Civil Service Commission,

10th January, 1947.

The Civil Service Commissioners hereby give notice that the following Regulations are published with the approval of the Lords Commissioners of His Majesty's Treasury, viz.:—

TEMPORARY (RECONSTRUCTION) REGULATIONS FOR FILLING VACANCIES IN THE GRADE OF DISTRICT OFFICER (MALE) UNDER THE FORESTRY COMMISSIONERS.

1. In order to be eligible, a candidate must have been born on or after the 2nd August, 1906, and have attained the age of 21 by the 1st January, 1946, provided that candidates born before 2nd August, 1906, may be admitted if they have specially suitable qualifications.

2. Every candidate must be either

(a) a natural-born British subject

(i) having at least one parent who is or was at the time of death a British subject; or

(ii) of any other parentage, provided that he has resided in His Majesty's dominions and/or been employed elsewhere in the service of the Crown for at least 5 years out of the last 8 years preceding the date of his appointment; or

(b) a naturalized British subject who has resided in His Majesty's dominions and/or been employed elsewhere in the service of the Crown for at least 5 years out of the last 8 years preceding the date of his appointment; or

(c) a British subject who, although not fulfilling the requirements of sub-paragraph (a) or sub-paragraph (b), satisfies the Commissioners that he is so closely connected with His Majesty's dominions either by ancestry, upbringing or residence, or by reason of national service, that an exception may properly be made in his favour.

3. Candidates for appointment as District Officers must have passed—

(a) In the case of District (Forest) Officers— an examination qualifying for either a University degree in Forestry, a University Diploma in Forestry or a post-graduate degree in a Forestry subject;

(b) In the case of District (Estate) Officers— (i) the qualifying examination for the fellowship of the Royal Institute of Chartered Surveyors, or (ii) the qualifying examination for the fellowship of the Auctioneers and Estate Agents' Institute, or (iii) the qualifying examination for the fellowship of the Land Agents' Society, or (iv) one of the degree examinations, for example those in Estate Management of Cambridge and London, which secure exemption from the qualifying examinations in (i), (ii) and (iii) above: provided that these requirements may be waived in the case of a candidate who has attained a satisfactory standard of general education and has had suitable practical experience in the office of a Surveyor, Estate Agent or Land Agent.

4. Candidates must satisfy the Commissioners as to their health and character.

The Commissioners reserve the right to give such preference to disabled persons or particular classes of disabled persons as may be necessary in order to give effect to any general policy regarding the employment of such persons which may be adopted by His Majesty's Government, provided that the disability is not of a nature to interfere with the discharge of the duties of the post.

5. No person who is undergoing a course of study with the aid of a grant from public funds shall be eligible to compete under these Regulations before the completion of the course, unless he has previously obtained permission to do so from the authority which administers the grant.

6. Every candidate must apply on the appropriate form within the time and in the manner of which notice is given by the Commissioners.

7. Those candidates who appear to have the most suitable qualifications may be summoned to a preliminary informal interview and will be summoned to an interview before a Selection Board, who will recommend to the Civil Service Commissioners for appointment (subject to the terms of Regulation 8) the candidates who appear to them to possess the highest qualifications. The Selection Board may also recommend that a certain number of candidates shall be classified as reserve candidates and considered by the Commissioners for appointment in conjunction with the results of a later Board. The decision of the Commissioners will be final. The Selection Board will take into consideration a candidate's record of experience and education, any recommendations that they may receive from persons named by candidates as having direct knowledge of their work in the past, and the personal qualities of the candidates as shown at the interview; and on their estimation of the above evidence they will frame their decision.

8. It is the intention that of the total number of vacancies to be filled from the whole series of Selection Boards Service candidates shall receive not less than two-thirds; provided that a sufficient number of Service candidates reach the required standard.

9. For the purposes of these Regulations candidates shall be regarded as Service candidates if they have rendered whole-time service during any period after the 25th May, 1939, in

- (a) the Armed Forces of the Crown; or
- (b) the Mercantile Marine or the Merchant Navy.

10. Persons upon whose training for the occupation of teacher public money has been spent cannot be appointed until the consent of the appropriate central education authority (e.g. the Ministry of Education, the Scottish Education Department, the Ministry of Education for Northern Ireland) has been notified to the Commissioners.

11. Every successful candidate will be required to pay a fee of £1 before the issue of a certificate of qualification for appointment.

