(4) Without prejudice to the provisions of paragraph (8) of this Article, where the Board of Trade or any person authorised by them as aforesaid or any such officer as aforesaid has reason to suspect that any request that an aircraft should remain in the United Kingdom that has been made under paragraph (3) of this Article may not be complied with, the Board or that authorised person or that officer may take such steps as appear to them or him to be necessary to secure compliance with that request and, without prejudice to the generality of the foregoing, may for that purpose—

1. The effect of the Order

The effect will be to prohibit the driving of vehicles on that section of Commercial Road, between the junction with the south side of Lake Road and junction with the north side Arundel Street, a distance of 330 yards. As a consequence vehicles will not be permitted to enter this section of Commercial Road from Crasswell Street, Meadow Street and Charlotte Street, and these junctions will be suitably closed.

2. The purpose of the Order

The purpose is to allow experiments to be made to ascertain whether the closure of the road to vehicular traffic will be an advantage to the public generally as a resort of the removal of danger to pedestrians crossing this carriageway.

3. Alternative Routes for Traffic

Through vehicular traffic which would normally use this section of Commercial Road will be rerouted via Marketway, Unicorn Road and Edinburgh Road.

4. Exception to the general conditions

An exception will be provided to enable the loading or unloading of vehicles to take place in this section of Commercial Road outside premises which do not have adequate secondary means of access providing the vehicles are especially authorised on account of the bulk, weight or security of the goods concerned.

5. Experimental Schemes

It is proposed that there should be two experiments during the period of operation of the Experimental Traffic Regulation Order as follows:

- (a) the first experiment will prohibit the driving of all vehicles on this length of Commercial Road except as provided in item 4 above;
- (b) the second experiment will permit public service vehicles to proceed through this length of Commercial Road with the exclusion of all other vehicles except as provided in item 4 above.

6. Period of operation of the schemes

An Order made under this section of the Road Traffic Act, 1962 may continue in operation for a period not exceeding three months but in this case it is expected that each experiment will last for a period not exceeding three weeks.

7. Inspection of plan of scheme

A plan showing the extent of the road affected by the Order may be inspected at my office or at the offices of the City Engineer, 1 Clarence Parade, Southsea, during normal office hours.

8. Objections

Objections of this proposal must be sent in writing to the undersigned by 17th January 1967.

J. R. Haslegrave, Town Clerk.

Guildhall,
Portsmouth.
