2. No candidate may compete more than twice under these or similar Regulations.

3. Age.

There is no upper age limit, but in appointing persons in a permanent capacity Departments expect regular and effective service for a reasonable period, and the Commissioners will take this requirement into account.

4. Nationality.

To be eligible for appointment a candidate must be a British subject, a British protected person or a citizen of the Irish Republic and in addition satisfy one of the following conditions:—

(a) if he was a British subject, a British protected person or a citizen of the Irish Republic at birth—

(c) if not qualified under sub-paragraph (a) or sub-paragraph (b) of this paragraph, he must satisfy the Commissioners that he is so closely connected with a country or territory within the Commonwealth either by ancestry, upbringing or residence, or by reason of national service, that an exception may properly be made in his favour.

5. Education.

No precise educational qualifications are prescribed, but candidates will be expected to have attained the standard of education of persons who have had whole-time systematic education up to the age of at least 17 years.

6. Service.

All candidates must on 1st August, 1958, either

Eligible candidates will be divided into three sections according to the length of their whole-time service on the termination of such service or on 31st July, 1959, whichever is the earlier:

Section I for those whose total service amounts to, or will amount to, less than three years;

Section II for those whose total service amounts to, or will amount to, at least three years, but less than twelve years; and

Section III for those whose total service amounts to, or will amount to, twelve years or more.

Provided that candidates who contracted to complete a period of not less than three years' continuous whole-time service in H.M. Forces, including not less than one year of whole-time voluntary service entered into for a fixed period (including in the case of officers a permanent commission) and who before completing that period have been invalidated out or prematurely released from service on other grounds, will be placed in Section II if their actual period of service amounts to less than twelve years, or in Section III if they have served for twelve years or more.

determined by combining the marks for written examination and interview.

(iv) The final order of merit within their Sections of the candidates in Sections II and III who are interviewed will be determined by the mark awarded by the Interview Board (out of a maximum of 300). This will take into consideration the candidate's record, his intelligence and personal qualities, and his work in the written examination.

(v) The quota of vacancies allotted to Sections II and III will be divided between those Sections in proportion to the number of candidates competing in each Section, provided that if the number of candidates of acceptable standard in either Section is insufficient, the remaining vacancies may be transferred to candidates in the other Section.

April, 1958,

I hereby give notice, pursuant to the 9th section of the Act 5 and 6 Victoria, Cap. 110, intituled "An Act for better preserving the Navigation of the River Mersey" that I have received a notice from the Mersey Docks and Harbour Board with reference

to the construction of an embankment as a continuation to the river wall under construction by the Corporation of the City of Liverpool.

A copy of the notice is subjoined.

E. F. B. Law,

Captain R.N. (Ret'd.)

The Mersey Docks and Harbour Board hereby give notice of their intention to carry out the under-mentioned Works with the consent of the Lords of the Admiralty as provided for in section 357 of The Mersey Dock Acts Consolidation Act, 1858 :—

Construct in the City of Liverpool, in the County Palatine of Lancaster, an embankment as a continuation to the river wall under construction by the Corporation of the City of Liverpool and in the lines or situations and according to the levels shewn upon the plan and section hereinafter referred to.

The embankment will commence at the termination point of the Corporation works, in line with Southwood Road, and continue in a Northerly direction up to, and merge into, the Fire Pump Ramp just Northwards of the South Dingle Jetty. At the junction with the Corporation works a curved mass concrete wall is to be constructed.

The total length of the embankment and wall junction is approximately 1,850 feet.

The permanent works to be constructed on the bed, shore or foreshore, and in the tidal waters of the River Mersey include :—

(1) The construction of a tipped rubble embankment, of selected and approved materials, concrete faced on the river side, and having a continuous sheet piling cut-off along the toe of the faced side of the embankment.

(2) The building of a curved mass concrete wall, about 80 ft. long, of the same section and construction as that built by the Corporation of Liverpool, to provide a proper junction with the Board's sloped embankment. This wall will also have a continuous sheet piling cut-off along the toe.

The embankment and junction wall will be constructed behind, or just butting on to, an existing stone faced river training bank, the area of foreshore thereby enclosed being reclaimed by tipping.

It is not proposed to commence the works until the expiration of two months from this date.
