The KING has been graciously pleased to approve the following awards in recognition of gallantry displayed in flying operations against the enemy:—

*Distinguished Service Order.*

Acting Wing Commander Charles Ernest MARTIN, D.F.C. (Aus.402059), Royal Australian Air Force, No. 460 (R.A.A.F.) Squadron.

Since being awarded the Distinguished Flying Cross this officer has taken part in numerous sorties, including a flight to Turin which was successfully attacked and photographed. Wing Commander Martin has at all times displayed inspiring leadership, great skill and tenacity and has contributed materially to the high standard of operational efficiency of the squadron he commands. On a recent occasion his fearlessness and promptitude were instrumental in saving an aircraft from destruction when it caught fire on the ground. Although the bomber was fully loaded and smoke was pouring from it, Wing Commander Martin leapt aboard and directed the efforts of the fire fighters in quelling the outbreak. His example both in the air and on the ground is worthy of the highest praise.

*Bar to Distinguished Flying Cross.*

Flying Officer James Atterby McCAIRNS, D.F.C., M.M. (125754), Royal Air Force Volunteer Reserve, No. 16r Squadron.

This officer has completed numerous sorties, displaying a high degree of skill and determination throughout.

*Distinguished Flying Cross.*

Pilot Officer John BARRASS (147137), Royal Air Force Volunteer Reserve, No. 15 Squadron.

As navigator, Pilot Officer Barrass has participated in several sorties and has invariably displayed great skill and devotion to duty. One night in June, 1943, he was a member of the crew of a bomber detailed for an operational flight. Whilst over the target area the aircraft was hit by anti-aircraft fire and sustained severe damage. On the return flight his skilful navigation was instrumental in enabling his pilot to avoid defended areas en route and thus the enemy coast was crossed safely. Whilst still some 20 miles from the English coast the aircraft could no longer be flown but its pilot brought it safely down on to the water. Just before the bomber touched down, Pilot Officer Barrass left his station to adjust the pilot's safety straps. He was unable to regain his position before the impact and sustained a broken thigh. This navigator displayed exemplary conduct and great skill throughout the flight.

*Distinguished Flying Medal.*

Aus.414144 Flight Sergeant Frank LAWRENCE, Royal Australian Air Force, No. 460 (R.A.A.F.) Squadron.

Flight Sergeant Lawrence is a first class captain who has displayed the greatest determination to attack his targets accurately and to obtain photographs. He has participated in numerous attacks on the Ruhr area and, on two occasions against Berlin. His excellent work has been worthy of high praise.
