Air Ministry, 4th December, 1942.

ROYAL AIR FORCE.

The KING has been graciously pleased to approve the following awards in recognition of gallantry displayed in flying operations against the enemy:—

Distinguished Service Order.

Acting Wing Commander Douglas John Horatio LAY, D.F.C. (37909), No. 15 Squadron.

Since being awarded a Bar to his Distinguished Flying Cross, this officer has continued to show exceptional keenness and devotion to duty, whilst his magnificent leadership has contributed much to the fine record of operational achievement maintained by the squadron he commands.

Squadron Leader Billy DRAKE, D.F.C. (39095), No. 112 Squadron.

Since being awarded a Bar to his Distinguished Flying Cross, Squadron Leader Drake has continued to display the utmost courage and determination in operations against the enemy. In September 1942, he led his wing with great determination, against a formation of enemy dive-bombers escorted by fighters. In the ensuing combat 4 bombers and 1 fighter were destroyed. On a number of other occasions this officer has led bombing and low-level machine gun attacks with devastating results. His leadership and magnificent fighting spirit have been an inspiration to all.

Acting Squadron Leader Anthony WATSON, D.F.C. (41339), No. 272 Squadron (since missing.)

One day in November 1942, this officer led a formation of aircraft on a low-level attack on the airfield at El Agheila where at least 12 enemy aircraft were destroyed on the ground and many others damaged. During a patrol the next day, a Heinkel 115 was destroyed. On the third consecutive day, the squadron was detailed to attack an airfield in Tunisia. En route, a formation of 6 S.M.82's was intercepted. In the ensuing engagement, all the enemy aircraft were shot down; Squadron Leader Watson destroyed 3 of them himself. This officer has led the squadron on shipping sweeps and convoy escorts and in numerous low-level attacks on enemy aerodromes, during which many enemy aircraft, vehicles and E boats have been destroyed or damaged. By his high skill, courageous and inspiring leadership, Squadron Leader Watson has contributed materially to the splendid successes achieved. He has destroyed 11 enemy aircraft as well as a schooner.

Bar to Distinguished Flying Cross.

Acting Squadron Leader Sidney Patrick DANIELS, D.F.C. (81676), Royal Air Force Volunteer Reserve, No. 83 Squadron.

Since being awarded the Distinguished Flying Cross this officer has participated in numerous

successful sorties. His attacks have at all times been pressed home with great determination and excellent photographs of the target area have frequently been obtained. One night in July, 1942, Squadron Leader Daniels piloted an aircraft detailed to attack Hamburg. On the outward flight, shortly after setting course from base, 1 of the engines caught fire and became useless. Despite this, Squadron Leader Daniels flew on to his objective and, regardless of the heavy defences, bombed it successfully. Displaying fine airmanship, he flew the aircraft to base and landed it safely. This officer is an exceptional operational captain who has always displayed fearless determination to complete his allotted task.

Distinguished Flying Cross.

Acting Squadron Leader Glyn ASHFIELD, A.F.C. (36225), No. 157 Squadron.

This officer has completed numerous sorties, many of them in adverse weather at night. He has at all times displayed exceptional keenness to engage the enemy and, by his skilful and untiring efforts has contributed materially to the successes achieved by the squadron he commands. He has destroyed 2 and probably destroyed further enemy aircraft.

Acting Squadron Leader William David Gordon WATKINS, D.F.M. (44828).

Since being awarded the Distinguished Flying Medal this bomb aimer has participated in many operational sorties. In October, 1942, he took part in an attack on Genoa and made 4 runs over the target area to ensure his bombs would strike their objective. On a previous occasion he was detailed to act as navigator and bomb aimer on a sortie over Hamburg. Despite the terrifically heavy defences, he made 4 runs over the target and obtained 2 excellent photographs. Squadron Leader Watkins always displays great determination to locate and bomb the target. His coolness and courage under fire are outstanding and his devotion to duty has been a high example.

Acting Flight Lieutenant Russell George FOSKETT (Aus.402652), Royal Australian Air Force, No. 80 Squadron.

One day in November, 1942, this officer led his squadron in an attack on a formation of Stuka dive bombers, heavily escorted by fighters. During the combat 7 Stukas were shot down, a further 8 probably destroyed and several others were damaged. Flight Lieutenant Foskett, who displayed great skill and daring, destroyed 2 of the enemy aircraft before his own was hit. He landed safely, however, and re-joined his squadron the same night. The following morning he resumed his flying duties. This officer has participated in a large number of sorties and has displayed inspiring leadership.

Captain Hugh Errol Noel WILDSMITH (P.47885), South African Air Force, No. 2 (S.A.A.F.) Squadron.

This officer has participated in a large number of sorties, including numerous fighter escorts and sweeps. On one occasion in July, 1942, during an escort flight, his squadron engaged a formation of enemy bombers and destroyed 4 of them. Throughout the engagement, Captain Wildsmith displayed great courage and initiative. In October, 1942, his squadron was detailed to escort a bomber force well into enemy territory. Whilst over the target area, Captain Wildsmith became separated from the formation and his aircraft was attacked by 10 enemy fighters. Displaying great skill, he destroyed 1 of the attackers and frustrated the efforts of the others until he was able to re-join his formation. This officer has invariably displayed outstanding leadership and high courage. He has destroyed at least 3 enemy aircraft.

