#### TEMPORARY (RECONSTRUCTION) REGULATIONS FOR FILLING VACANCIES FOR ASSISTANT ENGINEERS IN THE GENERAL SERVICE CLASS OF MECHANICAL AND ELECTRICAL ENGINEERS IN GOVERNMENT DEPARTMENTS.

1. Men and women may compete under these Regulations, except that women will not be eligible for appointments under the Air Ministry.

2. Every candidate must have been born on or after 2nd August, 1905, and have attained the age of 25 by the 1st January of the year in which he or she competes.

3. Candidates must be British subjects. They must also satisfy one of the following conditions:—

(a) If natural-born British subjects, they must either

(i) have at least one parent who is or was at death a British subject; or

(ii) have resided in His Majesty's dominions and/or been employed elsewhere in the service of the Crown for at least five years out of the last eight years preceding the date of their appointment;

(b) If naturalised British subjects, they must have resided in His Majesty's dominions and/or been employed elsewhere in the service of the Crown for at least five years out of the last eight years preceding the date of their appointment.

(c) If not qualified under (a) or (b) of this paragraph they must satisfy the Commissioners that they are so closely connected with His Majesty's dominions either by ancestry, upbringing or residence or by reason of national service, that an exception may properly be made in their favour.

Provided that a candidate will not be eligible for an appointment under the Air Ministry unless he or she is a natural-born British subject and born within the United Kingdom or in one of the self-governing Dominions of parents also born within the United Kingdom or in one of the self-governing Dominions, except when the circumstances are such as to justify a departure from the general rule, in which case, provided the candidate satisfies the conditions prescribed by the preceding paragraphs, he or she may be admitted to appointment or competition by special permission of the Secretary of State for Air.

4. I. The minimum qualifications must include either,

(a) Corporate Membership of one of the Institution of Civil Engineers, the Institution of Mechanical Engineers and the Institution of Electrical Engineers; or

(b) University Engineering degree or other examination passes recognised by any of the above Institutions as granting exemption from Sections A and B of their examination for Associate Membership, provided that corporate membership is attained within two years of entry into the Civil Service,

provided that, exceptionally, alternative evidence of very high professional attainments may be accepted.

II. In addition, all candidates must produce evidence showing that the examination subjects included in their qualification sub-paragraph I (a) or (b) above and their practical experience are appropriate to the requirements of one or more Departments as defined below.

Candidates for appointment to posts in the *Air Ministry* should:—

(a) Hold a recognised University degree or equivalent diploma which will qualify for graduate membership of the Institution of Electrical Engineers and have had 2 years' apprenticeship plus 2 years' employment with an engineering concern of good standing and have there gained experience in electrical and mechanical engineering; or

(b) Be a graduate or corporate member of the Institution of Electrical Engineers or a graduate

or corporate member of the Institution of Mechanical Engineers with appreciable electrical engineering experience and have a minimum of 3 years' apprenticeship plus 2 years' employment with an engineering concern of good standing and have there gained experience in electrical and mechanical engineering.

Candidates for appointment to posts of Assistant Engineer (Mechanical Engineering) in the *Ministry of Transport* should have a professional qualification in mechanical engineering under sub-paragraph I (a) or (b) above and should have completed a recognised course of theoretical and technical training in mechanical and automobile engineering and have experience of road vehicle design and construction. For appointment to posts of (i) Assistant Engineer (Traffic), (ii) Assistant Engineer (Traffic Control Signals), (iii) Assistant Engineer (Street Lighting) candidates should have a professional qualification in electrical engineering under sub-paragraph I (a) or (b) above and should be experienced in the preparation of specifications and in investigating the performance of equipment. In addition a knowledge of testing methods in relation to electrical work is required. Previous experience is also desirable in (i) the technical aspects of the regulation of traffic, (ii) the mechanism of traffic control signals, and (iii) the design and installation of street lighting systems, respectively.

Candidates for appointment to posts in the *Ministry of Works* will be required to furnish evidence of their apprenticeship and experience, especially experience either in the design and execution of major new works or in management and supervision of large maintenance works of mechanical and/or electrical engineering plant and installations. Experience closely related to the engineering equipment of public and factory buildings is particularly desirable.

5. (1) Every candidate must satisfy the Commissioners as to health and character.

(2) The Commissioners reserve the right to give such preference to disabled persons or to particular classes of disabled persons as may be necessary in order to give effect to any general policy regarding the employment of such persons which may be adopted by His Majesty's Government, provided that the disability is not of a nature to interfere with the discharge of the duties required.

6. No person who is undergoing a course of study with the aid of a grant from public funds shall be eligible to compete before the completion of the course, unless he or she has previously obtained permission to do so from the authority which administers the grant.

7. Every candidate must apply on the appropriate form within the time and in the manner of which notice is given by the Commissioners.

8. The Commissioners may summon to appear before a Selection Board all who are found to be *prima facie* eligible, or may, if they see fit, summon only those whose qualifications and experience are considered to be specially suitable for the posts for which they are being considered. The Selection Board shall have power to give such preference to candidates born on or after 2nd August, 1910, as the Commissioners consider appropriate. Subject to this preference the Board will take into consideration the candidate's record of education and experience with due regard to loss of opportunity and to the loss of professional knowledge of those who have served in the Forces, any recommendation from persons named by the candidates as having direct knowledge of their work in the past, and the personal qualities of the candidates as shown at the interview; and on their estimation of all the above facts they will frame their recommendations. The decision of the Commissioners shall be final.

9. Persons upon whose training for the occupation of teacher public money has been spent cannot be appointed until the consent of the appropriate central education authority (e.g., the Ministry of Education, the Scottish Education Department, the Ministry of Education for Northern Ireland) has been notified to the Commissioners.

10. It will rest with the Commissioners to determine the Department to which each successful candidate shall be assigned. In making the assignment the Commissioners will be guided by the requirements of the public service. Subject to this condition, the wishes of candidates will, where possible, be respected.

11. Any attempt on the part of candidates to enlist support for their applications through Members of Parliament or other influential persons, except as referees to be named by them in their application forms, will disqualify them for Appointment. The Interviewing Board will disregard spontaneous recommendations from persons who are not personally acquainted with the candidate's work, whether at school, at the University, in the Forces, or otherwise.

12. Every successful candidate shall pay a fee of £1 before the issue of a certificate of qualification for appointment.
