'Iis alto faidechas be has brought with him His CathoTict. Maje Aies Mmination to the Archbilhoprick of Malites in favour of Dom alfonfode Bergues, and to the Bimoprick of Benges on vice beithle of Monfieur de Baillenceirta Doctor of Leuviia, and a Councellour in Ecelefialtic, stairs in the Parliament of Me'thes.

The Reformation of the forces which has been long diTeourfed ofis faid to be refolved, but may not be declared till the Prince de Ligny be recovered from his indifpofition: out of the Hore which are to be disbanded, ate tobe forme ed two Tertias, one to be Commanded by the Marquis Ls Beimont the Conftables Nephew, and the orher by Den Erancijca Marso da Fciafiona

On Monday morning laftz the Chipocellowr of Brabint and Munfi ur fhe fcamp une of the Souncil for the Finan. ses, bach of them cholen Commiffoners by his Expellency za confer with the Baron de Groeshecte. Griad Proyoft of Liegze pbout the Tariffs os Impofigionf upon Merchanr difes, ancended the Gaid Baron ai his Lodgingss and had there a view of his Commilliena bus finding bimintpowred only by the Chapter of Stre Lamabert, for tha finding ous fome expedients in Conloutbiththofe of His Cathelick Majefties Council for the conpofure of all diferencos arifing upone the faid• Tarifis shaty yefured to enset upon the goofieration of that afiair sill be were fufficiently impowred by his Elcetiral Klighnefs as Prince of Linge, and by the States of that Councrey, whercupon the Canforerca immediately ended.

Antwerh Sefp- $48_{9}$. The fickn: fs. is much decrealed in this City and in Necklin, and gensrally in all orther places afthe Countreys but in ehe rooquthareof, the Bloody Flux sages with great mortality and is by Phyfutias attributed pincipally to the immoderate cating of Fruit.

Since the diforder which happaned berween the 8panifh "oldiars and gix. Inhsigitans of macklin wieh the Courracy -men their neighbourts, the Gsitilon hath been forc'd to double their Guards and raplace their foldiers in feveral garts of the City secording af ibey judge mof conveniept for zheir fectivity; the Burghers being higbly incenfed againft them by resfon of feveral videnciey commituet by we fot. diers, and threatening to put theturelves into $\mathbf{A} \mathrm{m}$ s, and by force to diflodge them.

From Ason's we have had inelligence that the French are mafching towards the place with a defigne to feize on the Lime and orbers Muerials defigned fer their ufe in making ap the in foxificstions, hut that the Town is in a polure fit 30 mats a gead deferce if atteropred) and to drown all the belds abquilit.
At Ipre the Fortificaions ase forwarded and advanced with gill paffiblediligence, and at Dioxsuid they are building a Cittadel for the defepce of the Town.

- Rerisis Sept. 28, However confidenely and generally it was given aur chis laft week, that the Sieur de St. Leger was arrived with on Exprefs from Calisis, the conrrary is now mapifs $A$, which gives soo fut occafion to fufpeat that which was frased to be the fubject of his meftage, hoth as to the seturn of the 'Duke de Navailler so the Towna of candia, and the fureceffal sally which mas faid so bave foltow'd its nor are any Letrers arrived of a latter thate fom that Kingdom, then thofe of the 22 th of $A \mu g \mu f 1$ minh informed us of the Generals refolation to embaty and recurr hoone; the fame Letcers likewife tell us that the beliet of the Duke de Beauforts boing fill living, and dent e prifoner to Adriamopla was gererally believed in Candias ascalio in she Turkifh Army, as has been confirn:ed By feveral Renegados which Hed from the Enemies Camp into, ibe City, (the Tarks calling himi by the bame pf the Kings Brother 3 ) which belief gets footirts callo in tire Courts and has had the tff ets inr the Hofith do Fendofme as rafurperdithed Divifion of the fild Dukes Eftate,

The igth inftars their Majeflies being at Blojf, on their way to Ckembart, the Venetian Ambalfador in an Audience prefented his Majefy wich a Leters ftom the Senare, thowing how mach shey wete lurpriz'd atethe retarn of the Sueizore fert by tis majelty for cheir Affifance in the preferve-
tion of Candia: bur, that they Aill toped his Majedy would nor give over the Defeace of that place which be had-fo glorioully undertaken. To which bis Majefty was pleafed to anfwer to this effect: Thar he would employ all his Forces for the Defence of a Place of fo great Impore tance to the Chriftian World; And at the fame time gave Order for the Drawing of 300 men out of his Guardes \$oon. Men in 10 Companies out of the Regiment of Du Pleffs Pralion, and as many out of the Marquils d'Alincourts, befides th: 1800 men whilh were raited in the Popes Nane, and the Voiunceets which offer themelves to that Service.

The 26 inftantitic 300 of the Guards marched bences with their Oficer: for Theulans, where they are wo bembatised with the ceil of the forces defigned forthot Bxpe dirioh.

The Popes Nuncio tharing with the Commiction ine General, prefented the MLerechal de Ballefonds winh de hue of zo thpurfand Crawns past of is to be cmployed for the raifing of the Regiment which is to mareh undartia Popes Name, the teft to be a years adnane for his own pay s the Matecthal Ceemed willing to redeive the propors tion alloread for the Regimets, buir refirfed she Peenfion, Gapr Ing, Ehat in a War which he underroots upan a CtaiRisa accounc be defired to dake ufe anly of his owt Purfea

On: Tuerday morning daft arrived Here a Courier wian. the newa of a dangerous ditemper inno which the Dute of Scuay tuxely fell, which was encreafed to thas beights that he had made his laft "Will and Teftanent, and tax received Supreme undion $;$ she nexs day by come ocher way we had $x$ confidene report that he began to rexive from his diftemper, and gera his Phyfitians mach hopes of his recovery.

The Dauptin ftill conrinues under his indifpofrioan with lintle orna figns of amendmenes

Dublin, Sept. II. The Lord Mayor and Aldermen of this place autending the Lora Depury, adsnowledged the great and many advantages-chis City had recrived from the Gapernumat of bis Excellerky the late Lard Lientenams his Fasbers, and bis frotdotip. The fame was like wife done by the Provoft af the Colledge,the Deansof Cbrift-Chrowt and se. Patrick's, with ail the Clergy of the Ciry 3 sbe Dean ef Cbrift-charch in an excellent Speech thantfully ownang the benefir the Church had enjoyed under their refpeai ve Oovertiments, afwell by the example of their contare set rendance on Dirine Worihip, as by the plequiful Provifiom made for thofe of the Clergy.