12. Any attempt on the part of candidates to enlist support for their applications through Members of Parliament or other influential persons, except as referees to be named by them in their application form, will disqualify them for appointment. The Selection Board will disregard recommendations from persons who are not personally acquainted with the candidate's work, whether at school, in the Forces or otherwise.

(c) If not qualified under (a) or (b) of this paragraph they must satisfy the Commissioners that they are so closely connected with His Majesty's dominions either by ancestry, upbringing or residence, or by reason of national service, that an exception may properly be made in their favour.

Provided that a candidate will not be eligible for appointment to the Foreign Office or services under the control of the Secretary of State for Foreign Affairs, or to the Admiralty, War Office, Air Ministry, or Ministry of Supply, unless he is a natural born British subject and born within the United Kingdom or in one of the self-governing Dominions, of parents also born within the United Kingdom or in one of the self-governing Dominions, except when the circumstances are such as to justify a departure from the general rule, in which case, provided the candidate satisfies the conditions prescribed by the preceding paragraphs, he may be admitted to appointment or competition by special permission of the Secretary of State for Foreign Affairs, the First Lord of the Admiralty, the Secretary of State for War, the Secretary of State for Air or the Minister of Supply, as the case may be.

NEW TOWNS ACT, 1946

THE CRAWLEY NEW TOWN (DESIGNATION) ORDER, 1947

Notice is hereby given that the Minister of Town and Country Planning, in pursuance of the powers vested in him by Section 1 of the New Towns Act, 1946, on the ninth day of January, 1947, made an order designating as the site of a proposed new town an area of land comprising approximately 5,920 acres situate in the Rural District of Dorking and Horley, the Rural District of Horsham and the Rural District of Cuckfield, which land is shown on the map annexed to the Order.

The area thus designated is 330 acres less in extent than the area which was shown on the map annexed to the Draft Crawley New Town (Designation) Order, 1946, which was deposited for inspection at the office of the Clerk of the Crawley Parish Council, No. 34, Spencers Road, Crawley, and at the Montefiore Institute, Hazelwick Road, Three Bridges, on or about the tenth day of September, 1946, and with respect to which a public local inquiry was held at the said Montefiore Institute on the fourth, fifth and sixth days of November, 1946. This reduction in the size of the area has been effected principally by the exclusion of about 275 acres of farmland west of the village of Worth, and other land totalling about 42 acres in the north-western part of the area.

In compliance with the provisions of paragraph 5 of the First Schedule to the Act, copies of the Order and of the map have been deposited at the office of the Clerk of the Crawley Parish Council, No. 34, Spencers Road, Crawley, and at the Montefiore Institute, Hazelwick Road, Three Bridges, and will be open for inspection without payment of fee between the hours of 10 a.m. and 12 noon, between 2 p.m. and 4 p.m. and between 5 p.m. and 7 p.m. on weekdays, except Saturdays, and between 10 a.m. and 12 noon on Saturdays. A copy of the Order and of the map have also been deposited at the Ministry of Town and Country Planning, 32, St. James's Square, S.W.1, and will be open for inspection without payment of fee between the hours of 9.30 a.m. and 5 p.m. on weekdays, except Saturdays, and between 9.30 a.m. and 12 noon on Saturdays.

Copies of the map on the scale of six inches to one mile, on which the area originally proposed to be designated is shown enclosed by a black line, and the area now designated by the above Order is shown within the inner edge of a broad blue line, will be placed on sale within a few days of the date of this notice with Messrs. E. Stanford Ltd., of No. 12, Long Acre, London, W.C.2, Messrs. S. Price & Co., of Horsham and Mr. C. Allingham of Reigate,

authorised agents of the Ordnance Survey, price 7s. 6d. per copy or 8s. 1d. post free.

The last Admiralty Notice to Mariners issued during 1946 was No. 4207.

ADMIRALTY NOTICE TO MARINERS.

No. 1 of the year 1947.

CAUTION WHEN APPROACHING BRITISH PORTS.

PART I.

Clothing of Ports.

Former Notice.—No. 1 of 1946; hereby cancelled.

(1) My Lords Commissioners of the Admiralty, having taken into consideration the fact that it may be necessary to forbid all entrance to certain ports of the Empire, this is to give Notice that on approaching the shores of the British Isles, or any of the ports or localities of the British Empire, a sharp look-out should be kept for the signals described in the following paragraph, and for the vessels mentioned in paragraph (5), Part II, of this Notice, and the distinguishing and other signals made by them. In the event of such signals being displayed, the port or locality should be approached with great caution, as it may be apprehended that obstructions may exist.

