Whitehall, November 21, 1938

A Bulletin, of which the following is a copy, has been received by Secretary Sir Samuel Hoare.

November 20th, 1938

Her Majesty the Queen of Norway died suddenly, and without previous warning, of heart failure at 12.25 a.m.

During the hours preceding midnight the distresses incidental to an abdominal operation had diminished, and the disturbed day had given place to restfulness.
