*Air Ministry, 17th December, 1957.*

The QUEEN has been graciously pleased to approve the following award:—

*Air Force Cross.*

Flight Lieutenant John Francis William PEMBRIDGE (1579425), Royal Air Force.

Flight Lieutenant PEMBRIDGE, a category A.1 qualified instructor, joined No. 139 (Jamaica) Squadron in January, 1957. On the night of 3rd October, 1957, shortly after take-off in a Canberra B.6 aircraft with a full fuel load, fire broke out in the port wing of the aircraft. After flaming out the port engine he jettisoned the wing tip tanks, initiated emergency drills and informed control. After some minutes the fire appeared to die down but it had severed both port aileron controls and burnt a large hole in the wing. Flight Lieutenant Pembridge calmly set about establishing the control and flying limitations of the aircraft and found that lateral control could not be maintained below 190 knots. As the aircraft reached base, the fire broke out again with greater intensity. Flight Lieutenant Pembridge immediately gave the order to abandon aircraft. The Navigator ejected but the Observer had difficulty in leaving the crew entry hatch. Flight Lieutenant Pembridge succeeded in clearing the Observer's harness from an obstruction, reduced speed to the minimum at which he could control the aircraft and then pushed the Observer out. Meanwhile, the aircraft had been steadily descending and was now heading towards station buildings. Realizing that he could not abandon the aircraft at this time Flight Lieutenant Pembridge turned towards clear ground but was then too low to eject. With great skill he manoeuvred the aircraft in line with the runway and made a successful crash landing at a high airspeed. By his calm self discipline and a complete disregard for personal safety Flight Lieutenant Pembridge saved his Observer's life, prevented a burning aircraft from crashing into a built-up area and preserved it for subsequent investigation. He showed skill of the highest order.