(2) If entrance to a port is prohibited, three red lights vertically disposed by night, or three red balls vertically disposed by day, will be exhibited in some conspicuous position, in or near to its approach, which signals will also be shown by the vessels indicated in paragraph (5), Part II, of this Notice.

If these signals are displayed, vessels must approach the port with the greatest caution and implicitly obey all orders or signals given them by the Examination Vessel; Traffic Control Vessel, or signal station.

(3) At some ports or localities at home or abroad, search-lights are occasionally exhibited for exercise.

Instructions have been given to avoid directing movable search-lights during practice on to vessels under way, but mariners are warned that great care should be taken to keep a sharp look-out for the signals indicated in paragraph (2) above, when search-lights are observed to be working.

Vessels are particularly warned not to enter a declared "Dangerous Area" or approach boom defences without permission, nor to anchor or remain stopped in a dangerous area or prohibited anchorage unless specially instructed so to do.

PART II.

Examination Service.

(4) In certain circumstances it is also necessary to take special measures to examine individual vessels desiring to enter ports and localities at home and abroad and to control entry generally. This is the function of the Examination Service. Where Traffic Control Vessels take the place of Examination Vessels their authority is the same.

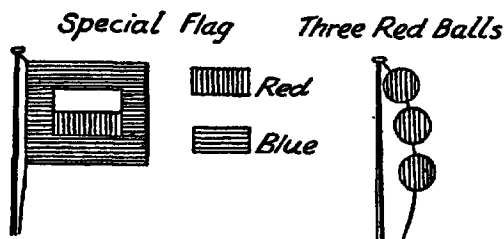

(5) In such case, vessels carrying the distinguishing flags or lights mentioned in paragraph (7) will be charged with the duty of examining ships which desire to enter the port and of allotting positions in which they shall anchor. If Government vessels, or vessels belonging to the local port authority, are found patrolling in the offing, merchant vessels are advised to communicate with such vessels with a view to obtaining information as to the course on which they should approach the port. Such communication will not be necessary in cases where the pilot on board has already received this information from the local authorities.

(6) As the institution of the Examination Service will probably be unknown to vessels desiring to enter the port, especial care should be taken in approaching the ports, by day or night, to keep a sharp look-out for any vessel carrying the flags or lights mentioned in paragraph (7), and to be ready to "bring to" at once when hailed by her or warned by the firing of a gun or sound rocket.

In approaching by night any port in the British Empire, serious delay and risk will be avoided if four efficient all round lanterns, two red and two white, are kept available for use.

(7) By day the distinguishing flag of the Examination Vessel or Traffic Control Vessel will be a special flag (white and red horizontal surrounded by a blue border).

*Also, three red balls vertically disposed if entrance is prohibited.

Usually the Examination Vessels or Traffic Control Vessels will fly the Blue Ensign, but in certain circumstances they may fly the White Ensign.

By night the steamer will carry:—

(a) Three red lights vertically disposed if entrance is prohibited.

(b) Three white lights vertically disposed if entrance is permitted.

The above lights will be carried in addition to the ordinary navigation lights, and will show an unbroken light around the horizon.

(8) Merchant vessels approaching a British Port at which the Examination Service is in force, must hoist their signal letters on arriving within visual signal distance of the port, and are not to wait for the signal "What is the name of your vessel?" to be made from the Examination Vessel.

(9) Masters are warned that, before attempting to enter any port when the Examination Service is in force, they must in their own interests strictly obey all instructions given to them by the Examination Vessel or Traffic Control Vessel.

Whilst at anchor in the Examination Anchorage, Masters are warned that it is forbidden, except for the purpose of avoiding accident, to do any of the following things, without permission from the Examining Officer:—

- To lower any boat.
- To communicate with the shore or with other ships.
- To move the ship.
- To work cables.
- To allow any person or thing to leave the ship.

(10) In case of fog, Masters are enjoined to use the utmost care, and the port should be approached with caution.

(11) When the Examination Service is in force—merchant vessels when approaching ports are especially cautioned against making use of private signals of any description, either by day or night; the use of them will render a vessel liable to be fired on.

(12) The pilots attached to the ports will be acquainted with the regulations to be followed.

PART III.

Mine-Sweeping Operations.

(1) H.M. Vessels, operating singly or in formation, engaged in mine-sweeping operations or exercises are hampered to a considerable extent in their manœuvring powers.

Such vessels will show the signals hereinafter mentioned to indicate the nature of the work on which they are employed at the time:—

By day.—A black ball at the foremast head and a black ball at the yardarm on the side, or sides, on which it is dangerous for vessels to pass.

