

to Shady Grove Lane to be diverted. The part of the said footpath it is desired to divert commences at a point at the rear of No. 63 Beaver Road and extends eastwards for a distance of approximately 340 yards:

- (1) Regarding the first 210 yards (measuring from the rear of 63 Beaver Road) of the said part of the footpath it is desired to divert this along a line at the southern and eastern boundaries of the site for the Belle Vue Primary School (and in respect of this length the Council are acting on their own behalf).
- (2) Regarding the balance of 130 yards of the said part of the footpath, it is desired to divert this length in a northerly direction for approximately 47 yards and thence in a south-easterly direction for 126 yards to a point where it will rejoin the original footpath (and in respect of this length the Council are acting on behalf of Border Engineering Contractors Limited).

It is intended that the footpath as so diverted should be more commodious to the public.

A plan showing the effect of the diversion is deposited at my office and may be inspected during normal office hours.

Dated 23rd December 1966.
