Air Ministry, 8th January, 1943.

ROYAL AIR FORCE.

The KING has been graciously pleased to approve the following awards in recognition of gallantry displayed in flying operations against the enemy:—

On the 6th December, 1942, a force of bombers was detailed to make an attack in daylight on the Philips Factory at Eindhoven. The operation, which was executed faultlessly, demanded a high degree of skill and accurate timing. Bombs were released at varying heights, down to roof top level. Many hits were obtained, some in the centre of the target area. Two gun posts were silenced. Intense and heavy opposition was encountered and both on the outward and return flights attacks were made by enemy fighters. The great success achieved reflects the greatest credit on the following personnel who participated in various capacities as leaders and members of aircraft crews:—

Distinguished Service Order.

Wing Commander Hughie Idwal EDWARDS, V.C., D.F.C. (39905), No. 105 Squadron.

Wing Commander James Ernest PELL-TRY (37118), No. 88 Squadron.

Wing Commander Ronald Hildyard YOUNG, A.F.C. (32214), No. 464 Squadron.

Distinguished Flying Cross.

Wing Commander Richard Julian Paget PRICHARD, A.F.C. (36109), No. 21 Squadron.

Squadron Leader Ronald John Neil MACLACHLAN (45225), No. 107 Squadron.

Acting Squadron Leader Jack Edward HOULSTON, A.F.C. (44484) (since missing), No. 139 Squadron.

Flight Lieutenant Ernest Frank HART (45488) No. 464 Squadron.

Acting Flight Lieutenant Thomas Henry Joseph CAIRNS, D.F.M. (46338), No. 88 Squadron.

Flying Officer Harold Herbert Edwin Patrick CAIRNS (46969), No. 105 Squadron.

Pilot Officer Cecil Arthur EVANS, D.F.M. (132354), Royal Air Force Volunteer Reserve, No. 88 Squadron.

Pilot Officer John Marquis RANKIN (117925), Royal Air Force Volunteer Reserve, No. 107 Squadron.

Distinguished Flying Medal.

Can/R.72828 Sergeant William Herbert Champion LEAVITT, Royal Canadian Air Force, No. 226 Squadron.

1383008 Flight Sergeant George Edward Teasdale NICHOLS, No. 107 Squadron.

Air Ministry, 8th January, 1943.

ROYAL AIR FORCE.

The KING has been graciously pleased to approve the following awards in recognition of gallantry displayed in flying operations against the enemy:—

Distinguished Service Order.

Acting Wing Commander Raymond Myles Beecham DUKE-WOOLLEY, D.F.C. (33241).

By his outstanding leadership and untiring efforts, Wing Commander Duke-Woolley has con-

tributed much to the successes attained by his Wing. Since June, 1942, he has led his formation in many raids over enemy occupied territory, in the course of which 28 enemy aircraft were destroyed. Wing Commander Duke-Woolley has completed successfully a large number of operational sorties and has displayed outstanding qualities of airmanship and tactical skill. He has destroyed at least 10 enemy aircraft.

Distinguished Service Order.

Acting Wing Commander Donald PEVELER, D.F.C. (42764).

Distinguished Flying Cross.

Pilot Officer Herbert William Joseph STEWART (Can/J.15539), Royal Canadian Air Force.

In December, 1942, Wing Commander Peveler and Pilot Officer Stewart, were captain and rear gunner respectively of an aircraft engaged in a search for the crew of an aircraft lost at sea. When leaving the area after searching for 12 hours, 3 Junkers 88's attacked their aircraft. Pilot Officer Stewart gave a splendid running commentary on the movement of the enemy aircraft which enabled his captain to take evasive action. Wing Commander Peveler manoeuvred his aircraft with superb skill and determination until safety was gained in the clouds, but the bomber had been damaged and the second pilot and bomb aimer wounded. Some time later a further attack was made by 3 Focke Wulfe 190's. In the ensuing combat, despite the heavy odds, Pilot Officer Stewart, by his accurate shooting, shot down one of the fighters and damaged another while the third was driven off. Displaying magnificent airmanship Wing Commander Peveler flew his badly damaged aircraft safely back to this country. Pilot Officer Stewart's coolness and gallantry very materially assisted his captain throughout this hazardous operation. Wing Commander Peveler has always displayed outstanding leadership and an example of devotion to duty worthy of the highest praise.

Bar to Distinguished Flying Cross.

Acting Squadron Leader Hugo Thrussell ARMSTRONG, D.F.C. (Aus.406022), Royal Australian Air Force, No. 611 Squadron.

