MERSEY CONSERVANCY.

I hereby give Notice, pursuant to the 9th Section of the Act 5 & 6 Victoria, cap. 110, intituled "An Act for better preserving the Navigation of the River Mersey," that I have received a Notice from the Mayor, Aldermen and Burgesses of the Borough of Widnes in the County of Lancaster given pursuant to the provisions of the said Act, of their intention to construct a protective embankment at Pickering's Pasture, Halebank in accordance with plans and sections deposited at this Office, a copy of which Notice is subjoined.

D. A. Henderson,

Commander R.N.

Acting Conservator of the Mersey.

To Commander D. A. Henderson, O.B.E., R.N.,
Acting Conservator of the Mersey.

In pursuance of an Act for better preserving the Navigation of the River Mersey (5 and 6 Vic., Cap. 110) we, The Mayor, Aldermen and Burgesses of the Borough of Widnes in the County of Lancaster, hereby give you notice that we propose to construct at Pickering's Pasture, Halebank, Widnes aforesaid, a protective embankment abutting upon the River Mersey in accordance with plans and sections deposited at the Ministry of War Transport, such embankment to be constructed from Ditton Brook to the south-westerly boundary of the Borough of Widnes and situate along the river front. The object of the proposed work is to prevent further erosion of the land and to raise the level of the land to conform with the level of adjacent land on the north-westerly side. The embankment is to be formed with a concrete toe seven feet below present ground level and four feet wide and the slope of the embankment above ground level for a height of five feet and an average width of three feet is also to be formed in concrete consisting of broken asbestos cement waste and cement. The remainder of the embankment is to be formed with asbestos cement waste. It is anticipated that the work will be commenced about May, 1945. The work will not obstruct impede or project into the tidal waters of the River Mersey. Creeks and ditches at present discharging into the River are to be piped, carried through the embankment and tidal flaps fitted at the outlets.

Dated this 4th day of December, 1944.

James Wallace, Town Clerk.