Flying Officer Albert Ulric HOULE (Can/J.4887), Royal Canadian Air Force, No. 213 Squadron.

One evening in October, 1942, Flying Officer Houle was flying with his squadron on patrol over El Alemein when a formation of enemy dive bombers was sighted. The enemy aircraft jettisoned their bombs and flew west in an attempt to avoid combat. With great tenacity and determination Flying Officer Houle pursued them far over the enemy's lines and in the rapidly falling light, engaged and destroyed at least 2 of the hostile bombers. This officer is a skilful pilot, who has always displayed exceptionally cool courage in action. His fine example has been a great inspiration to all personnel in his unit.

Pilot Officer Toderick Edmund HILTON (Aus. 400249) Royal Australian Air Force, No. 277 Squadron.

This officer has performed splendid work as a pilot of the air/sea rescue service. In August, 1942, he was mainly instrumental in saving three members of the crew of an aircraft which had crashed into the sea some 45 miles off the East Coast. One day in October, 1942, he was detailed to rescue a pilot from the sea a few miles from the French coast. On arrival at the scene, he found that the pilot was floating in his dinghy between 2 parallel rows of mines. Nevertheless, he brought his aircraft down on to the water and taxied to the dinghy, passing between 2 mines with but little room to spare. A rope was thrown to the stranded pilot who was safely pulled on to the aircraft. Whilst taking off, Pilot Officer Hilton observed a mine dead ahead but, with great presence of mind, he was able to avoid it by bouncing his aircraft off the water. Throughout, this officer displayed great skill, excellent judgment and a complete disregard of danger.

Pilot Officer Robert INWOOD (130468) Royal Air Force Volunteer Reserve, No. 3 Squadron.

This officer has completed numerous sorties at night, including many intruder operations over enemy occupied territory. In June, 1942, during an intruder sortie over an airfield in Holland, he destroyed an enemy aircraft. On another occasion in July, he destroyed a Junkers 88. Although his own aircraft was damaged in the combat, Pilot Officer Inwood flew it safely back to base. He has always displayed great courage and determination.

Distinguished Flying Cross.

Pilot Officer Alexander Theodore DOUCETTE (Can/J.15960) Royal Canadian Air Force, No. 425 (R.C.A.F.) Squadron.

Distinguished Flying Medal.

Can/R.54826 Sergeant George Joseph Robert BRUYERE, Royal Canadian Air Force, No. 425 (R.C.A.F.) Squadron.

In November, 1942, Pilot Officer Doucette and Sergeant Bruyere were captain and wireless operator respectively of an aircraft detailed to attack an objective in North-West Germany in daylight. On the outward flight, the aircraft was attacked by 3 enemy fighters. Sergeant Bruyere was seriously injured, sustaining a broken leg and wounds in the chest, arm, forehead and left hand. A member of the crew when going to his assistance stepped on the escape hatch and fell through it but Sergeant Bruyere caught him and assisted him back to safety. When the engagement with the enemy aircraft was terminated, Pilot Officer Doucette flew on and attacked his target. On the

return journey, Sergeant Bruyere despite his critical condition, advised his colleagues on the operation of his wireless equipment. In extremely difficult circumstances both Pilot Officer Doucette and Sergeant Bruyere displayed indomitable courage and unswerving devotion to duty.

Distinguished Flying Medal.

Can/R.61012 Flight Sergeant Thomas TEMPLEMAN, Royal Canadian Air Force, No. 7 Squadron.

This airman was captain of an aircraft which attacked an objective in the Rhineland one night in June, 1942. On the return flight his aircraft was attacked by two Junker 88's and severely damaged. In most hazardous circumstances which followed, this airman displayed great fortitude and determination in keeping with the highest traditions of the Royal Air Force. Throughout Flight Sergeant Templeman has proved himself to be an outstanding captain, who has set an exceptionally high standard by his courageous example and extreme devotion to duty.

N.Z.415049 Sergeant Raymond Johnston WRIGHT, Royal New Zealand Air Force, No. 142 Squadron
1027850 Sergeant William SCARLETT, No. 142 Squadron.

In November, 1942, Sergeants Wright and Scarlett were captain and bomb aimer respectively of an aircraft detailed for a mine laying sortie. While flying over an extremely heavily defended area they were subjected to intense anti-aircraft fire and later attacked by an enemy night fighter. The observer was seriously wounded in the arm and the pilot in the right hand, right leg and chest. Showing outstanding fortitude and skill, Sergeant Wright, ably assisted by Sergeant Scarlett, flew his aircraft safely back to this country. Several times when over the sea, Sergeant Wright fainted but Sergeant Scarlett administered oxygen and took over control of the bomber thereby conserving his pilot's strength to enable him to make a landing. Sergeants Wright and Scarlett displayed fortitude, courage and magnificent determination in extricating their aircraft from a perilous situation.