Since being awarded the Distinguished Flying Cross Squadron Leader Armstrong has participated in many sorties over enemy occupied territory during which he has destroyed a further 4 enemy fighters and probably destroyed 2 others. His great powers of leadership have contributed largely to the successes achieved by his squadron. This officer's keenness to engage the enemy at all times and his excellent escort work have set an inspiring example to all.

Wing Commander Basil Vernon ROBINSON, D.S.O., D.F.C. (34089), No. 35 Squadron.

One night in November, 1942, during an operational sortie against Turin, this officer displayed great gallantry and determination when a dangerous fire broke out in his aircraft. Owing

to the intensity of the flames and smoke which filled the cockpit, Wing Commander Robinson saw no hope of bringing the fire under control, and therefore ordered his crew to abandon the aircraft. While preparing to follow them himself, the fire abated. Undeterred by the difficulty of the flight which involved crossing the Alps and flying many hundreds of miles over enemy occupied territory, Wing Commander Robinson continued alone, completed the return journey, and landed his large 4 engined aircraft successfully in this country despite very adverse weather, accomplishing a most praiseworthy and skilful feat of airmanship.

Distinguished Flying Cross.

Acting Wing Commander Ernest Louis Acton WALTER, A.F.C. (32237), No. 113 Squadron.

During the past 3 months Wing Commander Walter has taken part in many operational sorties. In November, 1942, he led an attack from low level against enemy shipping off Akyab. In the face of strong opposition from anti-aircraft defences and enemy fighters direct hits were obtained on 2 enemy vessels. This officer's skill and courage under difficult and hazardous circumstances have been an inspiration to all.

Squadron Leader The Honourable Brian GRIMSTON (84667), Royal Air Force Volunteer Reserve, No. 156 Squadron.

Squadron Leader Grimston was captain of an aircraft engaged in operations against Turin on the night of 11th December, 1942. Throughout the greater part of the outward flight, he was forced to fly blind, owing to extremely adverse weather. Only by exercise of the greatest coolness and tenacity was this officer able to surmount the difficulties of the Alpine crossing, reach the target, and complete his mission. On the return flight, the state of the weather exacted the most superlative airmanship and navigational skill. Squadron Leader Grimston finally made a successful landing in this country. In the course of numerous operational sorties, this officer has evinced superb skill and exceptional courage.

Flying Officer Ross Herbert BERTRAM (Can/J.6396), Royal Canadian Air Force, No. 38 Squadron.

In October, 1942, this officer was the pilot of 1 of a formation of aircraft detailed to make a daylight attack on an enemy ship in Tobruk harbour. Displaying great skill and determination he made a successful attack scoring at least one hit on the target. His determined attack contributed much to the combined effort of the operation which achieved the destruction of the vessel. Flying Officer Bertram displayed high courage and devotion to duty.

Flying Officer Philip Gustave FREBERG (Can/J 6659), Royal Canadian Air Force, No. 7 Squadron.

This officer, as navigator, has participated in a number of operational sorties during which he has displayed a high standard of courage and tenacity.

Flying Officer John Stuart ROWLAND MULLER-ROWLAND (103497), Royal Air Force Volunteer Reserve, No. 60 Squadron.

Flying Officer Muller-Rowland has made many reconnaissances deep into Burma and brought back information of great value. On 2 occasions recently, he participated in low level attacks against enemy shipping off Akyab. Despite strong opposition from air and ground defences this officer pressed home his attack with great determination. He has proved himself to be a splendid leader and has set a fine example to his fellow pilots.

Pilot Officer Ernest Brazier COZENS (Can/J.16010), Royal Canadian Air Force, No. 218 Squadron.

Pilot Officer Cozens has participated in a large number of operational sorties. One night in December, 1942, he was captain of an aircraft detailed to attack a target in North-West Germany. When approaching the objective his aircraft was held in a cone of searchlights and badly damaged by anti-aircraft fire. Despite this, Pilot Officer Cozens, displaying great determination, flew on and bombed the target from a very low level. On the return journey the bomber was again hit by anti-aircraft fire and the starboard inner engine caught alight. Descending to 100 feet, a fuel tank was jettisoned, and the fire extinguished. Pilot Officer Cozens then flew his aircraft safely back to base. He is an outstanding officer whose only desire is to engage the enemy. His quiet determination and courage have been a fine example to other members of his crew.

Pilot Officer Peter EASTCOTT (Can/J.9563), Royal Canadian Air Force, No. 221 Squadron.

On the 26th October, 1942, Pilot Officer Eastcott was navigator in an aircraft which led a formation detailed to make a daylight attack on an enemy ship in Tobruk harbour. The outward flight, a distance of several hundred miles over the sea, was made only a few feet above the water, and complete surprise was achieved. At least 3 hits were scored on the vessel which was destroyed. This officer displayed navigational skill of a high order.
