Air Ministry, 4th January, 1946.

The KING has been graciously pleased to approve the following awards:—

Military Cross.

Acting Flight Lieutenant Walter Ross JAY (109231), Royal Air Force Volunteer Reserve.

Flight Lieutenant Jay has commanded an armoured flight for eleven months and has been actively engaged in conflict with the enemy since August, 1944. From 3rd-12th April, 1945, his flight was acting as an armoured reconnaissance unit to a special force whose speedy advance was only made possible by his determined and efficient handling of the flight. On 8th April, 1945, Flight Lieutenant Jay was ordered to carry out a reconnaissance with a troop of armoured cars which necessitated proceeding between two strongly held pockets of resistance. He was frequently under fire and once had to join battle with the enemy, giving covering fire to an American detachment in difficulties. His determination, courage and complete disregard of personal danger enabled the force to gain its objective without casualties. The operation resulted in the capture of the entire designing staff of the Focke Wulf Aircraft Company, together with many valuable secret documents.

Military Cross.

Flying Officer Joseph Francis RINGER (123664), Royal Air Force Volunteer Reserve.

Military Medal.

1010664 Corporal Richard Robert HOPE, Royal Air Force Volunteer Reserve.

On 16th April, 1945, Flying Officer Ringer was ordered to reconnoitre and lay a ground to air landmark near to Castel San Pietro which was occupied by the enemy. In a jeep, accompanied by Corporal Hope, he made repeated attempts to reach high ground south of the town but was unsuccessful owing to mined roads and blown bridges. He then decided to try another route and soon came under heavy shell fire but took cover. When the shelling had ceased he proceeded to the objective and carried out his mission. He then returned to bring up the landmark party. On 22nd April, 1945, Flying Officer Ringer executed a similar reconnaissance in the San

Giorgio area. Accompanied by Corporal Hope, he arrived in the area twenty minutes before the armoured columns sent to capture it and the site chosen was for some while under rifle and machine gun fire from enemy positions. Later in April, 1945, when under the command of the 2nd New Zealand Division, this officer was again ordered to lay a landmark as far forward as possible on the south bank of the river Adige in order to assist the leading division to break through the Venetian line. Flying Officer Ringer, with Corporal Hope, went forward with the leading platoon under heavy enemy fire and with great difficulty succeeded in accomplishing the mission. When enemy snipers became active they organised a patrol and cleared the area. From 29th April to 2nd May, 1945, the detachment continued to assist the New Zealand Division through to Trieste under most arduous conditions. This officer and airman displayed outstanding courage and leadership when the enemy was attempting to delay our forward troops in order to organise his retreating forces to hold the Venetian line.

Military Medal.

1570785 Leading Aircraftman Hugh ADAIR, Royal Air Force Volunteer Reserve.

In January, 1945, this airman was No. 2 gun layer in a Bofors gun crew when more than fifty enemy aircraft made a forty-minute attack on an airfield. A FW190 made a direct attack on the gun crew, who were in an exposed position. Leading Aircraftman Adair continued laying with such good effect that the aircraft was hit and forced to disengage. Although enemy bullets were hitting the ground only a few yards away, he remained cool and efficient, maintaining a high standard of discipline that was an inspiration to the remainder of the detachment.

AMENDMENT.

In notification of 7th December, 1945 (p. 5945, col. 2), Distinguished Flying Cross. Delete Flying Officer Gerard Patrick MARKHAM (162806), R.A.F.V.R., 35 Sqn. Award previously announced on 20th February, 1945.

In notification of 1st January, 1946 (New Year Honours) (p. 99, col. 1), Mentions in Despatches, Flight Lieutenants, insert T. M. W. SMITH (39621).
