for those purposes or either of them.

2. To authorise the Undertakers to maintain, continue, alter, enlarge, renew and improve the said works or either of them.

3. To authorise the Undertakers to make and maintain, alter, enlarge, improve and renew the new works hereinafter described, which said works will be situate in the said rural district of Calne and Chippenham in the county of Wilts and are:—

Work No. 3.—A service reservoir in the said parish of Corsham situate in the enclosure numbered 791 in the said parish on the ¹/₂₅₀₀ Ordnance Map of Wiltshire Sheet No. XXVI (13) (Edition of 1924);

Work No. 4.—A line or lines of pipes commencing at the service reservoir (Work No. 3) hereinbefore described and terminating by a junction with an existing water main of the Undertakers at Velley Hill in the said Parish of Corsham;

Work No. 5.—Collecting works and a receiving tank in the parish of Pewsham to be situate in Ashgrove Wood;

Work No. 6.—A line or lines of pipes commencing in the receiving tank (Work No. 5) hereinbefore described and terminating near Spital Farm by a junction with an existing water main of the Undertakers in the said parish of Pewsham.

4. To authorise the Undertakers to make, maintain, use, alter, enlarge, renew and improve all such cuts, channels, tunnels, adits, pipes, drains, sluices, shafts, bores, overflows, tanks, machinery and appliances and buildings as may be necessary or convenient in connection with or subsidiary to the foregoing works or any of them.

5. To authorise deviations from the line and level of the new works shown on the plans and sections to be deposited as hereinafter mentioned to such extent as the Order may prescribe.

6. To empower the Undertakers to pump, collect, impound, take, use, divert and appropriate for the purposes of their undertaking all such springs streams and waters as may be intercepted by the works authorised by the Order to be constructed or maintained.

7. To empower the Undertakers for the purpose of constructing, enlarging, extending, repairing, cleansing, emptying or examining any works of the Undertakers to cause the water in such works to be discharged into any available stream or watercourse and for that purpose to lay and maintain pipes and apparatus in any street and to empower them in upon or under all or any of the lands for the time being held by them to execute any of the works and to exercise any of the powers mentioned in or conferred by section 12 of the Waterworks Clauses Act 1847.

8. To empower the Undertakers to raise further capital by the creation and issue of new shares or stock with or without preference or priority in payment of dividend and to make

further provisions in regard to the capital dividends and borrowing powers of the Undertakers, including the raising of additional money by borrowing, provisions with respect to the sale of capital by auction or tender, and the establishment and application of reserve and contingency funds.

9. To prescribe, alter, vary or increase (as from such date as may be defined in the Order) the rates, rents and charges which the Undertakers may demand and recover for the supply of water; to make provision with regard to the supply of water for other than domestic purposes and by meter and to prescribe a maximum price for water supplied by the Undertakers by meter; to authorise the Undertakers to make special charges for water used for horses or washing carriages or motor cars or for similar purposes; to make provision as to the supply of water by the Undertakers to swimming baths and bathing pools and to provide that such supplies shall not be required to be given otherwise than by meter.

10. To confer further powers upon the Undertakers in connection with the supply of water including the exemption of the Undertakers from obligation to deliver the water supplied by them at a greater height than can be reached by gravitation, the amendment of section 35 of the Waterworks Clauses Act 1847 in its application to the Undertakers, power to lay pipes in private streets, powers with respect to the maintenance by owners and occupiers of common pipes, the making of byelaws for preventing waste &c. of water and for testing and stamping fittings, power to supply meters and fittings and the immunity from distress of fittings let for hire, the fitting of stopcocks in communication or service pipes by owners or occupiers, the conferment upon the Undertakers of the exclusive right of connecting communication pipes with mains, requiring provision of separate communication pipes, empowering persons liable to maintain pipes, &c., to open the ground, power to the Undertakers to repair communication pipes, as to erroneous registration of meters, prohibiting interference with valves and apparatus and extension of Undertakers' power to inspect premises.

11. To repeal, alter or amend all or any of the provisions of the Corsham Water Order 1889 and the Corsham Water Order 1891.

12. To confer upon the Undertakers all such further or other powers and to make all such further or other provisions as may be necessary or expedient for more effectually securing the objects of the Order and to vary or extinguish all rights and privileges which would impede or interfere with the objects of the Order and to confer other rights and privileges.

On or before the 30th day of November 1938 a copy of this advertisement as published in the London Gazette with plans and sections showing the proposed new works and the lands to be used for the same will be deposited for public inspection with the Clerk of the Council of the administrative County of Wiltshire at his office at the County Offices, Trowbridge and on or before the said date a copy of this