By night.—All round green lights instead of the black balls, and in a similar manner.

CAUTION.—When circumstances permit, vessels or formations showing these signals should not be approached nearer than 500 yards on either beam, and ships should in no case cross astern at a less distance than 1,000 yards.

In no circumstances should a ship pass through a formation of mine-sweepers.

(2) Conduct of Vessels in the vicinity of Mine-sweepers engaged in sweeping.

(i) It is the duty of any vessel—whether steam or sailing—to take early action to keep out of the way of vessels employed in mine-sweeping.

(ii) Mine-sweepers should warn merchant vessels who persist in approaching too close by means of the International Code of Signals.

PART IV.

Other Regulations in force.

Nothing in this Notice is to be taken as overruling such general or local regulations as may be issued by the Public Traffic Regulations at each port, through routing authorities, by Notices to Mariners, or other means to meet new dangers or situations which may arise, or to cover local conditions.

Attention is called to Notices to Mariners at present in force as follows:—

(a) Routeing and safe channels.

(b) Regulations for Fishing Vessels.

(c) The regulations for shipping brought into force by the issue of Navigation Orders from time to time.

Note.—This Notice is a revision of Notice No. 1 of 1946.

(Notice No. 1 of 1/1/1947.)

Authority.—The Lords Commissioners of the Admiralty. (H. 6482/46).

By Command of their Lordships,

A. G. N. Wyatt,

Rear-Admiral, Hydrographer of the Navy.

Admiralty, London,

1st January, 1947.

ADMIRALTY NOTICE TO MARINERS.

NO. 7. CAUTION WITH REGARD TO SINGLE SHIPS APPROACHING SQUADRONS OR AIRCRAFT CARRIERS.

Former Notice.—No. 7 of 1946; hereby cancelled.

(1) The attention of shipowners and mariners is called to the danger to all concerned which is caused by single vessels approaching a squadron of warships or merchant vessels in convoy so closely as to involve risk of collision or attempting to pass ahead of or through such a squadron or convoy.

(2) Mariners are therefore warned that single vessels should adopt early measures to keep out of the way of a squadron or convoy.

(3) The fact that it is the duty of a single vessel to keep out of the way of a squadron or convoy does not entitle vessels so sailing in company to proceed without regard to the movements of the single vessel. Vessels sailing in a squadron or convoy should accordingly keep a careful watch on the movements of any

single vessel approaching the squadron or convoy and should be ready, in case the single vessel does not keep out of the way, to take such action as will best aid to avert collision.

(4) Attention is also drawn to the uncertainty of the movements of aircraft carriers, which must usually turn into the wind when aircraft are taking off or landing.

Note.—This Notice is a repetition of the former Notice quoted above.

(Notice No. 7 of 1/1/1947.)

Authority.—The Lords Commissioners of the Admiralty. (H. 6488/46.)

By Command of their Lordships,

A. G. N. Wyatt,

Rear-Admiral, Hydrographer of the Navy.

Admiralty, London,
1st January, 1947.

ADMIRALTY NOTICE TO MARINERS.

No. 8. WARNING SIGNALS TO DENOTE THE PRESENCE OF SUBMARINES.

Former Notice.—No. 8 of 1946; hereby cancelled.

1. Attention is drawn to the following warning signal which is in use to denote the presence of Submarines:—

British vessels fly a rectangular *red* flag to denote that Submarines, which may be submerged, are in the vicinity. Vessels are cautioned to steer so as to give a wide berth to any vessel flying such a flag. If from any cause it is necessary to approach her, vessels should proceed at slow speed until warning is given of the danger zone by flags, semaphore or megaphone, etc., a good look-out being kept meanwhile for Submarines whose presence may be only indicated by their periscopes showing above water.

A Submarine submerged at a depth too great to show her periscope may sometimes indicate her position by releasing a "smoke candle" which gives off a considerable volume of smoke on first reaching the surface.

2. Under certain circumstances warnings that Submarines are exercising in specified areas may be broadcast by a General Post Office W/T station.

3. It must not be inferred from the above that Submarines exercise only when in company with escorting vessels.

(Notice No. 8 of 1/1/1947.)

Authority.—The Lords Commissioners of the Admiralty. (H. 6489/46.)

By Command of their Lordships,

A. G. N. Wyatt,

Rear-Admiral, Hydrographer of the Navy.

Admiralty, London,
1st January, 1947.
