

(e) the pensioner is permanently incapacitated by physical or mental infirmity from engaging in any regular full time employment.

5. The amount of the increase shall be:—

(a) Twelve per cent. of the pension payable to the pensioner at the time when the increase becomes payable, including any pension increase awarded or admissible under the Warrants of 4th August 1956, and 14th September 1959, as amended by paragraph 9 of this Schedule, and also including any part of the pension which has been commuted after 31st December, 1962. For the purpose of the calculation, any fraction of a pound of the annual pension shall be treated as a whole pound.

(b) £20 per year or one quarter of the pension payable as defined in (a) above, whichever is less to all pensioners who receive the percentage increase in (a) above and who have either already reached their 70th birthday or who subsequently attain the age of 70 years (provided that in the latter case the additional increase is made only from the date of the pensioner's 70th birthday).

6.—(1) Where a pensioner is in receipt of more than one pension which:

(a) is increasable under the provisions of this or any other Pensions Increase Warrant, or

(b) is increasable under the provisions of the Pensions (Increase) Act, 1962, or

(c) is a pension arising from service in the Royal Navy or the Royal Air Force, which is increasable under provisions corresponding to those of this warrant,

the aggregate increase under paragraph 5 (b) of all such pensions shall be limited to the increase which would have been given on a single pension beginning at the time when the earliest of them began and equal to their total.

(2) The increases on each individual pension shall be calculated by dividing the aggregate increase between the pensions in proportion to the increases which could have been given apart from this restriction.

7. Any general condition attaching to the grant or continuance of a pension shall also apply to the grant or continuance of any increase to that pension.

8. The expression "dependant" for the purpose of paragraph 4 shall mean a person wholly or mainly supported by the pensioner who either:

(a) has not attained the age of sixteen years, or who is in receipt of full time instruction at an educational establishment, or undergoing training for any trade, profession, or vocation, in such circumstances that he is required to devote the whole of his time to that training for a period of not less than two years, or

(b) immediately before the date of effect of this present Warrant, qualified the pensioner, under former Warrants, for an increase of pension which would otherwise have been inadmissible.

9. In paragraph 5 of the First Schedule to the Royal Warrant of 4th August 1956, after the words "or has not attained the age of sixteen years" shall be inserted the words "unless having attained that age he is receiving full time instruction in an educational establishment or is undergoing training for a trade, profession or vocation in such circumstances that he is required to devote the whole of his time to that training for a period of not less than two years" and in paragraph 5 of the Schedule to the Royal Warrant of 14th September 1959, the words "similarly calculated" shall be omitted and after the words "ten per cent." shall be added the words "and the amount shall be calculated in accordance with the preceding subparagraph of this paragraph except that the reference to the Warrant of 4th August, 1956 shall be construed as a reference to that Warrant as amended."

10. The grant of an increase of pension under this Warrant except an increase admissible by virtue of the amendment by this Warrant of the Warrants of the 4th August, 1956 or of 14th September, 1959 shall not affect entitlement to increases under those warrants and any increase granted under this Warrant, except an increase as aforesaid shall be disregarded in assessing the increase admissible under those Warrants.
