The Civil Service Commissioners hereby give notice that the following Regulations are published with the approval of the Lords Commissioners of His Majesty's Treasury, viz.:—

**RECRUITMENT UNDER TEMPORARY (RECONSTRUCTION) REGULATIONS OF INDUSTRIAL CHEMISTS AND CHEMICAL ENGINEERS (BASIC GRADES) IN THE DEPARTMENTAL CLASSES IN GOVERNMENT DEPARTMENTS.**

1. *Sex.* Both men and women may compete under these regulations except that women will not be eligible for appointments under the Admiralty.

2. *Age.* Candidates must be at least 23 years of age on 1st August, 1949, i.e., they must have been born on or before 1st August, 1926. For the Admiralty they must be under 44 years of age on 1st August, 1949, i.e., they must have been born on or after 2nd August, 1905, and for the Ministry of Supply they must be under 38 years of age on 1st August, 1949, i.e., they must have been born on or after 2nd August, 1911.

3. *Nationality.* Candidates must be British subjects. They must also satisfy one of the following conditions:—

(a) If natural-born British subjects they must either

(i) have at least one parent who is or was at death a British subject; or

(ii) have resided in His Majesty's dominions and/or been employed elsewhere in the service of the Crown for at least five years out of the last eight years preceding the date of their appointment.

(b) If naturalised British subjects, they must have resided in His Majesty's dominions and/or been employed elsewhere in the service of the Crown for at least five years out of the last eight years preceding the date of their appointment.

(c) If not qualified under (a) or (b) of this paragraph they must satisfy the Commissioners that they are so closely connected with His Majesty's dominions either by ancestry, upbringing, or residence, or by reason of national service, that an exception may properly be made in their favour. Provided that a candidate will not be eligible for an appointment unless he is a natural-born British subject and born within the United Kingdom or in one of the self-governing Dominions, of parents also born within the United Kingdom or in one of the self-governing Dominions, except when the circumstances are such as to justify a departure from the general rule, in which case, provided the candidate satisfies the conditions prescribed by the preceding paragraphs, he may be admitted to appointment or competition by special permission of the First Lord of the Admiralty or Minister of Supply, as the case may be.

4. *Qualifications.* A candidate must either—

(a) have a University honours degree in metallurgy, engineering, chemistry, physics or chemical engineering. Candidates must also have or acquire at least three years approved experience in a factory or industrial laboratory before confirmation of appointment; or

(b) have Associateship of the Royal Institute of Chemistry, the Institution of Metallurgists, or the Institute of Physics. Candidates must also have or acquire at least three years approved experience in a factory or industrial laboratory before confirmation of appointment; or

(c) have Corporate Membership of the Institution of Chemical Engineers.

For the purpose of obtaining the experience required by (a) or (b) the period of probation may be extended to three years.

Exceptionally, alternative evidence of very high attainments in his profession may be accepted.

Candidates who are taking the necessary examinations before 31st December, 1949, will be admitted. Such candidates will not be declared successful unless on the result of the examination they obtain the qualifications required.

5. *Health and Character.* Successful candidates must satisfy the Commissioners as to their health and character.

6. No person who is undergoing a course of study with the aid of a grant from public funds shall be eligible to compete before the completion of the course, unless he or she has previously obtained permission to do so from the authority which administers the grant.

7. *Application.* Application must be made on the appropriate form within the time and in the manner of which notice is given by the Commissioners.

8. *Competition.* Those candidates who from the particulars furnished on their Application Forms, and any further information which the Commissioners think necessary to obtain, are found to be prima facie eligible will be summoned to a Selection Board. Except that the Commissioners may, if they see fit, summon only those candidates who by reason of their experience and qualifications, appear to be most suitable for appointment. The same Selection Board may consider a candidate at one interview for both of the competitions. The Selection Board shall have power to give such preference to candidates born on or after 2nd August, 1916, as they consider appropriate. The Selection Boards will take into consideration the candidates' record of experience and training, any recommendation from persons named by the candidates as having direct knowledge of their work in the past, and the personal qualities of the candidates as shown at the interview; and on their estimation of all the above facts they will frame their recommendations. The decisions of the Commissioners will be final and will be announced separately for the separate competitions.

9. *Candidates trained as Teachers.* Persons upon whose training for the occupation of teacher public money has been spent cannot be appointed until the consent of the appropriate education authority (e.g. the Ministry of Education, the Scottish Education Department, the Ministry of Education for Northern Ireland) has been notified to the Commissioners.

10. *Canvassing.* Any attempt on the part of candidates to enlist support for their application through Members of Parliament or other influential persons, except as referees to be named in their Application Forms, will disqualify them for appointment.

11. *Fee.* A successful candidate will be required to pay a fee of £1 10s. 0d. before the issue of a certificate of qualification for appointment.
